<b>455</b>	John Hickman	52	Volume 1	8 Indigenous Biodiversity	Policy 8.2.2	Oppose
Decision Requested	Include policy recognition that a partnership approach will be undertaken with landowners for areas that are wetlands, together with a regulatory regime.					
<b>455</b>	John Hickman	53	Volume 1	8 Indigenous Biodiversity	Policy 8.3.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Make the following changes (strikethrough, bold) to Policy 8.3.2:</p> <p><i>Policy 8.3.2 – Where subdivision, use or development <b>that</b> requires resource consent, <b>occurs within areas, habitats or ecosystems with indigenous biodiversity value, significant</b> the adverse effects on <b>those</b> areas, habitats or ecosystems <del>with indigenous biodiversity value</del> shall be:</i></p> <p><i>(a) avoided where it is a significant site in the context of Policy 8.1.1; and</i></p> <p><i>(b) avoided, remedied or mitigated where indigenous biodiversity values have not been assessed as being significant in terms of Policy 8.1.1.</i></p> <p>This policy sets up a hierarchy for decision makers to use when assessing the effects of subdivision, use or development activities on areas, habitats or ecosystems with indigenous biodiversity value. For those sites identified as being significant in terms of Policy 8.1.1, it is important that <b>significant</b> adverse effects are avoided. This recognises that there are few significant sites remaining on private land, especially in southern Marlborough. Where sites have not been identified as significant through Policy 8.1.1, decision makers can also consider remediation or mitigation options to address adverse effects.</p>					
455	John Hickman	54	Volume 1	8 Indigenous Biodiversity	Policy 8.3.8	Support in Part
Decision Requested	Amend the policy so that offsetting may be considered on a case by case basis in areas with significant biodiversity values.					
455	John Hickman	55	Volume 1	8 Indigenous Biodiversity	Issue 8A	Support in Part
Decision Requested	The inclusion of policy recognition of the potential positive benefits to indigenous biodiversity from subdivision, use and development.					
455	John Hickman	56	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.1	Support in Part
Decision Requested	Amend the Policy and/or explanation to recognise that food gathering will not be appropriate in all wetlands.					
455	John Hickman	57	Volume 2	2 General Rules	2.8.1.5.	Oppose
Decision Requested	Delete Standard 2.8.1.5					
455	John Hickman	58	Volume 2	2 General Rules	2.9.4.2.	Oppose
Decision Requested	Delete or amend this standard so that dams of 5000m3 are exempt from this requirement.

<b>80</b>	Brian Hobbs	2	Volume 2	16 Coastal Marine Zone	16.7.3.	Oppose
Decision Requested	The limits applying to discharge of sewage in the Coastal Marine Zone remain at 500 metres to seaward of MHWS and 500 metres of a marine farm.					
<b>155</b>	Mark Hodges	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Remove the 100% blanket cut-off to Springs sector water users. Before implementing a blanket restriction further scientific evidence of the complex aquifer/springs recharge process is required. A better understanding of the long term trend of the aquifer levels is essential before setting lower limits and cut-off thresholds. Treat all Wairau Aquifer groundwater users equally and consider implementing a rationing restriction when the monitor wells drop below a set level. This would give all Wairau Aquifer groundwater users the opportunity to prioritise where their reduced volume of allocated water is utilised.

Decision Requested	Amend Policy 5.2.4 as follows: Set specific environmental flows and /or levels for Freshwater Management Units based on the freshwater objectives for each FMU which are informed by the values identified for that FMU.					
<b>769</b>	Horticulture New Zealand	15	Volume 1	5 Allocation of Public Resources	Policy 5.2.5	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Amend Policy 5.2.5as follows:            With the exception of water taken for domestic needs, animal drinking water or water for capital root stock protection and crop survival water for drought intolerant food crops, prevent the taking.....</p> <p>Add to the Explanation:            Water for capital root stock protection and crop survival water for drought intolerant food crops to ensure that they can be maintained in the event of a drought as such crops are not able to moved in the event of a drought and the loss of the capital investment would have serious impacts on the Marlborough community.</p> <p>Include definitions as follows:            Capital rootstock protection means water required to maintain survival of permanent horticultural crops in drought, no more than the equivalent of 50% of the total allocation of the consent holder.</p> <p>Crop survival water means water for the survival of drought intolerant food crops excluding pasture, maize and animal feed crops. Water supplied for survival should be no more than 50% of the total allocation of the consent holder.</p>					
<b>769</b>	Horticulture New Zealand	16	Volume 1	5 Allocation of Public Resources	Policy 5.2.7	Oppose
Decision Requested	Delete 'natural and human use' form Policy 5.2.7					
<b>769</b>	Horticulture New Zealand	17	Volume 1	5 Allocation of Public Resources	Policy 5.2.11	Oppose
Decision Requested	<p>Amend Policy 5.2.4 as follows:            Set specific minimum levels for Freshwater Management Units dominated by aquifers based on the freshwater objectives for each FMU which are informed by the values identified for that FMU            Or amend to include:            g) to provide for the identified values for the FMU.</p>					
<b>769</b>	Horticulture New Zealand	18	Volume 1	5 Allocation of Public Resources	Policy 5.2.17	Support in Part
Decision Requested	<p>Amend Policy 5.2.17            Implement water restrictions for water users serviced by municipal water supplies when the management flows/ levels are 20% above the minimum flow or level by restricting takes that are not for essential domestic use.</p>					
<b>769</b>	Horticulture New Zealand	19	Volume 1	5 Allocation of Public Resources	Policy 5.2.23	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete 'natural and human use' from Policy 5.2.23					
<b>769</b>	Horticulture New Zealand	20	Volume 1	5 Allocation of Public Resources	Policy 5.3.1	Oppose
Decision Requested	Amend Policy 5.3.1: a) Essential domestic supplies b) Values identified for the FMU c) Aquifer recharge d) Domestic and stock drinking water e) Capital rootstock and crop survival water f) Municipal water supply g) All other water takes Amend the Explanation to reflect the re-order of priorities.					
<b>769</b>	Horticulture New Zealand	21	Volume 1	5 Allocation of Public Resources	Policy 5.3.7	Oppose
Decision Requested	Amend Policy 5.3.7 by adding: Except for capital rootstock where a 10/10 reliability will apply.					
<b>769</b>	Horticulture New Zealand	22	Volume 1	5 Allocation of Public Resources	Policy 5.3.9	Support in Part
Decision Requested	Amend Policy 5.3.9 to include provision for higher reliability for irrigation water for capital rootstock.					
<b>769</b>	Horticulture New Zealand	23	Volume 1	5 Allocation of Public Resources	Policy 5.3.13	Support
Decision Requested	Retain Policy 5.3.13					
<b>769</b>	Horticulture New Zealand	24	Volume 1	5 Allocation of Public Resources	Policy 5.4.4	Support
Decision Requested	Retain Policy 5.4.4					
<b>769</b>	Horticulture New Zealand	25	Volume 1	5 Allocation of Public Resources	Policy 5.5.1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Policy 5.5.1 as follows: Recognise that the following Freshwater Management Units are under pressure and undertake a process to identify limits for these FMU's that incorporate all identified values.					
<b>769</b>	Horticulture New Zealand	26	Volume 1	5 Allocation of Public Resources	Policy 5.5.4	Support
Decision Requested	Retain Policy 5.5.4 but apply a reasonable use test for all water takes.					
<b>769</b>	Horticulture New Zealand	27	Volume 1	5 Allocation of Public Resources	Policy 5.5.5	Oppose
Decision Requested	Amend Policy 5.5.5: as follows: Apply a reasonable use test to all takes in the Benmorven, Brancott and Omaka FMU's to ensure that allocations reflect required amounts. Undertake a review of the limits for the aquifers to ensure that they reflect all values. If additional reductions are then required they will be applied according to the priorities set out in Policy 5.3.1.					
<b>769</b>	Horticulture New Zealand	28	Volume 1	5 Allocation of Public Resources	Objective 5.7	Support
Decision Requested	Retain Objective 5.7					
<b>769</b>	Horticulture New Zealand	29	Volume 1	5 Allocation of Public Resources	Policy 5.7.1	Oppose
Decision Requested	Amend Policy 5.7.1 by deleting 'every proposed use will be authorised by a separate water permit'.					
<b>769</b>	Horticulture New Zealand	30	Volume 1	5 Allocation of Public Resources	Policy 5.7.2	Support in Part
Decision Requested	Retain Policy 5.7.2 Amend Explanation by inserting after IrriCalc: 'or alternative model where IrriCalc does not include specific crops'					
<b>769</b>	Horticulture New Zealand	31	Volume 1	5 Allocation of Public Resources	Policy 5.7.3	Support in Part
Decision Requested	Add to Policy 5.7.3 'Or the crop grown is not provided for in IrriCalc.'					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>769</b>	Horticulture New Zealand	32	Volume 1	5 Allocation of Public Resources	Policy 5.7.6	Support in Part
Decision Requested	Retain Policy 5.7.6					
<b>769</b>	Horticulture New Zealand	33	Volume 1	5 Allocation of Public Resources	Policy 5.7.8	Oppose
Decision Requested	Amend Policy 5.7.8 to clarify the information that would be required to justify use of water for frost fighting.					
<b>769</b>	Horticulture New Zealand	34	Volume 1	5 Allocation of Public Resources	Policy 5.7.9	Oppose
Decision Requested	Amend Policy 5.7.9 as follows: Water takes for frost fighting purposes will be based on the requirements for the specific crop. Add to the Explanation A limitation of 44 cubic metres per hour per hectare may be applied unless the applicant demonstrates a greater requirement.					
<b>769</b>	Horticulture New Zealand	35	Volume 1	5 Allocation of Public Resources	Policy 5.8.1	Support
Decision Requested	Retain Policy 5.8.1					
<b>769</b>	Horticulture New Zealand	36	Volume 1	5 Allocation of Public Resources	Policy 5.8.2	Support
Decision Requested	Retain Policy 5.8.2					
<b>769</b>	Horticulture New Zealand	37	Volume 1	5 Allocation of Public Resources	Policy 5.8.3	Support
Decision Requested	Retain Policy 5.8.3					
<b>769</b>	Horticulture New Zealand	38	Volume 1	5 Allocation of Public Resources	5.	Support in Part
Decision Requested	Include a new method: 5.M.1A Identification of values supported by freshwater, groundwater resources. To identify, the values that the community places on freshwater bodies. These values will be used as the basis for establishing freshwater objectives and policy responses to manage the waterbodies					
<b>769</b>	Horticulture New Zealand	39	Volume 1	14 Use of the Rural Environment	Objective 14.1	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Objective 14.1 and ensure that it is implemented throughout the Plan.					
<b>769</b>	Horticulture New Zealand	40	Volume 1	14 Use of the Rural Environment	Policy 14.1.1	Support
Decision Requested	Retain Objective 14.1.1 and ensure that it is implemented throughout the Plan.					
<b>769</b>	Horticulture New Zealand	41	Volume 1	14 Use of the Rural Environment	Policy 14.1.3	Support in Part
Decision Requested	Delete 'land based' form Policy 14.1.3.					
<b>769</b>	Horticulture New Zealand	42	Volume 1	14 Use of the Rural Environment	Policy 14.1.5	Support
Decision Requested	Retain Policy 14.1.5					
<b>769</b>	Horticulture New Zealand	43	Volume 1	14 Use of the Rural Environment	Policy 14.1.7	Support in Part
Decision Requested	Retain Policy 14.1.7 but ensure robust policies to manage reverse sensitivity effects. Add R to Policy 14.1.7					
<b>769</b>	Horticulture New Zealand	44	Volume 1	14 Use of the Rural Environment	Policy 14.1.9	Oppose
Decision Requested	Amend Policy 14.1.9 as follows" Manage the potential effects of primary production on adjoining residential zones by ensuring that adequate buffer distances are established within the residential zone.					
<b>769</b>	Horticulture New Zealand	45	Volume 1	14 Use of the Rural Environment	Objective 14.2	Support
Decision Requested	Retain Objective 14.2 Ensure that 'pests' include unwanted organisms under the Biosecurity Act 1993.					
<b>769</b>	Horticulture New Zealand	46	Volume 1	14 Use of the Rural Environment	Policy 14.2.1	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Policy 14.2.1 And provide for the policy to be implemented through rules.					
<b>769</b>	Horticulture New Zealand	47	Volume 1	14 Use of the Rural Environment	Policy 14.2.2	Support in Part
Decision Requested	Retain Policy 14.2.2 but add R to the policy and ensure that it applies to unwanted organisms.					
<b>769</b>	Horticulture New Zealand	48	Volume 1	14 Use of the Rural Environment	Objective 14.3	Support in Part
Decision Requested	Amend Objective 14.3: Activities that are not related to primary production are generally not appropriate to be located in rural environments.					
<b>769</b>	Horticulture New Zealand	49	Volume 1	14 Use of the Rural Environment	Policy 14.3.2	Support in Part
Decision Requested	Amend 14.3.2 by adding e): The potential reverse sensitivity effects arising from locating adjacent to primary production activities.					
<b>769</b>	Horticulture New Zealand	50	Volume 1	14 Use of the Rural Environment	Issue 14B	Support in Part
Decision Requested	Amend Issue 14B by deleting 'increased' with 'potential'.					
<b>769</b>	Horticulture New Zealand	51	Volume 1	14 Use of the Rural Environment	Objective 14.4	Support in Part
Decision Requested	Delete 'and enhanced' from Objective 14.4					
<b>769</b>	Horticulture New Zealand	52	Volume 1	14 Use of the Rural Environment	Policy 14.4.1	Support in Part
Decision Requested	Amend Policy 14.4.1 a) Presence of buildings and structures necessary for primary production					
<b>769</b>	Horticulture New Zealand	53	Volume 1	14 Use of the Rural Environment	Policy 14.4.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Policy 14.4.2 as follows: d) reflects the need for buildings and structures for primary production activities.					
<b>769</b>	Horticulture New Zealand	54	Volume 1	14 Use of the Rural Environment	Policy 14.4.3	Support in Part
Decision Requested	Amend Policy 14.4.3 b) add 'and side and rear boundaries' d) avoid potential reverse sensitivity effects  Amend Explanation so it refers to all boundaries, not just the road boundary.					
<b>769</b>	Horticulture New Zealand	55	Volume 1	14 Use of the Rural Environment	Policy 14.4.5	Support in Part
Decision Requested	Amend Policy 14.4.5 by adding: and enabling primary production activities to be undertaken.					
<b>769</b>	Horticulture New Zealand	56	Volume 1	14 Use of the Rural Environment	Policy 14.4.10	Support in Part
Decision Requested	Amend Policy 14.4.10: Control the establishment of residential and other sensitive activities within the rural environments as a means of avoiding reverse sensitivity between sensitive activities and primary production activities.					
<b>769</b>	Horticulture New Zealand	57	Volume 1	14 Use of the Rural Environment	Policy 14.4.15	Support
Decision Requested	Amend Policy 14.4.15 by adding 'and other sensitive activities' after 'residential activity'					
<b>769</b>	Horticulture New Zealand	58	Volume 1	14 Use of the Rural Environment	Policy 14.5.2	Support in Part
Decision Requested	Amend Policy 14.5.2 by adding: j) avoid reverse sensitivity effects					
<b>769</b>	Horticulture New Zealand	59	Volume 1	14 Use of the Rural Environment	Policy 14.5.4	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete 'seasonal' from Policy 14.5.4. Delete 'remote' from Policy 14.5.4.					
<b>769</b>	Horticulture New Zealand	60	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1a	Oppose
Decision Requested	Amend Objective 15.1a): Add g) values identified for the water bodies are provided for.					
<b>769</b>	Horticulture New Zealand	61	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1e	Oppose
Decision Requested	Clarify how waterbodies valued for primary contact recreation have been identified.					
<b>769</b>	Horticulture New Zealand	62	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.1	Oppose
Decision Requested	Amend Policy 15.1.1 b) potential for contact recreation 'in identified areas'. c) Add 'and food production' e) other values identified for the water body					
<b>769</b>	Horticulture New Zealand	63	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.2	Oppose
Decision Requested	Amend Policy 15.1.2 b) all values identified for the waterbody					
<b>769</b>	Horticulture New Zealand	64	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.3	Support in Part
Decision Requested	Retain Policy 15.1.3 but add that method 15.M.1 will be used as the first stage on implementing Policy 15.1.3.ts in place a process for limits to be set. This process includes the identification of values supported by freshwater resources. (Method 15.M.1).					
<b>769</b>	Horticulture New Zealand	65	Volume 1	15 Resource Quality (Water, Air, Soil)	15.M.1	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Method 15.M.1 but amend: 15.M.1 Identification of values supported by freshwater, groundwater or coastal water resources. To identify, the values that the community places on freshwater bodies. These values will be used as the basis for establishing freshwater objectives and policy responses to manage the waterbodies.					
<b>769</b>	Horticulture New Zealand	66	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.25	Support
Decision Requested	Retain Policy 15.1.25					
<b>769</b>	Horticulture New Zealand	67	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.26	Support
Decision Requested	Retain Policy 15.1.26					
<b>769</b>	Horticulture New Zealand	68	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.29	Support in Part
Decision Requested	Retain Policy 15.1.29 but include a default rule as Restricted Discretionary as activities not meeting the permitted activity standards can be managed through an RD process.					
<b>769</b>	Horticulture New Zealand	69	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.3	Oppose
Decision Requested	Amend Objective 15.3 Reduce the potential for adverse effects, including health effects, from the discharge of contaminants to air.					
<b>769</b>	Horticulture New Zealand	70	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.3.4	Oppose
Decision Requested	Amend Policy 15.3.4 Manage the use of agrichemicals to avoid adverse effects of spraydrift by adopting best practice methods of application to minimise the potential for off-target drift. Include in the Explanation: Best practice for agrichemical use is set out in NZS8409:2004 Management of Agrichemicals. Appropriate training is required to ensure that users are competent in undertaking applications of agrichemicals to minimise potential for off target spray drift.					
<b>769</b>	Horticulture New Zealand	71	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.4	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Objective 15.4 Safeguard the life supporting capacity of Marlborough's soil resource.					
<b>769</b>	Horticulture New Zealand	72	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.2	Support in Part
Decision Requested	Amend Policy 15.4.2: Encourage good management practices that:					
<b>769</b>	Horticulture New Zealand	73	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.3	Support in Part
Decision Requested	Retain Policy 15.4.3 but include a default rule as Restricted Discretionary as activities not meeting the permitted activity standards can be managed through an RD process. Matters of discretion should be the matters listed in Policy 15.4.4.					
<b>769</b>	Horticulture New Zealand	74	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.5.1	Support
Decision Requested	Retain Policy 15.5.1 but amend to include (D).					
<b>769</b>	Horticulture New Zealand	75	Volume 2	2 General Rules	2.2.1.	Oppose
Decision Requested	Amend Rule 2.2.1 by deleting 'dwelling' and replace with 'habitable building'.					
<b>769</b>	Horticulture New Zealand	76	Volume 2	2 General Rules	2.2.5.	Oppose
Decision Requested	Amend Rule 2.2.5 by deleting 'farming' and replace with 'production land activities'  Amend to add 'or CT' after 'Computer Register.'					
<b>769</b>	Horticulture New Zealand	77	Volume 2	2 General Rules	2.2.7.	Oppose
Decision Requested	Amend Rule 2.2.7 by deleting 'Until 9 June 2017.'					
<b>769</b>	Horticulture New Zealand	78	Volume 2	2 General Rules	2.3.1.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Standard 2.3.1 by deleting 'dwelling' and replace with 'habitable building' or 'dwellings' with 'habitable buildings'.					
<b>769</b>	Horticulture New Zealand	79	Volume 2	2 General Rules	2.3.3.5.	Oppose
Decision Requested	Amend Standard 2.3.5 by deleting 'farming' and replace with 'production land activity'					
<b>769</b>	Horticulture New Zealand	80	Volume 2	2 General Rules	2.4.1.	Support
Decision Requested	Retain Rule 2.4.1					
<b>769</b>	Horticulture New Zealand	81	Volume 2	2 General Rules	2.7.	Support in Part
Decision Requested	Add to 2.7 as 2.7.11 Vegetation removal to remove unwanted organisms under the Biosecurity Act 1993.					
<b>769</b>	Horticulture New Zealand	82	Volume 2	2 General Rules	2.12.	Support in Part
Decision Requested	Add to 2.12 as 2.12.12 Vegetation removal to remove unwanted organisms under the Biosecurity Act 1993.					
<b>769</b>	Horticulture New Zealand	83	Volume 2	2 General Rules	2.14.	Oppose
Decision Requested	Amend the rules for application of agrichemicals as sought for Rule 2.22.1 below. (See Subpoint 769.86) Add an extra standard to 2.14.10: Meet the requirements of 2.22.1.					
<b>769</b>	Horticulture New Zealand	84	Volume 2	2 General Rules	2.17.2.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Amend 2.17.2:  Discharge of an aquatic agrichemical into a waterbody</p> <ol style="list-style-type: none"> <li>1. The substances, including any adjuvants, are approved by EPA under the HSNO Act for discharge directly into or onto water and must comply with requirements covering the person in charge, training, signage, storage, emergency management and all other requirements under the Hazardous Substances and New Organisms Act 1996 and pursuant Regulations</li> <li>2. The person authorising the discharge direct to water shall notify: <ol style="list-style-type: none"> <li>i. Every person taking water for potable supply within 1km downstream of proposed discharge at least 12 hours prior to discharge occurring; and</li> <li>ii. Every resource consent holder for taking of water for public potable water supply purposes downstream of proposed discharge at least 1 week before commencing discharge.</li> </ol> </li> <li>3. Qualifications  Discharge of agrichemicals directly into or onto water can be carried out only by persons Holding either: <ol style="list-style-type: none"> <li>a) a GROWSAFE® Registered Chemical Applicators Certificate (National Certificate in Agrichemical Aquatic strand)</li> <li>or:  GROWSAFE® Introductory Certificate and under direct supervision of a person holding a GROWSAFE® Registered Chemical Applicator Certificate (National Certificate in Agrichemical Aquatic strand)</li> <li>b) Aerial application –the pilot must hold a GROWSAFE® Pilots Agrichemical Rating Certificate issued by CAA and the application company must hold AIRCARE™ Accreditation</li> </ol> </li> </ol> <p>Where spraying is occurring in a public place signs shall be placed within the immediate vicinity of the spraying prior to commencing and maintained until spraying has ceased.</p> <ol style="list-style-type: none"> <li>4. Records  All users must keep records consistent with Appendix C9 of NZS8409:2004 Management of Agrichemicals as evidence and information that provides an authentic record to verify that the application of agrichemical(s) directly to water has been carried out in a safe responsible manner, in particular with respect to notification of any person who may take water for their own use. Such records must be provided to Auckland Council when requested.</li> <li>5. Pest plants identified in Appendix 25, unwanted organisms under the Biosecurity Act 1993 and willow, blackberry, broom, gorse and old man's beard are the only vegetation that may be sprayed.</li> </ol>					
<b>769</b>	Horticulture New Zealand	85	Volume 2	2 General Rules	2.17.11.	Oppose
Decision Requested	<p>Retain 2.17.11.1  Replace 2.17.11.2 – 8 with provisions as sought for 2.17.2 (except for clause 5) to 2.17.11. (See Subpoint 769.84)  Add additional clause:  The discharge must only be for the purpose of eradicating, modifying or controlling aquatic plants or unwanted organisms under the Biosecurity 1993.</p>					
<b>769</b>	Horticulture New Zealand	86	Volume 2	2 General Rules	2.22.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Amend Rule 2.22.1 for Standards for application of agrichemicals as follows:</p> <ol style="list-style-type: none"> <li>1) The substance is approved under HSNO and the use and discharge of the substance is in accordance with all conditions of the approval.</li> <li>2) The application must not result in the agrichemical being deposited on a river, lake, Significant Wetland, drainage channel or Drainage Channel that contains water unless specifically provided for in other sections of this Plan.</li> <li>3) The discharge is undertaken in a manner consistent with NZS8409:2004 Management of Agrichemicals and for specific activities compliance with the following sections of NZS8409: 2004 Management of Agrichemicals: <ul style="list-style-type: none"> <li>• Storage – Appendix L4</li> <li>• Use – Part 5.3 and 5.5</li> <li>• Disposal – Appendix S</li> <li>• Records – Appendix C9</li> </ul> </li> <li>4) The discharge must be undertaken in such a way that there are no adverse effects from off target spray drift beyond the boundary property</li> <li>5) Spray plan The owner/ occupier or manager shall prepare a spray plan at least once a year including identifying sensitive areas adjacent to where discharges will occur. (Spray plan requirements to be included in Plan or refer to NZS8409:2004 5.3 and Appendix M4 and template on website);</li> <li>6) Training Where agrichemicals are applied: <ol style="list-style-type: none"> <li>i) All users, other than agrichemical contractors, must hold a GROWSAFE® Introductory Certificate or be under direct supervision of a person holding a GROWSAFE® Applied Certificate or Registered Chemical Applicators Certificate.</li> <li>ii) Every ground based agrichemical contractor shall hold a GROWSAFE® Registered Chemical Applicators Certificate Or have a GROWSAFE® Introductory Certificate and under direct supervision of GROWSAFE® Registered Chemical Applicator</li> <li>iii) Every pilot undertaking Aerial application must hold a GROWSAFE® Pilots Agrichemical Rating Certificate issued by CAA and the application company or operator must hold a current AIRCARE™ Accreditation.</li> </ol> </li> <li>7) Notification The owner/ occupier or manager shall ensure that notification has occurred prior to application commencing as follows: <ol style="list-style-type: none"> <li>i) Sensitive areas other than amenity areas and public places: The owner/ occupier or manager of the property where agrichemicals are to be used is to ensure that any person likely to be directly affected by application and who requests notification, is notified prior to application commencing:</li> <li>ii) Amenity areas and public places The owner/ occupier or manager shall provide a public notice in a local newspaper or letter drop in the area to be sprayed at least 7 days before the proposed application and ensure that the signage below is provided: <ol style="list-style-type: none"> <li>i) Where spraying is occurring in a public place signs shall be placed within the immediate vicinity of the spraying prior to commencing and maintained until spraying has ceased,</li> <li>ii) Where the spraying is occurring on or alongside roads vehicles associated with the spraying shall display signs on the front and rear of the vehicles advising that spraying is occurring.</li> </ol> </li> </ol> </li> </ol>					
769	Horticulture New Zealand	87	Volume 2	2 General Rules	2.22.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add a Restricted Discretionary Activity Rule for agrichemicals If the conditions of the permitted activity rule cannot be met then consent as a restricted discretionary activity would be required. Matters of discretion When assessing an application for discharge of contaminants into air, or onto or into land or water from the use or application of agrichemicals, the matters to be considered are: (a) The type of agrichemical to be discharged, including its toxicity and volatility and the carrying agent (formulation); (b) The proposed method of application, including the type of spray equipment to be used, the spray volume and droplet size, the direction of spraying and the height of release above the ground; (c) The nature of any training undertaken by the operator; (d) Measures to avoid agrichemical spray drift; (e) The extent to which the use or application complies with NZS8409:2004 Management of Agrichemicals; (f) The proximity of the use or application to potable water including roof water; (g) The proximity of the use or application to waterbodies; (h) The timing of application in relation to weather conditions; and (i) Communication requirements.					
<b>769</b>	Horticulture New Zealand	88	Volume 2	2 General Rules	2.34.	Support in Part
Decision Requested	Add new permitted activity 2.34.13 Signage required by other legislation such as HSNO or Worksafe NZ Act.					
<b>769</b>	Horticulture New Zealand	89	Volume 2	3 Rural Environment Zone	3.2.	Support in Part
Decision Requested	Include a new permitted activity 3.1.59 Burial, spraying, burning or removal of vegetation material infected by unwanted organisms as declared by MPI Chief Technical Officer or an emergency declared by the Minister under the Biosecurity Act 1993.					
<b>769</b>	Horticulture New Zealand	90	Volume 2	3 Rural Environment Zone	3.1.	Oppose
Decision Requested	Include in 3.1 Permitted Activities: Accessory buildings for primary production including artificial crop protection structures and crop support structures Or amend the definition of farming to include accessory buildings to the activity.					
<b>769</b>	Horticulture New Zealand	91	Volume 2	3 Rural Environment Zone	3.2.1.11.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend 3.2.1.11: Delete 'utilising the soils of the site' Add after greenhouse: or artificial crop protection structures					
<b>769</b>	Horticulture New Zealand	92	Volume 2	3 Rural Environment Zone	3.2.1.12.	Oppose
Decision Requested	Amend 3.2.1.12 as follows: Habitable buildings 8 m for the front boundary 25 m for the rear boundary 25 m for the side boundary  All other buildings 8 m for the front boundary 5 m for the rear boundary 5 m for the side boundary					
<b>769</b>	Horticulture New Zealand	93	Volume 2	3 Rural Environment Zone	3.2.1.18.	Oppose
Decision Requested	Add additional points to Standard 3.2.1.18: c) Artificial crop protection structures and crop support structures between 8-12 metres from a pole support structure that: <ul style="list-style-type: none"> <li>• Meet the requirements of NZECP 34: 2001</li> <li>• Are no more than 2.5 metres in height</li> <li>• Are removable or temporary to allow a clear working space 12 metres from the pole where necessary for maintenance purposes</li> <li>• Allow all weather access to the police and a sufficient area for maintenance equipment, including a crane.</li> </ul> d) An artificial crop support structure or crop support structure located within 12 metres of a tower support structure that meets the requirements of Clause 2.4.1 of NZECP34:2001.					
<b>769</b>	Horticulture New Zealand	94	Volume 2	3 Rural Environment Zone	3.2.3.2.	Oppose
Decision Requested	Amend Standard 3.2.3.2. 7am – 10pm 55dBA LAeq					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>769</b>	Horticulture New Zealand	95	Volume 2	3 Rural Environment Zone	3.2.3.3.	Support in Part
Decision Requested	Amend 3.2.3.3 by hanging 'agricultural or horticultural activities' to primary production activities'					
<b>769</b>	Horticulture New Zealand	96	Volume 2	3 Rural Environment Zone	3.2.9.1.	Support
Decision Requested	Retain Standard 3.2.9.1					
<b>769</b>	Horticulture New Zealand	97	Volume 2	3 Rural Environment Zone	3.3.2.1.	Support
Decision Requested	Retain standard 3.3.2.1					
<b>769</b>	Horticulture New Zealand	98	Volume 2	3 Rural Environment Zone	3.3.5.	Oppose
Decision Requested	Amend Standard 3.3.5.1 as follows: A category A or Category B device must not be operated a) After sunset and before sunrise b) Exceed 65dB SEL when measured at the notional boundary of the nearest habitable building on a site other than on which the device is located or the zone boundary					
<b>769</b>	Horticulture New Zealand	99	Volume 2	3 Rural Environment Zone	3.3.12.	Oppose
Decision Requested	Amend 3.3.12 by adding an additional standard: Removal of vegetation for the purposes of managing unwanted organisms under the Biosecurity Act 1993.					
<b>769</b>	Horticulture New Zealand	100	Volume 2	3 Rural Environment Zone	3.3.13.	Oppose
Decision Requested	Add a new Standard: 3.3.13.7 For cultivation that is undertaken for rotational cropping the activity will use mechanisms in Erosion and Sediment Control Guidelines for vegetable growing (Horticulture NZ 2014) to minimise sediment run-off to water.  Add to Standard 3.3.13.5: except where 3.3.13.7 applies.  Amend definition of cultivation as sought elsewhere in this submission.

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>35</b>	Dale Hulburt	1	Volume 1	5 Allocation of Public Resources		Oppose
Decision Requested	I therefore stand strongly against the current wording of Section 5, and <b>it should be re-worded to include recognition of "Prior tempore potior iure" and that "Fair &amp; Just" should take precedent over "equitable" in protecting businesses and farming families that have built our community.</b>					
<b>272</b>	Dale Hulburt	1	Volume 1	5 Allocation of Public Resources	Policy 5.4.4	Support in Part
Decision Requested	<p>Relief Sought:</p> <p>That Section 5 be <b>amended</b> to include three passages regarding the "Portability/Transferability" of Water User rights (allocations).</p> <ul style="list-style-type: none"> <li>• There should be TWO classifications of Water Users: One termed specifically as "Portable/Transferable" to allow it to be removed to another location off the original property; the other as "Non-Removable/Non-Transferable", which cannot be removed from the property it sits on.</li> <li>• Unless a special "portable" classification of Resource Consent is sought; a Lessee of Land who seeks Resource Consent for the taking of Water, be classified as a Custodian of the Consent, with the ownership transferred automatically to the Land-Owner at the termination or scheduled end of the Lease Agreement.</li> <li>• As part of the approval process, the Land-Owner (Lessor) should be required to sign-off on the application, and sign an acknowledgement form if the Resource Consent application is for a "Portable/Transferable" Water Use permit.</li> </ul> <p>My choice of wording ("portable" / "transferable") is designed to confine any rule change to the REMOVAL of water-usage from a property without the expressed consent of the Land-Owner. It is NOT the intent of the author to prevent a well from being bored elsewhere on the same property under the same Resource Consent, which is a reasonable modification to a Water Take/Use permit. In forwarding this amendment recommendation, I think it is important to state that we are looking to improve the protections of all that benefit from our natural resources, we are not looking for any personal gain or business advantage for ourselves.</p>					
<b>313</b>	Dale Hulburt	1	All	All		Support in Part
Decision Requested	Acceptance of my earlier submissions and those of Keith Adams and Federated Farmers.					
<b>314</b>	Dale Hulburt	1	Volume 1	4 Use of Natural and Physical Resources	Issue 4A	Oppose
Decision Requested	Council should provide wording that puts greater emphasis on phasing back of water consents to those Large Corporate Vineyards in drier arid lands that are more greatly responsible for our current Water Resource conditions.

<b>808</b>	Kroon, Hanneke and Jansen, Joop	1	Volume 1	5 Allocation of Public Resources	Policy 5.10.4	Support in Part
Decision Requested	Amend Policy 5.10.4 to exclude coastal permits for occupation of areas smaller than 500m2.					
<b>808</b>	Kroon, Hanneke and Jansen, Joop	2	Volume 1	5 Allocation of Public Resources	5.M.11	Oppose
Decision Requested	That the proposed pricing regime is set in the MEP.					
<b>808</b>	Kroon, Hanneke and Jansen, Joop	3	Volume 1	5 Allocation of Public Resources	Policy 5.10.8	Support in Part
Decision Requested	Amend Policy so all monitoring and reports are made public.					
<b>808</b>	Kroon, Hanneke and Jansen, Joop	4	Volume 1	5 Allocation of Public Resources	Policy 5.10.7	Support in Part
Decision Requested	<p>That the following amendments (strike through and gold) are made to the 2nd sentence of the 2nd paragraph of the explanation for Policy 5.10.7:</p> <p><i>In determining who should meet the cost of sustainably managing the coastal marine environment, an allocation of costs needs to occur between beneficiaries. The Council has considered that a contribution towards the costs should be made by ratepayers (<del>25</del><b>51</b>%) as well as those benefitting from the occupation of public space (<del>75</del><b>49</b>%). The Council has also given consideration to anticipated waivers that may be granted and the number and size of the various occupations. From this assessment, a schedule of charges has been derived and is set out in the Council's Annual Plan.</i></p>					
<b>808</b>	Kroon, Hanneke and Jansen, Joop	5	Volume 4	Overlay Maps		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Marlborough Sounds areas.</p> <ol style="list-style-type: none"> <li>1. We submit that the Landscape overlays cannot be evaluated without the notified coastal marine farming provisions and marine farming zoning maps for coastal Marlborough.</li> <li>2. We submit that as part of the submission process for the Coastal Marine Farming Provisions and Zoning Maps after their notification, another round of submissions has to be allowed for all related parts of the MEP, such as Chapter 6 Natural Character, Chapter 7 Landscape, Chapter 8 Biodiversity and Chapter 13 Use of the Coastal Environment. The whole MEP is interrelated and one part cannot be considered in isolation.</li> <li>3. We submit that large areas of the Marlborough Sounds are zoned as Outstanding Natural Feature, which is clearly done to avoid having to include the adjacent seascape. This is not in keeping with the definitions of Outstanding Natural Landscape and Outstanding Natural Feature.</li> <li>4. We submit that the landscape classification of the Outstanding Natural Features in the Marlborough Sounds should be reviewed. Many of these ONF areas should be classified as Outstanding Natural Landscape and thus include the Seascape that is left out in most places in the Inner Sounds and some locations of the Outer Sounds.</li> <li>5. We submit that the anomalies where a "not ONL water hole" is surrounded by ONFL land or sea area should be reviewed and changed to ONL.</li> <li>6. We submit that more importance should be given to the presence of ecologically significant marine sites in the classification of an area as a ONF as opposed to ONL, as they should also be protected according to the NZ CPS. A seascape is not only the watersurface. Descriptions are: "Landscapes with views of the coast or seas, and coasts and the adjacent marine environment" (Landscape Institute/ IEMA 2013, pl 7) and "An area of sea, coastline and land, as perceived by people, whose character results from the actions and interactions of land with sea, by natural and/ or human factors" (Natural England 2012, p8).</li> <li>7. As a final conclusion we submit that the Outstanding Natural Features and Landscape (including seascape) identification done for the Marlborough Sounds is falling short of what is expected by NZCPS Policy 15 (d) and should be redone completely.</li> </ol> <p>Crail Bay and the Central Pelorus.</p> <ol style="list-style-type: none"> <li>1. We submit that Bobbery Bay should be added to the ONFL overlay in the MEP including the seascape of this bay.</li> <li>2. We submit that the little Bay Between Hopai Bay and Elie Bay should be classified as ONFL, including the seascape of this bay and added to the ONFL overlay in the MEP.</li> <li>3. We submit that Grant Bay should keep its classification as Outstanding Natural landscape and be added to the ONFL overlay in the MEP plan as such.</li> <li>4. We submit that the ONFL classification of Tawero Point should include the ecologically significant marine site skirting it.</li> </ol>

<b>653</b>	David Edward Johnstone	1	Volume 2	16 Coastal Marine Zone	16.7.2.	Oppose
Decision Requested	Amend the Rule as follows (strike through and bold) - <i>"From <del>9 June 2022</del>, the <b>The</b> discharge of human sewage, except Grade A or B treated sewerage, from a ship within <del>1000m</del> <b>500m</b> of MHWS."</i>					
<b>653</b>	David Edward Johnstone	2	Volume 2	16 Coastal Marine Zone	16.7.3.	Oppose
Decision Requested	Amend the Rule as follows (strike through and bold) - <i>"From <del>9 June 2022</del>, the <b>The</b> discharge of human sewage, except Grade A or B treated sewerage, from a ship within <del>1000m</del> <b>500m</b> of a marine farm."</i>					
<b>209</b>	O'Dwyers Farm Partnership Jones	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Our request is that common sense prevails with the removal of the 100% blanket cut off to springs sector water users.					
<b>212</b>	O'Dwyers Farm Partnership Jones	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Our request is that common sense prevails with the removal of the 100% blanket cut off to springs sector water users.					
<b>249</b>	James Jones	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Remove the 100% blanket cut-off to Springs sector water users based on the minimum well levels.					
	Treat all Wairau Aquifer groundwater users equally and consider implementing a rationing restriction (example - restricted all Wairau Aquifer groundwater users to 50% allocation when the monitor wells drop below the set level). This would give all Wairau Aquifer groundwater users the opportunity to prioritise where their reduced volume of allocated water is utilised and help maintain minimum flow levels in Springs.					
	Before implementing a blanket restriction further information and knowledge is required of the complex aquifer/springs recharge process. A better understanding of the long term trend of the Wairau Aquifer levels is essential before setting lower limits and cut-off thresholds.					
<b>249</b>	James Jones	2	Volume 1	5 Allocation of Public Resources	Policy 5.4.1	Support
Decision Requested	Retain the policy (inferred).					
<b>249</b>	James Jones	3	Volume 1	5 Allocation of Public Resources	Policy 5.6.2	Oppose
Decision Requested	More data and understanding is required before limits are set. All Wairau Aquifer groundwater users must take responsibility for maintaining minimum aquifer levels/Spring flows, not just Spring sector users.					
<b>249</b>	James Jones	4	Volume 1	5 Allocation of Public Resources	Policy 5.7.2	Support
Decision Requested	Make calculations specific to soil type and property location.					
<b>249</b>	James Jones	5	Volume 1	5 Allocation of Public Resources	Policy 5.8.3	Support
Decision Requested	Retain the policy (inferred).					
<b>386</b>	Shirley J Jones	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Delete the Minimum Flows and Levels for Water Takes applying to the Wairau Aquifer Central Springs Freshwater Management Unit, Wairau Aquifer Northern Springs Freshwater Management Unit and the Wairau Aquifer Urban Springs Freshwater Management Unit. <i>(Inferred)</i>

Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Subdivision, use and development activities in the Coastal Environment</b> with amendments requested in submission points related to Volume 1 Use of the Coastal Environment issue and policies.					
<b>404</b>	Eric Jorgensen	15	Volume 1	13 Use of the Coastal Environment	Issue 13A	Support in Part
Decision Requested	Having this type of analysis ( <i>for matters that are more intrinsic or amenity centric as done for landscape and natural character - inferred</i> ) completed in a collaborative manner outside of a resource consent application process is the best way to provide future certainty as to what is appropriate/inappropriate development.					
<b>404</b>	Eric Jorgensen	16	Volume 1	13 Use of the Coastal Environment	Policy 13.2.1	Support in Part
Decision Requested	That Policy 13.2.1(g) provides greater certainty regards adverse effects, these attributes need to be defined, location by location.					
<b>404</b>	Eric Jorgensen	17	Volume 1	13 Use of the Coastal Environment	Policy 13.2.3	Support
Decision Requested	Retain Policy 13.2.3					
<b>404</b>	Eric Jorgensen	18	Volume 1	13 Use of the Coastal Environment	Policy 13.2.4	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Make the following amendments to Policy 13.2.4 (strikethrough and bold) <i>Attributes that <del>may</del> <b>will</b> be considered, <b>where are known to exist</b>, when assessing any effects on coastal amenity value in a particular location include natural character, biodiversity, public access, visual quality, high water quality, recreational opportunities, structures and activities, open space, tranquillity and peacefulness.</i>					
<b>404</b>	Eric Jorgensen	19	Volume 1	13 Use of the Coastal Environment	Policy 13.2.5	Support in Part
Decision Requested	Retain policy 13.2.5 with the following amendments (where requested): Make the following amendments (strikethrough and bold): <i>Policy 13.2.5 (c) maintaining <del>or</del> <b>and</b> enhancing areas with indigenous biodiversity value.</i> <i>Policy 13.2.5 (d) maintaining or enhancing sites or areas of particular value for outdoor recreation. Sites or areas are of particular value for outdoor recreation should these areas be scheduled (inferred).</i> <i>No change to Policy 13.2.5 (i) clustering together of structures and activities (inferred).</i> <i>Policy 13.2.5 (m) encouraging appropriate design of new structures and other development in form, colour and positioning that complement, rather than detract from, the visual quality of the location. This should be more than encouraged; it should be non-negotiable.</i>					
<b>404</b>	Eric Jorgensen	20	Volume 1	13 Use of the Coastal Environment	Policy 13.2.6	Support
Decision Requested	Retain Policy 13.2.6 but these values ( <b>coastal amenity, individual and communities values - inferred</b> ) need to be agreed upfront ( <b>e.g., in a Schedule (inferred)</b> ).					
<b>404</b>	Eric Jorgensen	21	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Recreational activities</b> with amendments requested in submission point #22.					
<b>404</b>	Eric Jorgensen	22	Volume 1	13 Use of the Coastal Environment	Issue 13A	Support
Decision Requested	Retain introductory explanation under Issue 13B.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
404	Eric Jorgensen	23	Volume 1	13 Use of the Coastal Environment	Policy 13.3.1	Support in Part
Decision Requested	Decision requested ( <i>inferred</i> ) Amend policy to provide greater guidance as to how the policy would be applied.					
404	Eric Jorgensen	24	Volume 1	13 Use of the Coastal Environment	Policy 13.3.3	Support in Part
Decision Requested	Decision requested ( <i>inferred</i> ) Amend policy to provide greater guidance as to how the policy would be applied.					
404	Eric Jorgensen	25	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Policy to recognise that depletion of wild fisheries will be, in part, also driven by loss of habitat through different land and sea-based activities. <b>I submit</b> that, in the context of this section of the MEP, those other factors should be acknowledged.					
404	Eric Jorgensen	26	Volume 1	13 Use of the Coastal Environment	Issue 13C	Support in Part
Decision Requested	Amend Line 1 Paragraph 2 to read (to be technically correct) <i>Although the number of commercial fishers has decreased over the years, fishers with access to quota for various species still operate from Picton, Havelock and other ports.</i>					
404	Eric Jorgensen	27	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Residential activities</b> with amendments requested in submission related to Policy 13.5.6 (submission point #28).					
404	Eric Jorgensen	28	Volume 1	13 Use of the Coastal Environment	Policy 13.5.6	Support in Part
Decision Requested	Append reflectivity and colour of building materials to the policy and rules for coastal living zone.					
404	Eric Jorgensen	29	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Boat moorings and anchoring</b> with amendments requested in submission related to Policy 13.9.4. to (submission point #30).					
404	Eric Jorgensen	30	Volume 1	13 Use of the Coastal Environment	Policy 13.9.4	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	I submit that displacement should be a consideration also for this policy and, as such, appended to the considerations of Policy 13.9.7 – <i>In determining an application for a new consent for a lawfully established existing mooring outside of a Moorings Management Area, the matters in Policies 13.9.1(b) and (c), 13.9.2 and 13.9.4 will be considered. The extent to which the existing mooring is consistent/inconsistent with the direction in these policies and whether the effects of any inconsistencies can be avoided, remedied or mitigated will be a significant factor in determining whether a new consent is granted.</i>					
404	Eric Jorgensen	31	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Coastal structures, reclamations and disturbance to the foreshore and seabed</b> with amendments requested in submissions related to Policy 13.10.5 (submission point #32) and Policy 10.13.23 (submission point #34).					
404	Eric Jorgensen	32	Volume 1	13 Use of the Coastal Environment	Policy 13.10.5	Support in Part
Decision Requested	Consider adding another assessment criteria in relation to <b>(inferred)</b> whether there is a practical and not altogether inconvenient alternative structure nearby that could serve the same purpose. Note appears to be covered in <b>(inferred)</b> <i>Policy 13.10.12 -Avoid the cumulative effects of jetties on the values of the coastal environment by: (a) giving priority to the sharing of jetties or the development of community jetties; and (b) considering whether there is practical road access to an application site, practical access to another jetty and/or access to existing public launching facilities in the vicinity.</i>					
404	Eric Jorgensen	34	Volume 1	13 Use of the Coastal Environment	Policy 13.10.23	Support in Part
Decision Requested	Correct the following errors (strikethrough and bold) in <i>Policy 13.10.23: In determining a new consent application for a lawfully-established existing boatshed and slipway, the matters in Policies 13.2.1, 13.10.8, 13.10.19, 13.10.20(a) and (b), <del>13.9.21</del> 13.10.21 and <del>13.9.22</del> 13.10.22 will be considered. The extent to which the existing boatshed and slipway are consistent with the direction in these policies and whether the effects of any inconsistencies can be avoided, remedied or mitigated will be a significant factor in determining whether a new consent is granted.</i>					
404	Eric Jorgensen	35	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Reclamation and Drainage</b> with amendments requested in submissions related to Policy 13.11.4 (submission point #36).					
404	Eric Jorgensen	36	Volume 1	13 Use of the Coastal Environment	Policy 13.11.4	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend apparent contention between Policy 13.11.4 (b) and Policy 13.11.2 (b).  Policy 13.11.2 (b) states that <b>if</b> alternative land-based sites are available reclamation and drainage shall be avoided whereas the wording of 13.11.4 (b) suggests that even if an alternative land-based site is available reclamation or drainage could still be considered.  <i>Policy 13.11.2 – Reclamation or drainage in the coastal marine area shall be avoided, unless (b) it can be shown there are no alternative land-based sites available (above Mean High Water Springs);</i>  <i>Policy 13.11.4 – Where an application is made for resource consent to reclaim or drain the coastal marine area, effects (including cumulative effects) on the following matters will be considered (b) if land-based alternatives are available to the proposed reclamation/drainage, why the coastal marine area location is preferred;</i>					
<b>404</b>	Eric Jorgensen	37	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Disposal and deposition</b> with amendments requested in submissions related to Policy 13.12.1 (submission point #38).					
<b>404</b>	Eric Jorgensen	38	Volume 1	13 Use of the Coastal Environment	Policy 13.12.1	Oppose
Decision Requested	Amend Policy 13.12.1 so that the disposal of dredged or other material in the coastal marine area is avoided at all costs given the already compromised nature of the coastal marine areas in terms of settled and suspended sediments ( <b>inferred</b> ).					
<b>404</b>	Eric Jorgensen	39	Volume 1	13 Use of the Coastal Environment	13.	Support
Decision Requested	Retain issue definition and supporting objectives and policies relevant to those under the heading <b>Shipping Activity</b> .					
<b>404</b>	Eric Jorgensen	40	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	Retain the issue definition and supporting objectives and policies under the heading <b>Ports and marinas</b> with amendments requested in submissions related to 13.AER.5 (submission point #41) and 13.AER.16 (submission point #42).					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
404	Eric Jorgensen	41	Volume 1	13 Use of the Coastal Environment	13.AER.5	Support in Part
Decision Requested	<p>Include in 13.AER.5 that the public survey (about perspectives of values contributing to amenity values in Marlborough's Coastal environment and how activities and uses may be affecting these values) needs to be repeated at 5 yearly intervals. This allows changes in perception to be tracked and to gain a relative sense as to whether important values are better or worse off than before <b>(inferred)</b>.</p> <p>Include in 13.AER.5 about monitoring complaints (about activities and uses in the coastal environment) increased public awareness of the opportunity to note concerns about different activities and uses in the coastal environment and also liaise with harbourmaster and DoC <b>(inferred)</b>.</p>					
404	Eric Jorgensen	42	Volume 1	13 Use of the Coastal Environment	13.AER.16	Support
Decision Requested	<p>In addition to MPI, on-going communication should also include other central government agencies, e.g., Ministry for the Environment, in respect of the sustainable management of natural and physical resources as it relates to fishing activities.</p>					
404	Eric Jorgensen	43	Volume 2	4 Coastal Environment Zone	4.2.1.12.	Support in Part
Decision Requested	<p>Standard 4.2.1.12 should require a colour palette rather than be encouraged.</p>					
404	Eric Jorgensen	44	Volume 2	4 Coastal Environment Zone	4.3.6.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	As per the summary recommendations in the paper <i>Mitigating Fine Sediment from Forestry</i> the following should be adopted in the MEP:					
	(1) Replanting setbacks from the shoreline: 200 m (a precautionary approach should be adopted). <b>Note</b> that Standard 4.3.8.1(c) uses this 200m setback for planting and harvesting where it is much less likely heavy machinery, tracking and hauling logs would occur.					
	(2) Replanting setback for permanently flowing streams directly coupled to the sea: 5 m for streams less than 3m in width; and 10 m for streams equal to, or greater than, 3m in width.					
	(3) Replanting controls on steep slopes: A mandatory Replanting Management Plan identifying areas at high risk of erosion which require retirement and implementation of buffers, such as gully heads and steep ephemeral gullies. A similar Plan would be required for afforestation.					
	(4) Replanting requirements to reduce the window of vulnerability:					
	a) Replanting of areas harvested within 12 months of harvest.					
	b) Replanting in excess of 1000 stems/hectare.					
	In addition to replanting controls other recommendations were also made, these were:					
	(5) Harvest controls: Remove all woody material >100 mm diameter and > 3metres in length from gullies (>5000m2 or 0.5 hectare) as soon as practicable, but no later than 1 month, after harvest.					
	(6) Earthworks requirements:					
	a) All road design, construction, and maintenance to be certified by a Chartered Professional Engineer (CPENZ) for land stability, and effective erosion and water control.					
	b) All areas of loose fill (soil) to have a grass cover established within 12 months of being created unless covered by natural revegetation.					
	These recommendations apply to the Coastal Environment Zone. However, the other applicable zone for forestry is the Rural Environment Zone (Volume 2: Chapter 3) and they should be equally applicable there.					
<b>404</b>	Eric Jorgensen	45	Volume 2	4 Coastal Environment Zone	4.3.42.2.	Oppose
Decision Requested	Include Sunday 9:00am - 4:00pm for hours of operation for home occupation.					
<b>404</b>	Eric Jorgensen	46	Volume 2	4 Coastal Environment Zone	4.7.1.	Oppose
Decision Requested	No decision requested.					
<b>404</b>	Eric Jorgensen	47	Volume 2	7 Coastal Living Zone	7.3.1.2.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Include Sunday 9:00am - 4:00pm for hours of operation for home occupation.					
<b>404</b>	Eric Jorgensen	48	Volume 2	16 Coastal Marine Zone	16.	Support in Part
Decision Requested	Retain rules as published with amendments requested in submissions related to headings 16.3.9.1 (submission point #49), 16.7.2 (submission point #50), 16.7.3 (submission point #51), 16.7.4 (submission point #52) and 16.7.5 (submission point #53).					
<b>404</b>	Eric Jorgensen	49	Volume 2	16 Coastal Marine Zone	16.3.9.1.	Support in Part
Decision Requested	Delete standard 16.3.9.1.					
<b>404</b>	Eric Jorgensen	50	Volume 2	16 Coastal Marine Zone	16.7.2.	Support
Decision Requested	Retain Rule 16.7.2.					
<b>404</b>	Eric Jorgensen	51	Volume 2	16 Coastal Marine Zone	16.7.3.	Support
Decision Requested	Retain Rule 16.7.3.					
<b>404</b>	Eric Jorgensen	52	Volume 2	16 Coastal Marine Zone	16.7.4.	Support
Decision Requested	Retain Rule 16.7.4					
<b>404</b>	Eric Jorgensen	53	Volume 2	16 Coastal Marine Zone	16.7.5.	Support
Decision Requested	<b>I submit</b> that the rule as worded is too generic and protection methods need to be applied on a site by site basis and address specific activities that present risk to those sites (rather than just fishing activities) are implemented, as recommended by the expert panel.					
<b>858</b>	Kevin Peter Judd	1	Volume 1	7 Landscape	Policy 7.2.2	Support
Decision Requested	I propose that the provision 7.2.2 be adopted in full as stated in the Marlborough Environment Plan.

<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	3	Volume 1	6 Natural Character	Policy 6.1.4	Support in Part
Decision Requested	Amend Policy 6.1.4 to include and natural character assessment of all Marlborough Sounds coastal areas and include the identification of areas adversely impacted by reversible effects.					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	4	Volume 1	6 Natural Character	Policy 6.2.2	Support in Part
Decision Requested	Amend to clarify that policy 6.2.7 must be applied under policy 6.2.2 [ <i>inferred</i> ].					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	5	Volume 1	6 Natural Character	Policy 6.2.3	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Define classification and how it is used for natural character. Amend policy so it applies to all natural character. Amend policy to clarify policy 6.2.7 applies. [ <i>Inferred</i> ].					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	6	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Support in Part
Decision Requested	Amend Appendix 2 to clearly identify natural elements, patterns and processes for preservation and protection in the coastal environment [ <i>inferred</i> ].					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	7	Volume 1	6 Natural Character	Policy 6.2.4	Oppose
Decision Requested	Re-word policy to apply to all areas of natural character and to make assessing applicable to all types of natural character [ <i>inferred</i> ].					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	8	Volume 1	6 Natural Character	Policy 6.2.5	Oppose
Decision Requested	Delete policy [ <i>inferred</i> ].					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	9	Volume 1	6 Natural Character	Policy 6.2.6	Support in Part
Decision Requested	Amend policy to make clearer that opportunities for restoration or rehabilitation include declining applications for resource consent renewals.					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	10	Volume 1	6 Natural Character	Policy 6.2.7	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>The following paragraphs should also be added to meet the requirements of NZCPS 7:  <i>"Acceptable limits of cumulative effects will be determined by reference to the threshold s specified in a particular policy and by reference to best practice and international assessment standards.</i>  <i>Where a retraction of consented activities is required to meet acceptable cumulative effect threshold s then this may occur by re-consenting attrition until acceptable levels of cumulative effects are reached or through the application of activity retraction guidelines developed and agreed with stakeholders"</i></p> <p>For clarity, we note that there is no basis for differentiating cumulative environmental effect assessments for new activities over those for renewal applications. This is not least because there are various areas where there have been significant historical failures to consider appropriate thresholds of development or cumulative effects when granting existing consents. It should thus be made clear that policy 6.2.7 applies to the re- consenting of activities in the coastal environment as well as to the consenting of new activities in the coastal environment.</p>					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	11	Volume 1	7 Landscape	Policy 7.1.4	Support
Decision Requested	Retain Policy [ <i>inferred</i> ].					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	12	Volume 1	7 Landscape	Policy 7.2.3	Support
Decision Requested	Marine farming has significant adverse effects on coastal landscape values and as such marine farming must be included in paragraph (c) as well.					
<b>868</b>	Kenepuru and Central Sounds Residents Association Incorporated	13	Volume 1	7 Landscape	Policy 7.2.4	Support in Part
Decision Requested	<p>Amend policy to include:  The positive identification of areas where coastal marine landscape values are under threat from adverse cumulative effects; and  That for all activities requiring a resource consent in the coastal marine environment, an assessment of cumulative adverse landscape effects be undertaken considering:  (a) the effects of the existing level of activity;  (b) the result of re-consenting or allowing more of a particular effect, whether from the same activity or from other activities causing the same or similar effect; and  (c) the combined effects from all activities in the coastal marine environment in the locality.</p>

Where it is necessary to have windows closed to achieve the acoustic design requirements, an alternative ventilation system shall be provided.

A ventilation system installed shall comply with the following:

- Consist of an air conditioning unit(s) provided that the noise level generated by the unit(s) must not exceed 40dB Laeq(30s) in the largest habitable room (excluding bedrooms) and 35dB Laeq(30s) in all other habitable rooms, when measured 1 metre away from any grille or diffuser; or
- A system capable of providing at least 15 air changes per hour (ACH) in the largest habitable room (excluding bedrooms) and at least 5 air changes per hour (ACH) in all other habitable rooms; and
- The noise level generated by the system must not exceed 40dB Laeq(30s) in the largest habitable room (excluding bedrooms) and 35dB Laeq(30s) in all other habitable rooms, when measured 1 metre away from any grille or diffuser; and
- The internal air pressure must be no more than 10 Pa above ambient air pressure due to the mechanical ventilation; and
- Where a high air flow rate setting is provided, the system shall be controllable by the occupants to be able to alter the ventilation rate with at least three equal progressive stages up to the high setting.

Y Sensitive Activities within 60m of a Rail Network – Ground-borne Noise: Annoyance

New, relocated, or altered sensitive activities/buildings within 60 metres of the rail corridor shall be designed and constructed to ensure the following levels

of vibration from trains shall not be exceeded based on the procedures specified in the Norwegian Standard NS 8176E: 2nd edition September 2005

Vibration and Shock Measurement of Vibration in Buildings from Land Based Transport and Guidance to Evaluation of its Effects on Human Beings.

	<del>New Zealand Railways Corporation KiwiRail Holdings Ltd</del>					
	ID No. K1	Map No. Numerous	Site Description Picton Terminal and Main North <u>Line</u> Railway	Legal Description Railway Land	Designation Railway Purposes	
	Explanation: Railway Purposes : The operation, enhancement and maintenance of the railway network through the Marlborough District to support rail passenger services and freight logistics. The rail corridor consists of the Main North Line. New Zealand					
<b>847</b>	KJB Marine Farms Limited	1	Volume 4	Overlay Maps	Coastal Natural Character 1	Oppose
Decision Requested	Remove natural character overlay from the vicinity of marine farm 8201 in Camel Point; or record that aquaculture will not affect the relevant values.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>847</b>	KJB Marine Farms Limited	2	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Oppose
Decision Requested	Remove natural character overlay from the vicinity of marine farm 8201 in Camel Point; or record that aquaculture will not affect the relevant values.					
<b>847</b>	KJB Marine Farms Limited	3	Volume 4	Overlay Maps	Landscapes 4	Oppose
Decision Requested	Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8201 in Camel Point; or record that aquaculture will not affect the relevant values.					
<b>847</b>	KJB Marine Farms Limited	4	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose
Decision Requested	Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8201 in Camel Point; or record that aquaculture will not affect the relevant values.					
<b>1269</b>	KMS Mining Limited	1	Volume 2	2 General Rules	2.7.	Support in Part
Decision Requested	Add new permitted activity:  <u>2.7.0. Small-scale suction dredging where engines are no more than 7 kilowatts power.</u>					
<b>1269</b>	KMS Mining Limited	2	Volume 2	2 General Rules	2.9.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add new standards to support new permitted activity: <b><u>2.9.0. Small-scale suction dredging where engines are no more than 7 kilowatts power.</u></b> <u>2.9.0.1 (a) The internal diameter of the nozzle does not exceed 150mm; and</u> <u>(b) The mining activity is not carried out within 20 metres of any structure which has foundations in the river bed, or any ford or pipeline; and</u> <u>(c) The activity does not cause any flooding or erosion; and</u> <u>(d) No refuelling is carried out while the dredge is within the wet bed of the river; and</u> <u>(e) The area dredged lies within the wet bed of the river, and no material is removed from within or under the banks of the river; and</u> <u>(f) No suction dredge is operated within 50 metres of another dredge; and</u> <u>(g) No explosives or earthmoving machinery apart from the dredge is used to move material in the river bed; and</u> <u>(h) Any rocks moved to allow suction dredging to occur are returned as close as possible to the site from which they were removed; and</u> <u>(i) There is no conspicuous change in the colour or visual clarity of the water body beyond a distance of 100 metres downstream of the point of discharge; and</u> <u>(j) No lawful take of water is adversely affected as a result of the bed disturbance; and</u> <u>(k) No dredging is to take place between the dates 1st May and 30th September to protect fish spawning; and</u> <u>(l) Dredging is only to be carried out between the times of 7.00am and 7.00pm on any day with noise levels not exceeding 85dBL.</u>					
<b>812</b>	Jungmin Ko	1	Volume 1	2 Background	Identifying regionally significant issues	Oppose
Decision Requested	Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities.					
<b>812</b>	Jungmin Ko	2	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Oppose
Decision Requested	Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>812</b>	Jungmin Ko	3	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>812</b>	Jungmin Ko	4	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Oppose
Decision Requested	Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development.					
<b>812</b>	Jungmin Ko	5	Volume 2	All		Oppose
Decision Requested	Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules.					
<b>812</b>	Jungmin Ko	6	Volume 1	All		Oppose
Decision Requested	Add a wider range of non-regulatory methods to the Plan aimed at building awareness.					
<b>812</b>	Jungmin Ko	7	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>812</b>	Jungmin Ko	8	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>812</b>	Jungmin Ko	9	Volume 1	6 Natural Character	Issue 6A	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>812</b>	Jungmin Ko	10	Volume 1	6 Natural Character	Objective 6.1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>412</b>	Kotare Vineyard	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Delete the Minimum Flows and Levels for Water Takes applying to the Wairau Aquifer Central Springs Freshwater Management Unit, Wairau Aquifer Northern Springs Freshwater Management Unit and the Wairau Aquifer Urban Springs Freshwater Management Unit. ( <i>Inferred</i> )					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	1	Volume 2	25 Definitions	25.	Oppose
Decision Requested	In the absence of clarity, delete Marine Mammal (Dolphin) Map 18.					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	2	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose
Decision Requested	For each area where there is an existing marine farm include an express statement to the following effect (following the approach in the proposed Auckland Unitary Plan at Chapter L, Schedule 7): <i>"Some bays contain existing marine farms, but this does not compromise [relevant area's name] current natural values."</i>					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	3	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Oppose
Decision Requested	For each area where there is an existing marine farm include an express statement to the following effect (following the approach in the proposed Auckland Unitary Plan at Chapter L, Schedule 8): <i>"Although marine farms occupy part of the [area], they do not compromise the overall 'naturalness' of the coastal environment."</i>					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	4	Volume 4	Overlay Maps	Coastal Natural Character 1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the proposed mapping in respect of: - Inner Admiralty Bay; and  - Port Ligar;  AND  Remove the natural character overlay from Horseshoe Bay and Beatrix Bay;  OR  The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification, by amending the values at Vol 3, Appendix 2, as per separate submission.					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	5	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Support in Part
Decision Requested	Retain the proposed mapping in respect of: - Inner Admiralty Bay; and  - Port Ligar;  AND  Remove the natural character overlay from Horseshoe Bay and Beatrix Bay;  OR  The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification, by amending the values at Vol 3, Appendix 2, as per separate submission.					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	6	Volume 4	Overlay Maps	Coastal Natural Character 2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Retain the natural character mapping as proposed in respect of Anakoha Bay, save for reducing the extent of the high natural character overlay on the northeastern headland;</p> <p>AND</p> <p>Remove the natural character overlay from Orchard Bay and Beatrix Bay;</p> <p>OR</p> <p>The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification, by amending the values at Vol 3, Appendix 2, as per separate submission.</p>					
<b>874</b>	KPF Investments Limited and United Fisheries Limited	7	Volume 4	Overlay Maps	Coastal Natural Character 3	Support in Part
Decision Requested	<p>Retain the natural character mapping as proposed for:</p> <ul style="list-style-type: none"> <li>- Rams Head, Tawhitinui Reach, Middle Pelorus Sound; and</li> <li>- The eastern side of Crail Bay.</li> </ul> <p>AND</p> <p>Amend the overlay mapping by removing:</p> <ul style="list-style-type: none"> <li>- the high natural character overlay in Kauauroa Bay;</li> <li>- The very high and outstanding natural character in Fairy Bay;</li> <li>- The high natural character overlay in South East Bay;</li> <li>- The high natural character overlay on the point between Hopai Bay and Grant Bay; and</li> <li>- The high natural character overlay in Kaiuma Bay.</li> </ul> <p>OR</p> <p>The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification, by amending the values at Vol 3, Appendix 2, as per separate submission.</p>

905	Lee Street Residents	1	Volume 3	Appendix 14 Schedule of Designated Land		Oppose
Decision Requested	<p>Flood hazard Level 3 is overstated in the residential properties.</p> <ol style="list-style-type: none"> <li>1. We seek to have the hazard level reviewed and reduced to Level 1.</li> <li>2. To create a more appropriate and better boundary between floodway, recreation and residential properties by relocating the floodway stopbank to outside the residential properties. This would then allow the Designated Land boundary to be outside the residential properties.</li> </ol>					
906	Legacy Fishing Limited	1	Volume 1	8 Indigenous Biodiversity	Policy 8.3.7	Oppose
Decision Requested	<p>That Policy 8.3.7 be rewritten to clarify that commercial potting, long lining, drop lining and set netting do not constitute bottom impacting methods.</p> <p>That all references as to what constitutes 'seabed disturbance' be positively defined so as not to impact on industry operators fishing by potting, long lining, drop lining, set netting methods, hand harvest or any other methods employed by the fishing industry.</p> <p>Should bottom impacting fishing methods be considered to include prohibition of potting, long lining, drop lining, set netting methods and hand harvest then I have identified the following sites of significance as identified in the MEP will cause a particular problem for my business and also for the sustainability of some surrounding fisheries:</p> <ol style="list-style-type: none"> <li>a. Glasgow Island (Sites of Significance Map 14)</li> <li>b. West Head Site - Tory Channel (Sites of Significance Maps 11 and 15)</li> <li>c. The Brothers and Awash Rock (Sites of Significance Map 11)</li> <li>d. Cape Campbell (Sites of Significance Map 16)</li> <li>e. Marine Mammal whale and Marine Mammal Dolphin (Sites of Significance Maps 17 and 18)</li> </ol> <ul style="list-style-type: none"> <li>• If any of the areas listed above are prohibited to the use of potting, long lining, drop lining or set netting fishing methods this will affect our ability to fish these areas and will create areas of closed fishery for the target species. This in turn will move fishing effort into neighboring areas within the fishery, impacting on the sustainable balance of the remaining fishery.</li> <li>• In creating this situation, the Council may well, even if inadvertently, upset the sustainable biodiversity of the species populating the surrounding closed areas. Any change made to the space allocated to a fishery, such as by closing a portion of productive area within that fishery, will impact on the management and performance of that fishery. This is because existing commercial, recreational and customary catch allocations are set on many years of scientific reporting and monitoring taken across the full fishing area.</li> <li>• If the Council's decision is that the rocky outcrops listed in the 129 Sites of Significance should be protected from all trawling and dredging I recommend these Sites be kept open to potting, long lining, drop lining or set netting fishing methods as these methods do not have an adverse bottom impact effect, nor do they adversely affect biodiversity values. However, the impact of closing many of these areas will have an adverse effect on the sustainability of the remaining fishery and so on biodiversity values of balanced and managed fish populations.</li> </ul>					
906	Legacy Fishing Limited	2	Volume 2	16 Coastal Marine Zone	16.7.5.	Oppose

Decision Requested	That the definition of River in Chapter 25 be altered to read "River has the same meaning as in Section 2 of the Act, except for the purposes of 2.9.9 (including provisions 2.9.9.1, 2.9.9.2 and 2.9.9.3) and for the purposes of 3.3.21 (including 3.3.21.1, 3.3.21.2 and 3.3.21.3) where river means a river whose bed has an average width of 3 metres or more.					
<b>326</b>	Steven and Sarah Leov	1	Volume 2	2 General Rules	2.9.9.	Support in Part
Decision Requested	<p>We recommend removing the term river from the listed policies and replacing it with Fonterra's definition of an active bed. This is a standard that dairy farmers have been working with for many years. It means animals are excluded from all major rivers and streams but allows farmers to continue to use their land productively. This is a definition that supports sustainability and allows primary production to continue to operate as per Objective 14.1 "Rural environments are maintained as a resource for primary production activities, enabling these activities to continue contributing to economic well being whilst ensuring the adverse effects of these activities are appropriately managed."</p> <p>Livestock entering onto, <del>or passing across</del> <u>an active bed</u> of a <del>river</del> <u>waterway</u>.</p> <p>Definition of <i>active bed</i>:</p> <p>"The bed of a river (including any modified river) or artificial watercourse that is permanently flowing and where the bed is more than a metre wide, permanently un-vegetated and comprises sand, gravel, boulders or similar material.</p> <p>We also recommend extending the period of time allowed for compliance with <b>2.9.9, 3.3.21 and 4.3.20.1</b> to <u>9 June 2022</u>. This is to allow farmers to recover from the financial pressure put on their businesses during recent years when the milk price has been below the cost of production. While fencing materials may seem an insignificant cost, the accumulation of these materials plus concrete and culverts for river crossings, the necessary consents for these crossings and the labour required to complete the work will make compliance a significant expense.</p>

<b>909</b>	Longfield Farm Limited	60	Volume 1	5 Allocation of Public Resources	Policy 5.7.2	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That Policy 5.7.2 be amended as follows to reflect the submission that reasonable demand relates to irrigation water only. Policy 5.7.2 To allocate irrigation water on the basis of reasonable demand given the intended use. That an additional policy be added providing direction for decision makers when assessing applications for resource consent to abstract and use water for non-irrigation purposes as follows: <u>Policy 5.7.X To recognise that land users require water for uses other than irrigation purposes and applications for allocations of water for such uses shall be assessed on a case by case basis.</u>					
<b>909</b>	Longfield Farm Limited	61	Volume 1	5 Allocation of Public Resources	Policy 5.7.3	Support
Decision Requested	That policy 5.7.3 be re-worded as follows to provide for an enabling policy: <u>Where based on property specific information, an applicant can demonstrate that an allocation of water in excess of the reasonable demand calculation is required, then that allocation may be granted subject to water availability. Under such circumstances the property specific information will take precedence over the reasonable use calculation.</u>					
<b>909</b>	Longfield Farm Limited	62	Volume 1	5 Allocation of Public Resources	Policy 5.8.3	Support
Decision Requested	That policy 5.8.3 be amended as follows: <u>In addition to the storage of water as per Policy 5.8.2, Class A and B water may also be stored to provide water users with greater flexibility to manage water use on-site, provided that the rate of take does not exceed the authorised maximum daily rate of take for irrigation purposes.</u>  That the last explanatory paragraph be deleted and replaced in entirety with following: <u>The policy provides the consent holder with flexibility to decide how water will be used on any given day. However, the policy limits the rate of take of Class A and B water for storage to the authorised maximum daily rate of take for irrigation purposes. The total volume of water that can be physically stored will limit the number of consecutive days that a consent holder will pump to storage along with the competing need to utilise the water allocation to provide direct irrigation.</u>					
<b>909</b>	Longfield Farm Limited	63	Volume 1	14 Use of the Rural Environment	Objective 14.3	Support
Decision Requested	Redraft the objective to read:  Activities that are not related to primary production are <u>only located within rural environments if they are appropriate for that environment.</u>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
909	Longfield Farm Limited	64	Volume 1	14 Use of the Rural Environment	Policy 14.3.2	Support
Decision Requested	Retain, with an additional clause (e):  <i>The extent to which the proposed activity is likely to have reverse sensitivity effects on primary production activities.</i>					
909	Longfield Farm Limited	65	Volume 1	14 Use of the Rural Environment	Objective 14.5	Support
Decision Requested	Redraft the objective to read:  <i>Residential activity takes place <u>only</u> within appropriate locations and limits within rural environments.</i>					
909	Longfield Farm Limited	66	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.32	Support in Part
Decision Requested	That Policy 15.1.32 be amended as follows:  <i>Policy 15.1.32 – In considering any resource consent application for the disturbance of a river or lake bed, or the seabed, or land in close proximity to any waterbody, regard will be had to:</i>  <i>(a) whether the disturbance is likely to result in non-compliance with the clarity standards set for the waterbody, after reasonable mixing;</i> <i>(b) in the event of possible non-compliance with the clarity standards set for the waterbody, after reasonable mixing:</i> <i>(i) the purpose for undertaking the disturbance and any positive effects accruing from the disturbance;</i> <i>(ii) the economic consequences of not undertaking the disturbance;</i> <i>(iii) the scale, duration and frequency of the disturbance;</i> <i>(iv) <u>in the case of water supply intakes and associated structures in a river bed, the practical viability of alternative methods of abstracting water:</u></i> <i>(v) <u>the extent to which the bed disturbance is necessary and adverse water quality effects caused by the disturbance are mitigated by way of site specific management plans that set out how potential adverse effects from</u> such activities are to be avoided, minimised or mitigated; and</i> <i>(vi) for freshwater, the potential effects of increased turbidity on the values of the waterbody set out in Schedule 1 of Appendix 5 of the Marlborough Environment Plan or on the natural character values of the coastal environment in relation to water quality as set out in Appendix 2 of the Marlborough Environment Plan.</i>

<b>254</b>	Scott MacKenzie	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Support in Part
Decision Requested	That all Wairau River surface water takes are considered equal(both below and above The Narrows) and therefore have the same minimum flowlevel cut off of 8m <sup>3</sup> /s at Barnett's Bank. This is effectively the currentsituation, however it is noted that a portion of consents do have a conditionrelating to the Wash bridge flow which has never been implemented. With thecurrent management flow of 8m <sup>3</sup> /s for fullrestriction for all Wairau River users, it has shown that thereare no adverse effects on instream values. Whereas any changes will have asignificant negative economic and social impact on those consent holderscurrently above The Narrows.					
<b>531</b>	Alastair MacKenzie	1	Volume 3	Appendix 13 Register of Significant Heritage Resources		Oppose
Decision Requested	That the Sounds Soldiers' Memorial is granted Heritage Resource status and is included in Appendix 13 of the Marlborough Environment Plan.					
<b>1124</b>	Steve MacKenzie	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Support in Part
Decision Requested	Retain the flow restriction on Class A water for the Wairau River (above the narrows) FMU to be fully restricted at 8m <sup>3</sup> /s according to the Barnetts Bank monitoring site, and delete the restriction at Dip Flat for class A water in the same FMU.

<b>426</b>	Marine Farming Association Incorporated	1	Volume 1	1 Introduction	1.	Oppose
Decision Requested	The Council should re-evaluate the various alternatives in accordance with s 32, having particular regard to quantified benefits and costs and associated commentary. In the event that the s 32 evaluation reveals significant alternatives that have not been appropriately considered, it may be necessary to re-notify aspects of the proposed MEP.					
<b>426</b>	Marine Farming Association Incorporated	2	Volume 1	1 Introduction	Guiding principles	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>There is a statement under "A healthy Marlborough economy requires a healthy environment" that it is not the role of the MEP to directly address economic matters. That is incorrect. The definition in s2(1) of the RMA of "environment" includes the economic conditions that affect people and communities. Sustainable management includes enabling people to provide for their economic and social wellbeing (s 5(2) RMA).</p> <p>The guiding principles seem to ignore the fact that the farming, viticulture, aquaculture, forestry and tourism sectors all rely on resource use.</p> <p>It is an omission not to include a guiding principle to promote economic development. The approach taken does not reflect the RMA, and does not reflect the views of the Marlborough community.</p> <p>A guiding principle to that effect should be added, along with consequential changes to the commentary.</p>					
<b>426</b>	Marine Farming Association Incorporated	3	Volume 1	1 Introduction	Guiding principles	Oppose
Decision Requested	<p>The guiding principles should recognise that the Sounds has a diverse range of uses. Its values include economic values. A set of guiding principles that make no reference to that has failed to properly capture the needs of Marlborough.</p> <p>The guiding principles should be amended to reflect this.</p> <p>The clique "jewel in the crown" should be deleted, and replaced with something more reflective of Marlborough and the discussion above.</p>					
<b>426</b>	Marine Farming Association Incorporated	4	Volume 1	1 Introduction	Guiding principles	Support
Decision Requested	<p>Support the guiding principle "Providing the community with a streamlined and simplified resource management framework to make it easier for resource users and other interested parties to use."</p> <p>Submit that this philosophy should extend to the application of the MEP provisions, not simply to integrating the regional policy statement with the regional coastal, regional and district plan provisions.</p>					
<b>426</b>	Marine Farming Association Incorporated	5	Volume 1	2 Background	2.	Oppose
Decision Requested	<p>The Council should re-evaluate the various alternatives in accordance with s 32, having particular regard to quantified benefits and costs and associated commentary.</p>					
<b>426</b>	Marine Farming Association Incorporated	6	Volume 1	2 Background	2.	Oppose
Decision Requested	<p>Avoid should have only one meaning. Where a different meaning is preferred, this should be clear from the specific provision.</p>					
<b>426</b>	Marine Farming Association Incorporated	7	Volume 1	2 Background	2.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Oppose the approach where "protect" can be interpreted in a number of different ways. This makes the MEP unclear. A single meaning should be adopted, consistent with the Supreme Court's approach in <i>New Zealand King Salmon</i> .					
<b>426</b>	Marine Farming Association Incorporated	8	Volume 1	3 Marlborough's tangata whenua iwi	3.	Oppose
Decision Requested	The economic interests of iwi should be expressly recognised.					
<b>426</b>	Marine Farming Association Incorporated	9	Volume 1	4 Use of Natural and Physical Resources	Issue 4A	Support
Decision Requested	Retain Issue 4A.					
<b>426</b>	Marine Farming Association Incorporated	10	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Support
Decision Requested	That the infrastructure used for commercial purposes at Elaine Bay (Tennyson Inlet), Oyster Bay (Port Underwood) and Okiwi Bay (Croisilles Harbour) be specifically recognised in policy 4.2.1.					
<b>426</b>	Marine Farming Association Incorporated	11	Volume 1	4 Use of Natural and Physical Resources	4.	Support
Decision Requested	a) Add new Issue 4D - Recognise that the choice whether or not to use natural and physical resources has consequences; b) Add new Objective 4.4 - Recognise that limiting development has a trade-off; and c) Add new Policy 4.4.1 - Identify the consequences of not allowing development in terms of: (I) Substitution (ii) Adverse effects from other alternative activities in the area; and (iii) Loss of environmental, economic and social benefits.					
<b>426</b>	Marine Farming Association Incorporated	12	Volume 1	4 Use of Natural and Physical Resources	Objective 4.1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>There needs to be express reference to related servicing and processing industries in objective 4.1. The tourism and primary production sectors cannot operate in the absence of related services.</p> <p>The commentary of objective 4.1 should refer to aquaculture's need for water space, and high quality water. Recognition should be given to the fact that different water space and site characteristics are necessary for different forms of aquaculture. For example, cool fast flowing water is required for salmon farming, whereas access to high nutrient laden water is necessary for effectively farming mussels. Logistical considerations are important for all types of aquaculture.</p> <p>a) Amend objective 4.1 to include express reference to related servicing and processing industries; and</p> <p>b) Amend commentary as suggested.</p>					
<b>426</b>	Marine Farming Association Incorporated	13	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Support
Decision Requested	Support, so long as new objective 4.3A is added (see separate submission). Alternatively, Objective 4.3 should be amended to reflect the fact that social and cultural uses are part of the character of the Marlborough Sounds.					
<b>426</b>	Marine Farming Association Incorporated	14	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Support in Part
Decision Requested	<p>Insert new Objective 4.3A - Recognise that the visual, ecological and physical qualities of the Marlborough Sounds have been altered by cultural and social use and those uses have become part of the character of the Marlborough Sounds and do not detract from it.</p> <p>Note - New policy 4.3.6 should be added to support this Objective. Industry supports policies 4.3.1 - 4.3.5, provided this proposed objective and policy are added (as outlined below).</p>					
<b>426</b>	Marine Farming Association Incorporated	15	Volume 1	4 Use of Natural and Physical Resources	Objective 4.1	Support in Part
Decision Requested	Add new Policy 4.1.1A to recognise existing uses of natural and physical resources.					
<b>426</b>	Marine Farming Association Incorporated	16	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.2	Support in Part
Decision Requested	<p>Amend Policy 4.1.2 to read as follows (bold) -</p> <p><i>"Enable sustainable use <b>and development</b> of natural resources in the Marlborough environment."</i></p>					
<b>426</b>	Marine Farming Association Incorporated	17	Volume 1	4 Use of Natural and Physical Resources	Objective 4.1	Support in Part
Decision Requested	Insert new Policy 4.1.2A - allow for experimentation and innovation where there are sufficient controls to appropriately manage adverse effects.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>426</b>	Marine Farming Association Incorporated	18	Volume 1	4 Use of Natural and Physical Resources	Objective 4.1	Support in Part
Decision Requested	Add new Policy 4.1.2B - Allow for development where it will achieve a net improvement in sustainability or efficiency by: a) Offsetting effects; b) Compensating for effects; or c) Substituting one use for another.					
<b>426</b>	Marine Farming Association Incorporated	19	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.3	Oppose
Decision Requested	Delete Policy.					
<b>426</b>	Marine Farming Association Incorporated	20	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Support in Part
Decision Requested	That the infrastructure used for commercial purposes at Elaine Bay (Tennyson Inlet), Oyster Bay (Port Underwood) and Okiwi Bay (Croisilles Harbour) be specifically recognised in policy 4.2.1.					
<b>426</b>	Marine Farming Association Incorporated	21	Volume 1	4 Use of Natural and Physical Resources	Policy 4.3.1	Support
Decision Requested	Retain Policy subject to a new Objective 4.3A and Policy 4.3.6 being added (see separate submissions).					
<b>426</b>	Marine Farming Association Incorporated	22	Volume 1	4 Use of Natural and Physical Resources	Policy 4.3.2	Support
Decision Requested	Retain Policy subject to a new Objective 4.3A and Policy 4.3.6 being added (see separate submissions).					
<b>426</b>	Marine Farming Association Incorporated	23	Volume 1	4 Use of Natural and Physical Resources	Policy 4.3.3	Support
Decision Requested	Retain Policy subject to a new Objective 4.3A and Policy 4.3.6 being added (see separate submissions).					
<b>426</b>	Marine Farming Association Incorporated	24	Volume 1	4 Use of Natural and Physical Resources	Policy 4.3.4	Support
Decision Requested	Retain Policy subject to a new Objective 4.3A and Policy 4.3.6 being added (see separate submissions).

Decision Requested	Support Method.					
<b>426</b>	Marine Farming Association Incorporated	30	Volume 1	4 Use of Natural and Physical Resources	4.M.4	Support
Decision Requested	Support Method.					
<b>426</b>	Marine Farming Association Incorporated	31	Volume 1	4 Use of Natural and Physical Resources	Policy 4.3.5	Support
Decision Requested	Support Method.					
<b>426</b>	Marine Farming Association Incorporated	32	Volume 1	4 Use of Natural and Physical Resources	4.AER.1	Support
Decision Requested	Support the Anticipated Environmental Result.					
<b>426</b>	Marine Farming Association Incorporated	33	Volume 1	4 Use of Natural and Physical Resources	4.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Submit that, in order to manage biosecurity threats, the deliberate introduction of exotic or introduced plants into the coastal marine area should require a resource consent (as per rule 35.5 in the current Marlborough Sounds Resource Management Plan (MSRMP)).  A policy should be added to this effect.					
<b>426</b>	Marine Farming Association Incorporated	34	Volume 1	5 Allocation of Public Resources	Objective 5.10	Oppose
Decision Requested	Amend the Objective as follows (strike through and bold) -  " <del>Equitable</del> <b>Efficient</b> and sustainable allocation of public space within Marlborough's coastal marine area."  And, in the last sentence of the explanation to the Objective amend as follows (strike through and bold) - " <del>...avoids conflicts</del> <b>manages conflicts between users</b> ....".					
<b>426</b>	Marine Farming Association Incorporated	35	Volume 1	5 Allocation of Public Resources	Policy 5.10.1	Support in Part
Decision Requested	The commentary to Policy 5.10.1 should note sections 124A, 124B and 124C of the RMA, as well as sections 165ZH, 165ZI and 165ZJ.					
<b>426</b>	Marine Farming Association Incorporated	36	Volume 1	5 Allocation of Public Resources	Policy 5.10.2	Support in Part
Decision Requested	Support the first sentence (default method) of Policy 5.10.2, but delete the second sentence (alternative regime). An alternative regime could be referred to in the commentary.					
<b>426</b>	Marine Farming Association Incorporated	37	Volume 1	5 Allocation of Public Resources	Policy 5.10.3	Support in Part
Decision Requested	Amend the Policy as follows (strike through) -  " <i>Where a right to occupy the coastal marine area is sought, the area of exclusive occupation should be minimised to that <del>necessary and</del> reasonable to undertake the activity, having regard to the public interest.</i> "					
<b>426</b>	Marine Farming Association Incorporated	38	Volume 1	5 Allocation of Public Resources	Policy 5.10.4	Support in Part
Decision Requested	a) The imposition of charges is fair, efficient and equitable;  b) Appropriate provision I made for aquaculture in the MEP policy and mapping provisions (given that the aquaculture rules are not part of the MEP); and  c) The formula for determining charges is written in to the MEP, rather than the Council's Annual Plan. The level of charges should reflect earlier work in the Coastal Occupancy Charges report prepared by executive Finesse Ltd (January 2013).					
<b>426</b>	Marine Farming Association Incorporated	39	Volume 1	5 Allocation of Public Resources	Policy 5.10.5	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	The MFA provisionally supports policy 5.10.5 if the following relief if granted: a) The imposition of charges is fair, efficient and equitable; b) Appropriate provision I made for aquaculture in the MEP policy and mapping provisions (given that the aquaculture rules are not part of the MEP); and c) The formula for determining charges is written in to the MEP, rather than the Council's Annual Plan. The level of charges should reflect earlier work in the Coastal Occupancy Charges report prepared by executive Finesse Ltd (January 2013).					
<b>426</b>	Marine Farming Association Incorporated	40	Volume 1	5 Allocation of Public Resources	Policy 5.10.6	Support
Decision Requested	The MFA provisionally supports policy 5.10.6 if the following relief if granted: a) The imposition of charges is fair, efficient and equitable; b) Appropriate provision I made for aquaculture in the MEP policy and mapping provisions (given that the aquaculture rules are not part of the MEP); and c) The formula for determining charges is written in to the MEP, rather than the Council's Annual Plan. The level of charges should reflect earlier work in the Coastal Occupancy Charges report prepared by executive Finesse Ltd (January 2013).					
<b>426</b>	Marine Farming Association Incorporated	41	Volume 1	5 Allocation of Public Resources	Policy 5.10.7	Oppose
Decision Requested	The MFA provisionally supports policy 5.10.7 if the following relief if granted: a) The imposition of charges is fair, efficient and equitable; b) Appropriate provision I made for aquaculture in the MEP policy and mapping provisions (given that the aquaculture rules are not part of the MEP); and c) The formula for determining charges is written in to the MEP, rather than the Council's Annual Plan. The level of charges should reflect earlier work in the Coastal Occupancy Charges report prepared by executive Finesse Ltd (January 2013).					
<b>426</b>	Marine Farming Association Incorporated	42	Volume 1	5 Allocation of Public Resources	Policy 5.10.8	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>a) The MFA is represented on the oversight body to an extent commensurate with the levy on the industry;</p> <p>b) The imposition of charges is fair, efficient and equitable;</p> <p>c) Appropriate provision is made for the aquaculture in the MEP policy and mapping provisions (given that the aquaculture rules are not part of the MEP);</p> <p>d) The formula for determining charges is written into the MEP, rather than the Council's annual Plan. the level of charges should reflect earlier work in the Coastal Occupancy Charges report prepared by Executive Finesse Ltd (January 2013); and</p> <p>e) Amend Policy 5.10.8 to read "... will be used on the following in accordance with a research priority strategy to promote the sustainable management of the coastal marine area. The research priority strategy will be determined in conjunction with the Marlborough District Council, central government, science providers, industry, and the community."</p>					
<b>426</b>	Marine Farming Association Incorporated	43	Volume 1	5 Allocation of Public Resources	5.M.10	Support in Part
Decision Requested	Consequential amendments are made to the methods of implementation where needed, as a result of the submissions in relation to Issue 5J and Policies 5.10.1 - 5.10.8.					
<b>426</b>	Marine Farming Association Incorporated	44	Volume 1	6 Natural Character	Issue 6A	Support in Part
Decision Requested	<p>Amend the Issue as follows -</p> <p><i>"Resource use and changes in resource use can result in the <del>degradation</del> <b>modification</b> of the natural character of the coastal environment, and of lakes, rivers and their margins."</i></p>					
<b>426</b>	Marine Farming Association Incorporated	45	Volume 1	6 Natural Character	Objective 6.1	Support in Part
Decision Requested	<p>Add a new sentence to the Objective as follows -</p> <p><i>"Establish the extent of acceptable modification."</i></p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
426	Marine Farming Association Incorporated	46	Volume 1	6 Natural Character	Policy 6.1.1	Oppose
Decision Requested	<p>a) Delete policy 6.1.1 and replace with "Natural character is natural, physical and biological processes, and how those processes are perceived"; or</p> <p>b) 6.1.1(b) - delete "and landscapes (including seascapes)." This is a confusing use of terminology in the context of the natural character policies; and</p> <p>c) 6.1.1(e) - Amend to read "biological processes and biological patterns." (As compared with perceptual patterns); and</p> <p>d) Include in the discussion a record that the intent of this policy is to provide for a biological definition of natural character, overlaid with perceptions of biology.</p>					
426	Marine Farming Association Incorporated	47	Volume 1	6 Natural Character	Policy 6.1.2	Oppose
Decision Requested	<p>That the seaward extent of the coastal natural character mapping be reduced to snorkelling or recreational diving depth, and the maps amended to reflect this (or relief securing same outcome). This approach is supported by the commentary in Natural Character of the Marlborough Coast (Boffa Miskell, 2014) at Appendix 6, page 316.</p>					
426	Marine Farming Association Incorporated	48	Volume 1	6 Natural Character	Policy 6.1.3	Support in Part
Decision Requested	<p>Amend the Policy to read as follows (strike through) -</p> <p><i>"Determine the degree of natural character in both the coastal marine and coastal terrestrial components of the coastal environment <del>by assessing:</del></i>  <del>(a) the degree of human induced modification on abiotic systems and landforms, marine and terrestrial biotic systems and experiential qualities; and</del>  <del>(b) natural character at a range of scales."</del></p>					
426	Marine Farming Association Incorporated	49	Volume 1	6 Natural Character	Policy 6.1.4	Oppose
Decision Requested	<p>a) Delete 6.1.4, as this is addressed by Policy 6.1.3;</p> <p>b) Define "natural character" as per submission on 6.1.1; and</p> <p>c) Define "outstanding" as per submission on Vol 2, Chapter 25, Definitions</p>					
426	Marine Farming Association Incorporated	50	Volume 1	6 Natural Character	Policy 6.1.4	Oppose
Decision Requested	<p>Add new Policy as follows –</p> <p><b><i>"Identify the biological characteristics and the values inherent in the perception of those biological characteristics for each area mapped under Policy 6.1.3."</i></b></p>					
426	Marine Farming Association Incorporated	51	Volume 1	6 Natural Character	Policy 6.2.1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete the Policy and replace as follows -  New Policy 6.2.1 - In the coastal environment:  <i>"a) Avoid adverse effects of subdivision use, and development on the characteristics and qualities which make up the outstanding values of areas of outstanding natural character.</i>  <i>b) Where (a) does not apply, avoid significant adverse effects and void, remedy or mitigate other adverse effects of subdivision use and development on natural character. Methods which may achieve this include:</i>  <i>(i) Ensuring the location, intensity, scale and form of subdivision and built development is appropriate having regard to natural elements, landforms and processes, including vegetation patterns, ridgelines, headlands, peninsulas, dune systems, reefs and freshwater bodies and their margins; and</i>  <i>(ii) In areas of high natural character, minimising to the extent practicable indigenous vegetation clearance and modification (including earthworks/ disturbance, structures, discharges and extraction of water) to natural wetlands, the beds of lakes, rivers and the coastal marine area and their margins; and</i>  <i>(iii) Encouraging any new subdivision and built development to consolidate within and around existing settlements or where natural character has already been compromised."</i>					
426	Marine Farming Association Incorporated	52	Volume 1	6 Natural Character	Policy 6.2.2	Oppose
Decision Requested	Delete the Policy and replace as follows -  New Policy 6.2.2 -  <i>"Outside the coastal environment avoid significant adverse effects and avoid, remedy or mitigate other adverse effects (including cumulative adverse effects) of subdivision, use and development on the characteristics and qualities of the natural character of freshwater bodies. A method which may achieve this includes minimising indigenous vegetation clearance and modification (including earthworks / disturbance and structures) to natural wetlands, the beds of lakes, rivers and their margins."</i>					
426	Marine Farming Association Incorporated	53	Volume 1	6 Natural Character	Policy 6.2.3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete Policies 6.2.1 - 6.2.3 and replace with:  New Policy 6.2.3 -  <i>"When considering whether there are any adverse effects on the characteristics and qualities of the natural character values in terms of 6.2.1(a), whether there are any significant adverse effects and the scale of any adverse effects in terms of 6.2.1(b) and 6.2.2, and in determining the character, intensity and scale of the adverse effects:</i>  <i>a) Recognise that a minor or transitory effect may not be an adverse effect;</i>  <i>b) Recognise that many areas contain on-going use and development that:</i>  <i>(i) Were present when the area was identified as high or outstanding or have subsequently been lawfully established</i>  <i>(ii) May be dynamic, diverse or seasonal;</i>  <i>c) Recognise that there may be more than minor cumulative adverse effects from minor or transitory adverse effects;</i>  <i>d) Have regard to any restoration and enhancement on the characteristics and qualities of that area of natural character;</i>  <i>e) Recognise it may be appropriate to offset significant residual adverse effects on natural character to result in no net loss and preferably a net character gain. a natural character offset should be developed in a manner consistent with the principles contained in Policy 6.2.6;</i>  <i>f) Recognise that where adverse effects cannot be practicable avoided, adverse effects could be minimised; and</i>  <i>g) Acknowledge that a future adverse effect may be avoided where the effect is temporary and is authorised for a finite term."</i>					
<b>426</b>	Marine Farming Association Incorporated	54	Volume 1	6 Natural Character	Policy 6.2.3	Oppose
Decision Requested	Delete Policy 6.2.3.					
<b>426</b>	Marine Farming Association Incorporated	55	Volume 1	6 Natural Character	Policy 6.2.4	Oppose
Decision Requested	Delete policy 6.2.4.					
<b>426</b>	Marine Farming Association Incorporated	56	Volume 1	6 Natural Character	Policy 6.2.5	Support
Decision Requested	Retain Policy. <i>(Inferred)</i>					
<b>426</b>	Marine Farming Association Incorporated	57	Volume 1	6 Natural Character	Policy 6.2.6	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Policy. <i>(Inferred)</i>					
426	Marine Farming Association Incorporated	58	Volume 1	6 Natural Character	Policy 6.2.7	Support in Part
Decision Requested	Replace the Policy to read as follows -  <b>"Recognition should be given to the extent of cumulative effects from existing modifications in the environment."</b>					
426	Marine Farming Association Incorporated	59	Volume 1	6 Natural Character	Policy 6.2.9	Support in Part
Decision Requested	Amend the Policy to read as follows (bold) -  <b>"Encourage and support private landowners, community groups, businesses and others in their efforts to restore the natural character of the coastal environment, wetlands, lakes and rivers."</b>					
426	Marine Farming Association Incorporated	60	Volume 1	6 Natural Character	6.	Support in Part
Decision Requested	Add new 6.M.2A – <b>"Natural Character Assessment Method."</b> New Appendix 2A should be included in the MEP, setting out a detailed method to encourage consistency of approach between landscape architects.					
426	Marine Farming Association Incorporated	61	Volume 1	6 Natural Character	6.	Support
Decision Requested	Anticipated environmental results - focus is on retaining natural character. This is consistent with the wording in the issues and objectives (focus on maintenance/preservation). Supports approach where existing activities are allowed.  Support, on the basis that natural character can be retained while allowing for existing activities, including existing aquaculture.					
426	Marine Farming Association Incorporated	62	Volume 1	6 Natural Character	6.	Support in Part
Decision Requested	General opposition to use of the word "degree" throughout policies, if that is intended to refer to the scale outstanding - very low. The focus should be on the magnitude of the change, not whether the classification is affected.  Amend the natural character policies to make it clear that "degree" refers to the magnitude of change, not the classification.					
426	Marine Farming Association Incorporated	63	Volume 1	6 Natural Character	6.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Alternative submission:</p> <p>Delete Natural Character chapter 6 altogether. Reference to natural character can be made in the indigenous biodiversity chapter (biophysical elements) and in the landscape chapter (experiential elements).</p> <p>Or consider whether all three topics (landscape, natural character and indigenous biodiversity) could be dealt with under one category "Natural Heritage," which is the approach taken in the proposed Bay of Plenty Regional Coastal Plan and the Regional Policy Statement for Northland (May 2016).</p>					
<b>426</b>	Marine Farming Association Incorporated	64	Volume 1	7 Landscape	Objective 7.1	Support in Part
Decision Requested	<p>Amend the Objective as follows (strike through) -  <i>"Identify Marlborough's outstanding natural features and landscapes <del>and landscapes with high amenity value.</del>"</i></p>					
<b>426</b>	Marine Farming Association Incorporated	65	Volume 1	7 Landscape	Objective 7.2	Oppose
Decision Requested	<p>Amend the Objective as follows (strike through) -  <i>"Protect outstanding natural features and landscapes from inappropriate subdivision, use and development and maintain <del>and enhance landscapes with high amenity value.</del>"</i></p> <p><i>(Inferred)</i></p>					
<b>426</b>	Marine Farming Association Incorporated	66	Volume 1	7 Landscape	Policy 7.1.1	Support
Decision Requested	<p>Retain Policy 7.1.1. (inferred)</p>					
<b>426</b>	Marine Farming Association Incorporated	67	Volume 1	7 Landscape	Policy 7.1.2	Support in Part
Decision Requested	<p>a) Amend policy 7.1.2 - by deleting the word "significant" and only using the visual catchment approach (I.e. a bay, reach or valley approach); and</p> <p>b) Delete Map 2 from Vol 3, Appendix 1 and replace with a map that reflects the visual catchment approach.</p>					
<b>426</b>	Marine Farming Association Incorporated	68	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose
Decision Requested	<p>a) Amend policy 7.1.2 - by deleting the word "significant" and only using the visual catchment approach (I.e. a bay, reach or valley approach); and</p> <p>b) Delete Map 2 from Vol 3, Appendix 1 and replace with a map that reflects the visual catchment approach.</p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>426</b>	Marine Farming Association Incorporated	69	Volume 1	7 Landscape	Objective 7.1	Support in Part
Decision Requested	<p>a) Add new Policy 7.1.2A - "Define boundaries of a feature as a coherent land and sea type"; and</p> <p>b) Map those features and describe their values in Vol 3, Appendix 1.</p>					
<b>426</b>	Marine Farming Association Incorporated	70	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose
Decision Requested	<p>a) Add new Policy 7.1.2A - "Define boundaries of a feature as a coherent land and sea type"; and</p> <p>b) Map those features and describe their values in Vol 3, Appendix 1.</p>					
<b>426</b>	Marine Farming Association Incorporated	71	Volume 1	7 Landscape	Policy 7.1.3	Oppose
Decision Requested	<p>a) 7.1.3(b) - delete reference to "high"; and</p> <p>b) Delete subparagraph 7.1.3(c).</p>					
<b>426</b>	Marine Farming Association Incorporated	72	Volume 1	7 Landscape	Policy 7.1.4	Support in Part
Decision Requested	<p>Support the identification of outstanding natural landscapes (ONL), but oppose the methodology in the MEP.</p> <p>Delete reference to "high" amenity values;</p> <p>Delete "where those values are more sensitive to change"; and</p> <p>In relation to Policy 7.1.4(b), Appendix 1, Volume 3 tends to describe or characterise. Very few values are identified. The entirety of Appendix 1 needs to be re-written, so that it is consistent with the definition in 7.1.1. This methodological flaw has resulted in incorrect mapping.</p>					
<b>426</b>	Marine Farming Association Incorporated	73	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose
Decision Requested	<p>Support the identification of outstanding natural landscapes (ONL), but oppose the methodology in the MEP.</p> <p>Delete reference to "high" amenity values;</p> <p>Delete "where those values are more sensitive to change"; and</p> <p>In relation to Policy 7.1.4(b), Appendix 1, Volume 3 tends to describe or characterise. - g) Acknowledge that a future adverse effect may be avoided where the effect is temporary and is authorised for a finite term.

<b>426</b>	Marine Farming Association Incorporated	80	Volume 1	7 Landscape	Policy 7.2.5	Oppose
------------	---	----	----------	-------------	--------------	--------

Decision Requested	<p>Delete 7.2.1 7.2.4 and 7.2.5 and replace with: New Policy 7.2.5 - in the Coastal Environment:</p> <ul style="list-style-type: none"> <li>a) Avoid adverse effects of subdivision use and development on the characteristics and qualities which make up the outstanding values of areas of outstanding natural features and outstanding natural landscapes.</li> <li>b) Where a) does not apply, avoid significant adverse effects and avoid, remedy or mitigate other adverse effects of subdivision, use and development on natural features and natural landscapes. Methods which may achieve this include:           <ul style="list-style-type: none"> <li>(i) Ensuring the location, intensity, scale and form of subdivision and built development is appropriate having regard to natural elements, landforms and processes, including vegetation patterns ridgelines, headlands, peninsulas, dune systems, reefs and freshwater bodies and their margins; and</li> <li>(ii) Encouraging any new subdivision and built development to consolidate within and around existing settlements or where natural landscape has already been compromised.</li> </ul> </li> </ul> <p>New Policy 7.2.5A - Outside the coastal environment avoid significant adverse effects and avoid, remedy or mitigate other adverse effects (including</p>					
--------------------	---	--	--	--	--	--

cumulative adverse effects) of subdivision, use and development on the characteristics and qualities of outstanding natural features and outstanding natural landscapes. Methods which may achieve this include:

- a) In outstanding natural landscapes, requiring that the location and intensity of subdivision, use and built development is appropriate having regard to, natural elements, landforms and processes, including vegetation patterns, ridgelines and freshwater bodies and their margins; and
- b) In outstanding natural features, requiring that the scale and intensity of earthworks and built development is appropriate taking into account the scale, form and vulnerability to modification of the feature.

New Policy 7.2.5B - When considering whether there are any adverse effects on the characteristics and qualities of the natural features and landscape values in terms of 7.2.5(a), whether there are any significant adverse effects and the scale of any adverse effects in terms of 7.2.5(b) and 7.2.5A, and in determining the character, intensity and scale of the adverse effects:

- a) Recognise that a minor or transitory effect may not be an adverse effect;
- b) Recognise that many areas contain on-going use and development that:
  - (i) Were present when the area was identified as high or outstanding or have subsequently been lawfully established
  - (ii) May be dynamic, diverse or seasonal;
- c) Recognise that there may be more than minor cumulative adverse effects from minor or transitory adverse effects;
- d) Have regard to any restoration and enhancement of the characteristics and qualities of that area of natural features and/or natural landscape;
- e) Recognise it may be appropriate to offset significant residual adverse effects on a landscape or feature to result in no net loss or preferably a net landscape gain;
- f) Recognise that where adverse effects cannot be practicably avoided, adverse effects could be minimised; and
- g) Acknowledge that a future adverse effect may be avoided where the effect is temporary and is authorised for a finite term.

<b>426</b>	Marine Farming Association Incorporated	81	Volume 1	7 Landscape	Policy 7.2.6	Support in Part
Decision Requested	Amend policy 7.2.6 by adding 7.2.6(d) - "aquaculture activities where the method and effects of farming are reversible."					
<b>426</b>	Marine Farming Association Incorporated	82	Volume 1	7 Landscape	Policy 7.2.7	Support in Part
Decision Requested	<ul style="list-style-type: none"> <li>a) Amend Policy 7.2.7(a)(ii) by adding after "to the foreshore" - ",excluding barges used for aquaculture." (NB. These are not covered by the workers' accommodation in the definition of Dwelling, as that applies only to land-based farming); and</li> <li>b) Remove reference to amenity.</li> </ul>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
426	Marine Farming Association Incorporated	83	Volume 1	7 Landscape	Policy 7.2.8	Support
Decision Requested	Support Policy if the following relief is provided: a) Reference to amenity is deleted; and b) Specific recognition is given to aquaculture in this context, as an existing primary production activity. Explanation currently focuses on land use.					
426	Marine Farming Association Incorporated	84	Volume 1	7 Landscape	Policy 7.2.9	Oppose
Decision Requested	Delete Policy 7.2.9.					
426	Marine Farming Association Incorporated	85	Volume 1	7 Landscape	Policy 7.2.10	Support
Decision Requested	Retain Policy 7.2.10. (inferred)					
426	Marine Farming Association Incorporated	86	Volume 1	7 Landscape	Policy 7.2.12	Oppose
Decision Requested	Delete Policy 7.2.12.					
426	Marine Farming Association Incorporated	87	Volume 1	7 Landscape	7.	Oppose
Decision Requested	All reference to amenity should be removed from Chapter 7.					
426	Marine Farming Association Incorporated	88	Volume 1	7 Landscape	7.	Support
Decision Requested	Add new 7.M.3A – “Landscape Assessment Method.” New Appendix 1A should be included in the MEP at volume 3, setting out a detailed method to encourage consistency of approach between landscape architects.					
426	Marine Farming Association Incorporated	89	Volume 1	7 Landscape	7.	Support
Decision Requested	Support the anticipated environmental result - landscapes are protected from degradation (rather than enhanced). a) Policies, issues and objectives should be consistent with this intended outcome; and b) Recognition that landscape is not degraded by allowing for the continuation of existing activities, such as aquaculture.					
426	Marine Farming Association Incorporated	90	Volume 1	7 Landscape	7.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	The s 32 analysis should be redone to take account of reconsementing costs, using publicly available information where possible. The NZIER reports commissioned by the MFA should be referenced. Where existing marine farms are at risk, the cost of loss of farming space should be acknowledged.					
<b>426</b>	Marine Farming Association Incorporated	91	Volume 1	8 Indigenous Biodiversity	Issue 8A	Oppose
Decision Requested	The MEP should better address the concepts of "avoid" and risk.					
<b>426</b>	Marine Farming Association Incorporated	92	Volume 1	8 Indigenous Biodiversity	Objective 8.1	Support in Part
Decision Requested	Amend objective 8.1 to read "Marlborough's remaining areas of significant indigenous biodiversity in terrestrial, freshwater and coastal environments are protected."					
<b>426</b>	Marine Farming Association Incorporated	93	Volume 1	8 Indigenous Biodiversity	Objective 8.2	Support
Decision Requested	Support objective 8.2, provided other relief sought in respect of chapter 8 is granted.					
<b>426</b>	Marine Farming Association Incorporated	94	Volume 1	8 Indigenous Biodiversity	Policy 8.1.1	Oppose
Decision Requested	Adopt approach taken in the proposed Regional Policy Statement for Northland (May 2016) at Appendix 5, pages 175 - 178.					
<b>426</b>	Marine Farming Association Incorporated	95	Volume 1	8 Indigenous Biodiversity	Policy 8.1.2	Oppose
Decision Requested	Adopt approach taken in the proposed Regional Policy Statement for Northland (May 2016) at Appendix 5, pages 175 - 178.					
<b>426</b>	Marine Farming Association Incorporated	96	Volume 1	8 Indigenous Biodiversity	Policy 8.1.3	Support in Part
Decision Requested	<p>a) Rewrite Policy 8.1.3 to read "Recognise that increased information is an intrinsic good. Where there is uncertainty and real risk of a significant adverse effect, use adaptive management techniques to address that risk."; and</p> <p>b) Add to the commentary the importance of Council partnering with industry to increase knowledge.</p>					
<b>426</b>	Marine Farming Association Incorporated	97	Volume 1	8 Indigenous Biodiversity	Policy 8.2.1	Support in Part
Decision Requested	Policy 8.2.1 should be amended to refer to "resource users", not simply landowners.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>426</b>	Marine Farming Association Incorporated	98	Volume 1	8 Indigenous Biodiversity	Policy 8.2.2	Support in Part
Decision Requested	a) Amend Policy 8.2.2 to refer to "resource users", in addition to landowners; b) Add "encourage and promote the protection, restoration and re-establishment of areas of indigenous biodiversity"; and c) As a result: delete Policies 8.2.10, 8.2.11 and 8.2.12.					
<b>426</b>	Marine Farming Association Incorporated	99	Volume 1	8 Indigenous Biodiversity	Policy 8.2.10	Oppose
Decision Requested	a) Amend Policy 8.2.2 to refer to "resource users", in addition to landowners; b) Add "encourage and promote the protection, restoration and re-establishment of areas of indigenous biodiversity"; and c) As a result: delete Policies 8.2.10, 8.2.11 and 8.2.12.					
<b>426</b>	Marine Farming Association Incorporated	100	Volume 1	8 Indigenous Biodiversity	Policy 8.2.11	Oppose
Decision Requested	a) Amend Policy 8.2.2 to refer to "resource users", in addition to landowners; b) Add "encourage and promote the protection, restoration and re-establishment of areas of indigenous biodiversity"; and c) As a result: delete Policies 8.2.10, 8.2.11 and 8.2.12.					
<b>426</b>	Marine Farming Association Incorporated	101	Volume 1	8 Indigenous Biodiversity	Policy 8.2.12	Oppose
Decision Requested	a) Amend Policy 8.2.2 to refer to "resource users", in addition to landowners; b) Add "encourage and promote the protection, restoration and re-establishment of areas of indigenous biodiversity"; and c) As a result: delete Policies 8.2.10, 8.2.11 and 8.2.12.					
<b>426</b>	Marine Farming Association Incorporated	102	Volume 1	8 Indigenous Biodiversity	Policy 8.2.3	Oppose
Decision Requested	a) Delete Policy 8.2.3; or b) Amend to expressly limit this policy to the terrestrial environment.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>426</b>	Marine Farming Association Incorporated	103	Volume 1	8 Indigenous Biodiversity	8.	Support
Decision Requested	Add new Policy 8.2.3A - "Work with marine resource users and develop partnerships to protect, maintain and restore significant marine habitats." Note that this will require a consequential addition to 8.M.11 Partnership/Liaison method of implementation.					
<b>426</b>	Marine Farming Association Incorporated	104	Volume 1	8 Indigenous Biodiversity	8.M.11	Support
Decision Requested	Add new Policy 8.2.3A - "Work with marine resource users and develop partnerships to protect, maintain and restore significant marine habitats." Note that this will require a consequential addition to 8.M.11 Partnership/Liaison method of implementation.					
<b>426</b>	Marine Farming Association Incorporated	105	Volume 1	8 Indigenous Biodiversity	Policy 8.2.5	Oppose
Decision Requested	a) Delete Policy 8.2.5; or b) Amend to expressly limit the policy to the terrestrial environment.					
<b>426</b>	Marine Farming Association Incorporated	106	Volume 1	8 Indigenous Biodiversity	Policy 8.2.7	Support in Part
Decision Requested	Amend to say "will be developed and maintained in partnership with MPI and affected industries and communities".

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
426	Marine Farming Association Incorporated	112	Volume 1	8 Indigenous Biodiversity	Policy 8.3.8	Oppose
Decision Requested	Delete Policy 8.3.8 and replace with the following: Where a biodiversity offset is proposed, the following criteria will apply [taken from Chapter M, Appendix 8 proposed AUP Independent Hearing Panel's Recommendations]: (a) Restoration, enhancement and protection actions will only be considered a biodiversity offset where it is used to offset the significant residual effects of activities after the adverse effects have been avoided, remedied or mitigated. (b) Restoration, enhancement and protection actions undertaken as a biodiversity offset are demonstrably additional to what otherwise would occur, including that they are additional to any avoidance, remediation or mitigation undertaken in relation to the adverse effects of the activity. (c) Offset actions should be undertaken close to the location of development, where this will result in the best ecological outcome. (d) The values to be lost through the activity to which the offset applies are counterbalanced by the proposed offsetting activity, which is at least commensurate with the adverse effects on indigenous biodiversity. Where possible the overall result should be no net loss, and preferably a net gain in ecological values. (e) The offset is applied so that the ecological values being achieved through the offset are the same or similar to those being lost.					
426	Marine Farming Association Incorporated	113	Volume 1	8 Indigenous Biodiversity	8.	Support
Decision Requested	Annotate provisions in the entire chapter with RPS / C / R / D.					
426	Marine Farming Association Incorporated	114	Volume 1	8 Indigenous Biodiversity	8.	Support
Decision Requested	Add a new policy – <i>"Risk of an effect occurring will be considered appropriate if one or a combination of the following criteria can be met:</i> (a) <i>The effects of an activity are likely to be reversible;</i> (b) <i>Adverse effects are likely to be reversible before they reach a significant level;</i> (c) <i>The normal state of the environment can be adequately defined;</i> (d) <i>The development could occur on a staged basis; and/or</i> (e) <i>The temporal and spacial scale does not impact on the full range of the species or relevant habitat or area."</i>					
426	Marine Farming Association Incorporated	115	Volume 1	8 Indigenous Biodiversity	8.	Support
Decision Requested	Consequential amendments may be necessary to the Methods of Implementation and Anticipated Environmental Results in light of MFA submissions.

<b>426</b>	Marine Farming Association Incorporated	226	Volume 2	16 Coastal Marine Zone	16.2.1.	Support in Part
Decision Requested	Amend 16.2.1.4 to read "Take practical steps to minimise or eliminate contaminants released from equipment being used for the activity." This recognises that a motor may be needed to drive equipment, which will run off petrol or diesel.					
<b>426</b>	Marine Farming Association Incorporated	227	Volume 2	16 Coastal Marine Zone	16.2.3.	Support in Part
Decision Requested	(a) Amend standard 16.2.3.1 to read: "An activity must be conducted to ensure that noise when measured at or within the notional boundary of any dwelling existing at 9 June 2016 does not exceed the following noise limits: 7.00 am to 10.00 pm 50 dB LAeq 10.00 pm to 7.00 am 40 dB LAeq 75 dB LAFmax"; and (b) Add new 16.2.3.2(d) "noise ordinarily generated by commercial fishing activities, including marine farming servicing and harvesting ships."					
<b>426</b>	Marine Farming Association Incorporated	228	Volume 2	16 Coastal Marine Zone	16.3.2.	Support in Part
Decision Requested	Amend rule 16.3.2.1, so it expressly does not apply to any ship or barge used in aquaculture.					
<b>426</b>	Marine Farming Association Incorporated	229	Volume 2	16 Coastal Marine Zone	16.3.9.	Oppose
Decision Requested	Delete Policy 16.3.9; or Policy 16.3.9 should be amended: (a) To allow monitoring equipment to remain at a specific coordinate for no longer than 7 months in any calendar year (16.3.9.1); and (b) To allow structures or equipment up to 2.5m in height above water level (16.3.9.2); and (c) To ensure that contaminants released as a result of the activity, or from equipment being used for the activity are not materially distinguishable from background sedimentation (16.3.9.5).					
<b>426</b>	Marine Farming Association Incorporated	230	Volume 2	16 Coastal Marine Zone	16.3.16.	Support in Part
Decision Requested	Standard 16.3.16.1 should be amended so that it does not apply to the take and use of coastal water for the ordinary operation of vessels.					
<b>426</b>	Marine Farming Association Incorporated	231	Volume 2	16 Coastal Marine Zone	16.7.6.	Support in Part
Decision Requested	Amend rule 16.7.6 accordingly and add a new permitted activity rule to 16.1 to secure this relief.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>426</b>	Marine Farming Association Incorporated	232	Volume 2	16 Coastal Marine Zone	16.7.1.	Support
Decision Requested	Retain rule 16.7.1. (inferred)					
<b>426</b>	Marine Farming Association Incorporated	233	Volume 2	16 Coastal Marine Zone	16.7.2.	Support in Part
Decision Requested	Amend rule 16.7.2 by deleting "From 9 June 2022".					
<b>426</b>	Marine Farming Association Incorporated	234	Volume 2	16 Coastal Marine Zone	16.7.3.	Support in Part
Decision Requested	Amend rule 16.7.2 by deleting "From 9 June 2022".					
<b>426</b>	Marine Farming Association Incorporated	235	Volume 2	16 Coastal Marine Zone	16.7.4.	Support
Decision Requested	Retain rule 16.7.4. (inferred)					
<b>426</b>	Marine Farming Association Incorporated	236	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Amend the definition of "Non-consumptive uses" to read "...For example, fishing, swimming and cooling of vessels."					
<b>426</b>	Marine Farming Association Incorporated	237	Volume 2	25 Definitions	25.	Support
Decision Requested	Add definition of "Primary Production" to read "All forms of agriculture, horticulture, silviculture and aquaculture, whether on land or on sea, and includes the processing, preparation for market and sale of those products."					
<b>426</b>	Marine Farming Association Incorporated	238	Volume 2	25 Definitions	25.	Support
Decision Requested	Retain Chapter 25 - Definitions. (inferred)					
<b>426</b>	Marine Farming Association Incorporated	239	Volume 2	25 Definitions	25.	Support
Decision Requested	Add definition of "Outstanding" to read "Obviously exceptional, notable, eminent."					
<b>426</b>	Marine Farming Association Incorporated	240	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	(a) The entirety of Appendix 1 needs to be re-written, so that it is consistent with the definition in Policy 7.1.1 and the requirement in Policy 7.1.4; (b) This potential methodological flaw has resulted in incorrect mapping, meaning the landscape overlay maps should be redrafted accordingly; and (c) Where existing marine farms are present, there should be an express statement that those farms do not affect landscape values. This reflects the approach taken in Northland, the Bay of Plenty and Auckland.					
<b>426</b>	Marine Farming Association Incorporated	241	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Oppose
Decision Requested	(a) The entirety of Appendix 2 needs to be re-written, so that it is consistent with the definition in Policy 6.1.1 and the requirement in Policy 6.1.4; (b) This potential methodological flaw has resulted in incorrect mapping, meaning the coastal natural character overlay maps should be redrafted accordingly; and (c) Where existing marine farms are present, there should be an express statement that those farms do not affect natural character values. This reflects the approach taken in Northland, the Bay of Plenty and Auckland.					
<b>426</b>	Marine Farming Association Incorporated	242	Volume 3	Appendix 3 Biodiversity Criteria for Significance		Oppose
Decision Requested	A note should be added at the beginning of Appendix 3 stating "These criteria are intended to be applied by suitably qualified and experienced ecologists." (This is modelled off the approach in the Regional Policy Statement for Northland (May 2016), at Appendix 5); and  (a) Delete Appendix 3 and replace with approach taken in the proposed Regional Policy Statement for Northland (May 2016) at Appendix 5, pages 175 – 178; (b) The MEP should clearly distinguish between areas of national significance and areas of regional significance; and (c) A cascading approach to managing effects on these different areas should be included in the Chapter 8 Policies, consistent with Policy 11 of the NZCPS, rather than a straight avoidance approach (this is reflected in the submissions in respect of the Policies in Chapter 8).					
<b>426</b>	Marine Farming Association Incorporated	243	Volume 3	Appendix 4 Determining Significant Adverse Effects		Oppose
Decision Requested	(a) Delete Appendix 4; or (b) Use appropriate quantitative measure to define significance.					
<b>426</b>	Marine Farming Association Incorporated	244	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Water Quality Classification of SG for all coastal water in respect of the value of food gathering (page 5-17). Support the interpretation of the temperature, dissolved oxygen and suitability of fish for human consumption standards/parameters for SG classification on pages 5-21 and 5-22.					
<b>426</b>	Marine Farming Association Incorporated	245	Volume 3	Appendix 7 Scheme Plan Requirements		Support in Part
Decision Requested	(a) Add new item 24 under "Other Relevant Site Details" - "The location of any relevant marine farm protection overlay"; and (b) Under heading "Sewerage" add - "Any subdivision of land within the marine farm protection overlay must assess the potential for contamination of coastal water."					
<b>426</b>	Marine Farming Association Incorporated	246	Volume 4	Overlay Maps	Coastal Natural Character 1	Oppose
Decision Requested	The 2014 Natural Character of the Marlborough Coast study does not separate characteristics from values. It uses a different set of definitions than that contained in the MEP at Policy 6.1.1. Adoption of a different methodology means that the maps contained in the MEP (derived from the 2014 Study) are inconsistent with the policy approach in the MEP. The Coastal Natural Character maps (1-5) and/or the policies in the MEP need to be redrafted accordingly.					
<b>426</b>	Marine Farming Association Incorporated	247	Volume 4	Overlay Maps	Coastal Natural Character 1	Oppose
Decision Requested	Redraft the Coastal Natural Character maps (1-5) to show a reduction in the seaward extent of the outstanding/very high/high natural character areas.					
<b>426</b>	Marine Farming Association Incorporated	248	Volume 4	Overlay Maps	Coastal Natural Character 1	Support in Part
Decision Requested	Support the natural character mapping in respect of Waihinau Bay. Oppose the mapping of the waters of Fitzroy Bay as high natural character and the surrounding land as very high natural character. (a) Amend the natural character mapping in those locations where the mapping is opposed; or (b) If Fitzroy Bay rating is correct, the MEP should expressly recognise that the presence of marine farming does not affect the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	249	Volume 4	Overlay Maps	Coastal Natural Character 2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Support the mapping of the seascape in Beatrix Bay and Anakoha Bay has not having high, very high or outstanding natural character. Oppose the mapping of the land in Beatrix Bay and the western headland of Anakoha Bay as having high natural character. (a) Amend the natural character mapping in those locations where the mapping is opposed; or (b) The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	250	Volume 4	Overlay Maps	Coastal Natural Character 3	Support in Part
Decision Requested	The MFA notes that Natural Character Map 3 does not in correspond with the Natural Character Index. Squally Cove is not included in the map. Support the natural character mapping at the head of Crail Bay. Oppose the mapping of the land on the southern side of Whakitenga Bay has having high natural character (according to the online overlay map). (a) Amend the natural character mapping in those locations where the mapping is opposed; or (b) The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	251	Volume 4	Overlay Maps	Coastal Natural Character 4	Support in Part
Decision Requested	Support the natural character mapping in respect of Clova Bay and Whangatoetoe Bay, Port Underwood. Oppose the mapping of the headlands between Beatrix Bay and Waimaru Bay as having high natural character. (a) Amend the natural character mapping in those locations where the mapping is opposed; or (b) The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	252	Volume 4	Overlay Maps	Landscapes 1	Oppose
Decision Requested	The entirety of Appendix 1 needs to be re-written, so that it is consistent with the definition in Policy 7.1.1. This potential methodological flaw has resulted in incorrect mapping. The landscape maps (1-11) should be amended accordingly.					
<b>426</b>	Marine Farming Association Incorporated	253	Volume 4	Overlay Maps	Landscapes 1	Oppose
Decision Requested	Submit that there is insufficient justification for the seaward extent of the outstanding natural landscape (ONL) extending so far offshore into Cook Strait. Reduce the seaward extent of the ONL.					
<b>426</b>	Marine Farming Association Incorporated	254	Volume 4	Overlay Maps	Landscapes 1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Oppose the mapping of Fitzroy Bay and half of Waihinau Bay as areas of outstanding natural landscape. (a) Amend the mapping of the ONL; or (b) The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	255	Volume 4	Overlay Maps	Landscapes 4	Support in Part
Decision Requested	Support the mapping of Squally Cove, Crail Bay and Clova Bay. Oppose the mapping of Fitzroy Bay and the headland between Beatrix Bay and Waimaru Bay as areas of outstanding natural landscape. (a) Amend the mapping of the ONL at the locations where it is opposed; or (b) The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	256	Volume 4	Overlay Maps	Landscapes 5	Oppose
Decision Requested	Support the mapping of Anakoha Bay, inner Beatrix Bay and Clova Bay. Oppose the mapping of the headland between Beatrix Bay and Waimaru Bay, and Whangatoetoe Bay (Port Underwood) as areas of outstanding natural landscape. (a) Amend the mapping of the ONL at the locations where that is opposed; or (b) The MEP should expressly recognise that marine farms do not adversely impact the values that lead to that classification.					
<b>426</b>	Marine Farming Association Incorporated	257	Volume 4	Overlay Maps	Ecologically Significant Marine Sites 1	Oppose
Decision Requested	Changes to Chapter 8 Policies and Appendix 3 Significance Criteria, as proposed elsewhere.					
<b>426</b>	Marine Farming Association Incorporated	258	Volume 4	Overlay Maps	Ecologically Significant Marine Sites 2	Oppose
Decision Requested	Changes to Chapter 8 Policies and Appendix 3 Significance Criteria, as proposed elsewhere.					
<b>426</b>	Marine Farming Association Incorporated	259	Volume 4	Overlay Maps	Ecologically Significant Marine Sites 3	Oppose

Decision Requested	Insert into the Plan the annexed (attached to submission) contour (or similar) with the red area being labelled Air Noise Boundary and the green area being labelled the Air Noise Notification Area/Outer Control Boundary.					
<b>474</b>	Marlborough Aero Club Incorporated	9	Volume 2	3 Rural Environment Zone	3.2.	Oppose
Decision Requested	<b><i>Inferred that the new rule is included in Volume 2 Chapter 3 Section 3.2 Permitted Activities.</i></b> Add a new rule that noise sensitive activities within the Noise Control Boundary should be prohibited unless specifically addressed elsewhere.					
<b>474</b>	Marlborough Aero Club Incorporated	10	Volume 1	17 Transportation	Objective 17.2	Oppose
Decision Requested	<b><i>Inferred that the new policy is included in Volume 1 Chapter 17 Objective 17.2.</i></b> <b><i>A new policy should require the education of people who live and work within the Air Noise Notification Area/Outer Control Boundary through notations on LIMs and at other relevant opportunities to ensure that those people who purchase or live within the Air Noise Notification Area/Outer Control Boundary are aware that over time a greater level of noise will be experienced in that area. Further consequential amendments to the Plan may be required.</i></b>					
<b>474</b>	Marlborough Aero Club Incorporated	11	Volume 2	3 Rural Environment Zone	3.2.	Oppose
Decision Requested	<b><i>Inferred that the new rule is included in Volume 2 Chapter 3 Section 3.2 Permitted Activities.</i></b> <b><i>Add a new rule that requires the creation of new titles within the Air Noise Notification Area/Outer Control Boundary (including the Colonial land and the MDC subdivision at Taylor Pass) must trigger a requirement to place covenants on the land consistent with that required of the Colonial land in resource consent decision Colonial Vineyards Limited v Marlborough District Council (2014] NZEnvC 55.</i></b>					
<b>474</b>	Marlborough Aero Club Incorporated	12	Volume 3	Appendix 14 Schedule of Designated Land		Support
Decision Requested	Retain Appendix 14 pages 4 and 5.					
<b>959</b>	Marlborough Aquaculture Limited	1	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	(a) Defer dealing with these matters until the aquaculture provisions have been notified. (b) Recognise existing levels of activity and modification and allow those not to be threatened by an overly broad brush and an overstated assessment of the relevant values. Reassess and modify the classifications of outstanding and high for the identified areas.					
<b>959</b>	Marlborough Aquaculture Limited	2	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Oppose
Decision Requested	(a) Defer dealing with these matters until the aquaculture provisions have been notified. (b) Recognise existing levels of activity and modification and allow those not to be threatened by an overly broad brush and an overstated assessment of the relevant values. Reassess and modify the classifications of outstanding and high for the identified areas.					
<b>959</b>	Marlborough Aquaculture Limited	3	Volume 4	Overlay Maps	Coastal Natural Character 1	Oppose
Decision Requested	(a) Defer dealing with these matters until the aquaculture provisions have been notified. (b) Recognise existing levels of activity and modification and allow those not to be threatened by an overly broad brush and an overstated assessment of the relevant values. Reassess and modify the classifications of outstanding and high for the identified areas.  (c) Modify the maps in Volume 4 to recognise the appropriate changes.					
<b>959</b>	Marlborough Aquaculture Limited	4	Volume 4	Overlay Maps	Landscapes 1	Oppose
Decision Requested	(a) Defer dealing with these matters until the aquaculture provisions have been notified. (b) Recognise existing levels of activity and modification and allow those not to be threatened by an overly broad brush and an overstated assessment of the relevant values. Reassess and modify the classifications of outstanding and high for the identified areas.  (c) Modify the maps in Volume 4 to recognise the appropriate changes.					
<b>960</b>	Marlborough Berth and Mooring Association Incorporated	1	Volume 1	5 Allocation of Public Resources	Policy 5.10.4	Support in Part
Decision Requested	It is not clear in the submission what the decision requested is.					
<b>960</b>	Marlborough Berth and Mooring Association Incorporated	2	Volume 1	5 Allocation of Public Resources	Policy 5.10.7	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>That the following amendments (bold) are made to the explanation of Policy 5.10.7:</p> <p><i>Policy 5.10.7 – The manner in which the level of coastal occupancy charges has been determined is as follows:</i></p> <p><i>In deciding how to set charges, the Council has used as its starting point the actual expenditure considered necessary to promote the sustainable management of the coastal marine area <b>in as much as it may be affected by the identified effects of coastal occupiers</b>. The budgeted expenditure for this is described year to year in the Council's Annual Plan for the Environmental Science and Monitoring Group, Environmental Policy Group and Environmental Compliance and Education Group.</i></p> <p><i>In determining who should meet the cost of sustainably managing the coastal marine environment, an allocation of costs needs to occur between beneficiaries. The Council has considered that a contribution towards the costs should be made by ratepayers (25%) as well as those benefiting from the occupation of public space (75%). <b>The balance of funding required to promote the sustainable management of the coastal marine area in the wider sense will be sourced from elsewhere</b>. The Council has also given consideration to anticipated waivers that may be granted and the number and size of the various occupations. From this assessment, a schedule of charges has been derived and is set out in the Council's Annual Plan.</i></p>					
<b>960</b>	Marlborough Berth and Mooring Association Incorporated	3	Volume 1	5 Allocation of Public Resources	Policy 5.10.8	Support in Part
Decision Requested	<p>That the following amendments (strike-through and bold) are made to Policy 5.10.8:</p> <p><i>Policy 5.10.8 - Any coastal occupancy charges collected will <del>be used on</del> <b>contribute towards</b> the following to promote the sustainable management of the coastal marine area:</i></p>

91	Marlborough District Council	62	Volume 2	23 Airport Zone	23.3.4.1.	Oppose
Decision Requested	Delete Standard 23.3.4.1 - " <del>The agrichemical must be approved for use under the Hazardous Substances and New Organisms Act 1996.</del> "					
91	Marlborough District Council	63	Volume 2	2 General Rules	2.14.	Support
Decision Requested	<p>Add new Heading for "<b>Sediment removal.</b>"; and a new set of standards as follows -</p> <ul style="list-style-type: none"> <li>• <b>The removal must be necessary for maintaining the drainage carrying capacity of the drainage channel, or for the stability of the banks of the channel banks.</b></li> <li>• <b>Excavators must operate from the bank of the drainage channel where possible.</b></li> <li>• <b>The removal must not be carried out in water greater than 2m average depth.</b></li> <li>• <b>The sediment removed must be retained on adjacent drainage channel banks for a period not less than 12 hours to provide opportunity for fish and animals to re-enter the drainage channel.</b></li> <li>• <b>The removal must not be carried out in a tidal reach between 1 February and 30 April in any year.</b></li> <li>• <b>The removal must not limit fish passage.</b></li> <li>• <b>Any discharge of sediment into water associated with the removal must not, after reasonable mixing, cause a change in colour of the receiving water of more than 5 Munsell units or a decrease in clarity of more than 20% for more than 8 hours in any 24 hour period and more than 40 hours in total in any calendar month.</b></li> </ul>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
91	Marlborough District Council	64	Volume 2	2 General Rules	2.12.	Support
Decision Requested	Add a new Permitted Activity within the Drainage Channel Network rules under 2.12 for " <b><i>Sediment removal.</i></b> "					
91	Marlborough District Council	65	Volume 2	2 General Rules		Support
Decision Requested	Add the following Permitted Activity rule under 2.1 - " <b><i>Use of water from the Barnes Dam on a tributary of the Waitohi Stream by the Marlborough District Council for municipal supply purposes.</i></b> "					
91	Marlborough District Council	66	Volume 1	15 Resource Quality (Water, Air, Soil)	15.AER.9	Oppose
Decision Requested	Delete the second Indicator associated with 15.AER.9 as follows - " <del>The state of Marlborough's soil resource is reported on an annual basis.</del> "					
91	Marlborough District Council	67	Volume 1	15 Resource Quality (Water, Air, Soil)	15.AER.7	Support
Decision Requested	Delete the first bullet point of the Indicator associated with 15.AER.7 as follows (strike through) - " <del>Ambient monitoring of air pollutants throughout Marlborough, including: → background concentrations of PM10 in Picton are established;</del> "					
91	Marlborough District Council	68	Volume 1	15 Resource Quality (Water, Air, Soil)	15.AER.5	Oppose
Decision Requested	Delete the second Indicator for 15.AER.5 as follows - " <del>The average winter concentration of PM10 at Middle Renwick Road is 27 mg/m3 or less.</del> "					
91	Marlborough District Council	69	Volume 1	15 Resource Quality (Water, Air, Soil)	15.AER.5	Oppose
Decision Requested	Delete the first Indicator for 15.AER.5 as follows - " <del>The average winter concentration of PM10 at Redwoodtown is 37 mg/m3 or less.</del> "					
91	Marlborough District Council	70	Volume 1	15 Resource Quality (Water, Air, Soil)	15.AER.1	Support
Decision Requested	Add a new Indicator associated with 15.AER.1 (although partly an amendment of deleted part of previous indicator) as follows - " <b><i>Increase in the number of catchment enhancement plans developed and implemented for waterbodies deemed degraded.</i></b> "					
91	Marlborough District Council	71	Volume 1	13 Use of the Coastal Environment	13.AER.9	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add a new Indicator associated with 13.AER.9 as follows - " <b>Monitor erosion of coastal areas caused by ships.</b> "					
91	Marlborough District Council	72	Volume 1	13 Use of the Coastal Environment	13.AER.9	Support
Decision Requested	Add a new Indicator associated with 13.AER.9 as follows - " <b>No adverse change to the shoreline or benthic communities as a result of waves from the shipping activity.</b> "					
91	Marlborough District Council	73	Volume 1	8 Indigenous Biodiversity	8.AER.2	Support
Decision Requested	Add a new Indicator associated with 8.AER.2 as follows - " <b>Measured against baseline monitoring programmes established for ecologically significant marine sites in 2015/2016, there is no loss of values over the life of the MEP.</b> "					
91	Marlborough District Council	74	Volume 1	7 Landscape	7.AER.1	Support
Decision Requested	Add a new Indicator associated with 7.AER.1 as follows - " <b>Number of programmes in the community to control wilding pines.</b> "					
91	Marlborough District Council	75	Volume 1	7 Landscape	7.AER.1	Support
Decision Requested	Amend the 5th indicator associated with 7.AER.1 as follows (strike through and bold) - " <del>The area of land vegetated by wilding pines in the Marlborough Sounds decreases</del> <b>does not increase.</b> "					
91	Marlborough District Council	76	Volume 2	2 General Rules	2.12.11.	Oppose
Decision Requested	Delete Rule 2.12.11 as follows - " <del>Discharge of an agrichemical to water for the control of aquatic vegetation.</del> "					
91	Marlborough District Council	77	Volume 1	9 Public Access and Open Space	9.AER.1	Support
Decision Requested	Amend the Indicators as follows (strike through and bold) - " <del>The areas identified as having a high priority for enhanced public access have an improved level of access as measured against a 2011</del> <b>2016</b> baseline."; and " <del>The number of esplanade reserves/strips available for access purposes is increased as measured against a baseline of esplanade reserves/strips available for access existing as in 2011</del> <b>2016.</b> "					
91	Marlborough District Council	78	Volume 1	8 Indigenous Biodiversity	8.AER.3	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Indicator for 8.AER.3 as follows (strike through and bold) - " <del>Measured against a baseline monitoring programme established for wetlands in 2010</del> <b>2016</b> , there is no loss in the overall area of wetlands in Marlborough."					
<b>91</b>	Marlborough District Council	79	Volume 1	5 Allocation of Public Resources		Support
Decision Requested	Add the following new Anticipated Environmental Result - " <b>No occurrence of sea water intrusion into aquifers.</b> "; and the following associated new Indicator " <b>Conductivity levels as measured by Council's sentinel wells.</b> "					
<b>91</b>	Marlborough District Council	80	Volume 2	23 Airport Zone	23.3.14.1.	Oppose
Decision Requested	Delete Standard 23.3.14.1 - " <del>The appliance must comply with the emission, operational and other requirements of Appendix 8 – Schedule 1.</del> "					
<b>91</b>	Marlborough District Council	81	Volume 2	23 Airport Zone	23.3.14.2.	Oppose

<b>91</b>	Marlborough District Council	133	Volume 2	2 General Rules	2.38.2.	Support
Decision Requested	Amendment to Rule 2.38.2 is requested as follows (bold) - " <i>Telecommunication <b>or electricity</b> line or cable over the bed of a lake or river.</i> "					
<b>91</b>	Marlborough District Council	134	Volume 1	8 Indigenous Biodiversity	8.M.2	Support
Decision Requested	The addition of the following sentence at the end of the paragraph in 8.M.2 is requested - " <b><i>This includes clearance of indigenous vegetation in areas that have 20 percent or less remaining in indigenous cover, as identified in the Threatened Environments Overlay Maps.</i></b> "					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
91	Marlborough District Council	135	Volume 1	16 Waste	16.AER.3	Support
Decision Requested	The requested amendment to the second Indicator associated with 16.AER.3 is as follows (bold) - " <i>There is no major non-compliance with permitted activity rules or discharge permit conditions for dairy shed effluent and winery wastewater discharges <b>that cause significant adverse effects</b> in any year.</i> "					
91	Marlborough District Council	136	Volume 1	14 Use of the Rural Environment	14.M.7	Support
Decision Requested	Amendments to 14.M.7 are requested as follows (strike through and bold) - " <i>14.M.7 Council works - The Council has historically maintained the <b>Drainage Channel Network</b> <del>drainage network</del> on the Wairau Plain in a hydraulically efficient state to ensure primary production activities can continue to occur. The works involved include the following: (a) establishing a range of acceptable water levels for the drains and small rivers that make up the Council administered <b>Drainage Channel Network</b> <del>drainage network</del>; (b) as necessary, removing aquatic vegetation and sediment from the drains and small rivers to achieve the acceptable water levels; and (c) where necessary, installing and using pumps to assist with the removal of excess water. The determination of acceptable water levels for each of the drains and small rivers allows for more efficient control of water levels. This will effectively provide triggers for active intervention and in doing so minimise the cost of drainage maintenance work. The use of acceptable water levels will also provide criteria for determining when further intervention such as pumping is required to control water levels. The drains and small rivers that make up the <b>Drainage Channel Network</b> <del>drainage network</del> also provide habitat for indigenous flora and fauna and provide opportunities for the development of ecological corridors. The development and use of triggers for drain maintenance will help to mitigate the impact of the works on the habitat that the <b>Drainage Channel Network</b> <del>drainage network</del> provides. It may also be appropriate to undertake drain maintenance works in a certain manner to further mitigate any adverse effect on habitat values; see Chapter 8 - Indigenous Biodiversity for further details.</i> "					
91	Marlborough District Council	137	Volume 1	13 Use of the Coastal Environment	13.AER.13	Support
Decision Requested	The amendment of this Indicator for 13.AER.13 is requested as follows (strike through and bold) - " <i><del>Few</del> <b>A decrease in the number of</b> resource consents <del>are</del> required for port and marina related activities.</i> "					
91	Marlborough District Council	138	Volume 1	13 Use of the Coastal Environment	13.AER.9	Support
Decision Requested	The amendment of the Indicator for 13.AER.9 is requested as follows (strike through) - " <i>A five yearly assessment is carried out to determine the need to undertake monitoring specified in Policy 13.16.4 and the monitoring method (13.M.<del>4922</del>) set out for water transportation.</i> "					
91	Marlborough District Council	139	Volume 1	11 Natural Hazards	11.M.7	Support
Decision Requested	That a new paragraph be added between the existing first and second paragraphs of 11.M.7 as follows - " <i><b>The Council may utilise the emergency provisions provided under Section 330 of the RMA to respond to foreseeable or actual hazard events in order to achieve Objective 11.1.</b></i> "					
91	Marlborough District Council	140	Volume 1	8 Indigenous Biodiversity	8.AER.2	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	An amendment is sought to the second Indicator for 8.AER.2 as follows (strike through and bold) - " <i>Baseline monitoring programmes established <del>in 2010</del> for a representative sample of terrestrial, river and wetland <b>sites</b> and <del>in 2014/15</del> for ecologically significant marine site shows no loss of these <b>indigenous biodiversity</b> values over the life of the MEP.</i> "					
<b>91</b>	Marlborough District Council	141	Volume 3	Appendix 6 Environmental Flows and Levels		Support
Decision Requested	An additional allocation limit is requested under the Riverlands Freshwater Management Unit for " <b>Municipal Supply</b> " of " <b>2,079,900</b> " and, by association, a reduction in the Riverlands Freshwater Management Unit allocation limit from " <del>4,234,000</del> " to " <b>2,154,100</b> ".					
<b>91</b>	Marlborough District Council	142	Volume 3	Appendix 6 Environmental Flows and Levels		Support
Decision Requested	An additional allocation limit is requested under the Wairau Aquifer Freshwater Management Unit for " <b>Municipal Supply</b> " of " <b>17,789,500</b> " and, by association, a reduction in the Wairau Aquifer Freshwater Management Unit allocation limit from " <del>73,006,000</del> " to " <b>55,216,500</b> ".					
<b>91</b>	Marlborough District Council	143	Volume 2	25 Definitions	25.	Support
Decision Requested	The amendment of the definition for run off requested is as follows (strike through) - " <i>means water moving over the ground surface <del>and into a river, lake or the sea.</del></i> "					
<b>91</b>	Marlborough District Council	144	Volume 2	25 Definitions	25.	Support
Decision Requested	Add definition of LAE as follows - " <b>LAE - sound exposure level. Ten times the logarithm to the base 10 of the ration of the A-frequency-weighted sound exposure to the square of the reference value.</b> "					
<b>91</b>	Marlborough District Council	145	Volume 2	25 Definitions	25.	Support
Decision Requested	The amendment requested to the definition of dairy farm effluent is as follows (bold) - " <i>Dairy farm effluent means all dairy effluent and contaminated washwater generated on the site of the farm dairy and associated yard areas. This includes machine washwater, pit washings, faecal matter, and washwater deposited on hard stand areas <b>and sealed feed pads.</b></i> "					
<b>91</b>	Marlborough District Council	146	Volume 2	25 Definitions	25.	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	This submission seeks to amend the definition of agricultural solid waste as follows (bold) - " <i>Agricultural solid waste means organic agricultural waste that has a moisture content of less than or equal to 75% and exhibits the properties of a solid, e.g., it can be stacked and hold a definite angle of repose. <b>For the purposes of the Plan, if any waste does not meet the definition of agricultural liquid waste it is treated as agricultural solid waste.</b></i> "					
91	Marlborough District Council	147	Volume 2	25 Definitions	25.	Support
Decision Requested	This submission seeks to amend the definition of agricultural liquid waste as follows (bold) - " <i>Agricultural liquid waste means agricultural waste that has a moisture content more than or equal to 95%. <b>For the purposes of the Plan, if any waste does not meet the definition of agricultural liquid waste it is treated as agricultural solid waste.</b></i> "					
91	Marlborough District Council	148	Volume 2	25 Definitions	25.	Support
Decision Requested	The amendment requested is as follows (bold) - " <i>Community activity means the use of land and buildings for the purpose of supporting the health, <b>safety</b>, welfare, education, culture and spiritual well-being of the community including not for profit childcare facilities, active and passive recreation.</i> "					
91	Marlborough District Council	149	Volume 2	25 Definitions	25.	Support
Decision Requested	It is requested that the definition for " <i>Municipal water supply</i> " is amended as follows (bold) - " <i>means any water supply, <b>other than a supply exclusively providing an irrigation water</b>, owned, managed or administered by the Marlborough District Council.</i> "					
91	Marlborough District Council	150	Volume 2	25 Definitions	25.	Support
Decision Requested	The addition of a definition for commercial cleanfill is requested as follows - " <i><b>Commercial cleanfill</b></i> " - " <i><b>Commercial clean fill - means the placing or dumping of fill that involves remuneration paid, or any other form of consideration provided, to the contractor or person(s) bringing the fill into the site.</b></i> "					
91	Marlborough District Council	151	Volume 2	25 Definitions	25.	Oppose
Decision Requested	The deletion of the definition for non-commercial cleanfill, as follows, is requested. " <i><del>Non-commercial clean fill means the placing or dumping of fill that does not involve remuneration paid, or any other form of consideration provided, to the contractor or person(s) bringing the fill into the site, whether or not consideration provided to the owner is the sole reason for the placing or dumping of the fill.</del></i> "

Decision Requested	Add the following to the Floodway Zone - <b><i>Starborough Creek (above Foster Street to Awatere River) - Upstream co-ordinates 1689021 5385928; Downstream co-ordinates 1690319 5387459.</i></b>					
91	Marlborough District Council	311	Volume 2	2 General Rules		Support in Part
Decision Requested	Amend the introductory statement under the heading "Activity In, On, Over or Under the Bed of a Lake or River" on page 2-11 as follows (bold) - <b><i>"Activities in, on, over or under the beds of lakes and rivers do not cover the taking, use, damming or diversion of water controlled under Section 14 of the RMA. These rules do not apply to the Floodway Zone."</i></b>					
91	Marlborough District Council	312	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	Amend the table row for the Opaoa Freshwater Management Unit in Schedule 1 on p 6-2 of Appendix 6 as follows (strike through and bold) - <b><i>"Opaoa (above <del>O'Dwyers</del> Mills and Ford Road)."</i></b>					
91	Marlborough District Council	313	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	Amend the table row for the Roses Overflow Freshwater Management Unit in Schedule 1 on p 6-3 of Appendix 6 as follows (bold) - <b><i>"Roses Overflow (below control weir)."</i></b>					
91	Marlborough District Council	314	Volume 4	Overlay Maps	Freshwater Management Unit 2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	The boundaries of the Lower and Upper Pelorus Freshwater Management Units need to be adjusted to correct a mapping error (see attachment - black line is new proposed boundary). The amended boundaries will be consistent with the description of the boundaries in Appendix 6.					
<b>91</b>	Marlborough District Council	315	Volume 4	Overlay Maps	Freshwater Management Unit 2	Support in Part
Decision Requested	Amend the boundaries of the Boundary Freshwater Management Unit to reflect the following (see attachment - black line is new proposed boundary) -  <i>"The north-eastern extent of the Boundary Creek FMU was intended to include all areas where groundwater takes were likely to cause stream depletion from the spring derived streams such as Excell Stream, Huddleston Stream, and Mill Creek. However the northern boundary was placed too far north, and captured a number of takes which are closer to the Wairau River, and more correctly placed in the Wairau River FMU. The boundary between the two FMUs has been redefined slightly south, generally following the main terrace, below which the Wairau river is the predominant influence. At the same time slight corrections have been made on the southern edge of the Mill Creek catchment to better reflect the hydrology of this area."</i>					
<b>91</b>	Marlborough District Council	316	Volume 4	Overlay Maps	Steep Erosion Prone Land 3	Support in Part
Decision Requested	A slope factor has not been applied to the mapping of the Steep Erosion Prone Land therefore Class 8 and 7e land that is not on a slope but is unproductive land, e.g. estuaries have been inappropriately picked up. Two examples are attached, it is requested that these and similar features are removed from the Steep Erosion Prone Land Overlay.

Decision Requested	Amend the Standard as follows (bold) –  " <i>The filling must not result in a reduction in the ground to conductor clearance distances as required in Table 4 <b>and Figure 1</b> of the New Zealand Electrical Code of Practice (NZECP34:2001).</i> "					
<b>232</b>	Marlborough Lines Limited	41	Volume 2	7 Coastal Living Zone	7.3.10.5.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Standard as follows (bold) – <i>" The filling must not result in a reduction in the ground to conductor clearance distances as required in Table 4 <b>and Figure 1</b> of the New Zealand Electrical Code of Practice (NZECP34:2001)."</i>					
<b>232</b>	Marlborough Lines Limited	42	Volume 2	4 Coastal Environment Zone	4.3.14.5.	Support in Part
Decision Requested	Amend the Standard as follows (bold) – <i>" The filling must not result in a reduction in the ground to conductor clearance distances as required in Table 4 <b>and Figure 1</b> of the New Zealand Electrical Code of Practice (NZECP34:2001)."</i>					
<b>232</b>	Marlborough Lines Limited	43	Volume 2	3 Rural Environment Zone	3.3.15.5.	Support in Part
Decision Requested	Amend the Standard as follows (bold) – <i>" The filling must not result in a reduction in the ground to conductor clearance distances as required in Table 4 <b>and Figure 1</b> of the New Zealand Electrical Code of Practice (NZECP34:2001)."</i>					
<b>267</b>	Marlborough Motor-Cycle Club Inc	1	Volume 2	2 General Rules	2.2.	Oppose
Decision Requested	That a Permitted Activity be added under Provision 2.2 for the taking of water for dust control.  We suggest an allowance of 50 cubic metres per site per day for up to 50 days per year would be sufficient for the Club, most construction sites, haul roads and the like. Larger-scale construction operations would still need a water permit for large volume and/or longer duration takes.  We anticipate that conditions to be added under Provision 2.3 would include aspects such as a maximum proportion of take of surface flow and restrictions in resource areas that are over-allocated or under restriction. It may also be desirable for records to be kept and for those to be provided to Council upon request.					
<b>237</b>	Marlborough Mountain Bike Club	1	Volume 2	3 Rural Environment Zone	3.3.14.4.	Oppose
Decision Requested	Rule 3.3.14.4 to read: Excavation within a soil sensitive area identified as loess soils is permitted on slopes up to 20 degrees provided the new track or trail is built to New Zealand recognised standards.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>237</b>	Marlborough Mountain Bike Club	2	Volume 2	3 Rural Environment Zone	3.3.14.11.	Oppose
Decision Requested	The wording is changed in the listed rules to "The diameter of any culvert used to drain excavation must be appropriate having regard to the expected volume of water to be drained."					
<b>964</b>	Marlborough Oysters Limited	1	Volume 1	1 Introduction	Guiding principles	Support in Part
Decision Requested	Amend to include economic development and associated relief.					
<b>964</b>	Marlborough Oysters Limited	2	Volume 1	1 Introduction	Guiding principles	Support in Part
Decision Requested	Amend to recognise that the Sounds has a diverse range of uses and associated relief.					
<b>964</b>	Marlborough Oysters Limited	3	Volume 1	4 Use of Natural and Physical Resources	4.	Support in Part
Decision Requested	Specifically recognise the infrastructure used for commercial purposes at Elaine Bay, Oyster Bay and Okiwi Bay and associated relief.					
<b>964</b>	Marlborough Oysters Limited	4	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Support in Part
Decision Requested	Recognise that the visual, ecological and physical qualities of the Sounds have been altered by social and cultural use and associated relief.					
<b>964</b>	Marlborough Oysters Limited	5	Volume 1	4 Use of Natural and Physical Resources	4.	Support in Part
Decision Requested	Recognise existing users of natural and physical resources and associated relief.					
<b>964</b>	Marlborough Oysters Limited	6	Volume 1	6 Natural Character	6.	Support in Part
Decision Requested	Include appropriate definitions of natural character, revise the methodologies and maps, recognise existing use and appropriate ongoing use and development in areas of natural character and associated relief.					
<b>964</b>	Marlborough Oysters Limited	7	Volume 1	7 Landscape	7.	Support in Part
Decision Requested	Include appropriate definitions of outstanding features and landscape, revise the methodologies and maps, recognise existing use and appropriate ongoing use an development in areas of natural landscape and features and associated relief.					
<b>964</b>	Marlborough Oysters Limited	8	Volume 1	7 Landscape	7.	Oppose
Decision Requested	The identification of the entirety of the Marlborough Sounds as an ONL is not appropriate and should be revised.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>964</b>	Marlborough Oysters Limited	9	Volume 1	8 Indigenous Biodiversity	8.	Support in Part
Decision Requested	Adopt the cascading approach to manage effects on indigenous biodiversity as set out in the NZCPS and recognise existing use an appropriate ongoing use and development in areas of indigenous biodiversity and associated relief.					
<b>964</b>	Marlborough Oysters Limited	10	Volume 1	6 Natural Character	6.	Support in Part
Decision Requested	Recognise existing uses of coastal marine area and do not seek that those change; and Recognise that minor or transient effects do not need to be avoided; and Recognise that avoidance can be achieved through restoration and enhancement, rather than simply preventing an application from occurring; and Only require avoidance where practicable, rather than complete avoidance; and Associated relief.					
<b>964</b>	Marlborough Oysters Limited	11	Volume 1	7 Landscape	7.	Support in Part
Decision Requested	Recognise existing uses of coastal marine area and do not seek that those change; and Recognise that minor or transient effects do not need to be avoided; and Recognise that avoidance can be achieved through restoration and enhancement, rather than simply preventing an application from occurring; and Only require avoidance where practicable, rather than complete avoidance; and Associated relief.					
<b>964</b>	Marlborough Oysters Limited	12	Volume 1	8 Indigenous Biodiversity	8.	Support in Part
Decision Requested	Recognise existing uses of coastal marine area and do not seek that those change; and Recognise that minor or transient effects do not need to be avoided; and Recognise that avoidance can be achieved through restoration and enhancement, rather than simply preventing an application from occurring; and Only require avoidance where practicable, rather than complete avoidance; and Associated relief.					
<b>964</b>	Marlborough Oysters Limited	13	Volume 4	Overlay Maps	Coastal Natural Character 3	Oppose
Decision Requested	I request that the MDC undertake a review of these areas and provide appropriate justification for their extent and definition. I specifically seek acknowledgement within the schedules to these natural character and landscape areas that my existing marine farms are not causing adverse effects.					
<b>964</b>	Marlborough Oysters Limited	14	Volume 4	Overlay Maps	Coastal Natural Character 3	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the coastal natural character overlay over Squally Cove.					
<b>964</b>	Marlborough Oysters Limited	15	Volume 4	Overlay Maps	Landscapes 4	Support
Decision Requested	Retain the landscape overlay over Squally Cove.					
<b>964</b>	Marlborough Oysters Limited	16	Volume 4	Overlay Maps	Ecologically Significant Marine Sites 7	Support
Decision Requested	Retain the Ecologically Significant Marine Sites overlay over Squally Cove.					
<b>964</b>	Marlborough Oysters Limited	17	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support in Part
Decision Requested	Avoid sewage and effluent discharges where they can contaminate coastal waters and particularly marine farms and associated relief.					
<b>964</b>	Marlborough Oysters Limited	18	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support in Part
Decision Requested	Create a marine farm protection overlay within 1000m of the boundary of any marine farm.					
<b>965</b>	Marlborough Recreational Fishers Association	1	Volume 2	16 Coastal Marine Zone	16.7.5.	Oppose
Decision Requested	That the following amendments (strike-through and bold) are made to Rule 16.7.5: <i>Rule 16.7.5. Fishing activity <del>Dredging, trawling or anchoring, or any other non-destructive fishing method</del> that uses a technique that disturbs the seabed within any Ecologically Significant Marine Sites, except Croiselles Harbour Entrance – No. 1.2 and Tennyson Inlet – No. 3.9.</i>					
<b>965</b>	Marlborough Recreational Fishers Association	2	Volume 2	4 Coastal Environment Zone	4.3.6.1.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That the following amendments (strike-through and bold) are made to Standard 4.3.6.1: <i>Standard 4.3.6.1. Replanting must not be in, or within:</i> <i>(a) <del>8</del> <b>10</b> metres of a river (except an ephemeral river) or lake <b>permanently flowing water course more than 3 metres in width and 20 metres for those greater than 3 metres in width</b>;</i> <i>(b) 8 metres of a Significant Wetland;</i> <i>(c) <del>200</del> <b>200</b> metres of the coastal marine area.</i>					
<b>965</b>	Marlborough Recreational Fishers Association	3	Volume 2	4 Coastal Environment Zone	4.3.7.2.	Oppose
Decision Requested	Planting on steep slopes. MRFA would support a mandatory Replanting and Afforestation Management Plan which would identify areas at high risk of erosion and require steps to mitigate that risk.					
<b>965</b>	Marlborough Recreational Fishers Association	4	Volume 2	4 Coastal Environment Zone	4.3.8.9.	Oppose
Decision Requested	That the following addition (bold) is made to Standard 4.3.8.9: <i>Standard 4.3.8.9. Trees, slash and soil debris must:</i> <b><i>(e) be removed within one month.</i></b>					
<b>965</b>	Marlborough Recreational Fishers Association	5	Volume 2	4 Coastal Environment Zone	4.3.11.8.	Oppose
Decision Requested	That the following amendments (strike-through and bold) are made to Standard 4.3.11.8: <i>Standard 4.3.11.8 On completion of a vegetation clearance, a suitable vegetative cover that will mitigate soil loss, is to be restored on the site so that, within <del>24</del> <b>12</b> months the amount of bare ground is to be no more than 20% greater than prior to the vegetation clearance taking place.</i>					
<b>965</b>	Marlborough Recreational Fishers Association	6	Volume 2	4 Coastal Environment Zone	4.3.11.10.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That the following addition is made to Standard 4.3.11.10: <i>Standard 4.3.11.10 Woody material greater than 100mm in diameter and soil debris must:</i> <b><i>(e) be removed within 1 month.</i></b>					
<b>965</b>	Marlborough Recreational Fishers Association	7	Volume 2	4 Coastal Environment Zone	4.3.12.5.	Oppose
Decision Requested	That the following amendments (strike-through and bold) are made to Standard 4.3.12.5: <i>Standard 4.3.12.5. On completion of cultivation, a suitable vegetative cover that will mitigate soil loss, must be restored on the site so that, within <del>24</del> <b>12</b> months the amount of bare ground is to be no more than 20% greater than prior to the cultivation taking place.</i>					
<b>966</b>	Marlborough Research Centre Trust	1	Volume 1	5 Allocation of Public Resources	Policy 5.7.2	Support in Part
Decision Requested	That Policy 5.7.2 be amended as follows to reflect the submission that reasonable demand relates to irrigation water only. <i>Policy 5.7.2 To allocate <u>irrigation</u> water on the basis of reasonable demand given the intended use.</i>  That an additional policy be added providing direction for decision makers when assessing applications for resource consent to abstract and use water for non-irrigation purposes as follows: <i><u>Policy 5.7.X To recognise that land users require water for uses other than irrigation purposes and applications for allocations of water for such uses shall be assessed on a case by case basis.</u></i>					
<b>966</b>	Marlborough Research Centre Trust	2	Volume 1	5 Allocation of Public Resources	Policy 5.7.3	Support in Part
Decision Requested	That policy 5.7.3 be re-worded as follows to provide for an enabling policy: <i>Where based on property specific information, an applicant can demonstrate that an allocation of water in excess of the reasonable demand calculation is required, then that allocation may be granted subject to water availability. Under such circumstances the property specific information will take precedence over the reasonable use calculation.</i>					
<b>966</b>	Marlborough Research Centre Trust	3	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That the minimum levels for aquifers be independently reviewed to demonstrate the appropriateness of such levels as they have the potential to seriously impact upon aquifer based viticulture.					
<b>966</b>	Marlborough Research Centre Trust	4	Volume 1	5 Allocation of Public Resources	Objective 5.8	Support in Part
Decision Requested	MRC submit the following policy be inserted as Policy 5.8.4 with a subsequent amendment to the numbering of the following existing policies. <i>Policy 5.8.4 Aquifer water may be abstracted to storage at all times to provide water users with greater flexibility to manage water use on-site and to ensure that in the event of aquifer minimum levels being reached an alternate supply of water may be available. If aquifer water is abstracted to storage during the irrigation season the total abstraction for storage and direct irrigation must not exceed the reasonable use demand allocation.</i>					
<b>967</b>	Marlborough Roads	1	Volume 1	2 Background	Identifying regionally significant issues	Support
Decision Requested	Retain the criteria for determining whether an issue is regionally significant within Chapter 2 Background.					
<b>967</b>	Marlborough Roads	2	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Support in Part
Decision Requested	Retain Issue 4B issue statement. Amend the Issue 4B reason as follows: <i>The ability to <u>operate</u>, maintain, upgrade and replace existing infrastructure without significant constraint is important in this respect.</i>					
<b>967</b>	Marlborough Roads	3	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Support in Part
Decision Requested	Amend Objective 4.2 as follows: <i>Efficient, effective, safe <u>and resilient</u> operation of regionally significant infrastructure.</i> <i>The community relies on the considerable infrastructure that has been developed to protect and support the population <u>and economy</u>. It is essential for the social and economic wellbeing, health and safety of the Marlborough community that this critical infrastructure continues to operate efficiently, effectively and safely on an ongoing basis. This includes the ability to <u>operate</u>, maintain, upgrade and replace existing infrastructure.</i>					
<b>967</b>	Marlborough Roads	4	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Amend Policy 4.2.1 as follows:</p> <p><i>Recognise the social, economic, environmental, health and safety benefits from the following infrastructure, either existing or consented at the time the Marlborough Environment Plan became operative <u>or authorised as a permitted activity, resource consent, or notice of requirement</u>, as regionally significant:</i></p> <p>...</p> <p><i>(k) <del>district</del> roading network;</i></p> <p>...</p> <p>Add a definition for road network as follows:</p> <p><u><i>Means all local roads and State Highways</i></u></p> <p>Add a definition for local road as follows:</p> <p><u><i>Means a road for which Council has financial responsibility for.</i></u></p>					
<b>967</b>	Marlborough Roads	5	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.2	Support in Part
Decision Requested	<p>Amend Policy 4.2.2 as follows:</p> <p><i>Protect regionally significant infrastructure from the adverse effects of other activities, <u>including reverse sensitivity and cumulative effects.</u></i></p>					
<b>967</b>	Marlborough Roads	6	Volume 1	4 Use of Natural and Physical Resources	4.M.9	Support in Part
Decision Requested	<p>Amend Method 4.M.9 as follows:</p> <p><i>Rules will be used to enable activities associated with the maintenance, <u>operation</u>, alteration, minor upgrading and replacement of regionally significant infrastructure. Standards will specify the extent of works involved with any of these activities. Rules will be used to control the proximity of land uses in river beds that could have adverse effects on regionally significant infrastructure. This includes development within the National Grid corridor.</i></p> <p>...</p>					
<b>967</b>	Marlborough Roads	7	Volume 1	10 Heritage Resources and Notable Trees	10.M.2	Support in Part
Decision Requested	<p>Amend Method 10.M.2 as follows:</p> <p><i><del>District and regional</del> rules will be used to ensure that identified heritage resources and/or notable trees are appropriately protected...</i></p>					
<b>967</b>	Marlborough Roads	8	Volume 1	13 Use of the Coastal Environment	Policy 13.10.5	Support

<b>477</b>	John Malcolm McKee	4	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Amend the Policy as follows (strike through and bold) –</p> <p><i>"Recognise the social, economic, environmental, health and safety benefits from the following infrastructure, either existing or consented at the time the Marlborough Environment Plan became operative, as regionally significant:</i></p> <p><i>(a) reticulated sewerage systems (including the pipe network, treatment plants and associated infrastructure) operated by the Marlborough District Council;</i></p> <p><i>(b) reticulated community stormwater networks;</i></p> <p><i>(c) reticulated community water supply networks and water treatment plants operated by the Marlborough District Council;</i></p> <p><i>(d) regional landfill, transfer stations and the resource recovery centre;</i></p> <p><i>(e) National Grid (the assets used or owned by Transpower NZ Limited);</i></p> <p><i>(f) local electricity supply network owned and operated by Marlborough Lines;</i></p> <p><i>(g) facilities for the generation of electricity, where the electricity generated is supplied to the National Grid or the local electricity supply network (including infrastructure for the transmission of the electricity into the National Grid or local electricity supply network);</i></p> <p><i>(h) strategic telecommunications facilities, as defined in Section 5 of the Telecommunications Act 2001, and strategic radiocommunication facilities, as defined in Section 2(1) of the Radiocommunications Act 1989;</i></p> <p><i>(i) Blenheim, Omaka and Koromiko Airports;</i></p> <p><i>(j) main trunk railway line;</i></p> <p><i>(k) district roading network;</i></p> <p><i>(l) Port of Picton and Havelock Harbour;</i></p> <p><i>(m) Picton, Waikawa and Havelock marinas;</i></p> <p><i>(n) RNZAF Base at Woodbourne; <b>and</b></i></p> <p><i>(o) Council administered flood defences and the drainage network on the Lower Wairau Plain; <b>and</b></i></p> <p><b><i>(p) areas of significant aquaculture and wine development (areas not specified in Submission).</i></b>"</p> <p><i>(Inferred)</i></p>					
<b>477</b>	John Malcolm McKee	5	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Support in Part
Decision Requested	<p>Amend the Issue as follows (bold) - <i>"The use and development of natural and physical resources in the Marlborough Sounds has the potential to detract from the character and intrinsic values of this unique and iconic environment. <b>However, the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming are recognised and provided for.</b>"</i></p> <p><i>(Inferred)</i></p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
477	John Malcolm McKee	6	Volume 1	13 Use of the Coastal Environment	13.	Support
Decision Requested	Add a new Policy as follows - " <b>Ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules.</b> "  (Inferred)					
477	John Malcolm McKee	7	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Support in Part
Decision Requested	Amend the Objective as follows (bold) - " <i>The maintenance and enhancement of the visual, ecological and physical qualities that contribute to the character of the Marlborough Sounds, <b>while recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.</b></i> "  (Inferred)					
477	John Malcolm McKee	8	Volume 1	6 Natural Character	Issue 6A	Support in Part
Decision Requested	Amend the Issue as follows - " <i>Resource use and changes in resource use can result in the degradation of the natural character of the coastal environment, and of lakes, rivers and their margins. <b>However, the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming are recognised and provided for.</b></i> "  (Inferred)					
477	John Malcolm McKee	9	Volume 1	6 Natural Character	Objective 6.1	Support in Part
Decision Requested	Amend the Objective as follows (bold) - " <i>Establish the degree of natural character in the coastal environment, and in lakes and rivers and their margins, <b>while recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.</b></i> "  (Inferred)					
664	Dellae McKenzie	1	Volume 1	2 Background	Identifying regionally significant issues	Oppose
Decision Requested	Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>664</b>	Dellae McKenzie	2	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Oppose
Decision Requested	Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>664</b>	Dellae McKenzie	3	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Oppose
Decision Requested	Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>664</b>	Dellae McKenzie	4	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Oppose
Decision Requested	Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development.					
<b>664</b>	Dellae McKenzie	5	Volume 2	All		Oppose
Decision Requested	Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules.					
<b>664</b>	Dellae McKenzie	6	Volume 1	All		Oppose
Decision Requested	Add a wider range of non-regulatory methods to the Plan aimed at building awareness.					
<b>664</b>	Dellae McKenzie	7	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>664</b>	Dellae McKenzie	8	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>664</b>	Dellae McKenzie	9	Volume 1	6 Natural Character	Issue 6A	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>664</b>	Dellae McKenzie	10	Volume 1	6 Natural Character	Objective 6.1	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>214</b>	Bruce Mclauchlan	1	Volume 1	5 Allocation of Public Resources	Policy 5.4.4	Oppose
Decision Requested	That Water Rights do not become a tradable asset					
<b>187</b>	Ronald Fredric McLean	1	Volume 1	14 Use of the Rural Environment	Policy 14.4.12	Support in Part
Decision Requested	To allow building on the ridge but make sheds etc dug into the hill and colour etc so it is not as visible also plan trees to hide it. <b>Inferred that submission relates to Volume 2 Rule 3.2.1.13(a) as no reference to rule number included in submission.</b>					
<b>187</b>	Ronald Fredric McLean	2	Volume 1	14 Use of the Rural Environment	Policy 14.4.13	Support in Part
Decision Requested	To allow building on the ridge but make sheds etc dug into the hill and colour etc so it is not as visible also plan trees to hide it. <b>Inferred that submission relates to Volume 2 Rule 3.2.1.14(a) as no reference to rule number included in submission.</b>					
<b>598</b>	Carol Raewyn McLean	1	Volume 2	16 Coastal Marine Zone	16.7.5.	Support
Decision Requested	Stop dredging and anchoring in ecologically significant marine sites.

Decision Requested	Require dairy farm effluent storage for existing farms.					
<b>598</b>	Carol Raewyn McLean	11	Volume 2	4 Coastal Environment Zone	4.3.27.7.	Support
Decision Requested	Require dairy farm effluent storage for existing farms.					
<b>598</b>	Carol Raewyn McLean	12	Volume 2	4 Coastal Environment Zone	4.3.27.8.	Support
Decision Requested	Require dairy farm effluent storage for existing farms.					
<b>598</b>	Carol Raewyn McLean	13	Volume 2	4 Coastal Environment Zone	4.3.27.9.	Support
Decision Requested	Require dairy farm effluent storage for existing farms.					
<b>598</b>	Carol Raewyn McLean	14	Volume 2	4 Coastal Environment Zone	4.3.27.10.	Support
Decision Requested	Require dairy farm effluent storage for existing farms.					
<b>598</b>	Carol Raewyn McLean	15	Volume 4	Zoning Maps		Support
Decision Requested	Mapping and protection of significant wetlands.					
<b>598</b>	Carol Raewyn McLean	16	Volume 2	3 Rural Environment Zone	3.3.11.	Support
Decision Requested	Robust rules to prevent indigenous vegetation clearance in Marlborough's threatened environments.					
<b>598</b>	Carol Raewyn McLean	17	Volume 2	4 Coastal Environment Zone	4.3.10.	Support
Decision Requested	Robust rules to prevent indigenous vegetation clearance in Marlborough's threatened environments.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>598</b>	Carol Raewyn McLean	18	Volume 2	3 Rural Environment Zone	3.3.31.	Support
Decision Requested	Only biodegradable material can be disposed of in farm dumps.					
<b>598</b>	Carol Raewyn McLean	19	Volume 2	4 Coastal Environment Zone	4.3.30.	Support
Decision Requested	Only biodegradable material can be disposed of in farm dumps.					
<b>393</b>	Barry and Lila McLeod	1	Volume 2	19 Open Space 3 Zone	19.1.16.	Oppose
Decision Requested	That Rule 19.1.16 is deleted ( <i>inferred</i> ).					
<b>665</b>	Dorothy McManaway	1	Volume 1	2 Background	Identifying regionally significant issues	Oppose
Decision Requested	Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities.					
<b>665</b>	Dorothy McManaway	2	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Oppose
Decision Requested	Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>665</b>	Dorothy McManaway	3	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Oppose
Decision Requested	Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>665</b>	Dorothy McManaway	4	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Oppose
Decision Requested	Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development.					
<b>665</b>	Dorothy McManaway	5	Volume 2	All		Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules.					
<b>665</b>	Dorothy McManaway	6	Volume 1	All		Oppose
Decision Requested	Add a wider range of non-regulatory methods to the Plan aimed at building awareness.					
<b>665</b>	Dorothy McManaway	7	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>665</b>	Dorothy McManaway	8	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>665</b>	Dorothy McManaway	9	Volume 1	6 Natural Character	Issue 6A	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>665</b>	Dorothy McManaway	10	Volume 1	6 Natural Character	Objective 6.1	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>556</b>	Brad Joseph McNeill	1	All	All		Oppose
Decision Requested	This information is included to complete the submission database only. As set out in MFA and AQNZ submission.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>472</b>	ME Taylor Limited	1	Volume 1	4 Use of Natural and Physical Resources	Objective 4.1	Support
Decision Requested	Retain Objective 4.1					
<b>472</b>	ME Taylor Limited	2	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.1	Support
Decision Requested	Retain Policy 4.1.1					
<b>472</b>	ME Taylor Limited	3	Volume 1	5 Allocation of Public Resources	Policy 5.3.15	Support in Part
Decision Requested	I seek for individual property owners to have the opportunity for Afforestation up to 10% of their property with a maximum limit of 15 ha.					
<b>472</b>	ME Taylor Limited	4	Volume 1	5 Allocation of Public Resources	Objective 5.8	Support
Decision Requested	Retain Objective 5.8					
<b>472</b>	ME Taylor Limited	5	Volume 1	5 Allocation of Public Resources	Policy 5.8.2	Support
Decision Requested	Retain Policy 5.8.2					
<b>472</b>	ME Taylor Limited	6	Volume 1	5 Allocation of Public Resources	Policy 5.8.3	Support
Decision Requested	Retain Policy 5.8.3					
<b>472</b>	ME Taylor Limited	7	Volume 1	9 Public Access and Open Space	Policy 9.1.1	Support in Part
Decision Requested	I seek clarification as to what is considered close proximity to Ward as it relates to the Flaxbourne River some distance up-stream of SH 1 Bridge.  Public access would alienate fire risk, stock disturbance and general safety issues.					
<b>472</b>	ME Taylor Limited	8	Volume 1	9 Public Access and Open Space	Policy 9.1.4	Support
Decision Requested	Retain Policy 9.1.4					
<b>472</b>	ME Taylor Limited	9	Volume 1	9 Public Access and Open Space	Policy 9.1.10	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<ul style="list-style-type: none"> <li>I seek clarification as it relates to <i>Policy 9.1.1 – The following areas are identified as having a high degree of importance for public access and the Marlborough District Council will as a priority focus on enhancing access to and within these areas: (b) high priority waterbodies for public access on the Wairau Plain and in close proximity to Picton, Waikawa, Havelock, Renwick, Seddon, Ward and Okiwi Bay</i>; - Risks include fires, animals, electric fences and general safety issues.</li> <li>I seek clarification as does this relate to rivers which only flow intermittently.</li> <li>I seek clarification as to who is liable for damages caused by fire and its control, animal disturbance and general safety issues.</li> </ul>					
<b>472</b>	ME Taylor Limited	10	Volume 1	11 Natural Hazards	Policy 11.1.4	Support in Part
Decision Requested	I seek to be able to carry out regular River Channel clearing, where the Channel becomes restricted by the excess growth of young willows and other vegetation. This seriously effects the river to be able to flow freely in times of flooding causing major damage and also a high risk as a large wall of water builds up before suddenly bursting thru causing further havoc downstream.					
<b>472</b>	ME Taylor Limited	11	Volume 1	11 Natural Hazards	Policy 11.1.6	Support
Decision Requested	Retain Policy 11.1.6					
<b>472</b>	ME Taylor Limited	12	Volume 1	14 Use of the Rural Environment	Objective 14.1	Support
Decision Requested	Retain Objective 14.1					
<b>472</b>	ME Taylor Limited	13	Volume 1	14 Use of the Rural Environment	Policy 14.1.1	Support
Decision Requested	Retain Policy 14.1.1					
<b>472</b>	ME Taylor Limited	14	Volume 1	14 Use of the Rural Environment	Objective 14.2	Support
Decision Requested	Retain Objective 14.2					
<b>472</b>	ME Taylor Limited	15	Volume 1	14 Use of the Rural Environment	Objective 14.3	Support
Decision Requested	Retain Objective 14.3					
<b>472</b>	ME Taylor Limited	16	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.23	Oppose
Decision Requested	I seek to be able to cross cattle which are not farmed intensively across a river bed as part of a sound management rotational grazing process.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>472</b>	ME Taylor Limited	17	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.7	Oppose
Decision Requested	I seek clarification as to what this may entail or what activities may be restricted.					
<b>472</b>	ME Taylor Limited	18	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.3.4	Oppose
Decision Requested	I seek to be able to use these products in the winter period when there are no leaves on grapes.					
<b>472</b>	ME Taylor Limited	19	Volume 1	17 Transportation	Policy 17.3.2	Support in Part
Decision Requested	I seek for Ward Beach Road/Seddon Street as Secondary Arterial route. I seek to create an Awatere Area Local A Roads to include tar-sealed roads where there is no Rural Delivery (i.e. Ward Mail Area ) including Kaka Road, Ward Street, Carroll Street, Duncan Street, Grassmere Road and other tar-sealed roads with more than three residences.					
<b>472</b>	ME Taylor Limited	20	Volume 1	17 Transportation	Policy 17.3.3	Support
Decision Requested	Retain Policy 17.3.3					
<b>472</b>	ME Taylor Limited	21	Volume 2	2 General Rules	2.3.16.1.	Oppose
Decision Requested	I seek to be able to build dams larger than 5000 m3					
<b>472</b>	ME Taylor Limited	22	Volume 2	2 General Rules	2.7.9.	Oppose
Decision Requested	I seek to be able to cross cattle which are not farmed intensively across a river bed as part of a sound management rotational grazing process.					
<b>472</b>	ME Taylor Limited	23	Volume 2	2 General Rules	2.9.9.	Oppose
Decision Requested	I seek to be able to cross cattle which are not farmed intensively across a river bed as part of a sound management rotational grazing process.

<b>456</b>	George Mehlhopt	52	Volume 1	8 Indigenous Biodiversity	Policy 8.2.2	Oppose
Decision Requested	Include policy recognition that a partnership approach will be undertaken with landowners for areas that are wetlands, together with a regulatory regime.					
<b>456</b>	George Mehlhopt	53	Volume 1	8 Indigenous Biodiversity	Policy 8.3.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Make the following changes (strikethrough, bold) to Policy 8.3.2:</p> <p><i>Policy 8.3.2 - Where subdivision, use or development <del>that</del> requires resource consent, <b>occurs within areas, habitats or ecosystems with indigenous biodiversity value, significant</b> the adverse effects on <del>those</del> areas, habitats or ecosystems with indigenous biodiversity value shall be:</i></p> <p><i>(a) avoided where it is a significant site in the context of Policy 8.1.1; and</i></p> <p><i>(b) avoided, remedied or mitigated where indigenous biodiversity values have not been assessed as being significant in terms of Policy 8.1.1.</i></p> <p>This policy sets up a hierarchy for decision makers to use when assessing the effects of subdivision, use or development activities on areas, habitats or ecosystems with indigenous biodiversity value. For those sites identified as being significant in terms of Policy 8.1.1, it is important that <b>significant adverse effects are avoided</b>. This recognises that there are few significant sites remaining on private land, especially in southern Marlborough. Where sites have not been identified as significant through Policy 8.1.1, decision makers can also consider remediation or mitigation options to address adverse effects.</p>					
456	George Mehlhopt	54	Volume 1	8 Indigenous Biodiversity	Policy 8.3.8	Support in Part
Decision Requested	Amend the policy so that offsetting may be considered on a case by case basis in areas with significant biodiversity values.					
456	George Mehlhopt	55	Volume 1	8 Indigenous Biodiversity	Issue 8A	Support in Part
Decision Requested	The inclusion of policy recognition of the potential positive benefits to indigenous biodiversity from subdivision, use and development.					
456	George Mehlhopt	56	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.1	Support in Part
Decision Requested	Amend the Policy and/or explanation to recognise that food gathering will not be appropriate in all wetlands.

<b>22</b>	David Miller	1	Volume 2	3 Rural Environment Zone	3.3.6.2.	Oppose
Decision Requested	The clause/s be amended to read " Planting must not be,or within, 50m of the coastal marine area"					
<b>24</b>	David Miller	1	Volume 2	3 Rural Environment Zone	3.3.7.9.	Oppose
Decision Requested	Amend 3.3.7.9 to read " All trees must be felled away from a river( -----etc ) ,lake or significant wetland . I suspect clause 3.3.7.10 will act to virtually enforce my suggested change in any event.					
<b>25</b>	David Miller	1	Volume 2	2 General Rules	3.3.7.17.	Support in Part
Decision Requested	I believe there should be conditions placed on methods of positive sediment control in the form of detention dams , filter systems or other appropriate measures to arrest the deposition of sediments into receiving waters in sensitive areas.					
<b>123</b>	Don Miller	1	Volume 2	4 Coastal Environment Zone	4.3.6.1.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	The decision I seek from Council is					
	1. Change the provisions in Volume 2: Chapter 4 Coastal Environment Zone. Section 4.3.6.1, to incorporate the recommendations in the December 2015 Ulrich Report "Mitigating Fine Sediment from Forestry in Coastal Waters of the Marlborough Sounds". MDC Technical Report No: 15-009. and to consider my additions to those recommendations as outlined in my submission.					
	2. Consider my comments in relation to Carbon Sequestration Forests					
	43 Consider the cessation of all production forestry in the Coastal Environment Zone that threatens the ecosystems of the waters of The Marlborough Sounds, as the desirable <b>long term goal</b> of the MEP.					
<b>238</b>	Don Miller	1	Volume 1	11 Natural Hazards	Policy 11.1.21	Support in Part
Decision Requested	Strengthen the Land Instability Policy 11.1.21 and 11.M.9, Geotechnical Reporting Standards to reflect the points I have made in my submission					
<b>238</b>	Don Miller	2	Volume 1	11 Natural Hazards	11.M.9	Support in Part
Decision Requested	Strengthen the Land Instability Policy 11.1.21 and 11.M.9, Geotechnical Reporting Standards to reflect the points I have made in my submission.					
<b>241</b>	Don Miller	1	Volume 2	16 Coastal Marine Zone	16.7.5.	Support in Part
Decision Requested	The decision I seek from Council is that Rule 16.7.5 be amended to include the two points I have made above, as suggested in Research, survey and monitoring report number 824					
	I also seek that concepts such as artificial reef structures be discussed in relation to the enhancement and protection of significant marines sites.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>244</b>	Don Miller	1	Volume 2	4 Coastal Environment Zone	4.3.10.	Support in Part
Decision Requested	The decision I seek from Council is to see provision 4.3.10 retained but to have an addition provision providing for appropriate exemptions for pest monitoring and control activities.					
<b>245</b>	Don Miller	1	Volume 2	4 Coastal Environment Zone	4.7.	Support in Part
Decision Requested	The decision I seek from Council is that Intensively Farmed Livestock be defined as livestock on land that is Intensively Farmed					
<b>250</b>	Don Miller	1	Volume 1	19 Climate Change	Policy 19.1.2	Support
Decision Requested	The MDC must make the actions of Policy 19.1.2 of the utmost importance now to overcome past misconceptions of the impacts of climate change					
<b>973</b>	Ministry for Primary Industries	1	Volume 1	8 Indigenous Biodiversity	Policy 8.3.7	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>MPI would like to work with MDC to ensure that we can jointly pursue a more integrated approach to biodiversity protection, and to protect areas from the impacts of fishing under the Fisheries Act. MPI already has various projects underway (including within the Marlborough Sounds) looking at fishing activities that adversely impact the benthos.</p> <p>MPI therefore asks that MDC conduct additional section 32 analysis on proposed Rule 16.7.5 to address the matters raised in this submission.</p> <p>MPI asks that MDC, pending outcome of the additional Section 32 analysis, either:</p> <ol style="list-style-type: none"> <li>1. Does not proceed with Rule 16.7.5 (and associated policies at this time), or</li> <li>2. Includes a new policy for Rule 16.7.5, as follows:</li> </ol> <p><i>Within 5 years of the Regional Coastal Plan component of the Marlborough Environment Plan becoming operative undertake a review of the effectiveness of other mechanisms (including other legislative regimes) for achieving sustainable management of ecologically significant marine sites.</i></p> <p>MPI would prefer to work with MDC to protect areas from the impacts of fishing under the Fisheries Act. Alternatively, and if a new Marine Protected Areas Act is passed by Parliament, Council objectives in future could potentially be achieved under that legislative framework . Protected areas created in this way would contribute to a representative MPA network and New Zealand's commitments for marine protection under the Convention on Biological Diversity (CBD).</p> <p>The Fisheries Act provides a range of tools to achieve a balance between use and sustainability, and decisions on dealing with environmental impacts must be made while regarding relevant costs, benefits and risks. It ensures that potential environmental impacts of fishing are weighed up against benefits derived from fishing, leading to good fisheries management decisions.</p> <p>Aligning the different pieces of legislation will avoid duplication and result in an integrated, efficient and strategic way to manage marine protection in New Zealand.</p> <p>At a regional level, MPI would prefer to work in partnership with respective authorities to understand key environmental issues and to manage the impacts of fishing utilising the Fisheries Act.</p>

<b>973</b>	Ministry for Primary Industries	3	Volume 2	13 Port Zone	13.3.4.	Oppose
Decision Requested	<p>In-water cleaning of vessel hulls and structures is an important tool for both routine maintenance of early stage biofouling and emergency management of significant biosecurity risk (when using approved recapture technologies and suppliers). It is recognised under the Guidelines that the acceptability of in-water cleaning risk is dependent on factors such as vessel type, level and type of fouling (whether it is established in the location), and whether the capture of biofouling discharge will be achieved to an acceptable extent.</p> <p>MPI therefore requests that Marlborough District Council amend the provisions relating to the removal of biofouling to include provisions for in-water cleaning, with standards that take into consideration the guidance in the Australia and New Zealand Anti-fouling and In-water Cleaning Guidelines, specifically relating to the level, type and origin of fouling (including restricting in-water cleaning of vessels that have become fouled whilst overseas) and the method of in-water cleaning.</p>					
<b>973</b>	Ministry for Primary Industries	4	Volume 2	15 Marina Zone	15.3.3.	Oppose

<b>973</b>	Ministry for Primary Industries	5	Volume 1	5 Allocation of Public Resources	Policy 5.3.15	Support in Part
Decision Requested	<p>1. MPI recommends that the rule is updated to make it explicit that resource consent is not required for replanting existing forests where these exist within one of the afforestation flow sensitive sites. This could be done by inserting a new definition for afforestation which includes new commercial, woodlot and farm plantings but does not include replanting of forests established before the commencement date of the Marlborough Environment Plan.</p> <p>2. MPI recommends that Policy 5.3.15 be clarified by indicating whether the Council would consider that the threshold has been reached in these sensitive areas through a small number of applications for larger- scale commercial forestry (i.e. whole property planting), or whether they will be looking to have only a proportion of each property planted (i.e. woodlot planting).</p>					
<b>973</b>	Ministry for Primary Industries	6	Volume 1	5 Allocation of Public Resources	Policy 5.3.16	Support in Part
Decision Requested	<p>1. MPI recommends that Policy 5.3.16 be clarified by citing the supporting council research on the threshold calculations and indicating what the threshold would translate to (in forestry planting) for the respective sensitive areas. This information could be placed in the Policy or in one of the meta data fields for the map layer.</p> <p>2. MPI recommends that Policy 5.3.16 be clarified by indicating whether the Council would consider that the threshold has been reached in these sensitive areas through a small number of applications for larger- scale commercial forestry (i.e. whole property planting), or whether they will be looking to have only a proportion of each property planted (i.e. woodlot planting).</p>					
<b>973</b>	Ministry for Primary Industries	7	Volume 2	3 Rural Environment Zone	3.3.11.5.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>1. MPI seeks changes to the environment plan (section 3.3.11) that recognizes sustainable indigenous forest management as an activity distinct from vegetation clearance resulting in total forest removal.</p> <p>2. MPI seeks clarity on the interpretation of the vegetation clearance area rule as it pertains to the harvesting of single trees and/or groups of trees from intact indigenous forest. This will assist landowners in more accurately identifying what forest management activities, including indigenous timber harvesting under approvals issued pursuant to Part 3A of the Forests Act 1949, require a discretionary resource consent. The current rules and in fact the proposed rule do not provide clear guidance.</p> <p>3. MPI seeks a review of the amended rule for indigenous forest clearance over 6 metres in height as it applies to the Marlborough Sounds area, which by Council's own admission (Policy 8.3.2), does not have extent of habitat loss evidenced in southern Marlborough.</p> <p>4. Sustainable indigenous forest management should be permitted on forests that lie outside those areas recognised as Significant Natural Areas.</p>

Decision Requested	<p>Retain Policy 14.4.12 – The Omaka Valley is characterised by the following:</p> <ul style="list-style-type: none"> <li>(a) low, broad ridges, parts of which have been identified as having high amenity value and are included in the mapped Wairau Dry Hills Landscape;</li> <li>(b) limited building on ridgelines;</li> <li>(c) open character due to a lack of tall vegetation within the valley;</li> <li>(d) meandering watercourse patterns and topographical variation in the upper valley;</li> <li>(e) viticulture is a dominant land use;</li> <li>(f) with the exception of times around grape harvest, it is generally a low volume traffic environment;</li> <li>(g) lack of through roads;</li> <li>(h) a mix of land uses towards the lower valley where a more domesticated rural character is evident;</li> </ul>					
<b>364</b>	Ian Balfour Mitchell	164	Volume 1	14 Use of the Rural Environment	Policy 14.4.13	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Policy 14.4.13 – The Omaka Valley has been recognised as having specific amenity and rural character values that are to be maintained and enhanced as follows:					
	(a) enabling primary production activities as provided for in the underlying Rural Environment Zone;					
	(b) requiring resource consent for commercial forestry, to enable an assessment of this activity on the confined nature of the valleys in the Omaka Valley Area;					
	(c) including the ridgelines along the valleys within the Wairau Dry Hills Landscape;					
	(d) avoiding development in the form of buildings on the ridgelines surrounding the valleys;					
	(e) reducing the potential for 'industrialisation' within the Omaka Valley Area through controls on the height and scale of buildings associated with primary production activities;					
	(f) other than as provided for in Policy 14.3.1 and Policy 14.5.4, other activities not related to primary production in the Omaka Valley Area are to be avoided;					
	(g) maintaining a low volume traffic environment to maintain a peaceful and quiet environment within the Omaka Valley Area; and					
	(h) avoiding subdivision below eight hectares to help retain primary production options and a sense of openness within the Omaka Valley Area.					
<b>364</b>	Ian Balfour Mitchell	165	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.23	Support
Decision Requested	Retain Policy 15.1.23 – Avoid the discharge of animal effluent to fresh waterbodies and stock disturbance of river beds to the extent necessary to meet the management purposes established by Policy 15.1.1, by:					
	(a) preventing the direct discharge of collected animal effluent to water; and					
	(b) avoiding the access of intensively farmed stock to rivers.					
<b>364</b>	Ian Balfour Mitchell	166	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.5	Support

<b>13</b>	Rob Mounsey	1	Volume 1	13 Use of the Coastal Environment	13.	Support in Part
Decision Requested	<p>In accordance with Council's policy and objectives I proposed that a Marlborough Sounds Land Management Plan be established. The reclassification of the Marlborough Sounds land together with Council's obligations under Part XII of the RMA 1991 would redefine permitted uses. Detailed management plans for each permitted and other land based activities would be established. This would bring about current and up-to-date management practices to commence the path to sustainability and deal with sedimentation issues.</p>

<b>1073</b>	Robert Murdoch	8	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>1073</b>	Robert Murdoch	9	Volume 1	6 Natural Character	Issue 6A	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>1073</b>	Robert Murdoch	10	Volume 1	6 Natural Character	Objective 6.1	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>417</b>	Patrick John Murphy	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Delete the Minimum Flows and Levels for Water Takes applying to the Wairau Aquifer Central Springs Freshwater Management Unit, Wairau Aquifer Northern Springs Freshwater Management Unit and the Wairau Aquifer Urban Springs Freshwater Management Unit. <i>(Inferred)</i>					
<b>226</b>	Murphy Horticulture	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Remove the 100% blanket cut-off to Springs sector water users. There are significantly better options available to protect water than a 100% cut-off. Nelson has a significantly better system that includes stepped reductions in water use rather than the sledge hammer approach of 100% cut-off. This would allow the people of Marlborough to manage their water use in times of drought to ensure their businesses can survive</p> <p>Water users west of the 3 proposed areas use significantly more water per hectare than the 3 proposed area's so need to be included in any water protection measures. A better understanding of how water restrictions on certain areas will affect the aquifer is needed. We also need a better understanding of long term trends of the aquifer levels before setting lower limits and cut-off thresholds.</p>					
<b>215</b>	Musco Seafoods Limited	1	Volume 4	Overlay Maps		Oppose
Decision Requested	<p>Overall, we oppose the new overlays as notified until we are able to consider them alongside the provisions that relate to marine farming.</p> <p>We wish to be heard in support of these submissions.</p>					
<b>1287</b>	William P Musgrove	1	Volume 2	7 Coastal Living Zone	7.2.1.5.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>That Rule 7.2.1.5 is deleted (<i>inferred</i>).</p> <p>Council Must Request Permission from Riparian Landowners to Strip Their Existing Private Property Rights and Provide Compensation</p> <p>Only a fraction of riparian landowners are currently aware of the proposal. If the proposal is not dropped immediately, then before going any further into the assessment process, I would like to formally request from Council the following:</p> <ul style="list-style-type: none"> <li>• That the Council contact all riparian land owners in Marlborough, who's land the proposal directly affects/devalues, and to engage in consultation and to gather their submissions.</li> <li>• Request riparian landowner consent for the stripping of their private land rights.</li> <li>• Make available information relating to the quantity of riparian land sections in Marlborough and the valuation of each.</li> <li>• Provide a report by independent professionals assessing and quantifying the loss in market value of all and each privately owned riparian section should the proposal take effect.</li> <li>• Offer financial compensation at market rates.</li> </ul>					
<b>943</b>	Martina Naplawa	1	Volume 1	2 Background	Identifying regionally significant issues	Oppose
Decision Requested	Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities.					
<b>943</b>	Martina Naplawa	2	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Oppose

990	Nelson Forests Limited	151	Volume 2	4 Coastal Environment Zone	4.3.46.	Oppose
Decision Requested	Amend the Permitted Activity standards to provide for fire risk to the coastal environment. Refer to the direction taken by the Tasman District Council, as follows: <i>An event which is advertised for general public admission meets the following conditions:</i> <i>(iv) should the event be located in the high fire risk area as shown on the TRMP planning maps &amp; occurs between 1 October and 30 April, a fire preparedness plan is provided to the Rural Fire Authority for management in terms of its powers under the Forest Rural Fire Act 1977 &amp; adjacent landowners fourteen working days before the activity commences, which provides sufficient detail to satisfy the purposes for which it is required including:</i> <i>(a) the location, time &amp; duration of the event and the number of people expected to attend the event;</i> <i>(b) risk reduction measures including: briefing information for participants; management of spark hazardous activities (including smoking, lighting of fires &amp; barbeques); length &amp; dryness of grass; &amp; a cancellation procedure for the event if the Build Up Index (BUI) of the nearest remote access weather station forecasts or has a BUI reading of 80 or more, or a Fire Weather Index forecasts or reads 24 or higher;</i> <i>(c) fire readiness measures including water and equipment for firefighting; number of people on site trained in firefighting to NZQA or NZ Fire Service TAPS module standards; location of safe site areas; an evacuation plan with a stay/go procedure &amp; at least two escape routes to safe areas; a plan of how emergency services will access the site; an emergency notification process for organisers &amp; attendees &amp; a tested communication plan for phone or radio for communication with emergency services.</i>					
990	Nelson Forests Limited	152	Volume 2	4 Coastal Environment Zone	4.4.	Oppose
Decision Requested	Provide for commercial forestry replanting to be a Controlled Activity if the Permitted Activity standards cannot be met. The matters for control could include, but not be limited to, the following: <ul style="list-style-type: none"> <li>The natural clarity of a permanently flowing river, lake, wetland or the sea.</li> </ul>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
990	Nelson Forests Limited	153	Volume 2	4 Coastal Environment Zone	4.5.2.	Oppose
Decision Requested	Delete this Rule. Replace it with a rule (preferably a permitted or controlled activity rule) that fairly reflects the impacts of all land use activities associated with excavation , not one based on an arbitrary decision as to which types of land use the rule would apply to.					
990	Nelson Forests Limited	154	Volume 2	4 Coastal Environment Zone	4.6.4.	Oppose
Decision Requested	Provide for commercial forestry harvesting as a Permitted Activity.					
990	Nelson Forests Limited	155	Volume 2	4 Coastal Environment Zone	4.7.2.	Oppose
Decision Requested	Delete this Rule. Provide for this activity as a Restricted Discretionary Activity, with the discretion restricted to the following, including but not limited to, matters (or with words of similar effect):					
	<ul style="list-style-type: none"> <li>• The natural clarity of a permanently flowing river, lake, wetland or the sea.</li> <li>• The entry of woody organic material into a permanently flowing river, lake, wetland or the sea.</li> <li>• The restoration of vegetation on any excavation site.</li> </ul>					
990	Nelson Forests Limited	156	Volume 2	4 Coastal Environment Zone	4.7.9.	Oppose
Decision Requested	Allow for this activity as a Restricted Discretionary Activity. Insert the following matter for discretion (or with words of similar effect):					
	<ul style="list-style-type: none"> <li>• Climatic conditions</li> </ul>					
990	Nelson Forests Limited	157	Volume 1	1 Introduction	Guiding principles	Support in Part
Decision Requested	Review the Permitted Activity standards and provide for Controlled Activities to ensure the MEP aligns with this principle.					
990	Nelson Forests Limited	158	Volume 1	1 Introduction	Guiding principles	Support in Part
Decision Requested	Review the rationale and justification for having separate commercial forestry rules as compared to general activity rules. Delete the specific commercial forestry rules and re-instate the rules for land disturbance as per the previous plans as a measure to manage forestry operations before the proposed NES-PF is passed into law (April 2017).					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
990	Nelson Forests Limited	159	Volume 1	1 Introduction	Guiding principles	Support in Part
Decision Requested	Review the rationale and justification for having separate commercial forestry rules as compared to general activity rules. Delete the specific commercial forestry rules and re-instate the rules for land disturbance as per the previous plans as a measure to manage forestry operations before the proposed NES-PF is passed into law (April 2017).					
990	Nelson Forests Limited	160	Volume 1	1 Introduction	Guiding principles	Support
Decision Requested	Ensure the MEP provides for controls on the siting of houses and essential infrastructure below steep land, with natural hazards being a key driver.					
990	Nelson Forests Limited	161	Volume 1	2 Background	Identifying regionally significant issues	Oppose
Decision Requested	Revise this section of the MEP to fairly reflect the history of consultation.					
990	Nelson Forests Limited	162	Volume 1	2 Background	Working with others to sustainably manage Marlborough's natural and physical resources	Oppose
Decision Requested	Revisit the manner in which commercial forestry is treated in the MEP to ensure that there is equity between land users.					
990	Nelson Forests Limited	163	Volume 1	4 Use of Natural and Physical Resources	Issue 4A	Oppose
Decision Requested	Amend this paragraph as follows (or with words with similar effect) (bold) - <i>"The value of <b>the tall vegetation (eg areas of the conservation estate, which makes up 45% of Marlborough's land area, and commercial forests – 8%)</b> should not be underestimated. For example, the use of the Queen Charlotte Track, part of which occurs in the conservation estate, adds approximately \$10 million to the Marlborough economy annually. There are other ecosystem services provided by <b>the commercial forestry and the conservation estate</b> that, although not quantified in a monetary sense, contribute to social wellbeing, such as reducing flood risk, sustaining whitebait catches and other fish and game, <b>providing habitat, recreational opportunities and carbon sequestration.</b>"</i>					
990	Nelson Forests Limited	164	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Revisit the manner in which commercial forestry is treated in the MEP to ensure that there is equity between land users where the environmental effects of the activity are the same or less than other permitted activities (eg excavation and stock access to riverbeds / setbacks).					
<b>990</b>	Nelson Forests Limited	165	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Oppose
Decision Requested	Greater recognition needs to be given to the difference between the inner and outer Sounds areas based on land use, and regulation for commercial forestry needs to be reviewed and amended in light of this.					
<b>990</b>	Nelson Forests Limited	166	Volume 1	5 Allocation of Public Resources	5.	Oppose
Decision Requested	Delete the reference to viticulture – it infers that the council has picked this industry as being more important than others.					
<b>990</b>	Nelson Forests Limited	167	Volume 1	5 Allocation of Public Resources	Objective 5.1	Support
Decision Requested	Delete the provisions in the MEP controlling commercial forest planting and replanting in an afforestation flow sensitive site.					
<b>990</b>	Nelson Forests Limited	168	Volume 1	5 Allocation of Public Resources	Policy 5.2.18	Oppose
Decision Requested	Revisit this Policy and Permitted Activity rules to provide for short-term, minor diversions of water as Permitted Activities.					
<b>990</b>	Nelson Forests Limited	169	Volume 1	5 Allocation of Public Resources	Policy 5.2.19	Support in Part
Decision Requested	Amend the rules for diversion that are captured by the full discretionary consent activity to be restricted discretionary consents (higher limit) or controlled activities (at the lower limit) with the matters of discretion/control as provided by this policy and the addition of timeframe.					
<b>990</b>	Nelson Forests Limited	170	Volume 1	5 Allocation of Public Resources	Policy 5.2.20	Oppose
Decision Requested	Amend this Policy to provide a wider context of the purposes of dams.

<b>990</b>	Nelson Forests Limited	171	Volume 1	5 Allocation of Public Resources	Issue 5C	Oppose
Decision Requested	Delete the provisions in the MEP controlling commercial forest planting and replanting in an afforestation flow sensitive site.					
<b>990</b>	Nelson Forests Limited	172	Volume 1	5 Allocation of Public Resources	Policy 5.3.7	Support in Part
Decision Requested	Ensure that this Policy does not have any impact on the establishment and replanting of plantation forests in the region.					
<b>990</b>	Nelson Forests Limited	173	Volume 1	5 Allocation of Public Resources	Policy 5.3.15	Oppose
Decision Requested	Delete this Policy and associated rules.					
<b>990</b>	Nelson Forests Limited	174	Volume 1	5 Allocation of Public Resources	Policy 5.4.5	Oppose
Decision Requested	Ensure that this Policy does not have any impact on the establishment and replanting of commercial forests in the region.					
<b>990</b>	Nelson Forests Limited	175	Volume 1	6 Natural Character	Objective 6.1	Oppose
Decision Requested	Limit this Objective (and resultant policies) to only selected rivers, lakes and the coastal environment. Replace "establish the degree of natural character" with "identify areas of high natural character" (or with words of similar effect).					
<b>990</b>	Nelson Forests Limited	176	Volume 1	6 Natural Character	Policy 6.1.2	Oppose
Decision Requested	Rewrite the Policy to provide certainty as to when management will be applied and ensure that it will not be applied to existing commercial forest, OR Amend the Coastal Environment Zone to exclude NFL's commercial forestry blocks.					
<b>990</b>	Nelson Forests Limited	177	Volume 1	6 Natural Character	Policy 6.1.3	Oppose
Decision Requested	Exclude existing commercial forests from the coastal terrestrial zones and accurately reflect the detail of the rankings in Appendix 2.					
<b>990</b>	Nelson Forests Limited	178	Volume 1	6 Natural Character	Policy 6.1.5	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Reword the Policy to provide certainty as to extent (replace "adjacent") and focus on a list of rivers (rather than all watercourses).					
<b>990</b>	Nelson Forests Limited	179	Volume 1	6 Natural Character	Objective 6.2	Oppose
Decision Requested	Amend this Objective to apply to rivers that have natural character, not all rivers, as well as the coastal environment and lakes.					
<b>990</b>	Nelson Forests Limited	180	Volume 1	6 Natural Character	Policy 6.2.1	Oppose
Decision Requested	Reword the policy explanation to reflect how "avoid" is to be applied to rivers with high or very high natural character values where they are part of a working rural environment. Avoid in this context should still provide for access, crossings and minor adverse effects associated with these uses and adjacent land use activities.					
<b>990</b>	Nelson Forests Limited	181	Volume 1	6 Natural Character	Policy 6.2.3	Oppose
Decision Requested	Delete all references to freshwater bodies from this Policy and policy explanation.					
<b>990</b>	Nelson Forests Limited	182	Volume 1	6 Natural Character	Policy 6.2.4	Oppose
Decision Requested	Review the policy direction to enable non-regulatory methods to be used primarily, and only use regulatory methods where the adverse effects will be significant and long term.					
<b>990</b>	Nelson Forests Limited	183	Volume 1	6 Natural Character	Policy 6.2.6	Oppose
Decision Requested	Amend this policy to read (or with words of similar effect): <i>In assessing the appropriateness of subdivision, use or development in coastal or freshwater environments with Outstanding Natural Features or Landscapes, regard shall be given to the potential to enhance natural character in the affected area.</i>					
<b>990</b>	Nelson Forests Limited	184	Volume 1	6 Natural Character	Policy 6.2.7	Oppose
Decision Requested	Delete the Policy.					
<b>990</b>	Nelson Forests Limited	185	Volume 1	6 Natural Character	Policy 6.2.8	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Ensure equity, based on the adverse effects of the land use, for all setbacks in the region. Rules also need to be consistent with Policy 8.2.9(d). Notwithstanding this, any setbacks for plantation forestry should be in alignment with the proposed NES-PF.					
990	Nelson Forests Limited	186	Volume 1	6 Natural Character	6.M.1	Oppose
Decision Requested	Ensure equity, based on the adverse effects of the land use, for all setbacks and levels of regulation in the region. Notwithstanding this, any setbacks for plantation forestry should be in alignment with the proposed NES-PF.					
990	Nelson Forests Limited	187	Volume 1	7 Landscape	Policy 7.1.4	Oppose
Decision Requested	Either: Remove commercial forests from the High Amenity Value Landscape - Marlborough Sounds Coastal Landscape. Or Provide for the change in landscape as a normal function of this land use.					
990	Nelson Forests Limited	188	Volume 1	7 Landscape	Policy 7.2.1	Oppose
Decision Requested	This Policy will not apply to commercial forests within the Marlborough Sounds Coastal Landscape.					
990	Nelson Forests Limited	189	Volume 1	7 Landscape	Policy 7.2.3	Oppose
Decision Requested	Amend the Policy to state as follows (or with words of similar effect) (bold) - <i>"Control activities that have the potential to degrade the amenity values that contribute to those areas of the Marlborough Sounds Coastal Landscape not identified as being an outstanding natural feature and landscape by:</i>  <i>(a) using a non-regulatory approach as the means of maintaining and enhancing landscape values in areas of this landscape zoned as Coastal Living;</i> <i>(b) setting standards/conditions that are consistent with the existing landscape values and that will require greater assessment where proposed activities and structures exceed those standards; and</i> <i>(c) requiring <b>Controlled Activity</b> resource consent for commercial forestry activities <b>and Restricted Discretionary resource consent for new commercial forestry activities.</b>"</i>

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete this Policy and insert its matters for assessment, as well as: 1. The type of activity 2. The time of the year it takes place 3. The scale of the event as assessment criteria for a Restricted Discretionary Activity. Refer to the direction taken by the Tasman District Council, as follows: <i>An event which is advertised for general public admission meets the following conditions:</i> (iiv) <i>should the event be located in the high fire risk area as shown on the TRMP planning maps &amp; occurs between 1 October and 30 April, a fire preparedness plan is provided to the Rural Fire Authority for management in terms of its powers under the Forest Rural Fire Act 1977 &amp; adjacent landowners fourteen working days before the activity commences, which provides sufficient detail to satisfy the purposes for which it is required including:</i> (a) <i>the location, time &amp; duration of the event and the number of people expected to attend the event;</i> (b) <i>risk reduction measures including: briefing information for participants; management of spark hazardous activities (including smoking, lighting of fires &amp; barbecues); length &amp; dryness of grass; &amp; a cancellation procedure for the event if the Build Up Index (BUI) of the nearest remote access weather station forecasts or has a BUI reading of 80 or more, or a Fire Weather Index forecasts or reads 24 or higher;</i> (c) <i>fire readiness measures including water and equipment for firefighting; number of people on site trained in firefighting to NZQA or NZ Fire Service TAPS module standards; location of safe site areas; an evacuation plan with a stay/go procedure &amp; at least two escape routes to safe areas; a plan of how emergency services will access the site; an emergency notification process for organisers &amp; attendees &amp; a tested communication plan for phone or radio for communication with emergency services.</i>					
990	Nelson Forests Limited	218	Volume 1	11 Natural Hazards	Policy 11.1.21	Support in Part
Decision Requested	Amend the Policy to explicitly state the following (or with words of similar effect) (bold) - <i>"Locate new structures and works to:</i> (a) <i>avoid them being damaged from the adverse effects of land instability <b>both from within and external to the site</b>; and</i> (b) <i>avoid any increase in the adverse effects of slope instability that the structure or work may cause."</i>					
990	Nelson Forests Limited	219	Volume 1	13 Use of the Coastal Environment	Policy 13.14.2	Support in Part
Decision Requested	Amend this Policy to read as follows (or with words of similar effect) (bold) - <i>"The strategic importance of areas of the Marlborough Sounds as a transportation route for inter-island <b>&amp; international</b> shipping will be recognised as a 'National Transportation Route'."</i>  And, amend the first sentence of the explanation to the Policy to state as follows (or with words of similar effect) (bold) - <i>"The use of areas within the Marlborough Sounds for shipping provides a particularly important transport link between the North and South Islands <b>and internationally</b>."</i>					
990	Nelson Forests Limited	220	Volume 1	13 Use of the Coastal Environment	Policy 13.14.3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend this (a) of the Policy to read as follows (or with words of similar effect) (bold) - <i>"Ensure the following existing ports, marinas and community/commercial Jetties/landing areas continue to provide links between land transport modes and water transport to the Marlborough Sounds and beyond:  (a) ports of Picton (<b>including the port at Shakespeare Bay</b>) and Havelock;"</i>					
990	Nelson Forests Limited	221	Volume 1	13 Use of the Coastal Environment	Policy 13.15.1	Support
Decision Requested	Retain Policy.					
990	Nelson Forests Limited	222	Volume 1	13 Use of the Coastal Environment	13.	Oppose
Decision Requested	Amend paragraph 3 of the introduction as follows ((or with words of similar effect) (bold) - <i>"The deep water port of Picton, which includes Shakespeare Bay, plays a critical national role in the transportation of people and goods between the North and South Islands <b>and internationally</b>. The passage of vehicles and people through the port is closely related to the economic activity of the town's commercial and accommodation activities. Picton is an export/import port that acts as a base for commercial fishing vessels, marine farming and fishing activities. It provides facilities that enable people to access the Marlborough Sounds. <b>Shakespeare Bay is Marlborough's hub for the export of forestry products – predominantly logs, but also lumber</b>. Recently it has also become a popular port of call for cruise ships."</i>					
990	Nelson Forests Limited	223	Volume 1	13 Use of the Coastal Environment	Policy 13.17.1	Support
Decision Requested	Retain this Policy and Port zoning.					
990	Nelson Forests Limited	224	Volume 1	13 Use of the Coastal Environment	Policy 13.17.3	Support
Decision Requested	Retain this Policy.					
990	Nelson Forests Limited	225	Volume 1	13 Use of the Coastal Environment	Policy 13.18.3	Support
Decision Requested	Retain this Policy.					
990	Nelson Forests Limited	226	Volume 1	14 Use of the Rural Environment	Objective 14.3	Oppose
Decision Requested	Amend the Objective as follows (strike through) - <i>"Activities that are <del>not</del> related to primary production are appropriate to be located within rural environments."</i>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
990	Nelson Forests Limited	227	Volume 1	14 Use of the Rural Environment	Policy 14.3.1	Oppose
Decision Requested	<p>Amend the explanation to the Policy to state as follows (bold) -  <i>"Some activities, while not relying on the primary production potential of rural resources, are nonetheless closely linked with the rural environment. This includes outdoor recreation that frequently takes place in rural environments, whether organised through clubs or informally by individuals. Additionally, there are occasionally events of a limited duration that can occur within rural environments. Some flexibility is needed for the operation of these activities as they can provide for an important element in the economic and social wellbeing of the community. In both cases permitted activity standards will establish a framework to enable these activities to occur <b>while managing the risks associated with the activities.</b>"</i>  Also refer to the direction taken by the Tasman District Council, which has recently held hearings in association with this issue.</p>					
990	Nelson Forests Limited	228	Volume 1	14 Use of the Rural Environment	Policy 14.4.6	Oppose
Decision Requested	<p>Amend the Policy so that intent is clear and does not require interpretation.  Amend the Permitted Activity standard so that it aligns with the policy.</p>					
990	Nelson Forests Limited	229	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Oppose
Decision Requested	<p>Amend the paragraph 2 to read as follows (or with words of similar effect) (strike through and bold) -  <i>"The contribution that these uses and values make to the community's social and economic wellbeing and to public health means that maintaining the quality of water in Marlborough's coastal waters, rivers, lakes, wetlands and aquifers is essential. <del>Any reduction</del> <b>Reduction</b> in water quality is therefore a significant issue in Marlborough."</i></p>					
990	Nelson Forests Limited	230	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15A	Oppose
Decision Requested	<p>Amend the first paragraph of the explanation for the Issue as follows (strike through and bold) -  <i>"The good state of water quality in Marlborough's coastal waters, rivers, lakes, wetlands and aquifers makes them more vulnerable to point source and non-point source discharges. <del>Any deterioration</del> <b>Deterioration</b> in water quality would have dramatic implications for Marlborough's social, economic and cultural wellbeing, as good water quality is essential for a wide range of consumptive and non-consumptive uses. A reduction in water quality could also adversely affect freshwater and marine habitats. The main threats to water quality in Marlborough are described below."</i></p>					
990	Nelson Forests Limited	231	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15A	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the first and second paragraphs under the heading " <i>Natural processes</i> " as follows - <i>"In the context of the above, it is also important to note that natural processes may influence water quality. For example, groundwater quality often reflects the mineralogy of the aquifer it originated from, especially if the groundwater has high residence time. This means that some Marlborough groundwaters have high levels of naturally occurring contaminants such as salt, iron and arsenic. There is also potential for bacteria from the faeces of feral animals (e.g. goats, pigs and possums) and other wildlife to contaminate fresh and coastal waters.</i>  <del>Occasionally,</del> <i>Natural processes will result in sediment reaching both fresh and coastal water, particularly during rainfall events. This affects the clarity and turbidity of water and the resulting <del>dirty</del> <b>discoloured</b> waters can have an impact on freshwater and marine life."</i>					
990	Nelson Forests Limited	232	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15A	Oppose
Decision Requested	Review the Issue. If the issue is non-point source discharges, then make this clear. If it is not an issue of no-point source discharges, then delete this sentence and review the provisions that apply to the non-issue.					
990	Nelson Forests Limited	233	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1a	Oppose
Decision Requested	Amend the first paragraph of the explanation to the Objective to state as follows (or with words of similar effect) - <i>"Marlborough's coastal waters, rivers, lakes, wetlands and aquifers contain a diverse range of natural and human use values and are used extensively by the community. The existing water quality in the majority of our waterbodies is sufficient to support these values, but it is important that no <b>long term</b> degradation of water quality is allowed to occur. In addition....."</i>					
990	Nelson Forests Limited	234	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.1	Oppose
Decision Requested	Amend the explanation for this Policy to state as follows (or with words of similar effect) (strike through and bold) - <i>"This policy establishes a minimum expectation of water quality in Marlborough's rivers, lakes, wetlands, aquifers and coastal waters. The policy will be primarily implemented through the application of water quality classifications, against which the impact of point source discharges on water quality can be assessed in the preparation of permitted activity rules and the consideration of resource consent applications. The use of "potential" in the criteria reflects a community expectation that contact recreation and/or food gathering should <del>always</del> <b>generally</b> be able to be undertaken safely in coastal waters, rivers, lakes and wetlands. This policy assists to give effect to Policy A1, CA2 and D1 of the NPSFM and Policy 8 of the New Zealand Coastal Policy Statement 2010 (NZCPS)."</i>					
990	Nelson Forests Limited	235	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.3	Oppose
Decision Requested	Delete this Policy.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
990	Nelson Forests Limited	236	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.5	Support
Decision Requested	Retain this Policy.					
990	Nelson Forests Limited	237	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.25	Support in Part
Decision Requested	Amend the final paragraph of the explanation for the Policy to read as follows (or with words of similar effect) (strike through and bold) - <i>"In time <del>and as signalled in Policy 15.1.3</del>, the Council <del>will</del> <b>may</b> establish cumulative contaminant limits to assist with the effective management of the adverse effects of all discharges to freshwater within a catchment. These limits will be established as regional rules and will establish a maximum amount of resource use within a catchment for water quality outcomes. <b>If the adoption of good management practices provides sufficient management of non-point source discharges, regulation may not be required.</b>"</i>					
990	Nelson Forests Limited	238	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.27	Support in Part
Decision Requested	Amend the Policy to apply to all of the Marlborough region. Amend the Policy description to provide commentary on the effectiveness of riparian planting and the need for a practical planned approach to any planting to ensure that unintended adverse consequences are avoided.					
990	Nelson Forests Limited	239	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.29	Oppose
Decision Requested	Rewrite the Policy to fairly reflect the issues and ensure equity of application for all land uses. Any rules resulting from this Policy should either be a Permitted Activity (subject to performance standards) or a Controlled Activity.					
990	Nelson Forests Limited	240	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.31	Oppose
Decision Requested	Amend the explanation to the Policy to read as follows (or with words of similar effect) - <i>"Sections 12 and 13 of the RMA regulate the activity of disturbing the seabed and the bed of lakes and rivers, respectively. This disturbance usually releases sediment into water, effectively a nonpoint source discharge of contaminants. To ensure integrated management of the effects of bed disturbance, this policy signals that any water quality effects caused by such a discharge also need to be managed. <b>It is also accepted that some short term and minor discharges may occur in conjunction with an activity that aims to avoid further or sustained bed disturbance.</b>"</i>  <i>(Inferred)</i>					
990	Nelson Forests Limited	241	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.32	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Rewrite the Policy to ensure: <ol style="list-style-type: none"> <li>1. No interpretation is required</li> <li>2. Any clarity standards are meaningful and measurable</li> <li>3. Acknowledgement and acceptance of short term and/or minor bed disturbances</li> <li>4. Any rules resulting from this Policy should either be a Permitted Activity (subject to performance standards) or a Controlled Activity.</li> </ol>					
990	Nelson Forests Limited	242	Volume 1	15 Resource Quality (Water, Air, Soil)	15.M.16	Oppose
Decision Requested	Amend the second paragraph of the explanation to the Method to state as follows (or with words of similar effect) (bold) - <i>"Apply permitted activity standards to require rural land uses, with the potential to adversely affect water quality through non-point source discharges, to be setback from rivers, lakes, significant wetlands and coastal waters. <b>The required setbacks will be commensurate with the effects of the activity.</b>"</i>					
990	Nelson Forests Limited	243	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.3.3	Oppose
Decision Requested	Reword this Policy to state as follows (or with words of similar effect) (bold) - <i>"Control emissions from <b>newly consented (post 9 June 2016) large scale fuel burning devices outside the Blenheim airshed &amp; approve discharge permit applications, where the discharge will not be dangerous or noxious, or cause an offensive or objectionable effect beyond the boundary of the site(s) from where the discharge originates. Control emissions from existing (prior to 9 June 2016) large scale fuel burning devices outside the Blenheim Airshed &amp; approve discharge permit applications, where the discharge will not be dangerous or noxious, or cause an offensive or objectionable effect at the notional boundary of the nearest dwelling.</b>"</i>					
990	Nelson Forests Limited	244	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.2	Oppose
Decision Requested	Amend this Policy to state as follows (or with words of similar effect) (bold) - <i>"Encourage land management practices that:</i> <i>(a) maintain soil structure by:</i> <i>(i) avoiding or remedying soil compaction (<b>unless it is required for infrastructure stability</b>);</i> <i>(ii) avoiding the loss of soil organic matter; and</i> <i>(iii) avoiding or remedying the effects of increased sodium levels;</i> <i>(b) maintain nutrients at appropriate levels; and</i> <i>(c) retain topsoil in situ."</i>					
990	Nelson Forests Limited	245	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.3	Oppose
Decision Requested	Rewrite the Policy to fairly address the issues and ensure equity of application for all land uses. Any rules resulting from this Policy should either be a Permitted Activity (subject to performance standards) or a Controlled Activity.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
990	Nelson Forests Limited	246	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.4	Oppose
Decision Requested	Any rules resulting from this Policy should either be a Permitted Activity (subject to performance standards) or a Controlled Activity. The rainfall event return period should be stated and practical. Direction should be provided to determine how close a land use needs to be to any fresh waterbody or coastal water in the application of this Policy.					
990	Nelson Forests Limited	247	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.4.6	Oppose
Decision Requested	Reword the Policy to provide clear guidance and expand it to require significant focus / regulation on the eroding hill country around Blenheim and the Weld Pass. Any rules resulting from this Policy should either be a Permitted Activity (subject to performance standards) or a Controlled Activity.					
990	Nelson Forests Limited	248	Volume 1	15 Resource Quality (Water, Air, Soil)	15.M.39	Oppose
Decision Requested	Amend the first paragraph under the Method to read as follows (or with words of similar effect) (strike through and bold) - <i>"To work with <del>established</del> rural industry groups to develop and implement sustainable land management programmes. The initial focus will be on viticulture, pastoral farming (especially dairy and beef farming), arable farming and forestry, and <del>may</del> <b>will</b> extend to other rural activities if the need arises."</i> And, amend the third paragraph under the Method to read as follows (or with words of similar effect) (strike through and bold) - <i>"<del>Farm</del> <b>Sustainable land</b> management plans may assist rural property owners to identify appropriate responses to soil erosion issues on their land. The Council will help to develop such plans if requested."</i>					
990	Nelson Forests Limited	249	Volume 1	15 Resource Quality (Water, Air, Soil)	15.M.45	Oppose
Decision Requested	Amend the second paragraph under Method 15.M.45 as follows (strike through) - <i>"Undertake monitoring of the effect of specific land disturbance activities and land use changes on the soil resource. This can be implemented through monitoring required as a condition of resource consent or through state of the environment monitoring. <del>Monitoring the effects of forest harvest activities in the coastal environment of the Marlborough Sounds is a priority.</del>"</i> And, amend the description of the Method to focus on monitoring the effects of land use in the highly erodible loess soils in the Wither Hills and Weld Pass area.					
990	Nelson Forests Limited	250	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.5.1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the explanation to the Policy as follows (strike through) -  <i>"The Hazardous Substances and New Organisms Act 1996 (HSNO) states the minimum controls for the use, storage, transportation and disposal of all hazardous substances throughout New Zealand. Although the Council is able to impose additional and/or more stringent requirements, it is satisfied that the requirements imposed by HSNO regulations are sufficient to minimise the potential for inadvertent release of hazardous substances into the environment.</i>  <i>Exceptions to this policy include:</i> <i>(a) the use and storage of hazardous substances in groundwater protection areas and on river beds, due to the vulnerability of the aquifers and rivers to contamination; and</i> <i>(b) the discharge of hazardous waste to land or water.</i>  <i>In these circumstances, the Council will use its powers under the RMA to impose controls more stringent than the HSNO regulations."</i>					
990	Nelson Forests Limited	251	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.5.3	Support in Part
Decision Requested	Amend the explanation to the Policy to state as follows (or with words of similar effect) (bold) -  <i>"A majority of the sites on the Register are identified as potentially contaminated and are included on the basis of HAIL. However, the risk of human health effects or adverse effects on the environment is unclear. For this reason, the Council will <b>engage and work with affected parties to progressively screen those sites on the Register to determine the likely risk that the contaminants pose to human health and/or the surrounding environment. The degree of risk and the reasons will be recorded on the Register and shared with the affected parties.</b>"</i>					
990	Nelson Forests Limited	252	Volume 1	16 Waste	Issue 16A	Oppose
Decision Requested	Develop policies and methods to address the issue of illegal dumping of solid waste – whether it is on public or private land.					
990	Nelson Forests Limited	253	Volume 1	17 Transportation	Policy 17.4.1	Support in Part
Decision Requested	Amend the explanation to the Policy as follows (or with words of similar effect) (bold) -  <i>"A major method in the MEP for managing the efficiency of the road network is through identification of a road's function, which is established by the road hierarchy. It is important that subdivision or activities that generate traffic (whether on land or in the coastal marine area) are managed so that their location, density and/or scale does not impair the function of a particular road. <b>The functions of the roads (and hierarchy) must equally provide for expected rural/coastal industry transport needs.</b> Management will occur through district rules that describe where there is a need to consider the impacts of activities on the function of a road through <del>the</del> <b>a Controlled Activity</b> resource consent process."</i>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
990	Nelson Forests Limited	254	Volume 1	17 Transportation	Policy 17.5.6	Oppose
Decision Requested	<p>Amend the Policy as follows (strike through) -</p> <p><i>"Subdivision and land use activities shall avoid, remedy or mitigate adverse effects on the safety of and accessibility to the road network by ensuring:</i></p> <p><i>(a) buildings, vegetation and activities do not reduce clear sight lines for trains and road vehicles at level rail crossings or for vehicles at road intersections;</i></p> <p><i>(b) vegetation planted on land alongside rural roads is set back so that roads are not shaded and subjected to icing in winter;</i></p> <p><i>(c) adequate formal crossing facilities are provided where high levels of pedestrian activity are generated from an activity located adjacent to an arterial road or in a Business or Industrial zone;</i></p> <p><i>(d) activities do not create distractions for any road or rail users, including from glare, inappropriate lighting, smoke, <del>discharges</del> or other distractions;</i></p> <p><i>(e) vehicle crossing places and entrances from roads are constructed and maintained to standards appropriate to the circumstances of traffic volume, pedestrian and cycle movement and local traffic speed; and</i></p> <p><i>(f) new urban subdivisions and developments incorporate facilities for nonmotorised transport users, including:</i></p> <p><i>(i) footpaths or access ways intended to be used by both cyclists and pedestrians and their separation for safety reasons where practicable;</i></p> <p><i>(ii) provision for cycle traffic within road carriageways in such a way that lane width, design and surface finish are adequate to safely accommodate both motorised vehicles and cycles; and</i></p> <p><i>(iii) pedestrian access routes connecting residential areas, schools, shopping centres, recreation reserves and public transport collection points and terminals where appropriate."</i></p> <p>And, clarify what is mean by "<i>other distractions</i>" in clause (d).</p> <p>Amend the setback from roads for vegetation planting rule to align with the policy direction.</p> <p>Any rules resulting from this policy should either be a Permitted Activity (subject to performance standards) or a Controlled Activity.</p>					
990	Nelson Forests Limited	255	Volume 1	17 Transportation	Policy 17.6.1	Oppose
Decision Requested	<p>Amend the Policy as follows (or with words with similar effect) (bold) -</p> <p><i>"Maintain amenity values in rural and urban areas by encouraging the use of national and arterial routes by high volumes of traffic and heavy vehicles and discouraging high volume and heavy traffic use of collector routes and local routes, <b>when they do not need to use these roads to access their freight/produce</b>, particularly where these pass through residential areas."</i></p> <p>And, amend the explanation to the Policy as follows (or with words with similar effect) (bold) -</p> <p><i>"The current state of vehicle technology in New Zealand means that noise and vehicle emissions can be expected from the operation of vehicles on roads. There is little the MEP can do to modify those conditions. However, the Council can control the extent of these effects by adopting a road hierarchy, which encourages higher volumes of traffic and heavy traffic movements on certain routes and discourages them on others. An exception is made for some primary production activities, which need to use collector and local routes to transport produce to processing facilities, <b>ports or customers</b>."</i></p>					
990	Nelson Forests Limited	256	Volume 1	17 Transportation	Policy 17.6.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete (a) of the Policy as follows (strike through) - " <del>(a) adverse effects on air and water quality, including from contaminated run-off from roads discharging into water or onto or into land;</del> " (Inferred) And, amend the explanation to the Policy to state as follows (or with words with similar effect) (bold) - " <i>It is important that where new roads or extensions or upgrading of existing roads are proposed that the effects identified in this policy are avoided, remedied or mitigated, <b>and that the improved safety and wellbeing for communities when roads are upgraded is recognised.</b></i> "					
<b>990</b>	Nelson Forests Limited	257	Volume 1	19 Climate Change	Objective 19.1	Support
Decision Requested	Retain this Objective.					
<b>990</b>	Nelson Forests Limited	258	Volume 1	19 Climate Change	Objective 19.2	Support
Decision Requested	Retain this Objective. <i>(Inferred)</i>					
<b>990</b>	Nelson Forests Limited	259	Volume 1	19 Climate Change	19.	Oppose
Decision Requested	Insert the following policy (or words with similar effect) into the Climate Change Section - " <b>Establishing both plantation forests and carbon sequestration forests is a matter of national priority and will be supported by rules and other methods in the MEP.</b> "					
<b>990</b>	Nelson Forests Limited	260	Volume 4	Zoning Maps		Oppose
Decision Requested	Delete Significant Wetlands: W972-Storeys Creek, W92-Langley Dale, W1368 & W1369-Bartletts, W87 & W779-Pine Valley, W777-Top Valley, W203-Glengyle, W989-Arnotts, W377-Denckers. <i>This subpoint has been covered in subpoints 990.200 to 990.209.</i>					
<b>990</b>	Nelson Forests Limited	261	Volume 4	Zoning Maps		Oppose
Decision Requested	Amend the Coastal Environment Zone to exclude NFL's plantation forestry blocks.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
280	Nelson Marlborough District Health Board	1	All	All		Support in Part
Decision Requested	Please see attached submission.					
280	Nelson Marlborough District Health Board	2	Volume 1	All		Support
Decision Requested	It is considered that the MEP would be more workable and user-friendly through merging and simplifying a large number of objectives and policies which seek overlapping outcomes, both within and between chapters. In achieving this, the style of the earlier part of Chapter 15 (relating to water) whereby Objectives are grouped together with a suite of policies below to collectively achieve those aims may be a good option. This section of the chapter avoided duplication and was found to be well set out and easy to follow.					
280	Nelson Marlborough District Health Board	3	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Provide definitions for the different terms used for water supplies which are consistent with other existing legislation.					
280	Nelson Marlborough District Health Board	4	Volume 1	2 Background	Integrated management of the Marlborough environment	Support in Part
Decision Requested	<p>Amend the wording of the definition of integrated management to the following:  <i>'Integrated management is an active process of managing the use, development and protection of natural and physical resources as a whole and recognises the following:</i>  ...  <i>(d) That natural and physical resources cannot be managed without having regard to the social, economic, and cultural <b>and health and safety</b> interests of the community.</i>  ...'</p> <p>Amend the first sentence of the explanation to the following:  <i>'The social, economic and cultural wellbeing <b>and health and safety</b> of our community relies on the use, development and protection of our land, water, air, soil, mineral and energy resources, plants and animals and structures.'</i></p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
280	Nelson Marlborough District Health Board	5	Volume 1	2 Background	Working with others to sustainably manage Marlborough's natural and physical resources	Support in Part
Decision Requested	That the Nelson Marlborough District Health Board Public Health Service is identified under the 'Statutory agencies' section.					
280	Nelson Marlborough District Health Board	6	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Support in Part
Decision Requested	That the explanation to Issue 4B recognises healthcare services and facilities as regionally significant infrastructure. That a definition is included in the MEP for 'healthcare services and facilities' which provides for physical and mental health facilities and services including, but not necessarily limited to, the Wairau Hospital, emergency services, general practices, and community support services.					
280	Nelson Marlborough District Health Board	7	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Support in Part
Decision Requested	<p>That the wording of the explanation to Objective 4.2 is amended to the following:  <i>'... This includes the ability to <b>operate</b>, maintain, upgrade, and replace <b>and expand</b> existing infrastructure.'</i></p> <p>That an objective is included which recognises the importance of the establishment of regionally significant infrastructure.</p> <p>That policies are provided which give effect to Objective 4.2 in relation to existing regionally significant infrastructure (including the above recommended amendments) and the above recommended objective relating to the establishment of regionally significant infrastructure.</p>					
280	Nelson Marlborough District Health Board	8	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Support in Part
Decision Requested	Amend Policy 4.2.1 so that 'healthcare services and facilities' is explicitly listed and provided for, as defined in point 5. above.					
280	Nelson Marlborough District Health Board	9	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.2	Support in Part
Decision Requested	Amend the wording of the explanation to Policy 4.2.2 to the following: 'The effective and efficient operation of regionally significant infrastructure can be protected by avoiding the establishment of incompatible activities in locations where reverse sensitivity effects may arise close proximity to the infrastructure in the first place.'					
280	Nelson Marlborough District Health Board	10	Volume 1	5 Allocation of Public Resources	5.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That the chapter is renamed so that it explicitly relates to the allocation of freshwater resources and coastal space (or occupation).					
<b>280</b>	Nelson Marlborough District Health Board	11	Volume 1	5 Allocation of Public Resources	5.	Support in Part
Decision Requested	That the second paragraph of the introduction recognises that the allocation of public resources is integral to the health and safety of people and communities, including the provision of an example for the reader.					
<b>280</b>	Nelson Marlborough District Health Board	12	Volume 1	5 Allocation of Public Resources	Objective 5.2	Support in Part
Decision Requested	Amend the wording of the explanation to Objective 5.2 to the following: 'The natural and human use values supported by Marlborough's freshwater bodies are important to retain given their contribution to the social, economic and cultural wellbeing and health and safety of the community.'					
<b>280</b>	Nelson Marlborough District Health Board	13	Volume 1	5 Allocation of Public Resources	Policy 5.3.1	Support in Part
Decision Requested	That the consumptive uses and order of priority for water allocation are reviewed and that municipal water supply is given a higher priority which recognises its importance as a critical use and provides consistency with Policy 5.3.4 of the MEP.					
<b>280</b>	Nelson Marlborough District Health Board	14	Volume 1	5 Allocation of Public Resources	Policy 5.3.4	Support in Part
Decision Requested	Consider expanding Policy 5.3.4 to also include networked community water supplies not administered by the MDC.					
<b>280</b>	Nelson Marlborough District Health Board	15	Volume 1	5 Allocation of Public Resources	Policy 5.3.11	Support in Part
Decision Requested	Amend the wording of Policy 5.3.11 so that it provides for reverse sensitivity effects on other activities including the effects of a water take on existing lawful point source discharges and the ability to maintain adequate assimilative capacity within receiving waters to ensure adverse effects on people's safety or the environment do not arise.					
<b>280</b>	Nelson Marlborough District Health Board	16	Volume 1	9 Public Access and Open Space	Policy 9.3.7	Support in Part
Decision Requested	Amend the explanation to Policy 9.3.7 to recognise the importance of walking and cycling linkages in supporting connected neighbourhoods and communities, active transport options, and reducing vehicle and fossil fuel usage.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
280	Nelson Marlborough District Health Board	17	Volume 1	9 Public Access and Open Space	Policy 9.3.9	Support in Part
Decision Requested	<p>That the following amendments ( strike through bold and bold) are made to Policy 9.3.9:</p> <p><i>Policy 9.3.9 – In assessing the impacts of subdivision or development through resource consent applications, consideration shall be given to the need for public open space and recreation areas to provide for:</i></p> <p><i>(a) additional neighbourhood parks needed as a result of additional residential and visitor accommodation across Marlborough;</i></p> <p><i>(b) additional open space necessary for visual relief and plantings amongst the built environment; <del>and</del></i></p> <p><i>(c) the development of neighbourhood parks and open space areas that are <b>safe, useable and enjoyable</b> <del>and</del></i></p> <p><b><i>(d) the development of walking and cycling linkages to support connected neighbourhoods and communities, active transport options, and recreational opportunities.</i></b></p>					
280	Nelson Marlborough District Health Board	18	Volume 1	12 Urban Environments	Objective 12.1	Support in Part
Decision Requested	Amend Objective 12.1 to recognise and provide for compatible and appropriately managed mixed use developments within residential zones.					
280	Nelson Marlborough District Health Board	19	Volume 1	12 Urban Environments	Policy 12.1.3	Support in Part
Decision Requested	Re-consider the potential policy outcomes of not providing for infill development, smaller lot sizes and greater density in Urban Residential 2 Zone (in addition to providing for intensification development) in relation to addressing Issue 12A of the MEP (providing for flexibility in the size and type of dwelling options available including in relation to an aging population and increase in single person households) and providing for consolidated development (e.g. Policy 17.6.3)					
280	Nelson Marlborough District Health Board	20	Volume 1	12 Urban Environments	Policy 12.2.1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the wording of Policy 12.2.1 to the following: <i>'The character and amenity of residential areas within Marlborough's urban environments will be maintained and enhanced by:</i> (a) <i>providing for a range of areas with different residential densities and lot sizes, including for infill, greenfield and large lot developments</i> (b) <i>ensuring there are residential areas within walkable distance to community, social and business facilities</i> (c) <i>providing for sufficient <b>open spaces and parks</b> that are <b>equitably distributed</b>, and integrated, <b>accessible and safe, and vary in size, form and their use including through incorporating diverse aspects such as streets, walkways, vegetation and views</b> <del>open spaces and parks to meet people's recreational needs</del></i> (d) <i><b>providing for walking and cycling linkages to support connected neighbourhoods and communities, active transport options, and recreational opportunities</b></i> (e) <i>higher standards of <b>urban design that positively contributes to public space amenity and safety</b>, visual interest and <b>amenity and activity</b></i> (f) <i>ensuring people's health and wellbeing through good building design, including energy efficiency and the provision of natural light; and</i> (g) <i>effective and efficient use of existing and new infrastructure networks.</i>					
<b>280</b>	Nelson Marlborough District Health Board	21	Volume 1	12 Urban Environments	Policy 12.3.3	Support in Part
Decision Requested	Amend Policy 12.3.3 to recognise and provide for compatible and appropriately managed mixed use developments within all residential areas.					
<b>280</b>	Nelson Marlborough District Health Board	22	Volume 1	12 Urban Environments	Policy 12.4.2	Support in Part
Decision Requested	Amend Policy 12.4.2 to recognise residential living as an accepted activity within the central business areas of Blenheim and Picton.					
<b>280</b>	Nelson Marlborough District Health Board	23	Volume 1	12 Urban Environments	Policy 12.6.2	Support in Part
Decision Requested	Provide separate policies for amenity outcomes sought for business and industrial zones and amend the wording of Policy 12.6.2 to the following: <i>'Development <del>of activities in business or industrial</del> zones will provide good amenity outcomes through the following:</i> (a) <i>ensuring people's health and wellbeing are maintained and enhanced through good building design</i> (b) <i>requiring a high standard <b>of design that positively contributes to amenity, public safety and</b> visual interest and <del>amenity qualities</del> (noise levels, minimal dust and odour, privacy, overall volumes of traffic movements, building bulk and density and access to daylight, <b>street lighting and visibility</b>)</i> (c) <i><b>ensuring a layout that allows easy access for people of all ages and abilities, is convenient and safe for pedestrians and cyclists, and includes connections within the development and/or with surrounding areas and services</b></i> (d) <i>providing planting on road reserve</i> (e) <i>requiring integration of landscaping on individual allotments to soften the appearance of buildings fronting the road in areas outside of the streets identified in Appendix 18.</i>					
	That the permitted activity standards for commercial activity (rules 9.3.1 and 10.3.1.1), and large format retail (rule 11.3.1) reflect the above changes					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
280	Nelson Marlborough District Health Board	24	Volume 1	14 Use of the Rural Environment	Policy 14.1.2	Support in Part
Decision Requested	Amend the wording of Policy 14.1.2 to the following: 'Subdivision <b>location, density and</b> parcel size in rural environments shall ensure there is adequate choice for primary production and avoids the fragmentation of land for primary productive use.'					
280	Nelson Marlborough District Health Board	25	Volume 1	14 Use of the Rural Environment	Policy 14.1.4	Support in Part
Decision Requested	Amend Policy 14.1.4 to address potential adverse effects on the health and safety of people and the ability of adjacent landowners to enjoy their land.					
280	Nelson Marlborough District Health Board	26	Volume 1	14 Use of the Rural Environment	Policy 14.1.5	Support in Part
Decision Requested	Review the volume of water required to be of a drinking water standard to ensure that it is both reasonable and feasible.					
280	Nelson Marlborough District Health Board	27	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.24	Support in Part
Decision Requested	Include a policy that requires operators to appropriately locate, design, construct and manage treatment and/or spill response facilities (where appropriate) for hazardous substances.  That the same or similar policy is required in relation to preventing or mitigating the contamination of soils (for instances where activities do not occur on impervious surfaces where stormwater contamination is of more concern).					
280	Nelson Marlborough District Health Board	28	Volume 1	15 Resource Quality (Water, Air, Soil)	15.M.11	Support in Part
Decision Requested	That Method 15.M.11 is amended to include the Nelson Marlborough District Health Board as one of the parties to liaise with in determining uses and values of waterbodies.					
280	Nelson Marlborough District Health Board	29	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.32	Support in Part
Decision Requested	Amend Policy 15.1.32 to include a criterion for considering the effects of sedimentation on the aquatic/marine environments and associated social, cultural and economic values of areas not identified within Schedule 1 of Appendix 5 or Appendix 2 of the MEP.					
280	Nelson Marlborough District Health Board	30	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.2.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the wording of Policy 15.2.3 to the following: 'Require all new <b>and replacement</b> multi-fuel <b>and wood</b> burning appliances to comply with the National Environmental Standards for Air Quality design standard for wood burning appliances'					
<b>280</b>	Nelson Marlborough District Health Board	31	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.2.3	Support in Part
Decision Requested	Amend the wording of Policy 15.2.3 to the following: 'Require all new and replacement multi-fuel and wood burning appliances to comply with the National Environmental Standards for Air Quality design standard for wood burning appliances'					
<b>280</b>	Nelson Marlborough District Health Board	32	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.3.5	Support in Part
Decision Requested	Amend the wording of Policy 15.3.5 to the following: 'Manage the discharge of contaminants to air not specifically provided for in Policies 15.2.1 to 15.2.3 or 15.3.1 to 15.3.4 by: ... (c) avoiding or mitigating adverse effects on any other values <b>including as a result of cross media effects between air and other receiving environments</b> .					
<b>280</b>	Nelson Marlborough District Health Board	33	Volume 1	15 Resource Quality (Water, Air, Soil)	15.M.30	Support in Part
Decision Requested	Amend Method 15.M.30 so that the community is well informed about how to operate their wood burners correctly to ensure more efficient heating and less pollution. This includes burning the right wood (dry, seasoned hardwood; no chemical treatment or rubbish) the right way (hot and not smouldering fire, not overloading the appliance).

Decision Requested	In 11.2.2.2 replace "at the boundary of, or within" with "at any point within".					
	Replace "dBA LAeq" with "dB LAeq" here and THROUGHOUT THE PLAN.					
	Note: The scope of relief sought is intended to include amendments to the like effect arising from consolidation, re-ordering or expansion of like provisions in this section or elsewhere in the plan, or consequential amendments to this proposed section, as a result of decisions about other parts of the plan.					
<b>280</b>	Nelson Marlborough District Health Board	213	Volume 3	All		Support in Part
Decision Requested	Allow the provision in part and amend as follows: AND CONSEQUENTIALLY AMEND THROUGHOUT VOLUMES 2 AND 3 OF THE PLAN Replace in all rules occurrences of the term "dBA LAeq" with "(dB LAeq)"					
	Note: The scope of relief sought is intended to include amendments to the like effect arising from consolidation, re-ordering or expansion of like provisions in this section or elsewhere in the plan, or consequential amendments to this proposed section, as a result of decisions about other parts of the plan.					
<b>509</b>	Nelson Marlborough Fish and Game	1	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Amend the definition to enable planting for the purposes of environmental enhancement to occur.					
<b>509</b>	Nelson Marlborough Fish and Game	2	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Amalgamate the definitions to allow for excavation and filling of land as a single definition.					
<b>509</b>	Nelson Marlborough Fish and Game	3	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Amalgamate the definitions to allow for excavation and filling of land as a single definition.					
<b>509</b>	Nelson Marlborough Fish and Game	4	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Retain the definition with amendment to include all cattle on low-land farms (excluding high country farmed cattle) not just cattle on irrigated land or contained for break-feeding of winter feed crops in recognition that all cattle farmed on lowland areas have the same impacts, particularly when entering onto or passing across the bed of a river.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>509</b>	Nelson Marlborough Fish and Game	5	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Fish and Game seek to amend the definition of intensive farming to remove (e) land based aquaculture from the definition and to specifically exclude the fish farm operated by Ormond Aquaculture Ltd on Keith Coleman Lane as effects from land based aquaculture activities are most appropriately addressed through discharge to water consents.					
<b>509</b>	Nelson Marlborough Fish and Game	6	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Amend the definition of Passive Recreation to include outdoor recreation, and to better reflect the nature of these activities that require minimal facilities or development and as a result, have negligible impact on the surrounding environment.					
<b>509</b>	Nelson Marlborough Fish and Game	7	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Amend the definition of wetland to remove the wording "but this does not include these areas where they are entirely man made" and amend definition to ensure that improved pasture/crop areas are considered as wetlands.					
<b>509</b>	Nelson Marlborough Fish and Game	8	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	Fish and Game seek to ensure that all remaining wetlands in the Marlborough Region be identified as significant wetlands given their global rarity and to recognise the diverse, complex and productive nature of these ecosystems. In particular, Fish and Game also seek to ensure that Lake Elterwater is recognised as a significant wetland due to its local significance as game bird and waterfowl habitat.					
<b>509</b>	Nelson Marlborough Fish and Game	9	Volume 1	1 Introduction	1.	Support in Part
Decision Requested	Sections 6 and 7 should be either removed altogether or quoted in full.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
509	Nelson Marlborough Fish and Game	10	Volume 1	2 Background	How to use the MEP	Oppose
Decision Requested	<p>This section of the Plan needs to be amended to better reflect the full range of policy settings and stances available under the RMA, from protection through to enabling. The RMA is not only about enabling. While Section 5 of the RMA enables people and communities to provide for their social, economic and cultural well-being this enabling is undertaken in the context of sustaining the potential of natural and physical resources, safeguarding the life-supporting capacity of air, water, soil and ecosystems and avoiding, remedying or mitigating any adverse effects on the environment. For freshwater matters, an environmental bottom line approach applies, in order to give effect to the National Policy Statement on Freshwater Management 2014</p> <p>Clarification should be made that the "Sections 12, 13, 14 and 15" referred to are in fact sections of the Resource Management Act and not sections of the PMEP.</p>					
509	Nelson Marlborough Fish and Game	11	Volume 1	2 Background	How to use the MEP	Oppose
Decision Requested	<p>Amend the description of what it means to "avoid" adverse effects to reflect the meaning of "not allow" or "prevent the occurrence of" clarified through the King Salmon Supreme Court decision. Consequently, those policies using the term 'avoid' should be amended and interpreted to reflect this same meaning and not remediation or mitigation as suggested in the existing explanation.</p>					
509	Nelson Marlborough Fish and Game	12	Volume 1	2 Background	How to use the MEP	Oppose
Decision Requested	<p>Amend the description of what it means to "protect" to reflect the meaning that the adverse effects to be avoided, and what is inappropriate should be assessed with reference to what is being 'protected' clarified through the King Salmon Supreme Court decision. Consequently, those policies using the term 'protect' should be amended and interpreted to reflect this same meaning and not in the "number of ways" as the Plan suggests.</p>					
509	Nelson Marlborough Fish and Game	13	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	<p>Clarify the relationship between water resource availability and the allocation limits set to ensure that limits set are actually within a realistic standard and align with the requirements of the draft National Environmental Standard on Flow Setting (2008). Introduce new objectives, policies, and rules to underpin freshwater management, environmental flow and level setting, and surface and groundwater allocation in the Marlborough Region.</p>					
509	Nelson Marlborough Fish and Game	14	Volume 1	4 Use of Natural and Physical Resources	Issue 4A	Support in Part
Decision Requested	<p>Amend the issue to reflect the importance of the "sustainable management" of "natural and physical resources".</p>					
509	Nelson Marlborough Fish and Game	15	Volume 1	4 Use of Natural and Physical Resources	Objective 4.1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Remove the objective as currently worded and replace it with something that provides clear guidance on how success of the primary production and tourism sectors will be measured.					
<b>509</b>	Nelson Marlborough Fish and Game	16	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.1	Oppose
Decision Requested	Remove the policy in its entirety.					
<b>509</b>	Nelson Marlborough Fish and Game	17	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.2	Support in Part
Decision Requested	Fish and Game seek to amend the policy to better reflect the intent of the explanation or include an additional separate policy as currently there is disconnect between the policy and its explanation. Fish and Game also seek that the wording of the policy be updated to refer to both natural and physical resources					
<b>509</b>	Nelson Marlborough Fish and Game	18	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.3	Support in Part
Decision Requested	Retain the policy with amendment to ensure that both natural and physical resources are maintained or enhanced.

509	Nelson Marlborough Fish and Game	32	Volume 1	5 Allocation of Public Resources	Policy 5.2.1	Support in Part
Decision Requested	Retain the policy with amendments that clarify the natural and human use values of freshwater management units and the relationship between freshwater management units and water resource units.					
509	Nelson Marlborough Fish and Game	33	Volume 1	5 Allocation of Public Resources	Policy 5.2.2	Support
Decision Requested	Retain as proposed.					
509	Nelson Marlborough Fish and Game	34	Volume 1	5 Allocation of Public Resources	Policy 5.2.3	Support in Part
Decision Requested	Retain the policy with amendments that ensure that take, use, damming or diversion of water is prohibited from all waterbodies identified as having at least high natural character.					
509	Nelson Marlborough Fish and Game	35	Volume 1	5 Allocation of Public Resources	Policy 5.2.4	Support in Part
Decision Requested	<p>Retain the policy with amendments that apply a consistent approach to the setting of environmental flows/levels which takes into account the values of the particular waterbodies as well as the desire to protect the specific attributes identified in Policy 5.2.4.</p> <p>Amend Policy 5.2.4 as follows (additions underlined):</p> <p>(b) protect or enhance instream habitat and ecology, <u>including the habitat of trout and salmon</u></p> <p>(c) maintain <u>or enhance</u> fish passage and fish spawning grounds;</p> <p>(e) maintain water quality <u>and enhance it where this has been degraded</u>;</p> <p>(g) maintain <u>or enhance the following values</u>:</p> <ul style="list-style-type: none"> <li>• Amenity values</li> </ul> <p><u>Recreational values</u></p> <p><u>Riparian vegetation</u></p> <ul style="list-style-type: none"> <li>• <u>Public access to and along the margins of waterways</u></li> </ul>					
509	Nelson Marlborough Fish and Game	36	Volume 1	5 Allocation of Public Resources	Policy 5.2.5	Support in Part
Decision Requested	Retain the policy with amendments that amend Policy 5.2.5 to replace the use of the term prevent with avoid.					
509	Nelson Marlborough Fish and Game	37	Volume 1	5 Allocation of Public Resources	Policy 5.2.6	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Fish and Game seek that 24-hour averaging is replaced with "on an instantaneous basis by way of a hydrological model." The use of 24-hour daily flow averaging to assess when irrigation restrictions are triggered is problematic due to fluctuations in flow, sometimes large, over a 24 hour period, due to natural variance, abstraction and/or hydro generation. This is particularly problematic during periods of low flow and when large volumes of water have been allocated for abstraction. Using a 24 hour average flow can enable abstractive use to manipulate flows substantially below the minimum for significant periods of time. An instantaneous minimum flow can be implemented as a synthetic flow at particular points on the river through the adoption of a hydrological model that filters out the effect of fluctuating inputs into the main stem Wairau from the Branch River hydro scheme, taking into account transit time, inputs from higher catchment recorders, and the existing recorder. The rules for this model should be written into the MEP by way of an Appendix, to ensure clarity, transparency, and consistency for all users.					
<b>509</b>	Nelson Marlborough Fish and Game	38	Volume 1	5 Allocation of Public Resources	Policy 5.2.7	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	39	Volume 1	5 Allocation of Public Resources	Policy 5.2.8	Oppose
Decision Requested	Remove the policy and replace it with a policy that ensures that limits cannot be changed without a plan change through the First Schedule process.					
<b>509</b>	Nelson Marlborough Fish and Game	40	Volume 1	5 Allocation of Public Resources	Policy 5.2.9	Support in Part
Decision Requested	Having regard to adverse effects does not provide any protection or mitigation to waterbodies from the instantaneous rate of take. The policy does not provide sufficient direction for decision makers. It also potentially sets up two classes of river, permanently flowing rivers and those that are ephemeral, and creates the risk of a more lax environmental management regime for those rivers. Fish and Game seek to retain the policy with amendments that avoid adverse effects on any waterbody from an instantaneous rate of take.					
<b>509</b>	Nelson Marlborough Fish and Game	41	Volume 1	5 Allocation of Public Resources	Policy 5.2.10	Support in Part
Decision Requested	The policy takes into account the connectivity of waterbodies and the contribution that intermittently flowing rivers make to hydrology in other waterbodies. However, the policy requires amendment to ensure that the values of the intermittently flowing rivers are also recognised and protected. Fish and Game seek to retain the policy with amendments that ensure that the values of the intermittently flowing rivers are recognised and protected.					
<b>509</b>	Nelson Marlborough Fish and Game	42	Volume 1	5 Allocation of Public Resources	Policy 5.2.11	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	43	Volume 1	5 Allocation of Public Resources	Policy 5.2.13	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Fish and Game seek that the intent of this policy be more clearly outlined to clearly explain how the limit will be set to maintain biodiversity and the values identified for the FMU. The policy needs to be amended in a manner that splits the policy to deal with the setting of limits and the avoidance of over allocation.					
<b>509</b>	Nelson Marlborough Fish and Game	44	Volume 1	5 Allocation of Public Resources	Policy 5.2.14	Support
Decision Requested	Retain as proposed, or where studies indicate a higher or lower (than that proposed in the NES) percentage allocation is necessary to preserve values, this should instead be adopted.					
<b>509</b>	Nelson Marlborough Fish and Game	45	Volume 1	5 Allocation of Public Resources	Policy 5.2.15	Support in Part
Decision Requested	Retain the policy with amendments that provide clarity on the situations where it is "identified as necessary" that the flow variability of rivers be protected. Where flow sharing is identified as appropriate, the plan needs to signal how this will be implemented.					
<b>509</b>	Nelson Marlborough Fish and Game	46	Volume 1	5 Allocation of Public Resources	Policy 5.2.16	Support in Part
Decision Requested	Greater specificity is required in the policy about how the takes will be proportionately reduced. Fish and Game seek to retain the policy with amendments that specify the hydrological parameters that govern them, how takes will be proportionately reduced, and that the policy be applied to both permitted takes and those granted through resource consents.					
<b>509</b>	Nelson Marlborough Fish and Game	47	Volume 1	5 Allocation of Public Resources	Policy 5.2.17	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	48	Volume 1	5 Allocation of Public Resources	Objective 5.2	Support in Part
Decision Requested	Fish and Game seek to include a new policy which states that the measurement of the flow or level of a Freshwater Management Unit is undertaken at the monitoring site specified in Schedule 3 of Appendix 6					
<b>509</b>	Nelson Marlborough Fish and Game	49	Volume 1	5 Allocation of Public Resources	Policy 5.2.18	Support in Part
Decision Requested	Fish and Game seek to amend the policy to make it clear how the adverse effects from the diversion of water are to be addressed through the resource consent process and to ensure that the requirements of the RMA are met to avoid, remedy or mitigate adverse effects on the environment.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>509</b>	Nelson Marlborough Fish and Game	50	Volume 1	5 Allocation of Public Resources	Policy 5.2.19	Support in Part
Decision Requested	Fish and Game seek to retain the policy with amendments that ensure it sets out the how diversions will be managed to meet the objective, meets the requirements of an effective policy and not as matters of discretion.					
<b>509</b>	Nelson Marlborough Fish and Game	51	Volume 1	5 Allocation of Public Resources	Policy 5.2.20	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	52	Volume 1	5 Allocation of Public Resources	Policy 5.2.21	Support in Part
Decision Requested	Retain the policy with amendments that remove the wording "have regard to the matters in (a) to (c) when considering any resource consent application to continue damming water" as this wording is unnecessary in the policy. Fish and Game also seek that the maintenance of water quality downstream of the dam is specifically considered by decision makers and that this be included in the policy.					
<b>509</b>	Nelson Marlborough Fish and Game	53	Volume 1	5 Allocation of Public Resources	Policy 5.2.22	Support in Part
Decision Requested	Fish and Game seek to retain the policy with amendments that ensure it clearly states how the objective is going to be met, meets the requirements of an effective policy and not as matters of discretion.					
<b>509</b>	Nelson Marlborough Fish and Game	54	Volume 1	5 Allocation of Public Resources	Policy 5.2.23	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	55	Volume 1	5 Allocation of Public Resources	Policy 5.2.24	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	56	Volume 1	5 Allocation of Public Resources	Policy 5.2.25	Support in Part
Decision Requested	Fish and Game seek to retain the policy with amendments that remove the "where necessary" at the beginning and provide greater certainty to decision makers and plan users when a review of the conditions of water permits will be carried out.					
<b>509</b>	Nelson Marlborough Fish and Game	57	Volume 1	5 Allocation of Public Resources	Objective 5.3	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Fish and Game seek to amend the Objective to refer to the sustainable management of freshwater resources and ensure that access to freshwater is only enabled where the FMU is sustainably managed to align with the purpose of the RMA.					
<b>509</b>	Nelson Marlborough Fish and Game	58	Volume 1	5 Allocation of Public Resources	Policy 5.3.1	Support in Part
Decision Requested	Fish and Game seek to amend the policy to clearly explain the natural and human use values relating to Freshwater Management Units in Appendix 6 and the relationship between these values and the Freshwater Management Units in Appendix 6.					
<b>509</b>	Nelson Marlborough Fish and Game	59	Volume 1	5 Allocation of Public Resources	Policy 5.3.2	Support
Decision Requested	Retain as proposed.					
<b>509</b>	Nelson Marlborough Fish and Game	60	Volume 1	5 Allocation of Public Resources	Policy 5.3.3	Oppose
Decision Requested	Remove the policy in its entirety due to the provisions for water allocation over and above those allocations provided for in Schedule 1 of the Plan.					
<b>509</b>	Nelson Marlborough Fish and Game	61	Volume 1	5 Allocation of Public Resources	Policy 5.3.4	Oppose
Decision Requested	Fish and Game seek to remove the policy in its entirety as municipal water takes, as with all other water takes, need to be managed within sustainable limits.					
<b>509</b>	Nelson Marlborough Fish and Game	62	Volume 1	5 Allocation of Public Resources	Policy 5.3.5	Oppose
Decision Requested	Remove the policy in its entirety due to the provision in the policy to enable the take and use of water without appropriate consideration of cumulative effects.					
<b>509</b>	Nelson Marlborough Fish and Game	63	Volume 1	5 Allocation of Public Resources	Policy 5.3.7	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	64	Volume 1	5 Allocation of Public Resources	Policy 5.3.8	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	65	Volume 1	5 Allocation of Public Resources	Policy 5.3.9	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Fish and Game seek to remove the policy in its entirety and replace it with a policy that ensures both instantaneous take and specific allocation amounts are considered in achieving policies relating to maximum instantaneous rate of takes being a percentage of flow, as well as protection for the ecological values of waterbodies.					
<b>509</b>	Nelson Marlborough Fish and Game	66	Volume 1	5 Allocation of Public Resources	Policy 5.3.10	Oppose
Decision Requested	Fish and Game seek to remove the policy in its entirety and replace it with a policy that ensures both instantaneous take and specific allocation amounts are considered in achieving policies relating to maximum instantaneous rate of takes being a percentage of flow, as well as protection for the ecological values of waterbodies.					
<b>509</b>	Nelson Marlborough Fish and Game	67	Volume 1	5 Allocation of Public Resources	Policy 5.3.11	Support in Part
Decision Requested	Fish and Game seek to retain the policy with amendments that reword the policy to remove "have regard to" and provide greater direction to plan users and decision makers and ensure it meets the principles of sound policy drafting.					
<b>509</b>	Nelson Marlborough Fish and Game	68	Volume 1	5 Allocation of Public Resources	Policy 5.3.14	Oppose
Decision Requested	Fish and Game seek to remove the policy and replace it with one that implements shorter duration water permits and catchment expiry dates to take into account the cumulative impacts of water take. Alternatively, ensure that all water permits contain a review clause under Section 128 of the RMA which enables the Council to review consents, on a catchment or regional basis at a common date in the future. To ensure cumulative adverse effects can be addressed, common catchment expiry and review conditions are needed for each catchment to allow consents to be reviewed.					
<b>509</b>	Nelson Marlborough Fish and Game	69	Volume 1	5 Allocation of Public Resources	Objective 5.3	Support in Part
Decision Requested	Fish and Game seek to add a new policy that implements common catchment expiry and review conditions for each catchment to ensure consents can be reviewed and cumulative adverse effects appropriately managed.					
<b>509</b>	Nelson Marlborough Fish and Game	70	Volume 1	5 Allocation of Public Resources	Policy 5.3.15	Support in Part
Decision Requested	Retain as notified					
<b>509</b>	Nelson Marlborough Fish and Game	71	Volume 1	5 Allocation of Public Resources	Policy 5.3.16	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Fish and Game seek to retain the policy with amendments that reword the policy to remove "have regard to" to provide greater direction to plan users and decision makers.					
<b>509</b>	Nelson Marlborough Fish and Game	72	Volume 1	5 Allocation of Public Resources	Issue 5D	Support in Part
Decision Requested	Fish and Game seek to retain the issue with amendments that ensure that it reflects the environmental effects of over-allocation of water					
<b>509</b>	Nelson Marlborough Fish and Game	73	Volume 1	5 Allocation of Public Resources	Objective 5.4	Support in Part
Decision Requested	Fish and Game seek to retain the objective with amendments to ensure that it refers specifically to use of water within the limits set.					
<b>509</b>	Nelson Marlborough Fish and Game	74	Volume 1	5 Allocation of Public Resources	Policy 5.4.1	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	75	Volume 1	5 Allocation of Public Resources	Policy 5.4.2	Support in Part
Decision Requested	Amend the policy to ensure that any water taken is used for the use authorised and not wasted.					
<b>509</b>	Nelson Marlborough Fish and Game	76	Volume 1	5 Allocation of Public Resources	Policy 5.4.3	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	77	Volume 1	5 Allocation of Public Resources	Policy 5.4.4	Oppose
Decision Requested	Fish and Game seek to remove this policy until such time as the Council has sufficient information on which to make informed decision on water allocation and robust techniques in place to accurately monitor actual water takes.					
<b>509</b>	Nelson Marlborough Fish and Game	78	Volume 1	5 Allocation of Public Resources	Policy 5.4.5	Oppose
Decision Requested	Fish and Game seek to remove this Policy until such time as the Council has sufficient information on which to make informed decision on water allocation and robust techniques in place to accurately monitor actual water takes.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>509</b>	Nelson Marlborough Fish and Game	79	Volume 1	5 Allocation of Public Resources	Policy 5.4.6	Support in Part
Decision Requested	Fish and Game seek to retain the policy with amendments to ensure that the community are provided with information on the daily water use of all water resources and not only those that are fully allocated.					
<b>509</b>	Nelson Marlborough Fish and Game	80	Volume 1	5 Allocation of Public Resources	Issue 5E	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	81	Volume 1	5 Allocation of Public Resources	Objective 5.5	Support in Part
Decision Requested	Retain the policy with amendments that provide a specific timeframe for eliminating the over allocation of water and that over allocation is phased out by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	82	Volume 1	5 Allocation of Public Resources	Policy 5.5.1	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	83	Volume 1	5 Allocation of Public Resources	Policy 5.5.2	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	84	Volume 1	5 Allocation of Public Resources	Policy 5.5.3	Support in Part
Decision Requested	Retain the policy with amendments that provide stronger direction around the diversion of water and to ensure that no new permits for the diversion of water will be granted in over-allocated water resources similar to the wording of policy 5.5.2..					
<b>509</b>	Nelson Marlborough Fish and Game	85	Volume 1	5 Allocation of Public Resources	Policy 5.5.4	Oppose
Decision Requested	Retain the policy with amendments that clarify the policy applies to water takes with consents prior to 9 June 2016 and that reference is made to the reasonable use policy sought by Fish and Game. The policy also needs to be amended to reflect the total water allocated from the catchment by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	86	Volume 1	5 Allocation of Public Resources	Policy 5.5.5	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the policy with amendments that ensure that the total of all water allocated does not exceed the limit set by 2030.

<b>509</b>	Nelson Marlborough Fish and Game	154	Volume 1	14 Use of the Rural Environment	Policy 14.1.4	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the policy to give effect to s.7(h) of the RMA, to include reference to all human and natural values of waterbodies and to ensure that implementation considers all types of rules, not just permitted activities. Policy 14.1.4 – Manage primary production activities to ensure they are carried out sustainably through the implementation of policies and methods (including rules establishing standards for permitted activities) to address potential adverse effects on: (a) the life supporting capacity of soils, water, air and ecosystems; (b) natural character of rivers, wetlands and lakes; (c) water quality and water availability; (d) areas with landscape significance; (e) areas with significant indigenous vegetation and significant habitats of indigenous fauna; (e1) the habitat of trout and salmon; (f) the values of the coastal environment as set out in Issue 13A of Chapter 13 - Use of the Coastal Environment; or (g) the safe and efficient operation of the land transport network and Marlborough's airports.					
<b>509</b>	Nelson Marlborough Fish and Game	155	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support
Decision Requested	Fish and Game seek that the plan manage freshwater to achieve the water quality standards in Appendix 5, Schedule 2 for all Freshwater Management Units and incorporating the relevant changes to Schedule 2 set out in the submission below.					
<b>509</b>	Nelson Marlborough Fish and Game	156	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support
Decision Requested	Fish and Game seek that the Plan identify all the waterbodies that do not achieve the water quality standards contained in Appendix 5, Schedule 2 and seek to improve the water quality within these waterbodies to achieve the water quality standards in Schedule 2 by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	157	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support
Decision Requested	Fish and Game seek objectives and policies in the plan that manage land use and discharges in waterbodies identified as not meeting the water quality standards in Appendix 5, Schedule 2 to ensure water quality standards are achieved in all freshwater bodies by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	158	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support
Decision Requested	Fish and Game seek rules in the plan that manage land use and discharges in waterbodies identified as not meeting the water quality standards in Appendix 5, Schedule 2 to ensure water quality standards are achieved in all freshwater bodies by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	159	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15A	Support

<b>509</b>	Nelson Marlborough Fish and Game	163	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15C	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	164	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1a	Support in Part
Decision Requested	Amend the policy to ensure that all coastal and fresh water quality is maintained, and where necessary restored and enhanced to enable primary contact recreation, fishing and the intrinsic values of ecosystems.					
<b>509</b>	Nelson Marlborough Fish and Game	165	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1b	Support in Part
Decision Requested	Retain as proposed where relief sought for Objective 15.1b is granted while ensuring that this is achieved by 2030					
<b>509</b>	Nelson Marlborough Fish and Game	166	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support in Part
Decision Requested	Add a new objective to ensure that the maintenance or enhancement of freshwater quality in each Freshwater Management Unit so that the annual average concentration of dissolved reactive phosphorus must be <0.015mg/l when the river flow is at or below the 20th flow exceedance percentile and ensure that this is achieved by 2030					
<b>509</b>	Nelson Marlborough Fish and Game	167	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add a new objective to ensure that the maintenance or enhancement of freshwater quality in each Freshwater Management Unit so that the maximum cover of visible river bed by deposited fine sediment concentration is less than 20% and ensure that this is achieved by 2030					
<b>509</b>	Nelson Marlborough Fish and Game	168	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support in Part
Decision Requested	Reinstate Objective 5.1.10 from the Operative Regional Policy Statement or an objective with wording to similar effect that ensures the integrity of freshwater habitats and natural species diversity are maintained or enhanced.					
<b>509</b>	Nelson Marlborough Fish and Game	169	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1c	Support in Part
Decision Requested	Retain as proposed where relief sought for Objective 15.1b is granted while ensuring that this is achieved by 2030					
<b>509</b>	Nelson Marlborough Fish and Game	170	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1d	Support in Part
Decision Requested	Retain the policy with amendment to ensure it applies to each waterbody and not to Freshwater Management Units and ensure that this is achieved by 2030					
<b>509</b>	Nelson Marlborough Fish and Game	171	Volume 1	15 Resource Quality (Water, Air, Soil)	Objective 15.1e	Support in Part
Decision Requested	Retain the policy with amendments to replace the <540 per 100ml to <260 per 100ml to ensure all waterbodies are swimmable and ensure that this is achieved by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	172	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.1	Support in Part
Decision Requested	Retain the policy with amendments to remove the reference to "potential for contact recreation" and refer simply to contact recreation. Amend (d) to refer to "wetland ecosystems" rather than "aquatic ecosystems" to reflect the diverse nature of wetlands.					
<b>509</b>	Nelson Marlborough Fish and Game	173	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.2	Support in Part
Decision Requested	Clarify the relationship between Water Resource Units and Freshwater Management Units so that it is clear how the two data sets relate to each other.					
<b>509</b>	Nelson Marlborough Fish and Game	174	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.3	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the policy with amendments to reflect that water quality standards are set as in-stream limits and these limits are to be achieved, through the implementation of rules by 2030.					
<b>509</b>	Nelson Marlborough Fish and Game	175	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.4	Support in Part
Decision Requested	Retain the policy with amendments to ensure that the objectives are achieved within the stated 10-year timeframe for Murphys Creek and within a 5-year timeframe for Mill Creek.					
<b>509</b>	Nelson Marlborough Fish and Game	176	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.5	Support in Part
Decision Requested	Retain the policy with amendments to ensure that the objectives are achieved within the stated 10-year timeframe and within a 5-year timeframe for Kaituna River.					
<b>509</b>	Nelson Marlborough Fish and Game	177	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.6	Support in Part
Decision Requested	Retain the policy with amendments to ensure that the objectives are achieved within a 5-year timeframe.					
<b>509</b>	Nelson Marlborough Fish and Game	178	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.7	Support in Part
Decision Requested	Retain the policy with amendments to ensure that the objectives are achieved within the stated timeframes.					
<b>509</b>	Nelson Marlborough Fish and Game	179	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.9	Support in Part
Decision Requested	Amend the policy to accurately reflect the requirements of s.70 of the RMA to ensure that the discharges do not result in the emission of objectionable odour.					
<b>509</b>	Nelson Marlborough Fish and Game	180	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.10	Support in Part
Decision Requested	Retain the policy with amendments to ensure that only the best practicable option is adopted.					
<b>509</b>	Nelson Marlborough Fish and Game	181	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.11	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the policy with amendments to reinforce the need for water discharges for contaminants to achieve freshwater objective and standards in Appendix 6.					
<b>509</b>	Nelson Marlborough Fish and Game	182	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.12	Support in Part
Decision Requested	Retain the policy with amendments that ensure that discharge permits for contaminants are only granted where the criteria stated in the policy are met.					
<b>509</b>	Nelson Marlborough Fish and Game	183	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.14	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	184	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.15	Support in Part
Decision Requested	Retain the policy with amendment to ensure that stormwater discharges are not excluded.					
<b>509</b>	Nelson Marlborough Fish and Game	185	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.6	Support in Part
Decision Requested	Retain the policy with amendments to reflect that is applies only to existing discharges seeking new consent and that they are required to comply with Policy 15.1.15 for improvement over time to meet standards. The policy needs to reflect that no new consents will be granted and that consents will not be granted where no improvements are being made.					
<b>509</b>	Nelson Marlborough Fish and Game	186	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.17	Support in Part
Decision Requested	Retain the policy with amendments to ensure that all existing discharge permits are reviewed where conditions requiring monitoring are not already included.					
<b>509</b>	Nelson Marlborough Fish and Game	187	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.18	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	188	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.21	Oppose
Decision Requested	Remove this policy in its entirety.

Decision Requested	Remove the policy in its entirety					
<b>509</b>	Nelson Marlborough Fish and Game	190	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.23	Support in Part
Decision Requested	Retain the policy with amendments to ensure all intensively farmed livestock access to rivers, lakes and wetlands is avoided					
<b>509</b>	Nelson Marlborough Fish and Game	191	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.27	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	192	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.28	Oppose
Decision Requested	Remove the policy in its entirety					
<b>509</b>	Nelson Marlborough Fish and Game	193	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.29	Support in Part
Decision Requested	Amend (a) to include the avoidance or remediation of the effects of increased sediment runoff to fresh waterbodies.					
<b>509</b>	Nelson Marlborough Fish and Game	194	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.30	Support in Part
Decision Requested	Retain the policy with amendments that ensure the policies applies to all land use activities that effect water quality or include a new policy in the Plan to this effect.					
<b>509</b>	Nelson Marlborough Fish and Game	195	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.31	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	196	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.32	Support in Part
Decision Requested	Retain the policy with amendments to provide direction on how effects will be managed rather than a list of matters for consideration.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>509</b>	Nelson Marlborough Fish and Game	197	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.33	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	198	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.34	Support in Part
Decision Requested	Retain the policy with amendments that specify appropriate limits for dairy farming, including maximum nitrogen leaching standards, management practices to avoid loss of phosphorus and sediment and faecal contamination.					
<b>509</b>	Nelson Marlborough Fish and Game	199	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Support
Decision Requested	<p>Fish and Game seek to include policies in the Plan to ensure that:</p> <ul style="list-style-type: none"> <li>The allocation status of freshwater management units are defined to identify each freshwater management unit as under-allocated, fully-allocated or over-allocated and use the Council's state of the environment monitoring information to determine those waterbodies that do not currently meet the water quality standards in Appendix 5, Schedule 2 and work toward restoring ecosystem health in those waterbodies by 2030.</li> <li>Farming activities comply with a sustainable nitrogen leaching rate which is based on allocating the total allowable load of nitrogen for the sub catchment, freshwater management zone or catchment to the land on the basis of either a 'flat' per hectare allocation of nitrogen leaching or a nitrogen leaching allowance per hectare based on an allocation on a land use capability class basis, or some other methodology which achieves the efficient use of natural resources</li> <li>Require farms to comply with specified management practices which minimise or reduce the loss of nitrogen, phosphorous, sediment and faecal contamination, including, but not limited to, the requirement to seal effluent ponds and to practice deferred irrigation, good management practices for the application of fertiliser and other nutrient sources, including setbacks from waterbodies, permanent fencing and planting of riparian margins, good management practices for earthworks and cultivation including setbacks from waterbodies to avoid or minimise sediment run off to water,</li> <li>Nutrient budgets are prepared annually by a person who has completed both the "Intermediate" and the "Advanced" courses in "Sustainable Nutrient Management in New Zealand Agriculture" conducted by Massey University, and provided to the regional council. The information shall be provided in an electronic format compatible with regional councils information systems and may include but shall not be limited to the following reports from Overseer or their equivalent if an alternative model is used (must be accredited for use by the regional council): Nutrient Budget, Nitrogen, Phosphorus, Summary, Nitrogen Overview</li> <li>Exclude all livestock from rivers, lakes and wetlands, and to culvert or bridge all regular stock crossings</li> <li>Include a prohibited activity for new or intensified (a use that increases loss of nitrogen or phosphorus) use of production in sub catchments that are currently over allocated for nitrogen or phosphorus</li> <li>Provide for trading of nitrogen or phosphorus loss rates between production land uses or properties in the same sub catchment so long as the water quality standards in Appendix 5 Schedule 2 not breached at any point within that sub catchment, or Freshwater management unit</li> <li>Ensure that the rules include both land use and ancillary discharge provisions (section 9 and section 15 RMA)</li> <li>Ensure that rules do not breach s70 RMA and apply sound planning principals</li> </ul> <p>Ensure that those activities and land uses which are contributing the most to the over allocation bear the majority of the cost of reducing the over allocation (adopt the polluter pays principal)</p>					
<b>509</b>	Nelson Marlborough Fish and Game	200	Volume 2	2 General Rules	2.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Plan to remove the unnecessary duplication of activities by simply listing the activities and their associated standards once.					
<b>509</b>	Nelson Marlborough Fish and Game	201	Volume 2	2 General Rules	2.	Support in Part
Decision Requested	Fish and Game seek to include a schedule of farm practices, similar to that included as Schedule 24 of the Canterbury Land and Water Regional Plan, and to include rules which require compliance with the schedule for nutrient management, irrigation management, grazing of intensively farmed stock, cultivation and collected animal effluent.					
<b>509</b>	Nelson Marlborough Fish and Game	202	Volume 2	2 General Rules	2.	Support in Part
Decision Requested	Fish and Game seek to include a schedule outlining requirements for Farm Environment Management Plans similar to Schedule 7 of the Canterbury Land and Water Regional Plan					
<b>509</b>	Nelson Marlborough Fish and Game	203	Volume 2	2 General Rules	2.	Support in Part
Decision Requested	Fish and Game seek that the Plan apply the allocation of nutrients principles from Beef and Lamb NZ (attached as an appendix to this submission) as policies and rules when considering the allocation of nutrients for farming activities.					
<b>509</b>	Nelson Marlborough Fish and Game	204	Volume 2	2 General Rules	2.1.	Support in Part
Decision Requested	Amend the permitted activities contained in Section 2.2 to ensure that these activities cease when the particular Freshwater Management Unit is experiencing low flows. Alternatively Fish and Game seek that the permitted take amounts are reduced overall and that during low flows, the permitted amounts are further reduced and all permitted takes cease during extreme low flows, which will direct people toward storing water at appropriate times.					
<b>509</b>	Nelson Marlborough Fish and Game	205	Volume 2	2 General Rules	2.2.1.	Support in Part
Decision Requested	Amend the standards of this activity as outlined below (see submission on 2.3.1)					
<b>509</b>	Nelson Marlborough Fish and Game	206	Volume 2	2 General Rules	2.3.1.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers. Fish and Game seek to include conditions on permitted takes for domestic needs that require: <ul style="list-style-type: none"> <li>• A restriction on the maximum number of takes in water resource units</li> <li>• Stopping water takes at extreme low flows</li> <li>• Each permitted activity take location and amount of take is reported to the Council to ensure that the Council can understand and monitor the extent of cumulative effects from permitted domestic takes.</li> </ul>					
<b>509</b>	Nelson Marlborough Fish and Game	207	Volume 2	2 General Rules	2.2.2.	Support in Part
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	208	Volume 2	2 General Rules	2.3.2.	Oppose
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	209	Volume 2	2 General Rules	2.2.3.	Support
Decision Requested	Retain as proposed

Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	211	Volume 2	2 General Rules	2.2.4.	Support in Part
Decision Requested	Amend the permitted activity standards to include a maximum volume limit of 30m3.					
<b>509</b>	Nelson Marlborough Fish and Game	212	Volume 2	2 General Rules	2.3.4.	Support in Part
Decision Requested	Amend the permitted activity standards to include a maximum volume limit of 30m3. Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	213	Volume 2	2 General Rules	2.2.5.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	214	Volume 2	2 General Rules	2.3.5.	Oppose
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	215	Volume 2	2 General Rules	2.2.6.	Support in Part
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	216	Volume 2	2 General Rules	2.3.6.	Oppose
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	217	Volume 2	2 General Rules	2.2.7.	Oppose
Decision Requested	Remove the permitted activity and make further take from the Wairau Aquifer subject to resource consent.					
<b>509</b>	Nelson Marlborough Fish and Game	218	Volume 2	2 General Rules	2.3.7.	Oppose
Decision Requested	Remove the permitted activity and make further take from the Wairau Aquifer subject to resource consent.					
<b>509</b>	Nelson Marlborough Fish and Game	219	Volume 2	2 General Rules	2.2.8.	Support in Part
Decision Requested	Retain the permitted activity with amendments that introduce standards that require the use of stored water before water is taken and used directly from waterbodies as other standards that ensure the ecological health of fresh waterbodies.					
<b>509</b>	Nelson Marlborough Fish and Game	220	Volume 2	2 General Rules	2.2.9.	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	221	Volume 2	2 General Rules	2.3.8.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the standards with amendments to ensure that standard 2.3.8.6 refers to the relevant professional standards for calibration.					
<b>509</b>	Nelson Marlborough Fish and Game	222	Volume 2	2 General Rules	2.2.10.	Support
Decision Requested	Retain as proposed with amendments to the standards as sought below.					
<b>509</b>	Nelson Marlborough Fish and Game	223	Volume 2	2 General Rules	2.3.9.	Support in Part
Decision Requested	Retain the standards with amendment to ensure that bore testing is not carried out more than once every calendar year.					
<b>509</b>	Nelson Marlborough Fish and Game	224	Volume 2	2 General Rules	2.2.11.	Oppose
Decision Requested	Oppose the permitted activity as notified and require that resource consent as a discretionary activity be required to ensure that the activity complies with the relevant allocation limits and minimum flows and to prioritise the use of stored water first.					
<b>509</b>	Nelson Marlborough Fish and Game	225	Volume 2	2 General Rules	2.3.11.	Oppose
Decision Requested	Oppose the permitted activity as notified and require that resource consent as a discretionary activity be required to ensure that the activity complies with the relevant allocation limits and minimum flows and to prioritise the use of stored water first.					
<b>509</b>	Nelson Marlborough Fish and Game	226	Volume 2	2 General Rules	2.2.12.	Support in Part
Decision Requested	Clarification over the need for specific provisions for such a permitted activity is required, particularly in relation to the provision for temporary trenches for the purposed of the installation or maintenance of infrastructure.					
<b>509</b>	Nelson Marlborough Fish and Game	227	Volume 2	2 General Rules	2.3.11.	Oppose
Decision Requested	Clarification over the need for specific provisions for such a permitted activity is required, particularly in relation to the provision for temporary trenches for the purposed of the installation or maintenance of infrastructure.					
<b>509</b>	Nelson Marlborough Fish and Game	228	Volume 2	2 General Rules	2.2.14.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	229	Volume 2	2 General Rules	2.3.1.3.	Oppose
Decision Requested	Amend the standards to ensure that the cumulative effects of multiple takes are addressed and that the standards also apply to ephemeral rivers.					
<b>509</b>	Nelson Marlborough Fish and Game	230	Volume 2	2 General Rules	2.2.15.	Oppose
Decision Requested	Oppose the activity as notified given the significant lack of standards to address the potential adverse environmental effects of the activity.					
<b>509</b>	Nelson Marlborough Fish and Game	231	Volume 2	2 General Rules	2.3.14.	Oppose
Decision Requested	Oppose the activity as notified given the significant lack of standards to address the potential adverse environmental effects of the activity.					
<b>509</b>	Nelson Marlborough Fish and Game	232	Volume 2	2 General Rules	2.2.16.	Oppose
Decision Requested	Oppose the permitted activity until additional standards regarding the management of environmental effects and compliance with water take limits are included					
<b>509</b>	Nelson Marlborough Fish and Game	233	Volume 2	2 General Rules	2.3.15.	Oppose
Decision Requested	Oppose the permitted activity until additional standards regarding the management of environmental effects and compliance with water take limits are included					
<b>509</b>	Nelson Marlborough Fish and Game	234	Volume 2	2 General Rules	2.2.17.	Oppose
Decision Requested	The storage capacity under standard 2.3.16.1 for out of stream storage and on constructed dams is too small and needs to be increased.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>509</b>	Nelson Marlborough Fish and Game	235	Volume 2	2 General Rules	2.3.16.	Oppose
Decision Requested	The storage capacity under standard 2.3.16.1 for out of stream storage and on constructed dams is too small and needs to be increased.					
<b>509</b>	Nelson Marlborough Fish and Game	236	Volume 2	2 General Rules	2.	Support
Decision Requested	To protect scarce wetland resources and avoid adverse effects on wetlands from the drainage and diversion of water in rivers, Fish and Game seek a new standard to apply to all activities involving the diversion or discharge of water to ensure that the diversion or discharge does not result in the lowering of water levels in any wetland.					
<b>509</b>	Nelson Marlborough Fish and Game	237	Volume 2	2 General Rules	2.2.18.	Oppose
Decision Requested	The standards associated with the permitted activity for the operation of the drainage channel network do little to ensure that the potential environmental effects of the activity are appropriately addressed. In particular, Fish and Game seek that the setback of the diversion from a significant wetland needs to be increased. Amend the permitted activity to include additional standards that ensure the proposed activity considers potential effects on the environment and increase the setback distance from significant wetlands under standard 2.3.17.1.					
<b>509</b>	Nelson Marlborough Fish and Game	238	Volume 2	2 General Rules	2.3.17.	Oppose
Decision Requested	Amend the permitted activity to include additional standards that ensure the proposed activity considers potential effects on the environment particularly the summer hydrological regime of Para Wetland, and increase the setback distance from significant wetlands under standard 2.3.17.1.					
<b>509</b>	Nelson Marlborough Fish and Game	239	Volume 2	2 General Rules	2.2.19.	Oppose
Decision Requested	Amend the permitted activity to include additional standards that ensure the proposed activity considers potential effects on the environment and increase the setback distance from significant wetlands under standard 2.3.18.1.					
<b>509</b>	Nelson Marlborough Fish and Game	240	Volume 2	2 General Rules	2.3.18.	Oppose
Decision Requested	Amend the permitted activity to include additional standards that ensure the proposed activity considers potential effects on the environment and increase the setback distance from significant wetlands under standard 2.3.18.1.					
<b>509</b>	Nelson Marlborough Fish and Game	241	Volume 2	2 General Rules	2.2.20.	Oppose

<b>509</b>	Nelson Marlborough Fish and Game	337	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Plan to acknowledge that all waterbodies provide invertebrate habitat and state those where the provision for invertebrate habitat is particularly significant.					
<b>509</b>	Nelson Marlborough Fish and Game	338	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Fish and Game seek to ensure that the water quality values and flow and allocation limits for all freshwater bodies in the Region are clearly identified and aligned. An option to achieve this could be to require, for each of the Water Resource Units identified in Appendix 5, to have specified quantity allocations for water takes and minimum flows and levels or water takes be specified. This will alleviate current confusion over the relationship between the identified Water Resource Units and the Freshwater Management Units and ensure that each freshwater body in the Region has specific water quantity and water quality targets clearly identified and will ensure that the identification of these areas on the Planning Maps directly reflects the areas.					
<b>509</b>	Nelson Marlborough Fish and Game	339	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it with "Regionally significant brown trout fishery (both Acheron and Alma)".					
<b>509</b>	Nelson Marlborough Fish and Game	340	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Add Recreation values that recognises the waterfowl hunting that occurs in the tidal zone.					
<b>509</b>	Nelson Marlborough Fish and Game	341	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it with "Locally significant brown trout fishery".					
<b>509</b>	Nelson Marlborough Fish and Game	342	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it with "Locally significant brown trout fishery".					
<b>509</b>	Nelson Marlborough Fish and Game	343	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Fish Habitat values to reflect this importance of this area for Brown and Rainbow Trout spawning as well as habitat. Amend the Recreation values to remove "highly valued trout fishery" and replace it with "Regionally significant brown and rainbow trout fisheries" to better reflect the nature of the values of the area.					
<b>509</b>	Nelson Marlborough Fish and Game	344	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove "fishing" and replace it with "regionally significant brown trout and salmon fisheries".					
<b>509</b>	Nelson Marlborough Fish and Game	345	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	The Fish Habitat values are amended to recognise the importance of the Goulter River for Salmon spawning. The Recreation values are amended to recognise the Goulter River as a designated back-country fishery.					
<b>509</b>	Nelson Marlborough Fish and Game	346	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Update the Recreation values to remove the generic values description 'fishing' and replace it with "locally significant brown trout fishery" to better reflect the nature of the values of the area.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>509</b>	Nelson Marlborough Fish and Game	347	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Add Recreation values that reflect the importance of the water resource unit for waterfowl hunting within the tidal zone.					
<b>509</b>	Nelson Marlborough Fish and Game	348	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Update the Recreation values to remove the generic values description 'fishing' and replace it with "locally significant brown trout fishery" to better reflect the nature of the values of the area.					
<b>509</b>	Nelson Marlborough Fish and Game	349	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the importance of the area as a locally significant brown and rainbow trout fishery.					
<b>509</b>	Nelson Marlborough Fish and Game	350	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it with "locally significant brown trout fishery"					
<b>509</b>	Nelson Marlborough Fish and Game	351	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it with "locally significant brown trout fishery"					
<b>509</b>	Nelson Marlborough Fish and Game	352	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the regional significance of the area as a brown and rainbow trout fishery as well as adding the words "regionally significant" in front of 'gamebird hunting'.					
<b>509</b>	Nelson Marlborough Fish and Game	353	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the regional significance of the area as a brown and rainbow trout fishery.					
<b>509</b>	Nelson Marlborough Fish and Game	354	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the regional significance of the area as a brown and rainbow trout fishery.					
<b>509</b>	Nelson Marlborough Fish and Game	355	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part

<b>509</b>	Nelson Marlborough Fish and Game	356	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the regional significance of the area as a brown fishery. Also, amend the recreation values to remove the term "shooting" and replace it with "hunting".					
<b>509</b>	Nelson Marlborough Fish and Game	357	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the local significance of the area as a brown fishery.					
<b>509</b>	Nelson Marlborough Fish and Game	358	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to recognise the regional significance of the area for game bird hunting within Para Wetland and the local significance of the area for brown trout fishing.					
<b>509</b>	Nelson Marlborough Fish and Game	359	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to recognise that the area is a "locally significant brown trout fishery".					
<b>509</b>	Nelson Marlborough Fish and Game	360	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to recognise that the area is a "locally significant brown trout fishery".					
<b>509</b>	Nelson Marlborough Fish and Game	361	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to recognise the regional significance of the area for gamebird hunting.					
<b>509</b>	Nelson Marlborough Fish and Game	362	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic 'fishing' value and replace it to recognise the national significance of the area as a salmon and brown trout fishery.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
509	Nelson Marlborough Fish and Game	363	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend the Recreation values to remove the generic "fishing" term and replace it with "locally significant brown trout fishery".					
509	Nelson Marlborough Fish and Game	364	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support
Decision Requested	Retain as proposed					
509	Nelson Marlborough Fish and Game	365	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support
Decision Requested	Retain as proposed					
509	Nelson Marlborough Fish and Game	366	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend Temperature parameters to require the following: <ul style="list-style-type: none"> <li>• Maximum daily average temperature must not exceed 19oC</li> <li>• Shall not exceed 25oC</li> </ul>					
509	Nelson Marlborough Fish and Game	367	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part
Decision Requested	Amend Dissolved Oxygen as follows: <ul style="list-style-type: none"> <li>• Saturation &gt;80%</li> <li>• 9mg/L @ 11oC</li> <li>• 6-8mg/L @ 20oC</li> </ul>					
509	Nelson Marlborough Fish and Game	368	Volume 3	Appendix 5 Water Resource Unit Values and Water Quality Classification Standards		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the parameters for MCI to require a value of =120.					
<b>509</b>	Nelson Marlborough Fish and Game	369	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	All waterbodies in the Region need to be within a defined and/or described Freshwater Management Unit. The Plan needs to be amended to ensure that there are no FMU's that are not specifically defined on either the Freshwater Management Unit Maps or described in the Schedules or both to ensure that the NPSFM is appropriately given effect to.					
<b>509</b>	Nelson Marlborough Fish and Game	370	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	Fish and Game seek to ensure that all minimum flows and allocation volumes are measured at the same point(s) in each Freshwater Management Unit and Water Resource Unit.					
<b>509</b>	Nelson Marlborough Fish and Game	371	Volume 3	Appendix 6 Environmental Flows and Levels		Support in Part
Decision Requested	The mapping and schedules of Freshwater Management Units on the District Plan maps need to align to represent the same geographical areas and ensure that each freshwater body is only represented in one Freshwater Management Unit.					
<b>509</b>	Nelson Marlborough Fish and Game	372	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	Fish and Game seek to amend Appendix 6 for each FMU so that it clearly identifies which monitoring site or sites are used and what allocation limit applies to each FMU to ensure that the relationship of allocations between rivers and their tributaries is clear, and the relationship between the allocations of different tributaries are clear.					
<b>509</b>	Nelson Marlborough Fish and Game	373	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	Provide further explanation over the intended application of allocation limits in Schedule 1 of Appendix 6.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
509	Nelson Marlborough Fish and Game	374	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	<p>Amend quantity allocations for water takes as follows:</p> <p>For Freshwater Management Units dominated by streams and rivers with flows less than or equal to 5m<sup>3</sup>/s, an allocation limit of 30% of MALF as calculated by the Council or the total allocation from the catchment, less any resource consents surrendered, lapsed, cancelled or not replaced.</p> <p>For Freshwater Management Units dominated by streams and rivers with mean flows greater than 5m<sup>3</sup>/s, an allocation limit of 50% of MALF as calculated by the Council or the total allocation from the catchment, less any resource consents surrendered, lapsed, cancelled or not replaced or where studies indicate a higher or lower (than that proposed in the NES) percentage allocation is necessary to preserve values, this should instead be adopted.</p> <p>For Freshwater Management Units dominated by shallow, coastal aquifers, an allocation limit of 15% of the average annual recharge as calculated by the Council or the total allocation from the catchment, less any resource consents surrendered, lapsed, cancelled or not replaced.</p> <p>For Freshwater Management Units dominated by other aquifers, an allocation limit of 35% of the average annual recharge as calculated by the Council or the total allocation from the catchment, less any resource consents surrendered, lapsed, cancelled or not replaced.</p>					
509	Nelson Marlborough Fish and Game	375	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	<p>Fish and Game seek, as an alternative allocation mechanism, flow sharing between the river and out of stream uses ensuring that 20% of the instantaneous flow is allocated at any one time or one for one flow sharing and applied to all Freshwater Management Units.</p>					
509	Nelson Marlborough Fish and Game	376	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	<p>Amend Schedule 1 of Appendix 6 to include instantaneous rate of take for all allocations rather than using a volume-based method for allocation.</p>					
509	Nelson Marlborough Fish and Game	377	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Support in Part
Decision Requested	<p>Awatere Freshwater Management Unit</p> <p>Reduce allocation limits to ensure a total allocation of no greater than 30% of MALF.</p>					
509	Nelson Marlborough Fish and Game	378	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Kaituna Freshwater Management Unit Remove the additional proposed 8,640m <sup>3</sup> /day Class B allocation in the Kaituna FMU. Remove controlled short-term irrigation consents from the allocation limits for Class A in the Kaituna FMU to reduce the Class A allocation to no greater than 20% of MALF.					
<b>509</b>	Nelson Marlborough Fish and Game	379	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Opouri Freshwater Management Unit MALF data is required for this FMU. Remove the additional proposed 17,280m <sup>3</sup> /day Class B allocation in the Opouri FMU and replace the flows with a minimum flow of 80% of MALF.					
<b>509</b>	Nelson Marlborough Fish and Game	380	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Pelorus (Lower) freshwater Management Unit MALF data required for this FMU. Remove temporary (emergency) water permits from the allocation limits for Class A in the Pelorus (Lower) FMU to reduce it to less than 20% of MALF. Remove the additional proposed 45,000m <sup>3</sup> /day Class B allocation in the Pelorus (Lower) FMU.					
<b>509</b>	Nelson Marlborough Fish and Game	381	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Amend the allocation volume to align with the draft NES to reduce it to less than 30% of MALF. Remove controlled short-term irrigation consents from the allocation limits for Class A in the Rai FMU.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>
<b>509</b>	Nelson Marlborough Fish and Game	382	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Ronga Freshwater Management Unit MALF data required for this FMU. Remove the additional proposed 8,460m <sup>3</sup> /day Class B allocation in the Ronga FMU.					
<b>509</b>	Nelson Marlborough Fish and Game	383	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Tunakino Freshwater Management Unit MALF data is required for this FMU. Remove the additional proposed 8,460m <sup>3</sup> /day Class B allocation in the Tunakino FMU.					
<b>509</b>	Nelson Marlborough Fish and Game	384	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Tuamarina Freshwater Management Unit Remove all water allocation for the Tuamarina FMU until more information on in-stream flows and MALF are available to enable accurate management.					
<b>509</b>	Nelson Marlborough Fish and Game	385	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Waihopai Freshwater Management Unit Amend the allocation volumes to align with the draft NES to reduce it to less than 30% of MALF.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
509	Nelson Marlborough Fish and Game	386	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Wairau River Freshwater Management Unit (downstream of the Hamilton River confluence) Amend the allocation for the Wairau River FMU to reflect the existing rule in the WARMP or either of the options identified for the FMU in the Council commissioned Cawthron Report to reduce it to less than 50% of MALF or where studies indicate a higher or lower (than that proposed in the NES) percentage allocation is necessary to preserve values, this should instead be adopted.					
509	Nelson Marlborough Fish and Game	387	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 1	Oppose
Decision Requested	Remove the possibility for future allocation of the Wairau Aquifer FMU through the freeing up of unused existing allocations. By reducing the allocation limit to the total of what is actually used on existing consents rather than what is allocated.					
509	Nelson Marlborough Fish and Game	388	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Support in Part
Decision Requested	The minimum flows need to be amended to ensure the following: For Freshwater Management Units dominated by streams and rivers with mean flows less than or equal to 5m <sup>3</sup> /s, a minimum flow of 90% of the naturalised seven day mean annual low flow (MALF7). For Freshwater Management Units dominated by streams and rivers with mean flows greater than 5m <sup>3</sup> /s, a minimum flow of 80% of naturalised MALF7 as calculated by the Council.					
509	Nelson Marlborough Fish and Game	389	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Undertake in-stream flow assessments and/or replace the flows with a minimum flow of 80% of naturalised MALF7 within the Awatere FMU.					
509	Nelson Marlborough Fish and Game	390	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Kaituna Freshwater Management Unit Undertake in-stream flow assessments and/or replace the flows with a minimum flow of 90% of naturalised 7 day MALF.					

<b>Sub No</b>	<b>Submitter</b>	<b>Point</b>	<b>Volume</b>	<b>Chapter</b>	<b>Provision</b>	<b>Type</b>

Decision Requested	<p>Opaoa River Freshwater Management Unit (below O'Dwyer's Road)</p> <p>Council undertake suitable ecological assessment to accurately determine minimum flows for the Opaoa River FMU or replace the flows with a minimum flow of 80% of MALF.</p>					
509	Nelson Marlborough Fish and Game	404	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 4	Support in Part
Decision Requested	<p>Branch River</p> <p>Fish and Game seek higher minimum and management flow levels for the Branch River. Currently the minimum flow is 0.700m<sup>3</sup>/s at State Highway 63 Road Bridge and Management flows – fully restricted below 1.200m<sup>3</sup>/s . These flows are insufficient to support fish passage and therefore need to be increased to retain 80% of naturalised MALF7. Fish and Game support the monitoring location at the State highway bridge.</p>					
509	Nelson Marlborough Fish and Game	405	Volume 3	Appendix 25 Pest Plants		Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain the Appendix with amendments to include the following plant pest species: <ul style="list-style-type: none"> <li>• Hawthorn</li> <li>• Briar rose</li> <li>• Pampass</li> <li>• Yellow flag iris</li> <li>• Alders</li> <li>• Poplars</li> <li>• Wattles</li> <li>• Wilding conifers</li> <li>• Wilding kiwifruit</li> <li>• Banana passionvine</li> </ul>					
<b>509</b>	Nelson Marlborough Fish and Game	406	Volume 1	9 Public Access and Open Space	Objective 9.3	Support in Part
Decision Requested	Given the lack of direction in the Plan, Fish and Game seek consider a new Conservation Zone to be included in the Plan which allows for the recognition of significant values of these areas and enables recreational use of these areas while ensuring that their values are protected and where possible enhanced.					
<b>509</b>	Nelson Marlborough Fish and Game	407	Volume 1	9 Public Access and Open Space	Objective 9.4	Support in Part
Decision Requested	Given the lack of direction in the Plan, Fish and Game seek consider a new Conservation Zone to be included in the Plan which allows for the recognition of significant values of these areas and enables recreational use of these areas while ensuring that their values are protected and where possible enhanced.					
<b>509</b>	Nelson Marlborough Fish and Game	408	Volume 1	9 Public Access and Open Space	9.M.1	Oppose
Decision Requested	The Plan describes the four different open space zones at the end of Chapter 9 where the "Methods of implementation" outline the characteristics of the different zoning. This description is vital to understand the different zonings and needs to be placed more prominently in the Plan to better assist plan users.					
<b>509</b>	Nelson Marlborough Fish and Game	409	Volume 2	19 Open Space 3 Zone	19.1.	Oppose
Decision Requested	There is no provision for signage in the Open Space 3 zone where land is privately owned. Provision is needed in the plan to enable signage to be erected for directional and educational purposes within all areas of the Open Space 3 zone.					
<b>509</b>	Nelson Marlborough Fish and Game	410	Volume 1	9 Public Access and Open Space	Objective 9.3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Provide objectives and policies relevant to Open Space 3 that recognise the character and values held in these areas and to ensure the protection of these areas from adverse effects from activities.					
<b>509</b>	Nelson Marlborough Fish and Game	411	Volume 1	9 Public Access and Open Space	Objective 9.4	Oppose
Decision Requested	Provide objectives and policies relevant to Open Space 3 that recognise the character and values held in these areas and to ensure the protection of these areas from adverse effects from activities.					
<b>509</b>	Nelson Marlborough Fish and Game	412	Volume 2	19 Open Space 3 Zone	19.2.	Support in Part
Decision Requested	The Plan needs to be amended to specifically provide for the erection of buildings and structures in the Open Space 3 Zone as a permitted activity. Amend standard 19.2.1.3 to exempt structures within 8m of a river, lake or significant wetland associated with game hunting and structures that are erected to provide information and shelter in Open Space 3 areas as well as benches and picnic tables associated with the use of public open space.					
<b>509</b>	Nelson Marlborough Fish and Game	413	Volume 2	19 Open Space 3 Zone	19.2.2.	Support in Part
Decision Requested	Amend the noise provisions of the Open Space 3 Zone, and any other relevant Zone where game hunting activities are undertaken.					
<b>509</b>	Nelson Marlborough Fish and Game	414	Volume 2	19 Open Space 3 Zone	19.2.3.	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	415	Volume 2	19 Open Space 3 Zone	19.2.4.	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	416	Volume 2	19 Open Space 3 Zone	19.2.5.	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	417	Volume 2	19 Open Space 3 Zone	19.2.6.	Oppose
Decision Requested	Remove Rule 19.2.6 and associated standards in their entirety.					
<b>509</b>	Nelson Marlborough Fish and Game	418	Volume 2	19 Open Space 3 Zone	19.1.1.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain rule as proposed. Amend the definition of Passive Recreation to better reflect the nature of these activities that require minimal facilities or development and as a result, have negligible impact on the surrounding environment.					
<b>509</b>	Nelson Marlborough Fish and Game	419	Volume 2	19 Open Space 3 Zone	19.2.1.	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	420	Volume 2	19 Open Space 3 Zone	19.3.1.	Support in Part
Decision Requested	Amend standard 19.3.1.1 to provide an exemption from game hunting activities. Amend standard 19.3.1.3 to exempt structures associated with game hunting from requiring removal following the end of the event. Amend 19.3.1.4 to exempt activities at the Para Wetland from gaining approval from the Road Controlling Authority.					
<b>509</b>	Nelson Marlborough Fish and Game	421	Volume 2	19 Open Space 3 Zone	19.1.3.	Support in Part
Decision Requested	Amend to require campers within Open Space 3 Zone to be self-contained where no waste facilities are available.					
<b>509</b>	Nelson Marlborough Fish and Game	422	Volume 2	19 Open Space 3 Zone	19.1.4.	Support
Decision Requested	Retain as proposed					
<b>509</b>	Nelson Marlborough Fish and Game	423	Volume 2	19 Open Space 3 Zone	19.3.2.1.	Support in Part
Decision Requested	Retain the standards with amendment, which permits the planting of weeping willow and pin oak trees at the Para Wetland in accordance with the approved management plan.					
<b>509</b>	Nelson Marlborough Fish and Game	424	Volume 2	19 Open Space 3 Zone	19.1.5.	Support

Decision Requested	Retain as notified. Suggest this rule is cross referenced to the new rule providing for the use of water treatment units as requested in submission point 43.					
<b>992</b>	New Zealand Defence Force	46	Volume 2	2 General Rules	2.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Insert a rule to provide for temporary bridges and launch areas as a permitted activity, with suggested wording as follows: <i>Construction or placement of a temporary bridge in, on or over the bed of a lake or river in association with temporary military training activities.</i> <ul style="list-style-type: none"> <li>- <i>No more than 2m<sup>3</sup> of riverbed must be disturbed.</i></li> <li>- <i>The structure must not be located in, or within 8m of a Significant Wetland.</i></li> <li>- <i>The construction or placement must comply with all the permitted activity land disturbance rules for the Zone in which the activity is taking place.</i></li> </ul>					
<b>992</b>	New Zealand Defence Force	47	Volume 2	2 General Rules	2.7.4.	Oppose
Decision Requested	Insert a new rule to provide for temporary dams as a permitted activity, subject to standards, as requested below: <ul style="list-style-type: none"> <li>- <i>The temporary dam must not intersect groundwater;</i></li> <li>- <i>The temporary dam must not be located in, or within 8m of, a Significant Wetland;</i></li> <li>- <i>The temporary dam must not be built within 500m upstream of a dwelling, formed public road or designated rail infrastructure; and</i></li> <li>- <i>The dam must be constructed to enable dismantling at the completion of each use.</i></li> </ul>					
<b>992</b>	New Zealand Defence Force	48	Volume 2	2 General Rules	2.9.4.	Oppose
Decision Requested	Insert a new rule to provide for temporary dams as a permitted activity, subject to standards, as requested below: <ul style="list-style-type: none"> <li>- <i>The temporary dam must not intersect groundwater;</i></li> <li>- <i>The temporary dam must not be located in, or within 8m of, a Significant Wetland;</i></li> <li>- <i>The temporary dam must not be built within 500m upstream of a dwelling, formed public road or designated rail infrastructure; and</i></li> <li>- <i>The dam must be constructed to enable dismantling at the completion of each use.</i></li> </ul>					
<b>992</b>	New Zealand Defence Force	49	Volume 2	2 General Rules	2.17.3.	Oppose
Decision Requested	Amend the permitted activity standards under 2.17.3 to enable the discharge of stormwater to surface water from Airport Zoned land. Suggested amendments to the wording are (bold and underlined):  <i>2.17.3.3. For stormwater sourced from land zoned Rural Living <u>and Airport</u>, the maximum discharge must not exceed 50l/s.</i>  Standard 2.17.3.5 requires the use of interceptor systems where hazardous substances are stored and no changes are required to this standard.					
<b>992</b>	New Zealand Defence Force	50	Volume 2	2 General Rules	2.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Insert a new rule to provide for the discharge of stormwater to land, with suggested wording as follows:  <i>General Rules - Permitted Activities - New Rule: Discharge of stormwater to land</i>  <i>Standards:</i>  - the discharge is not from, onto or into contaminated land and  - the discharge shall not cause or exacerbate the flooding of any other property.  Note: The above wording is based on a similar permitted activity rule in the proposed Natural Resources Plan for Wellington.					
<b>992</b>	New Zealand Defence Force	51	Volume 2	2 General Rules	2.	Oppose
Decision Requested	Replace the introductory sentence to state:  <i>Temporary Military Training Activities are not required to comply with the requirements of any other part of the Plan except the provisions for earthworks and permanent structures, and any relevant regional rules.</i>					
<b>992</b>	New Zealand Defence Force	52	Volume 2	2 General Rules	2.41.1.	Support
Decision Requested	Retain Rule 2.41.1 as notified.					
<b>992</b>	New Zealand Defence Force	53	Volume 2	2 General Rules	2.42.1.1.	Oppose
Decision Requested	Delete Permitted Activity Standard 2.42.1.1 in its entirety.					
<b>992</b>	New Zealand Defence Force	54	Volume 2	2 General Rules	2.42.1.2.	Oppose
Decision Requested	Delete Permitted Activity Standard 2.42.1.2 in its entirety.					
<b>992</b>	New Zealand Defence Force	55	Volume 2	2 General Rules	2.42.1.3.	Oppose
Decision Requested	Delete Standard 2.42.1.3 and replace with the noise standards developed by NZDF specifically for TMTA activities, attached as <b>Attachment A</b> to this submission.					
<b>992</b>	New Zealand Defence Force	56	Volume 2	2 General Rules	2.42.1.4	Oppose
Decision Requested	Delete Standard 2.24.1.4.

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend the first sentence of the Method 12.M.9 as follows (bold) - <i>" Rules of the MEP require the providers of water (<b>including the New Zealand Fire Service in relation to firefighting water supply and access</b>), sewerage, stormwater, roading, electricity and telecommunication services to confirm the proposed arrangements for providing the infrastructure to new urban subdivisions."</i>					
<b>993</b>	New Zealand Fire Service Commission	16	Volume 1	13 Use of the Coastal Environment	Policy 13.5.1	Support
Decision Requested	Retain Policy 13.5.1 as notified.					
<b>993</b>	New Zealand Fire Service Commission	17	Volume 1	14 Use of the Rural Environment	Policy 14.1.5	Oppose
Decision Requested	Amend the Policy and the explanation to the Policy as follows (bold) - <i>" Policy 14.1.5 – Require rural subdivisions to provide a minimum of two cubic metres of drinkable water per new allotment, per day <b>and adequate firefighting water supply</b>.  The Provisions of the MEP enable a dwelling house to be established on rural properties (including those in the coastal environment) as a permitted activity. This reasonably creates an expectation that there will be sufficient water of adequate quality on the property to provide for an individual's reasonable domestic needs <b>and for firefighting purposes</b>. Those <b>domestic</b> needs including drinking, other household uses, garden water and other incidental uses around the household. To ensure that these needs are able to be met, the policy requires any application for a subdivision creating a new allotment(s) where no reticulated water supply is available to demonstrate that each allotment has access to at least two cubic metres of drinkable water per day and is able to provide adequate water supply for firefighting purposes. The policy does not specify the source of the water or the method of provision, providing the flexibility (through the Code of Practice) to determine arrangements appropriate to the circumstances."</i>					
<b>993</b>	New Zealand Fire Service Commission	18	Volume 2	2 General Rules	2.2.8.	Support in Part
Decision Requested	Amend Rule 2.2.8 as follows (strike through and bold) - <i>" Take, <del>and</del> use <b>and damming</b> of water for fire-fighting purposes <b>and firefighting training (when undertaken by the New Zealand Fire Service or any other nationally recognised agency authorised to undertake firefighting activities)</b>."</i>					
<b>993</b>	New Zealand Fire Service Commission	19	Volume 2	2 General Rules	2.6.4.	Oppose
Decision Requested	Amend the exemptions in Rule 2.6.4 as follows (bold) - <i>" This rule does not apply to a take, use, damming or diversion of water lawfully established prior to 9 June 2016, including the take and use of water for an individual's reasonable domestic needs and the take and use of water for the reasonable drinking water needs of an individual's animals <b>and the take, use and damming of water for firefighting purposes permitted by Rule 2.2.8.</b>"</i>

Decision  
Requested

Add to these policies so they apply more broadly to include all structures in waterways. Add to these policies with respect to consent renewal and delaying the legal effect of the rules to allow time to remediate the in-stream structures:

**Policy (a):** To assess the need to provide for the passage of fish at existing structures when renewing consents or when setting priorities for remedial or enforcement action, by taking into account:

- (a) quantity of habitat upstream of the barrier;
- (b) whether the stream is continuously flowing or ephemeral, and the extent to which the barrier affects fish passage at a range of stream flows;
- (c) significance and quality of the habitat, including presence of threatened species or effects of predator species on indigenous species;
- (d) proximity of barrier to the sea;
- (e) costs associated with any works required to provide fish passage at a site or several sites on the same river and including any likely adverse effects of the retrofit on adjacent landowners and any adverse effects on hydraulic efficiency;
- (f) proximity and effects of other fish barriers, including natural barriers in the same stream;
- (g) whether the structure is still used or the time until any programmed replacement;
- (h) whether there are alternative methods of providing for the passage of fish.

**Policy (b):** To delay the legal effect of the rules regulating culverts, fords and tidal flood gates existing as at [plan notification date] until five years from the operative date and to:

- (a) require resource consents or
- (b) take enforcement action for structures that do not provide for fish passage at that time unless:
  - (i) the structure has been assessed against policy (a) as not requiring provision of fish passage or
  - (ii) a plan is prepared which includes:
    - (-) a description of the works required to provide for fish passage;
    - (-) a target completion date for the required work.
- (e) the works have been completed by the specified date.

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That Policy 5.10.6 is amended to provide for any other relevant matter to be considered as well. Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.					
<b>995</b>	New Zealand Forest Products Holdings Limited	12	Volume 1	6 Natural Character	Objective 6.2	Oppose
Decision Requested	<p>It is considered some primary production activities may serve to enhance the natural character of an area. It is anticipated that this may occur when an area of pastoral farming is planted in forest. Commercial forestry should be enabled in these circumstances.</p> <p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) Include new policies which recognise that where land containing commercial forestry is identified as having natural character, the effects of forestry and the intensification and development of forestry is not an adverse effect, but is inherent to the character of the area, otherwise areas of land which are currently commercial forestry should not be recognised as having natural character;</p> <p>(b) The objectives and policies, particularly (but not limited to) Policy 6.13 and 6.15 which recognise 'human induced modification' affects the 'natural character' of an area be retained;</p> <p>(c) The objectives and policies, particularly (but not limited to) Policy 6.2.5 should be retained and amended to enable the ongoing use of existing primary production activities in such locations;</p> <p>(d) The objectives and policies, particularly (but without limitation) Policies 6.2.1 to 6.2.3 which require that adverse effects only be 'avoided' should be amended to include 'remedied or mitigated';</p> <p>(e) Recognise that primary production activities such as commercial forestry have the potential to enhance the natural character in an area. To that extent Policy 6.2.6 is supported subject to specific amendments being made to recognise commercial forestry; and</p> <p>(f) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
<b>995</b>	New Zealand Forest Products Holdings Limited	13	Volume 1	7 Landscape	7.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) The objectives and policies particularly (but not limited to) Objective 7.1. and Policies 7.1.1 to 7.1.4 should be amended so that land subject to commercial forestry is excluded from being classified as an Outstanding Natural Features/Landscapes. Additionally, land with existing commercial forestry should be excluded from areas of Outstanding Natural Features/Landscapes. Much of that land comprises commercial forestry. It is inappropriate for land comprising commercial forestry to be Identified as part of an Outstanding Natural Feature I Landscape when it is well known that is was planted for commercial purposes and would be cleared at some time in the future, with consequent visual effects arising from clearing. The Submitter seeks the exclusion of the areas of Outstanding Natural Feature/Landscape insofar as it consists of commercial forestry. The significant problems with including commercial forestry in Outstanding Natural Features/Landscapes are addressed below by reference to a particular policy that applies to the Coastal Environment Zone.</p> <p>In the alternative, if the land with existing commercial forestry is not excluded from areas of Outstanding Natural Features/Landscapes then the following relief is sought:</p> <p>(a) the objectives and policies, particularly (but not limited to) the Introduction, Policy 7.2.3, Policy 7.2.6, Policy 7.2.7 and Policy 7.2.8 should be amended to recognise that commercial forestry forms, contributes to and is part of the identifiable Marlborough Sounds landscape and should be enabled (including its development, optimisation and expansion) within the rules that seek to protect landscape values; and</p> <p>In addition to the relief sought above:</p> <p>(a) New objectives and policies are required to recognise the importance of primary industry (specifically commercial forestry), rural industry and transport infrastructure, to the region, even within the Marlborough Sounds landscape;</p> <p>(b) The objectives and policies particularly (but not limited to) the Introduction, Policy 7.2.3, Policy 7.2.6, Policy 7.2.7 and Policy 7.2.8 be amended to:</p> <p>(i) Enable minor expansion of existing forestry without resource consent</p> <p>(ii) Enable the intensification of commercial forestry in those areas where it is already established and In areas adjacent existing commercial forestry, particularly where such a use may be anticipated by the underlying zoning; and</p> <p>(iii) Recognise commercial forestry activities in areas not identified as outstanding, only require controlled or restricted discretionary consent.</p> <p>(c) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
995	New Zealand Forest Products Holdings Limited	14	Volume 1	8 Indigenous Biodiversity	8.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) The objectives and policies, particularly (but not limited to) Objective 8.1 and Policy 8.1.2 should be amended to make it clear that appropriate (not absolute) protection of significant indigenous biodiversity is to be achieved. The current provisions suggest that the protection of significant indigenous biodiversity is too absolute;</p> <p>(b) The objectives and policies, particularly (but not limited to) Policy 8.1.1 should be amended to provide that even where an area has been assessed as having significant indigenous biodiversity value, it may not be mapped as "significant" where doing so would be inconsistent with the other objectives and policies of the plan;</p> <p>(c) The objectives and policies, particularly (but not limited to) Policy 8.2.9 overreaches by seeking to maintain, enhance or restore all ecosystems, irrespective of whether they are significant. It is not clear that the Council properly understood the impact of this policy. Policy 8.2.9 should be amended so that it is not directive and instead uses wording similar to Policy 8.2.5 - by seeking to encourage the positive outcomes identified. The objectives and policies, particularly (but not limited to) Policies 8.3.1, 8.3.2 and 8.3.8 fail to make appropriate provision for development (rural industry) and infrastructure that has a locational need to be in a particular location and where there are no reasonably practical alternatives. The objectives and policies should be amended to provide a limited exemption in this circumstance and expressly provide for effects to be remedied, mitigated or off-set in such circumstances. This is significant in Marlborough where there are large areas of land devoted to primary produce, significant roading constraints and emphasis on greater use of the CMA as a transport option; and</p> <p>( d) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
995	New Zealand Forest Products Holdings Limited	15	Volume 1	9 Public Access and Open Space	9.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>The Submitter seeks the following relief:</p> <p>(a) The objectives and policies, particularly (but not limited to) Policy 9.1.1 should recognise that there is sufficient public access to Port Underwood in a number of locations and it should not be a priority for public access. Furthermore enhancing public access in this area could create health and safety issues with the extent of logging trucks on the road;</p> <p>(b) The objectives and policies, particularly (but not limited to) Policy 9.1.12 should recognise that some types of subdivision and development (including transport and infrastructure), which require an operational connection between the land and the sea, cannot provide esplanade reserves and achieve operational requirements (including health and safety) and that in such situations, the Council should properly take account of those operational issues, alternative access to (or from point to point) the CMA proposed by the Applicant so that overall a net improvement in public access is achieved (in a similar way to Policy 9.1.14) along with any other relevant factors;</p> <p>(c) The objectives and policies should seek to avoid zoning land as open space where it is privately held and the owner does not consent to such zoning. otherwise the zoning may be in breach of section 85 of the Act;</p> <p>(d) The Open Space zoning of land not owned by the Council or the Department of Conservation, or that neither of them have agreement with the owners to zone as open space is opposed; and</p> <p>(e) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
<b>995</b>	New Zealand Forest Products Holdings Limited	16	Volume 1	11 Natural Hazards	11.	Oppose
Decision Requested	<p>The objectives and policies should recognise that some areas of land may be appropriately used for certain activities such as forestry. This should be recognised in Policy 11.1.21.</p> <p>The policy should also be amended to recognise that work or land use on slopes classified as having land instability issues can appropriately occur, where adverse effects on land instability can be appropriately remedied or mitigated.</p> <p>In addition, new rules should be added, or existing rules modified to give effect to the objective and policy modifications sought.</p>					
<b>995</b>	New Zealand Forest Products Holdings Limited	17	Volume 1	13 Use of the Coastal Environment	13.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) New objectives and policies will need to be inserted into the Coastal Environment chapter that enable and provide for commercial forestry and associated activities that are the same as or similar to those used in the Rural Environment Zone. However specific objectives and policies may also be required and could include for example (but without limitation):</p> <p>(i) A new objective under Issue 13A to enable the ongoing use, optimisation and development of commercial forests in the Coastal Environment Zone. The associated policies will need to:</p> <p>A. Enable the harvesting and replanting of commercial forests along with associated land use and stormwater diversion activities;</p> <p>B. Enable the expansion of commercial forests within existing titles by up to 10%; and</p> <p>C. Enable increased intensification of commercial forests (including increased stocking rates and rotation rates).</p> <p>(ii) A new objective to enable rural industry to be located in the Coastal Environment Zone where it supports an existing primary industry In that zone. Associated policies will need to:</p> <p>A. Enable rural industry to support primary industry;</p> <p>B. Recognise that rural industry often has a functional need to establish in certain locations;</p> <p>C. Recognise that the topography of Marlborough means that there are limited sites suitable for rural industry;</p> <p>D. Allow rural industry to establish, notwithstanding potentially significant local effects, where there are limited alternatives.</p> <p>(iii) A new objective will need to be Inserted that enables transport infrastructure that supports the use and development of primary industry. Associated policies will need to:</p> <p>A. Enable the development and construction of new roads, the widening of existing roads, and the establishment and operation of forestry roads;</p> <p>B. Enable the use of existing roads by vehicles associated with primary production activities;</p> <p>C. Enable the development and construction of water based transport infrastructure within the Coastal Environment Zone and Coastal Marine Zone.</p> <p>(b) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
995	New Zealand Forest Products Holdings Limited	18	Volume 1	13 Use of the Coastal Environment	Policy 13.1.1	Oppose
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) The objectives and policies, particularly (but not limited to) Policy 13.1.1, need to be amended and land with commercial forestry therefore needs to be removed from the Outstanding Natural Feature, Natural Character and Landscape maps, otherwise it is difficult, if not impossible, to see how commercial forestry could ever be cleared in light of Policies 13(1)(a) and 15(a) of the New Zealand Coastal Policy Statement and the decision of the Supreme Court in the King Salmon (2014 NZSC 38) case that, in terms of those policies, "avoid" means "avoid." Moreover, where the land is felled in accordance with resource consent or existing use rights it will not have outstanding character and therefore should not be classified as such;</p> <p>(b) In the alternative, provide an exemption to Policy 13.1.1 for areas of existing commercial forestry to operate, develop, expand and intensify and / or change the policy to avoid, remedy or mitigate adverse effects; and</p> <p>(c) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
995	New Zealand Forest Products Holdings Limited	19	Volume 1	14 Use of the Rural Environment	14.	Oppose
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) The objectives and policies, particularly (but not limited to) Objective 14.1 and its associated policies in this chapter are retained so far as they encourage safeguard, support and encourage the use of Marlborough's rural land for primary production, specifically commercial forestry;</p> <p>(b) That new policies are inserted under Objective 14 that prioritise the use of the rural environment for primary production and intensification of primary production on land where primary production is already occurring;</p> <p>(c) That new objectives and policies are inserted that prioritise the objectives, policies and methods in this chapter over those in other chapters to the extent that primary production activities such as commercial forestry are prioritised in the rural environment; and</p> <p>(d) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
995	New Zealand Forest Products Holdings Limited	20	Volume 1	15 Resource Quality (Water, Air, Soil)	15.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) The objectives and policies, particularly (but not limited to) Policy 15.1.31 should be amended to recognise that some disturbances to river beds are short term with less than minor or negligible adverse effects in the medium or long term;</p> <p>(b) The objectives and policies be amended so that any controls imposed on commercial forestry activities to address potential land disturbance are consistent with the New Zealand Code of Practice for Plantation Forestry;</p> <p>(c) The objectives and policies, particularly (but not limited to) Policies 15.4.3 and 15.4.4 be amended to recognise that land disturbance is a necessary component of many primary production activities, particularly commercial forestry and the construction of access tracks and that these activities should be enabled subject to ensuring that they are undertaken in accordance with good practice;</p> <p>(d) The objectives and policies, particularly (but not limited to) Policy 15.4.4(e) should recognise that the effects of eroded soil reaching any fresh water body or coastal water should only be considered if the effect of that soil is likely to have an adverse effect that will exist beyond the short term; and</p> <p>(e) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>					
<b>995</b>	New Zealand Forest Products Holdings Limited	21	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.29	Support in Part
Decision Requested	<p>That a new policy be inserted after Policy 15.1.29 to recognise that some land use activities will cause short term land disturbance and potential sediment discharge, but that any adverse effects are likely to be minor.</p>					
<b>995</b>	New Zealand Forest Products Holdings Limited	22	Volume 1	17 Transportation	17.	Oppose
Decision Requested	<p>Without limiting the generality of the foregoing, to address matters the Submitter also seeks the following relief:</p> <p>(a) That a new policy is inserted under Issue 17D that recognises that in certain circumstances all parts of the road network may need to be used by the primary production sector given the location of their activities. This policy will need to recognise the use of the road network should not be prevented despite Policy 17.4.5;</p> <p>(b) That a new policy is inserted under Objective 17.4 that promotes water based transportation and recognises that the wider community and environmental benefits of infrastructure to enable water-based transportation can outweigh localised environmental effects - even where such effects are significant; and</p> <p>(c) Add new rules, or modify existing rules to give effect to the objective and policy modifications sought.</p>

Decision Requested	Retain Policy 11.1.10.					
<b>998</b>	New Zealand Pork Industry Board	5	Volume 1	11 Natural Hazards	Policy 11.1.16	Support
Decision Requested	Retain Policy 11.1.16.					
<b>998</b>	New Zealand Pork Industry Board	6	Volume 1	14 Use of the Rural Environment	14.	Support
Decision Requested	Retain Chapter 14 Use of the Rural Environment Introduction.					
<b>998</b>	New Zealand Pork Industry Board	7	Volume 1	14 Use of the Rural Environment	Objective 14.1	Support
Decision Requested	Retain Objective 14.1.					
<b>998</b>	New Zealand Pork Industry Board	8	Volume 1	14 Use of the Rural Environment	Policy 14.1.1	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That the following amendment (bold) is made to the explanation of Policy 14.1.1:  <i>Currently, a wide range of primary productive land uses are undertaken in Marlborough's rural environments, from viticulture to extensive forestry, pastoral farming, dairy farming, <b>intensive farming</b> and cropping. This policy provides for those uses to continue, which will assist in achieving Objective 14.1, although the management regime in the MEP will include controls to manage adverse effects. At times there may be a change in land use or management practices for primary production to enhance the efficient use of land resources and the MEP does not intend to unduly curtail any opportunity for this to occur. However, the management framework for rural environments, which includes rural areas within the Marlborough Sounds and elsewhere in the District, does include standards to maintain environmental quality, character and amenity values.</i>					
<b>998</b>	New Zealand Pork Industry Board	9	Volume 1	14 Use of the Rural Environment	Policy 14.1.2	Support
Decision Requested	Avoid inappropriate subdivision and development of land used for primary production.  Lifestyle/rural-residential subdivision should be limited in scale and extent to defined locations to avoid conflict with production use.					
<b>998</b>	New Zealand Pork Industry Board	10	Volume 1	14 Use of the Rural Environment	Policy 14.1.3	Support
Decision Requested	Plan must clearly provide for those buildings and structures that support rural production and require a rural location and those activities that have locational choice.					
<b>998</b>	New Zealand Pork Industry Board	11	Volume 1	14 Use of the Rural Environment	Policy 14.1.4	Support
Decision Requested	Retain Policy 14.1.4.					
<b>998</b>	New Zealand Pork Industry Board	12	Volume 1	14 Use of the Rural Environment	Policy 14.1.5	Support
Decision Requested	Avoid inappropriate development of land production, subdivision and used for primary production.  A dwelling house to be established on rural properties as a permitted activity must be able to provide sufficient water of adequate quality on the property to provide for an individual's reasonable domestic needs that does not compromise the needs of rural production.  The priority for water allocation must be to rural production activities in the rural environment.					
<b>998</b>	New Zealand Pork Industry Board	13	Volume 1	14 Use of the Rural Environment	Policy 14.1.7	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Amend policy to note that these effects are anticipated and expected in the rural environment.					
998	New Zealand Pork Industry Board	14	Volume 1	14 Use of the Rural Environment	Policy 14.1.9	Support in Part
Decision Requested	Policy needs to be balanced with policy and methods imposed on new or expanding activities in adjoining residential environments. The submission does not include details of amendments in terms of balancing policy and methods.					
998	New Zealand Pork Industry Board	15	Volume 1	14 Use of the Rural Environment	Objective 14.2	Support in Part
Decision Requested	That the following amendment is made to Objective 14.2:  <i>Objective 14.2 The sustainability of Marlborough's rural economy is not adversely affected by the spread or introduction of pests <b>or biosecurity risks</b>.</i>					
998	New Zealand Pork Industry Board	16	Volume 1	14 Use of the Rural Environment	Policy 14.2.1	Support in Part
Decision Requested	That the following amendment (bold) is made to Policy 14.2.1 ( <i>inferred</i> ):  <i>Policy 14.2.1 The Marlborough District Council will support any national response to an incursion of a pest(s) <b>and biosecurity risk(s)</b> where this occurs, if it has the potential to reach Marlborough or is already present and/or has the potential to affect Marlborough's primary production sector.</i>					
998	New Zealand Pork Industry Board	17	Volume 1	14 Use of the Rural Environment	Policy 14.2.2	Support
Decision Requested	Retain Policy 14.2.2.					
998	New Zealand Pork Industry Board	18	Volume 1	14 Use of the Rural Environment	Policy 14.2.3	Support
Decision Requested	Retain Policy 14.2.3.

Decision Requested	That the status for Rule 3.6.12 is changed from a Discretionary Activity to a Restricted Discretionary Activity ( <b>inferred</b> ).					
<b>998</b>	New Zealand Pork Industry Board	66	Volume 2	5 Urban Residential 1 and 2 Zone	5.2.	Oppose
Decision Requested	That as a minimum the plan should develop methods such as setbacks, planting buffers, fencing, non-complaints covenants that are specific to the rural urban interface. The submission does not include details of setbacks, planting buffers, or fencing.					
<b>998</b>	New Zealand Pork Industry Board	67	Volume 2	6 Urban Residential 3 Zone	6.2.	Oppose
Decision Requested	That as a minimum the plan should develop methods such as setbacks, planting buffers, fencing, non-complaints covenants that are specific to the rural urban interface. The submission does not include details of setbacks, planting buffers, or fencing.					
<b>998</b>	New Zealand Pork Industry Board	68	Volume 2	8 Rural Living Zone	8.2.1.4.	Oppose
Decision Requested	Prefer more generous setbacks to address the interface with rural production activities. The submission does not provide details of alternative setback distances.					
<b>998</b>	New Zealand Pork Industry Board	69	Volume 2	24 Subdivision	24.3.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That additional assessment criteria is included that considers activities in the surrounding environment, reverse sensitivity, proximity of rural production activities, loss of production land and impacts on food supply ( <i>inferred</i> ).					
998	New Zealand Pork Industry Board	70	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	<i>Agricultural liquid waste</i> The submission does not include a decision requested.					
998	New Zealand Pork Industry Board	71	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	<i>Agricultural solid waste</i> The submission does not include a decision requested.					
998	New Zealand Pork Industry Board	72	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	<i>Agricultural waste</i> The submission does not include a decision requested.					
998	New Zealand Pork Industry Board	73	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	That the following amendment (bold) is made to the definition of <i>Domestic livestock</i> ( <i>inferred</i> ): <i>Domestic livestock means livestock bred, reared and/or kept on the property for home consumption, or as pets, or for hobby purposes and from which little or no income is derived. <b>Domestic livestock includes the keeping, breeding or rearing of five (5) or fewer pigs that have been weaned, or more than two (2) sows (with progeny until weaned).</b></i>					
998	New Zealand Pork Industry Board	74	Volume 2	25 Definitions	25.	Support in Part
Decision Requested	That the following amendment (bold) is made to the definition of <i>Farming</i> ( <i>inferred</i> ): <i>Farming means a land based activity, having as its primary purpose the commercial production and sale of any livestock or vegetative matter, <b>and includes outdoor (extensive) pig farming.</b> Farming does not include intensive farming, forestry, and in the case of vegetative matter, does not include the processing of farm produce beyond cutting, cleaning, grading, chilling, freezing, packaging and storage of produce grown on the farming unit.</i>					
998	New Zealand Pork Industry Board	75	Volume 2	25 Definitions	25.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>That the following amendments (strike-through and bold) are made to the definition of <i>Intensive farming</i>:</p> <p><del><i>Intensive farming means any primary production activity exhibiting two or more of the following characteristics:-</i></del>  <del><i>(a) little dependence on the quality of the soils of the site, such as greenhouses, mushrooms, plant nurseries;</i></del>  <del><i>(b) in excess of 50% coverage in permanent buildings having concrete or otherwise impervious floors for the housing and growing of livestock and/or vegetative matter;</i></del>  <del><i>(c) substantial environmental control and/or modification to facilitate growth of livestock and/or vegetative matter;</i></del>  <del><i>(d) high output of collected waste material per hectare and includes all pig farming, poultry farming, rabbit farming; greenhouses not relying on the soils, mushrooms, container growing nursery; and</i></del>  <del><i>(e) land based aquaculture</i></del> <b><i>the commercial raising and keeping of animals and/or plants which is dependent on a high input of food including but not limited to cut pasture and/or supplementary meal or fertiliser throughout the year from beyond the holding, and is contained in, buildings or outdoor enclosures. It includes, but is not limited to.....</i></b></p> <ul style="list-style-type: none"> <li>•</li> <li>•</li> <li>•</li> </ul> <p><b><i>the keeping of pigs outdoors without ground cover being maintained.</i></b></p> <p>It is not clear if the bullet points included in the submission are relevant to the proposed definition.</p>					
<b>998</b>	New Zealand Pork Industry Board	76	Volume 2	25 Definitions	25.	Oppose
Decision Requested	<p>That a new definition is included in the MEP:</p> <p><b><i>Outdoor (extensive) pig farming means an area of a SITE where all pigs, boar, and piglets are contained within a paddock/s with groundcover maintained.</i></b></p>					
<b>999</b>	New Zealand Sport Fishing Council	1	Volume 1	8 Indigenous Biodiversity	Policy 8.1.3	Support
Decision Requested	Retain Policy 8.1.3 [ <i>inferred</i> ].					
<b>999</b>	New Zealand Sport Fishing Council	2	Volume 1	8 Indigenous Biodiversity	Policy 8.2.9	Support

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Retain Policy 8.2.9 [ <i>inferred</i> ].					
<b>999</b>	New Zealand Sport Fishing Council	3	Volume 1	13 Use of the Coastal Environment	Policy 13.3.2	Support
Decision Requested	Retain Policy 13.3.2 [ <i>inferred</i> ].					
<b>999</b>	New Zealand Sport Fishing Council	4	Volume 1	13 Use of the Coastal Environment	Policy 13.3.4	Support

Decision Requested	Retain Policy 13.4.2 [ <i>inferred</i> ].					
<b>999</b>	New Zealand Sport Fishing Council	7	Volume 2	16 Coastal Marine Zone	16.7.5.	Support
Decision Requested	<ol style="list-style-type: none"> <li>1. Clarify how the standards for permitted activities, discussed in <b>Rule 16.2</b>, apply to large scale bottom contact fishing methods.</li> <li>2. The Marlborough District Council ensure further reference highlighting the ecologically significant sights affected by <b>Rule 16.7.5</b> to be made available.</li> <li>3. The Marlborough District Council change or append <b>Rule 16.7.5</b> to clarify methods that are deemed to cause disturbance.</li> <li>4. Increase the ecologically significant sites, creating a buffer zone to adequately protect from sedimentation arising from the use of destructive fishing methods on the margins/outside the Ecologically Significant Sites.</li> </ol>					
<b>1002</b>	New Zealand Transport Agency	1	Volume 1	1 Introduction	Guiding principles	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p><b>Amend the Guiding Principles as follows:</b>  <i>Being aware of the potential for reverse sensitivity effects between different resource uses, whether on land, or water or between the two. Reverse sensitivity effects occur when people establish new activities sensitive to the effects of existing activities in the vicinity. This can lead to restraints or demands against the existing activities and can cause tension and conflict in the community. Making sure activities are appropriately located, <del>and</del> carried out and designed within appropriate limits is therefore very important.</i></p>					
1002	New Zealand Transport Agency	2	Volume 1	2 Background	Identifying regionally significant issues	Support
Decision Requested	<p><b>Retain the criteria for determining whether an issue is regionally significant, particularly:</b></p> <ul style="list-style-type: none"> <li>• Is there a conflict in resource use?</li> <li>• Are there any significant cumulative impacts arising from resource use?</li> </ul>					
1002	New Zealand Transport Agency	3	Volume 1	2 Background	Relationship of the MEP to other policy statements, standards and strategies	Support
Decision Requested	<p><b>Support the Other strategies and plans section</b>, particularly "<i>...the Marlborough Regional Land Transport Plan has contributed to policies and methods on infrastructure and energy, urban form and reverse sensitivity.</i>"</p>					
1002	New Zealand Transport Agency	4	Volume 1	1 Introduction	Structure of the MEP	Support in Part
Decision Requested	<p><b>Add</b> a clear statement(s) explaining the purpose and legal weight of the reasons in (for example) Section 1, Volume 1, under the Heading "Structure of the MEP" (pg. 1-4).</p>					
1002	New Zealand Transport Agency	5	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Support in Part
Decision Requested	<p><b>Support Issue 4B</b>, particularly its recognition of the State Highways as nationally significant infrastructure, and the recognition of their susceptibility to reverse sensitivity and cumulative effects.  <b>Amend the Issue 4B reason as follows:</b>  <i>The ability to <u>operate</u>, maintain, upgrade and replace existing infrastructure without significant constraint is important in this respect.</i></p>					
1002	New Zealand Transport Agency	7	Volume 1	4 Use of Natural and Physical Resources	Policy 4.1.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p><b>Support the policy.</b>  <b>Amend the policy explanation as follows:</b>  <i>Many uses of coastal space, river beds, air and water resources are <del>prohibited</del> <u>restricted</u> unless allowed by a rule in a regional plan or by resource consent... Where the adverse effects are <del>considered</del> <u>potentially</u> more than minor or where there is potential for cumulative effects, then resource consents will be required ...</i></p>					
<b>1002</b>	New Zealand Transport Agency	8	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Support in Part
Decision Requested	<p><b>Amend Objective 4.2 as follows:</b>  <i>Efficient, effective, safe <u>and resilient</u> operation of regionally significant infrastructure.  The community relies on the considerable infrastructure that has been developed to protect and support the population <u>and economy</u>. It is essential for the social and economic wellbeing, health and safety of the Marlborough community that this critical infrastructure continues to operate efficiently, effectively and safely on an ongoing basis. This includes the ability to <u>operate</u>, maintain, upgrade and replace existing infrastructure.</i></p>					
<b>1002</b>	New Zealand Transport Agency	9	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Support in Part
Decision Requested	<p><b>Amend Policy 4.2.1 as follows:</b>  <i>Recognise the social , economic, environmental, health and safety benefits from the following infrastructure, either existing or consented at the time the Marlborough Environment Plan became operative <u>or authorised as a permitted activity, resource consent, or notice of requirement</u>, as regionally significant:</i>  ...  <i>(k) <del>district</del> <u>road</u>ing network;</i>  ...</p>					
<b>1002</b>	New Zealand Transport Agency	10	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.2	Support in Part
Decision Requested	<p><b>Amend Policy 4.2.2 as follows:</b>  <i>Protect regionally significant infrastructure from the adverse effects of other activities, <u>including reverse sensitivity and cumulative effects</u>.</i></p>					
<b>1002</b>	New Zealand Transport Agency	11	Volume 1	4 Use of Natural and Physical Resources	4.M.6	Support in Part
Decision Requested	<p><b>Amend Method 4.M.6 as follows:</b>  The electricity transmission network, <u>State Highway</u> buffer areas, and <u>State Highway</u> effects areas will be identified on the planning maps. This will allow other methods to be applied to manage the adverse effects of third parties on the transmission <u>and State Highway</u> networks.</p>					
<b>1002</b>	New Zealand Transport Agency	12	Volume 1	4 Use of Natural and Physical Resources	4.M.7	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<b>Amend Method 4.M.7 as follows:</b> <i>Where not designated, R recognition will be given to regionally significant infrastructure by providing, where appropriate, explicit zoning for the infrastructure. In conjunction with the application of district rules, zoning will assist to enable the infrastructure to operate efficiently and effectively.</i>					
<b>1002</b>	New Zealand Transport Agency	13	Volume 1	4 Use of Natural and Physical Resources	4.M.8	Support
Decision Requested	<b>Retain Method 4.M.8.</b>					
<b>1002</b>	New Zealand Transport Agency	14	Volume 1	4 Use of Natural and Physical Resources	4.M.9	Support in Part
Decision Requested	<b>Amend Method 4.M.9 as follows:</b> <i>Rules will be used to enable activities associated with the maintenance, <u>operation</u>, alteration, minor upgrading and replacement of regionally significant infrastructure. Standards will specify the extent of works involved with any of these activities</i> <i>Rules will be used to control the proximity of land uses in river beds that could have adverse effects on regionally significant infrastructure. This includes development within the National Grid Corridor.</i> <i>A buffer corridor for the National Grid transmission lines will be established through rules within which activities will be managed to reduce the risk of electrical hazard, the potential for reverse sensitivity effects and adverse effects on the structural integrity of the National Grid. The width of the corridor will vary depending on the activity, type of National Grid asset and the sensitivity of the network to the activity. This method gives effect to Policy 11 of the NPSET.</i> <u><i>A State Highway buffer area and State Highway effects area will be established through rules and supported by overlays and definitions, within which noise sensitive activities will be managed to reduce the potential for reverse sensitivity effects on the State Highway. The width of the buffer and effects areas are calculated based on traffic characteristics (volume, speed, and percentage of heavy vehicles) and the road surface type.</i></u>					
<b>1002</b>	New Zealand Transport Agency	15	Volume 1	4 Use of Natural and Physical Resources	4.M.10	Support in Part
Decision Requested	<b>Amend Method 4.M.10 as follows:</b> <i>Where the grant of a resource consent application <u>or approval of a Notice Of Requirement</u> may adversely affect regionally significant infrastructure, the owners and operators of the infrastructure will be served notice of the application as an affected party...</i> <b>Replicate or cross-reference</b> within applicable sections e.g. 2.37 Signage, Discretionary Activity Standards; 2.32.4 Vehicle crossing associated with permitted activities in all zones; Limited Access Roads.

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
1002	New Zealand Transport Agency	84	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.5.5	Support in Part
Decision Requested	<p><b>Amend Policy 15.5.5 as follows:</b>  <i>[...] Several agencies are potentially involved in any spill event, including the Council, Fire Service, Police, <u>the New Zealand Transport Agency road controlling authorities</u> and (in the coastal marine area) Maritime Safety. An ad hoc response from each agency creates the potential for ineffective containment and for soil contamination to occur over a wider area than if the spill was effectively contained.  It is important therefore that the actions of each agency in responding to a spill are co-ordinated. This is especially the case considering the risks posed by the volume of goods transported to and through Marlborough on <u>the State Highway 4 network</u>.</i></p>					
1002	New Zealand Transport Agency	85	Volume 1	17 Transportation	Issue 17C	Support
Decision Requested	<p><b>Retain Issue 17C.</b></p>					
1002	New Zealand Transport Agency	86	Volume 1	17 Transportation	Policy 17.3.1	Support
Decision Requested	<p><b>Retain Policy 17.3.1.</b></p>					
1002	New Zealand Transport Agency	87	Volume 1	17 Transportation	Policy 17.3.2	Support in Part
Decision Requested	<p><b>Retain Policy 17.3.2</b>, in particular:  <i>"for which a high level of through service must be provided on a continuous basis."</i>  <b>Amend as follows:</b>  Replace the term 'national routes' with '<u>State Highways</u>' throughout the MEP for clarity and consistency of terminology.</p>					
1002	New Zealand Transport Agency	88	Volume 1	17 Transportation	Policy 17.3.3	Support in Part
Decision Requested	<p><b>Amend policy 17.3.3 as follows:</b>  Ensure the road hierarchy is periodically reviewed and where necessary amended to reflect on-going changes in land use, use of the coastal marine area, <del>and</del> road access relationships <u>and changes to the road network</u>.</p>					
1002	New Zealand Transport Agency	89	Volume 1	17 Transportation	Issue 17D	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p><b>Amend Issue 17D as follows:</b> <i>Land use, water and subdivision activities can have adverse effects on the sustainable <del>use</del> management and planned function of the land transport network <u>and how this network supports the districts and region.</u></i></p> <p>Add the following new objectives and/or policies:</p> <p>A new RPS and regional objective and/or policy that will ensure an integrated planning approach is taken to managing the effects of growth and development on transport infrastructure.</p> <p>Ensure noise sensitive activities are set back a sufficient distance from land transport network boundaries to avoid, remedy and mitigate effects. Allow noise sensitive activities to be located near land transport networks only where they do not compromise or limit the existing or planned function of the land transport network.</p>					
1002	New Zealand Transport Agency	90	Volume 1	17 Transportation	Objective 17.4	Support in Part
Decision Requested	<p><b>Amend Objective 17.4 as follows:</b> <i><del>Conflict in providing for subdivision, use or development activities and with use of the land transport network is minimised.</del> Conflict between new and altered land use activities and the land transport network is avoided, remedied or mitigated.</i></p>					
1002	New Zealand Transport Agency	91	Volume 1	17 Transportation	Policy 17.4.1	Support in Part
Decision Requested	<p><b>Amend Policy 17.4.1 as follows:</b> <i>Manage the density, scale, <u>design</u>, and location of subdivision and/or activities to maintain, <u>protect or improve</u> the planned function of the roading network, <u>including through the avoidance of cumulative effects.</u></i></p> <p><b>Amend the reason for Policy 17.4.1 as follows:</b> <i>A major method in the MEP for managing the efficiency of the road network is through identification of a road's function, which is established by the road hierarchy (set out in Appendix 17 and Policy 17.3.2). It is important that subdivision <del>or</del> and activities that generate traffic (whether on land or in the coastal marine area) are managed so that their location, density, <u>design</u>, and/or scale does not impair the function of a particular road, <u>including as a result of cumulative or reverse sensitivity effects.</u> Management will occur through district rules that describe where there is a need to consider the impacts of activities on the function of a road through the resource consent process, <u>and by overlay maps identifying limited access roads, Transport Cumulative Effects Areas, and State Highway effects and buffer areas.</u></i></p>					
1002	New Zealand Transport Agency	92	Volume 1	17 Transportation	Policy 17.4.2	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p><b>Amend Policy 17.4.2 as follows:</b>  <i>Avoid the spread of residential, industrial or commercial development fronting <del>national routes</del> State Highways and arterial roads extending outwards from urban settlements or towns to avoid cumulative effects on the road network.</i></p> <p><b>Amend the Policy 17.4.2 reason as follows:</b>  <i>Avoiding the outward spread of urban areas (for residential, commercial or industrial development) along <del>national</del> State Highways or arterial routes and limited access roads will help protect the safety and efficiency of roading networks <u>including from cumulative effects.</u></i></p>					
1002	New Zealand Transport Agency	93	Volume 1	17 Transportation	Policy 17.4.3	Support
Decision Requested	<p><b>Retain Policy 17.4.3.</b></p>					
1002	New Zealand Transport Agency	94	Volume 1	17 Transportation	Policy 17.4.4	Support
Decision Requested	<p><b>Retain Policy 17.4.4.</b></p>					
1002	New Zealand Transport Agency	95	Volume 1	17 Transportation	Policy 17.4.5	Support
Decision Requested	<p><b>Retain Policy 17.4.5.</b></p>					
1002	New Zealand Transport Agency	96	Volume 1	17 Transportation	Objective 17.5	Support in Part
Decision Requested	<p><b>Amend Objective 17.5</b> to clarify its intent, for example:  <i>The safety and accessibility of roads for <u>all users as they travel along the road network</u> <del>pedestrians, cyclists and vehicle movement in general</del> is maintained and/or improved.</i></p> <p><b>Amend the reason under Objective 17.5 as follows:</b>  <i>Important components in a sustainable land transport network are ensuring it can be used safely and is accessible for a range of uses <u>and users, including pedestrians, cyclists, and motor vehicles.</u></i></p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
1002	New Zealand Transport Agency	97	Volume 1	17 Transportation	Policy 17.5.1	Support in Part
Decision Requested	<p><b>Amend Policy 17.5.1 as follows:</b>  <del>Maintain road safety and accessibility by ensuring</del> <i>Ensure that standards of road design, vehicle access, vehicle crossings, loading and parking are related to the intended-planned function of the adjoining road in terms of the roading hierarchy in Policy 17.3.2 to maintain road safety and accessibility.</i>  <b>Amend the reason under Policy 17.5.1</b> to better align with the policy.</p>					
1002	New Zealand Transport Agency	98	Volume 1	17 Transportation	Policy 17.5.3	Support in Part
Decision Requested	<p><b>Amend Policy 17.5.3.</b></p>					
1002	New Zealand Transport Agency	99	Volume 1	17 Transportation	Policy 17.5.4	Support in Part
Decision Requested	<p><b>Amend Policy 17.5.4 as follows:</b>  <i>Avoid the display of outdoor advertising signs that could adversely affect traffic safety by confusing, distracting or obstructing the view of motorists or pedestrians.</i>  Note that if the definition for 'sign' proposed by the Transport Agency is not accepted, alternative relief and a definition for 'outdoor advertising' may be sought.</p>					
1002	New Zealand Transport Agency	100	Volume 1	17 Transportation	Policy 17.5.6	Support in Part
Decision Requested	<p><b>Amend Policy 17.5.6 as follows:</b>  <i>Subdivision and land use activities shall avoid, remedy or mitigate adverse effects on the safety of and accessibility to the road network, by ensuring:</i>  ...  <i>(g) any proposed new or altered land use, subdivision or access point shall avoid, remedy, mitigate or improve any adverse safety or efficiency effects on the road network.</i>  <b>Amend the wording of Policy 17.5.6</b> to relate to the effects of activities, rather than activities themselves.  <b>Amend the reason for Policy 17.5.6</b> to reference the Limited Access Roads and cumulative effects overlays.</p>					
1002	New Zealand Transport Agency	101	Volume 1	17 Transportation	Issue 17D	Support in Part
Decision Requested	<p>Amend Issue 17D as follows:  <i>Land use, water and subdivision activities can have adverse effects on the sustainable use management and planned function of the land transport network and how this network supports the districts and region.</i></p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
1002	New Zealand Transport Agency	102	Volume 1	17 Transportation	Issue 17E	Support

1002	New Zealand Transport Agency	103	Volume 1	17 Transportation	Policy 17.6.1	Support
Decision Requested	<b>Retain Policy 17.6.1.</b>					
1002	New Zealand Transport Agency	104	Volume 1	17 Transportation	Policy 17.6.2	Support in Part
Decision Requested	<p><b>Identify this as a regional [R] policy as well as district [D].</b>  <b>Amend Policy 17.6.2 as follows:</b>  <i>The development, maintenance, operation, and use of the land transport network must be undertaken in a manner that protects natural and physical resources and the health, safety and wellbeing of the community through avoiding, remedying or mitigating:</i>  <i>(a) adverse effects on air and water quality, including from contaminated run-off from roads discharging into water or onto or into land;</i>  <i>(b) effects on places of significance to Marlborough's tangata whenua iwi;</i>  <i>(c) loss of visual amenity values in modifying the landscape;</i>  <i>(d) loss of natural character values in the coastal environment, wetlands, lakes, rivers and their margins;</i>  <i>(e) destruction of areas of significant indigenous vegetation and significant habitats of indigenous fauna;</i>  <i>(f) effects of severing communities and/or losing links between parts of settlements; and</i>  <i>(g) adverse effects on local amenities, including from noise and vibration."</i>  <u><i>(h) where the development maintenance and operation is for regionally significant infrastructure consideration will be given to the positive benefits of the proposed activity</i></u></p>					
1002	New Zealand Transport Agency	105	Volume 1	17 Transportation	17.M.7	Support in Part
Decision Requested	<b>Retain this Method</b> , with appropriate amendments to the regional rules to improve their workability in relation to the road network.					
1002	New Zealand Transport Agency	106	Volume 1	17 Transportation	17.	Support in Part
Decision Requested	<p><b>Insert a new method of implementation:</b>  <u><i>17.M.x Limited access roads</i></u>  <u><i>The MEP includes maps showing the location of limited access roads at the time the MEP became operative. Where access is proposed onto a section of the State Highway which has been declared a Limited Access Road, the approval of the New Zealand Transport Agency will need to be obtained as described in the Government Roading Powers Act 1989.</i></u></p>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
1002	New Zealand Transport Agency	107	Volume 1	17 Transportation	17.	Support in Part
Decision Requested	<p><b>Insert a new method of implementation as follows</b> (or words to similar effect):</p> <p><i>17.M.x Road Cumulative Effects Areas</i></p> <p><i>The MEP includes maps showing the location of those parts of the road network that are either at or nearing capacity, where the ability of the road to operate safely or efficiently may be comprised if further subdivision or development occurs. The road controlling authority will be considered an affected party for any subdivision or land use consent application that accesses or leads to those parts of the road network identified as Transport Cumulative Effects Areas.</i></p>					
1002	New Zealand Transport Agency	108	Volume 2	2 General Rules	2.34.	Support in Part
Decision Requested	<p><b>Add a preamble to the signage section</b> as follows:</p> <p><i>Any sign on or over any part of a State Highway is subject to the New Zealand Transport Agency (Signs on State Highways) Bylaw 2010, and requires the approval from the New Zealand Transport Agency, in addition to compliance with the MEP and any other council bylaws controlling signs.</i></p>					
1002	New Zealand Transport Agency	109	Volume 2	2 General Rules	2.1.1.	Oppose
Decision Requested	<p><b>Amend Rule 2.1.1 as follows:</b></p> <p><i>2.1.1.2. The environmental flows and levels, as specified in Appendix 6, do not apply to a take, use, damming or diversion of water required by Rule <del>2.4.12.5.1</del>, as it relates to not meeting the applicable Standards of a Permitted Activity in Rule 2.2.</i></p>					
1002	New Zealand Transport Agency	110	Volume 2	2 General Rules	2.	Support in Part
Decision Requested	<p><b>Add a new permitted activity rule as follows:</b></p> <p><i>[R] Rule x.x.x: Bore construction or alteration within the legal road for the purpose of investigating or monitoring conditions below the ground surface, including associated diversion and discharge of water or contaminants.</i></p> <p><b>Add standards</b> applying to this activity as follows:</p> <p><i>x.x.x.x The bore must be drilled by a Recognised Professional</i></p> <p><i>x.x.x.x A copy of the bore log, including a grid reference identifying the bore location, must be supplied to the Council in a suitable electronic format within 20 working days of the drilling of the bore.</i></p> <p><i>x.x.x.x On completion of the geotechnical investigation, the bore must be sealed or capped to prevent any potential contamination of groundwater.</i></p> <p><i>x.x.x.x The activity must not cause flooding or erosion of private land.</i></p> <p>This rule could be inserted into Chapter 2 General Rules (water take, use, damming or diversion section, from page 2-1) or a new chapter or section relating to the road or unzoned land.</p>					
1002	New Zealand Transport Agency	111	Volume 2	2 General Rules	2.2.11.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<b>Amend Rule 2.2.11 as follows:</b> <b>"Take and use of water for road or river control construction, <u>maintenance, repair or upgrade</u> works up to 50m<sup>3</sup> per day per construction site"</b> <b>And amend standard 2.3.10.4 as follows:</b> <i>"2.3.10.4. Road or river control construction, <u>maintenance, repair or upgrade</u> works must be undertaken by, or on behalf of, the Marlborough District Council or the road controlling authority"</i>					
1002	New Zealand Transport Agency	112	Volume 2	2 General Rules	2.2.12.	Support in Part
Decision Requested	<b>Amend Rule 2.2.12 and Standards as follows:</b> <i>Take of water <u>and associated diversion and discharge of that water for the purpose of dewatering a site of a trench.</u></i> <i>2.3.11.1. The take must not be within a Groundwater Protection Area.</i> <i>2.3.11.2. The take must relate to a temporary <u>excavation trench excavated</u> for the purposes of the installation or maintenance of infrastructure <u>or geotechnical testing.</u></i>					
1002	New Zealand Transport Agency	113	Volume 2	2 General Rules	2.2.15.	Support
Decision Requested	<b>Retain Rule 2.2.15.</b>					
1002	New Zealand Transport Agency	114	Volume 2	2 General Rules	2.3.14.	Support
Decision Requested	<b>Retain Standards 2.3.14.</b>					
1002	New Zealand Transport Agency	115	Volume 2	2 General Rules	2.2.17.	Support
Decision Requested	<b>Retain Rule 2.2.17.</b>					
1002	New Zealand Transport Agency	116	Volume 2	2 General Rules	2.2.18.	Support in Part
Decision Requested	<b>Amend Rule 2.2.18 as follows:</b> <i>Diversion <u>and temporary damming</u> of water associated with the operation <u>and maintenance</u> of <u>roadside drainage channels</u> and the <u>Drainage Channel Network existing on 9 June 2016</u>, and permitted activities in the <u>Floodway Zone.</u></i>					
1002	New Zealand Transport Agency	117	Volume 2	2 General Rules	2.3.17.2.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<b>Amend standard 2.3.17.2. as follows:</b> <i>The diversion must be managed by the Marlborough District Council <u>or New Zealand Transport Agency.</u></i>					
<b>1002</b>	New Zealand Transport Agency	118	Volume 2	2 General Rules	2.3.17.	Support in Part
Decision Requested	<b>Insert an additional standard relating to flooding:</b> <u>2.3.17.3. The activity must not cause flooding or erosion of private land.</u>					
<b>1002</b>	New Zealand Transport Agency	119	Volume 2	2 General Rules	2.6.4.	Support in Part
Decision Requested	<b>Amend Rule 2.6.4</b> to exempt the take, use, and diversion of water associated with construction or maintenance activities), for example: <i>Take, use, damming or diversion of water from the following waterbodies, including their tributaries:</i> ... <i>This rule does not apply to a take, use, damming or diversion of water lawfully established prior to 9 June 2016, <u>or to take, use, and diversion associated with construction, maintenance and upgrade of regionally significant infrastructure, including the take and use of water for an individual's reasonable domestic needs and the take and use of water for the reasonable drinking water needs of an individual's animals.</u></i> <b>Clarify why diversions of the Branch River are prohibited by Rule 2.6.4</b> , but minimum flows for diversions of the Branch River are given in Schedule 4 of Appendix 6.					
<b>1002</b>	New Zealand Transport Agency	120	Volume 2	2 General Rules	2.7.	Support in Part
Decision Requested	Make the necessary amendments to ensure only one rule applies to each activity in section 2.7, for example, specify whether each rule applies to continuously, intermittently, and/ or ephemerally flowing rivers, as per the comment on definitions above.					
<b>1002</b>	New Zealand Transport Agency	121	Volume 2	2 General Rules	2.7.1.	Support in Part
Decision Requested	<b>Add a definition for superstructure in relation to bridges and culverts.</b> <b>Amend Standard 2.9.1.2</b> to clarify how the cross-sectional area of the lakebed or river is to be measured.					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
1002	New Zealand Transport Agency	122	Volume 2	2 General Rules	2.9.1.	Support in Part
Decision Requested	<b>Amend Rule 2.7.1</b> to also authorise activities associated with the works to the structure, and replacement of the structure, as follows: <i>Alteration, repair or maintenance <u>or replacement</u> of an existing structure in, on or over the bed of a lake or river, <u>including associated bed disturbance and deposition, diversion of water, and discharge of sediment and contaminants.</u></i>					
1002	New Zealand Transport Agency	123	Volume 2	2 General Rules	2.7.2.	Support in Part
Decision Requested	<b>Amend Rule 2.7.2 as follows:</b> <i>Protection works in, on or over the bed of a lake or river for existing structures including gravel and sediment removal, <u>including associated bed disturbance and deposition, diversion, and discharge of sediment and contaminants.</u></i>					
1002	New Zealand Transport Agency	124	Volume 2	2 General Rules	2.9.2.	Support in Part
Decision Requested	<b>Amend Standards 2.9.2</b> to also relate to gravel and sediment removal for the purpose of protecting an existing structure.					
1002	New Zealand Transport Agency	125	Volume 2	2 General Rules	2.7.4.	Support
Decision Requested	<b>Retain Rule 2.7.4.</b>					
1002	New Zealand Transport Agency	126	Volume 2	2 General Rules	2.9.4.	Support
Decision Requested	<b>Retain Standards 2.9.4.</b>					
1002	New Zealand Transport Agency	127	Volume 2	2 General Rules	2.7.7.	Support in Part
Decision Requested	<b>Support the permitted activity status.</b> <b>Amend Rule 2.7.7 as follows:</b> <i>Culvert installation <u>and replacement</u> in, on, under, or over the bed of a river, <u>including associated bed disturbance and deposition, diversion of water, and discharge of sediment and contaminants.</u></i>					
1002	New Zealand Transport Agency	128	Volume 2	2 General Rules	2.9.7.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p><b>Support the permitted activity status.</b>  <b>Amend Standards 2.9.7.4 as follows (or similar wording):</b>  <i>The total length of the culvert must not exceed <del>8</del>12m, except for a culvert passing beneath a State Highway where the total length of the culvert must not exceed <del>20m</del> the length necessary to pass beneath the legal road at that location.</i></p>					
<b>1002</b>	New Zealand Transport Agency	129	Volume 2	2 General Rules	2.7.	Support in Part
Decision Requested	<p>The submission includes multiple submission points for the inclusion of new rules under section 2.7. These points have been included under this one decision requested with headings included only for clarity.</p> <p><b>Include the following new rules in Section 2.7:</b></p> <p><b>Temporary dams</b>  <i>2.7.X. Construction of a temporary dam</i></p> <p><b>Construction of new structures</b>  <i>[R] Rule 2.7.X: Bore construction or alteration in or on the bed of a lake or river for the purpose of investigating or monitoring conditions below the ground surface, including associated disturbance, water take, use, damming, diversion, and discharge of water or sediment.</i></p> <p><b>Drainage channel maintenance</b>  <i>2.7.X. The removal of vegetation or bed material and associated sediment from any drainage channel, including any associated disturbance, deposition, diversion of water, and discharge of sediment.</i></p> <p><b>Removal or demolition of structures from river beds</b>  <i>2.7.X The removal or demolition of a structure or part of a structure that is fixed in, on, under, or over any river or lake bed, including any associated disturbance and deposition of the bed, diversion of water, and discharge of sediment.</i></p>					
<b>1002</b>	New Zealand Transport Agency	130	Volume 2	2 General Rules	2.9.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>The submission includes multiple submission points for the inclusion of new rules under section 2.7. These points have been included under this one decision requested with headings included only for clarity.</p> <p><b>Include the following new standards:</b></p> <p><b>Temporary dams</b></p> <p><u>2.9.x.x. The temporary dam must be for diverting river flow around works in the bed of a river.</u></p> <p><u>2.9.x.x. Provision must be made for river flows up to and including the 20-year average rain index (ARI) event to bypass the temporary dam with the bypass flow being returned to the bed of the river downstream of the dam.</u></p> <p><u>2.9.x.x. The dam must not result in significant adverse effects on flows or ecology within permanent or intermittent rivers or streams.</u></p> <p><u>2.9.x.x. The dam structure must be no greater than 4m high when measured vertically from the downstream toe of the dam embankment to the highest point of the dam crest.</u></p> <p><u>2.9.x.x. The temporary dam must be constructed in accordance with best practice methods.</u></p> <p><u>2.9.x.x. The temporary dam must be removed as soon as is practicable and no later than two weeks following completion of the works.</u></p> <p><u>2.9.x.x. Decision Requested	Rezone the land adjoining the Flight Timber Sawmill Industrial 1 instead of Urban Residential 3.					
<b>198</b>	NS Clifford	4	Volume 4	Zoning Maps	Zoning Map 12	Oppose
Decision Requested	Rezone the land adjoining the Flight Timber Sawmill Industrial 1 instead of Urban Residential 3.					
<b>1001</b>	NZART Incorporated and Marlborough Amateur Radio Club (Branch 22)	1	Volume 2	2 General Rules	2.38.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<p>Include such provision as suggested in the attached submission.</p> <p>That <i>Amateur Radio Configurations</i> are provided as a permitted activity in all zones with the following standards (<b><i>inferred</i></b>):</p> <ul style="list-style-type: none"> <li>• Antennas attached to buildings must not exceed the point of attachment height by more than 7 metres.</li> <li>• The maximum number of antennas is 12.</li> <li>• Masts and attached antennas identified as permitted activities have a maximum height of 20 metres.</li> <li>• Allow “height in relation to boundary” to be the maximum height allowed for masts without reference to the distance from the boundary, except that no aerial or antennas mounted on the mast should overhang any boundary.</li> <li>• Require compliance with Streetscape Requirements.</li> <li>• Allow dish antennas close to the ground with a maximum diameter of 5 metres as a permitted activity for Licensed Amateur Radio Operators.</li> </ul> <p>Any <i>Amateur Radio Configurations</i> activity provided for as a Permitted Activity that does not meet the applicable standards is a Restricted Discretionary Activity.</p> <p>That the assessment criteria is clarified for Amateur Radio Configurations, especially when there is criteria for existing or similar structures, particularly relevant should an amateur wish to exceed a permitted limit.</p> <p>That existing non-complying Amateur Radio Configurations are deemed to be complying if they have not been subject to complaint or compliance or enforcement action for a period of two years or more.</p> <p>The submission includes the following attachments to provide guidance for:</p> <ol style="list-style-type: none"> <li>1. Development control standards for Amateur Radio Configurations as a permitted activity- <i>Attachment 2A: A Rule based on the Environment Court Decisions for the Tauranga District Plan</i> (pages 19 to 21 of the submission).</li> <li>2. Restricted Discretionary Activity assessment criteria for radio communication activities - <i>Schedule 1 Agreed amendments to the Rangitikei District Plan</i> (pages 14 and 15 of the submission).</li> </ol> <p>Additional documents are included to support the submission under <i>PART B: Justification and Technical Supporting Documents</i>.</p>					
1001	NZART Incorporated and Marlborough Amateur Radio Club (Branch 22)	2	Volume 2	25 Definitions	25.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That a definition of 'Masts' that includes support structures, because these are frequently a form of configuration used by Amateurs. The submission does not include further details for the decision requested for this submission point.					
<b>1001</b>	NZART Incorporated and Marlborough Amateur Radio Club (Branch 22)	3	Volume 2	25 Definitions	25.	Oppose
Decision Requested	That the following definition of <b><i>Amateur Radio Configurations</i></b> is included in the MEP  <b><i>Amateur Radio Configurations (ARC) means aerials, antennas and associated support structures which are owned and operated by licensed amateur radio operators.</i></b>					
<b>1001</b>	NZART Incorporated and Marlborough Amateur Radio Club (Branch 22)	4	Volume 2	5 Urban Residential 1 and 2 Zone	5.1.	Oppose
Decision Requested	That the same provisions for Amateur Radio Configurations in the network Utilities provisions for height, and specify acceptable configurations are included within residential and other zones.					
<b>822</b>	Johanna O'Connell	1	All	All		Oppose
Decision Requested	This information is included to complete the submission database only. As set out in MFA and AQNZ submission.					
<b>387</b>	O'Dwyers Creek Vineyard Limited	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose
Decision Requested	Delete the Minimum Flows and Levels for Water Takes applying to the Wairau Aquifer Central Springs Freshwater Management Unit, Wairau Aquifer Northern Springs Freshwater Management Unit and the Wairau Aquifer Urban Springs Freshwater Management Unit. ( <i>Inferred</i> )					
<b>151</b>	Trevor Offen	1	Volume 4	Overlay Maps	Flood Hazard Area 6	Oppose
Decision Requested	That any flood hazard on the Totaranui Valley floor in Clova Bay be contained to the area that is currently shown in the current MSRMP.  That if it should be determined that a 1 in 50 year flood hazard does exist for the Totaranui Valley Floor, the overlay should be no higher than a Level 1 flood hazard.					
<b>151</b>	Trevor Offen	2	Volume 2	4 Coastal Environment Zone	4.2.1.5.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That it be made clearer that 4.2.1.5 does not apply to properly authorised privately owned domestic wastewater treatment systems located on privately owned land.					
<b>151</b>	Trevor Offen	3	Volume 1	11 Natural Hazards	Policy 11.1.8	Oppose
Decision Requested	Policy 11.1.8 should be reworded to read "Unless provided for by Policy 11.1.10(a) or (b)..."					
<b>151</b>	Trevor Offen	4	Volume 2	4 Coastal Environment Zone	4.2.1.13.	Oppose
Decision Requested	That standard 4.2.1.13 or any similar or substitute standard should not apply to any lots of land created out of Lot 1 DP 5648 under resource consent U060765.					
<b>151</b>	Trevor Offen	5	Volume 4	Overlay Maps	Flood Hazard Area 4	Oppose
Decision Requested	That standard 4.2.1.13 or any similar or substitute standard should not apply to any lots of land created out of Lot 1 DP 5648 under resource consent U060765.					
<b>1175</b>	Tracy O'Grady	1	Volume 1	2 Background	Identifying regionally significant issues	Oppose
Decision Requested	Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities.					
<b>1175</b>	Tracy O'Grady	2	Volume 1	4 Use of Natural and Physical Resources	Issue 4B	Oppose
Decision Requested	Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>1175</b>	Tracy O'Grady	3	Volume 1	4 Use of Natural and Physical Resources	Objective 4.2	Oppose
Decision Requested	Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.					
<b>1175</b>	Tracy O'Grady	4	Volume 1	4 Use of Natural and Physical Resources	Policy 4.2.1	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development.					
<b>1175</b>	Tracy O'Grady	5	Volume 2	All		Oppose
Decision Requested	Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules.					
<b>1175</b>	Tracy O'Grady	6	Volume 1	All		Oppose
Decision Requested	Add a wider range of non-regulatory methods to the Plan aimed at building awareness.					
<b>1175</b>	Tracy O'Grady	7	Volume 1	4 Use of Natural and Physical Resources	Issue 4C	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>1175</b>	Tracy O'Grady	8	Volume 1	4 Use of Natural and Physical Resources	Objective 4.3	Oppose
Decision Requested	Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>1175</b>	Tracy O'Grady	9	Volume 1	6 Natural Character	Issue 6A	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>1175</b>	Tracy O'Grady	10	Volume 1	6 Natural Character	Objective 6.1	Oppose
Decision Requested	Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming.					
<b>458</b>	Okiwi Bay Limited	1	Volume 4	Zoning Maps	Zoning Map 111	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	That Council rezone additional Coastal Living areas within Okiwi Bay, being those areas not within either the Okiwi Bay Coastal Natural Character Area or Outstanding Natural Feature and Landscape #8 - Whangerae Inlet and Okiwi Bay as being Coastal Living, and that Planning Map 111 be amended accordingly. Map attached to submission.					
458	Okiwi Bay Limited	2	Volume 4	Overlay Maps	Threatened Environments 3	Oppose
Decision Requested	That Threatened Environments: Indigenous Vegetation Sites Maps and in particular (Map) 3 be amended to exclude Threatened Environments: Indigenous Vegetation from Coastal Living Zones (including the areas identified in Submission 1 of this submission), and that the maps amended accordingly. Map attached to submission.					
458	Okiwi Bay Limited	3	Volume 2	24 Subdivision	24.3.1.2.	Support
Decision Requested	Retain Rule 24.3.1.2					
458	Okiwi Bay Limited	4	Volume 2	24 Subdivision	24.5.2.	Support in Part
Decision Requested	Retain Rule 24.5.2. Seek that a new Discretionary Rule, Rule 24.5.4, be imposed to 'Protect Large Lots' as per Rule 27.3.3.2 of the Marlborough Sounds Resource Management Plan.					
458	Okiwi Bay Limited	5	Volume 2	4 Coastal Environment Zone	4.3.10.2.	Support in Part
Decision Requested	Seek that Standard 4.3.10.2(e) be amended as follows (strikethrough and bold): <i>4.3.10.2. The clearance of indigenous vegetation in the following circumstances is exempt from Standards 4.3.10.3 to 4.3.10.6 (inclusive):</i> <i>(e) where the clearance is on a <del>Threatened Environments Indigenous Vegetation Site</del> and the clearance is within the curtilage <b>and access way</b> of an <b>existing or consented</b> dwelling.</i>					
458	Okiwi Bay Limited	6	Volume 2	4 Coastal Environment Zone	4.3.10.4.	Oppose
Decision Requested	Delete Standard 4.3.10.4(e) and include the following new standard to Heading 4.3.10.6: <b>Standard 4.3.10.6 Clearance of indigenous vegetation, per Computer Register, must not exceed:(x) 0.2 hectares in any 1 year period of coastal broadleaf scrub and shrub/and is cleared.</b>					
458	Okiwi Bay Limited	7	Volume 2	7 Coastal Living Zone	7.3.7.4.	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete Standard 7.3.7.4(e) and include the following new standard to Heading 7.3.7.6(x): <b><i>Standard 7.3.7.6 Clearance of indigenous vegetation, per Computer Register, must not exceed:(x) 0.2 hectares in any 1 year period of coastal broadleaf scrub and shrub/and is cleared.</i></b>					
<b>269</b>	Okiwi Bay Ratepayers Assn Inc	1	Volume 1	16 Waste	16.M.20	Oppose
Decision Requested	The relief we seek is that the MEP provides for existing properties which cannot meet the requirements, without requiring further upgrade, provided the systems are working within their initial design capabilities and no further load is added to the system, i.e. addition bedrooms.					
<b>269</b>	Okiwi Bay Ratepayers Assn Inc	2	Volume 1	15 Resource Quality (Water, Air, Soil)	Policy 15.1.11	Support in Part
Decision Requested	The policy be amended to incorporate European values along with the spiritual and cultural values of Marlborough's tangata whenua iwi.					
<b>261</b>	Lynette and Kevin Oldham	1	All	All		Oppose
Decision Requested	That the MEP is put on hold until the aquaculture section is published and brought onto the same timetable as the remainder of the MEP.					
<b>261</b>	Lynette and Kevin Oldham	2	Volume 4	Overlay Maps	Coastal Natural Character 2	Oppose
Decision Requested	Remove from MEP Volume 4 the proposed <i>high</i> natural value classification assigned to the following areas: <ul style="list-style-type: none"> <li>all land facing into Forsyth Bay where the land lies both south and west of Wynens Rock and</li> <li>all waters of Forsyth Bay located both south and west of Wynens Rock,</li> <li>where the rock known locally as Wynens Rock is shown as an un-named mark on nautical chart NZ6152, located at or near 40°58.55' S, 174°1.03' E. (The location where the existing MSRMP CMZ1/CMZ2 boundary line intersects the shore of Forsyth Bay to the south of Kaitira could be used as a proxy).</li> </ul>					
<b>261</b>	Lynette and Kevin Oldham	3	Volume 4	Overlay Maps	Ecologically Significant Marine Sites 17	Oppose
Decision Requested	Remove inner East Bay from the area associated with Ecologically Significant Marine Site 7.15 - where inner East Bay is defined as waters east of Matiere Point.					
<b>261</b>	Lynette and Kevin Oldham	4	Volume 4	Overlay Maps	Ecologically Significant Marine Sites 18	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Rename layer as <i>Hectors Dolphin Area (QCS)</i> in MEP Volume 4, and remove inner East Bay from the area associated with Site 4.17 in MEP Volume 4 - where inner East Bay is defined as waters east of Matiere Point.					
<b>261</b>	Lynette and Kevin Oldham	5	Volume 3	Appendix 2 Coastal Natural Character Schedule of Values		Oppose
Decision Requested	<ol style="list-style-type: none"> <li>remove proposed very high natural values classification in MEP Volume 4 from the areas on the southern and eastern slopes of East Bay covering from the watersedge to the ridgeline and from Manawa Point through to Matiere Point</li> <li>expand the zone of no ONFL classification of the southern waters of East Bay so as to be at least 500m from the outer edge of any existing marine farm</li> <li>amend Appendix 2, Section 32 Report 6 and supporting documents accordingly.</li> </ol>					
<b>261</b>	Lynette and Kevin Oldham	6	Volume 4	Overlay Maps	Coastal Natural Character 4	Oppose
Decision Requested	<ol style="list-style-type: none"> <li>remove proposed very high natural values classification in MEP Volume 4 from the areas on the southern and eastern slopes of East Bay covering from the waters edge to the ridgeline and from Manawa Point through to Matiere Point</li> <li>expand the zone of no ONFL classification of the southern waters of East Bay so as to be at least 500m from the outer edge of any existing marine farm</li> <li>amend Appendix 2, Section 32 Report 6 and supporting documents accordingly.</li> </ol>					
<b>261</b>	Lynette and Kevin Oldham	7	Volume 3	Appendix 1 Landscape Schedule of Values		Oppose
Decision Requested	<ol style="list-style-type: none"> <li>Move the seaward facing slopes of Arapawa Island into the Exposed Eastern Coastline assessment unit and re-asses Northern Arapawa landscape values</li> <li>Remove proposed ONFL classifications in MEP Volume 4 from the areas on the southern and eastern slopes of East Bay covering from the waters edge to the ridgeline and from Manawa Point through to Matiere Point</li> <li>Amend Section 32 Report 7 and supporting documents accordingly, and.</li> <li>Remove the comment "The waters around East Bay have nationally significant ecological values, particularly for Hector's dolphin." from the Boffa Miskell report <i>Marlborough Landscape Study 2015. Landscape Characterisation and Evaluation</i>.</li> <li>Retain the exclusion of the waters of East Bay from the ONFL classification</li> </ol>					
<b>261</b>	Lynette and Kevin Oldham	8	Volume 4	Overlay Maps	Landscapes 5	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	<ol style="list-style-type: none"> <li>1. Move the seaward facing slopes of Arapawa Island into the Exposed Eastern Coastline assessment unit and re-asses Northern Arapawa landscape values</li> <li>2. Remove proposed ONFL classifications in MEP Volume 4 from the areas on the southern and eastern slopes of East Bay covering from the waters edge to the ridgeline and from Manawa Point through to Matiere Point</li> <li>3. Amend Section 32 Report 7 and supporting documents accordingly, and.</li> <li>4. Remove the comment "The waters around East Bay have nationally significant ecological values, particularly for Hector's dolphin." from the Boffa Miskell report <i>Marlborough Landscape Study 2015. Landscape Characterisation and Evaluation.</i></li> <li>5. Retain the exclusion of the waters of East Bay from the ONFL classification</li> </ol>					
<b>261</b>	Lynette and Kevin Oldham	9	All	All		Support in Part
Decision Requested	We seek the same decisions from Council as is sought for each matter raised in the above submissions.					
<b>108</b>	Ian Oliver	1	Volume 2	16 Coastal Marine Zone	16.7.2.	Oppose
Decision Requested	That the limits applying to discharge of sewage in the coastal marine zone remain at 500 metres to seaward of MHWS and 500 metres of a marine farm.					
<b>921</b>	Matthew David Oliver	1	Volume 2	16 Coastal Marine Zone	16.7.5.	Support in Part
Decision Requested	Amend the Rule as follows (bold) - <i>" <b>Anchoring and</b> fishing activity that uses a technique that disturbs the seabed within any Ecologically Significant Marine Sites, except Croiselles Harbour Entrance – No. 1.2 and Tennyson Inlet – No. 3.9."</i>					
<b>921</b>	Matthew David Oliver	2	Volume 1	8 Indigenous Biodiversity	Policy 8.1.2	Support in Part
Decision Requested	Amend the Policy as follows (bold) - <i>" Sites in the coastal marine area and natural wetlands assessed as having significant indigenous biodiversity value will be specifically identified in the Marlborough Environment Plan, <b>including a Peripheral Management Area around each Ecologically Significant Marine Site.</b>"</i> <i>(Inferred)</i>					
<b>922</b>	Matthew David Oliver	1	Volume 2	3 Rural Environment Zone	3.1.26.	Support in Part

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Add a Standards for this Rule as follows - <b>"The discharge must not occur before a report has been supplied to the Council that characterises the soils of liquid waste disposal areas."</b> <b>"The volume of liquid waste discharged must not exceed _____ ("large" - a specific volume is not identified in the Submission)."</b> <i>(Inferred)</i>					
<b>922</b>	Matthew David Oliver	2	Volume 2	3 Rural Environment Zone	3.1.33.	Support in Part
Decision Requested	That the Rule is separated in to three separate rules as follows - <b>"Making compost in a pit or stack."</b> <b>"Making silage in a pit or stack."</b> <b>"Stockpiling agricultural solid waste."</b> And, the following additional Standards would apply to the Rule for " <i>Stockpiling agricultural solid waste</i> " - <b>"For grape marc, the stockpile must be located on a surface that collects leachate, and that any leachate collected is disposed of either by recirculating over the pile or by dilution and dispersal. This does not apply to stockpiles that do not exceed _____ cubic metres (e.g. equivalent to the capacity of a single truck)."</b> <b>"For grape marc, if the stockpile exceeds _____ cubic metres (e.g. large-scale operations involving multiple truckloads) it must be on a permanent impervious surface."</b> <b>"For grape marc, if the stockpile is between _____ cubic metres (e.g. equivalent to the capacity of a single truck) and _____ cubic metres (e.g. large-scale operations involving multiple truckloads) it must be on an impervious surface, temporary or permanent, and must be covered."</b> <i>(Inferred)</i>					
<b>922</b>	Matthew David Oliver	3	Volume 2	3 Rural Environment Zone	3.1.25.	Support in Part
Decision Requested	Retain Rule. And, add a new standard to the Rule as follows - <b>"If the application to land is of grape marc, soil testing records are required to be kept to monitor soil potassium and acidity."</b> <i>(Inferred)</i>					

Sub No	Submitter	Point	Volume	Chapter	Provision	Type

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
<b>150</b>	Will and Rose Parsons	1	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15A	Support in Part
Decision Requested	<p>(1.a) The public should be informed about where storm run-off is discharged to. (This could easily be done on the Councils regular advert in the Marlborough Express and their website). In short it needs to be more transparent.</p> <p>The Council should support in every way possible the businesses and organizations which are finding sustainable solutions to managing these issues, perhaps offering incentives and an eco-sustainability 'mark' which endorses their effort.</p> <p>(1.b) There needs to be an effective, prompt and result driven 0800 number for reporting of suspicious discharge, similar to Mataa Waka for animal control. This could be linked to Council's advertising and website information.</p>					
<b>150</b>	Will and Rose Parsons	2	Volume 1	15 Resource Quality (Water, Air, Soil)	Issue 15B	Support in Part
Decision Requested	The tributaries to the Wairau Lagoon Seventeen Valley and Pukapuka Stream are missing from Diagram 15.1 These need to be included.					
<b>150</b>	Will and Rose Parsons	3	Volume 1	8 Indigenous Biodiversity	Issue 8A	Support in Part
Decision Requested	We wish that a provision be made to include in ('Terrestrial and Fresh Water Environments') 'the accidental introduction of oxygen weed to the Taylor River, noting the adverse effects of cutting, it to the environment downstream in the lower Opawa River and efforts being made to mitigate this. (We would welcome the opportunity to show environment committee what it looks like and discuss possible solutions).					
<b>150</b>	Will and Rose Parsons	4	Volume 1	8 Indigenous Biodiversity	Policy 8.2.11	Support in Part
Decision Requested	It is essential that the trees in the lower Wairau Valley delta which form a wildlife corridor between the North and South of the valley be given some form of protection from industrial development. If any trees are removed, a similar area of indigenous trees need to be planted as replacement in the same zone, for the beautification of the area and to attract birdlife.					
<b>1075</b>	Robin Pasley	1	Volume 1	5 Allocation of Public Resources	Policy 5.10.4	Oppose
Decision Requested	Delete Policy. ( <i>Inferred</i> )					
<b>377</b>	Fiona Mary Patchett	1	Volume 3	Appendix 6 Environmental Flows and Levels	Schedule 3	Oppose

Sub No	Submitter	Point	Volume	Chapter	Provision	Type
Decision Requested	Delete the Northern Springs Freshwater Management Unit minimum level for water takes. <i>(Inferred)</i>					
<b>380</b>	Bruce Lawrence Pattie	1	Volume 1	8 Indigenous Biodiversity	8.	Oppose
Decision Requested	Insert notations for each provision in Chapter 8 to identify whether the relevant provision is in the Regional Policy Statement, Regional Coastal Plan, Regional Plan or District Plan.					
<b>380</b>	Bruce Lawrence Pattie	2	Volume 1	8 Indigenous Biodiversity	Policy 8.2.2	Support in Part
Decision Requested	Include policy recognition that a partnership approach will be undertaken with landowners for areas that are wetlands, together with a regulatory regime.					
<b>380</b>	Bruce Lawrence Pattie	3	Volume 1	8 Indigenous Biodiversity	Policy 8.3.2	Support in Part
Decision Requested	<p>That the following amendments (strike through and bold) are made to Policy 8.3.2.:</p> <p><i>Policy 8.3.2 Where subdivision, use or development <b>that</b> requires resource consent <b>occurs within areas, habitats or ecosystems with indigenous biodiversity value, significant</b>, the adverse effects on <b>those</b> areas, habitats or ecosystems <del>with indigenous biodiversity value</del> shall be:</i></p> <p><i>(a) avoided where it is a significant site in the context of Policy 8.1.1; and</i></p> <p><i>(b) avoided, remedied or mitigated where indigenous biodiversity values have not been assessed as being significant in terms of Policy 8.1.1.</i></p> <p><i>This policy sets up a hierarchy for decision makers to use when assessing the effects of subdivision, use or development activities on areas, habitats or ecosystems with indigenous biodiversity value. For those sites identified as being significant in terms of Policy 8.1.1, it is important that <b>significant</b> adverse effects are avoided. This recognises that there are few significant sites remaining on private land, especially in southern Marlborough. Where sites have not been identified as significant through Policy 8.1.1, decision makers can also consider remediation or mitigation options to address adverse effects.</i></p>					
<b>380</b>	Bruce Lawrence Pattie	4	Volume 1	8 Indigenous Biodiversity	Policy 8.3.8	Support in Part
Decision Requested	Amend the policy so that offsetting may be considered on a case by case basis in areas with significant biodiversity values.					
<b>380</b>	Bruce Lawrence Pattie	5	Volume 1	8 Indigenous Biodiversity	Issue 8A	Oppose
Decision Requested	That a new policy is included or the existing policy is amended for the recognition of the potential positive benefits to indigenous biodiversity of subdivision, use and development.
