

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|----------------|-----------------|
| Decision Requested | Retain Objective 4.1. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.1 | Support |
| Decision Requested | Retain Policy 4.1.1, and ensure that subsidiary objectives, policies and rules in the plan 'give effect to' this. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.2 | Support in Part |
| Decision Requested | Amend explanation of Policy 4.1.2 as follows: <i>"As a principle, the Council will continue to enable access to natural resources <u>without the need for resource consent</u> where the subsequent use of those resources has no more than minor adverse effect on the immediate or surrounding environment".</i> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 4 | Volume 1 | 5 Allocation of Public Resources | Objective 5.1 | Support in Part |
| Decision Requested | Retain Objective 5.1, and ensure that the approach throughout the subsidiary objectives and policies gives effect to it, including by allowing finer grained assessment at the resource stage. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 5 | Volume 1 | 5 Allocation of Public Resources | Policy 5.1.2 | Support in Part |
| Decision Requested | Retain Policy 5.1.2. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 6 | Volume 1 | 5 Allocation of Public Resources | Objective 5.2? | Support in Part |
| Decision Requested | Retain Objective 5.2, but consider the basis and justification for the minimum flows. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 7 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.1 | Support in Part |
| Decision Requested | Amend as follows: <i>"Maintain or enhance the natural and human use values supported by freshwater bodies <u>where practicable</u>."</i> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 8 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.2 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|---------------|-----------------|
| Decision Requested | Clarify the extent to which these values are prioritised, and that they are not to be protected at all costs. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 9 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.4 | Support |
| Decision Requested | Retain Policy 5.2.4, subject to PR's other concerns being addressed. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 10 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.5 | Support in Part |
| Decision Requested | Amend the policy to address the concerns raised. Make any consequential amendments to the rules to provide for limited water takes to protect root stock to continue during minimum flows. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 11 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.6 | Support |
| Decision Requested | Retain Policy 5.2.6. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 12 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.7 | Support |
| Decision Requested | Retain Policy 5.2.7. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 13 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.8 | Support in Part |
| Decision Requested | Amend the policy to clarify how this will work in practice. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 14 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.9 | Support |
| Decision Requested | Retain Policy 5.2.9. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 15 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.11 | Support in Part |
| Decision Requested | Clarify which Freshwater Management Units are dominated by aquifers. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|----------------------------------|---------------|-----------------|
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 16 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.13 | Oppose |
| Decision Requested | Amend: <i>"generally avoid allocating water"</i> . | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 17 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.14 | Support |
| Decision Requested | Retain Policy 5.2.14. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 18 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.15 | Oppose |
| Decision Requested | Clarify how this policy has been implemented, and/or how the system will work. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 19 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.16 | Oppose |
| Decision Requested | Provide further guidance as to how allocations will be reduced, to ensure this occurs in a fair and transparent manner. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 20 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.20 | Support |
| Decision Requested | Retain Policy 5.2.20. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 21 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.21 | Support in Part |
| Decision Requested | Amend policy to include slightly more flexible wording, as such: <i>"Generally only grant consent for a new proposal to dam water within the bed of a river if the application provides for:"</i> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 22 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.22 | Support |
| Decision Requested | Support Policy 5.2.22. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|---------------|-----------------|
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 23 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.24 | Support in Part |
| Decision Requested | PRW seeks amendments to the MEP provisions, including this policy, to address its concerns. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 24 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.25 | Support in Part |
| Decision Requested | Amend to clarify when and how reviews will occur. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 25 | Volume 1 | 5 Allocation of Public Resources | Objective 5.3 | Support |
| Decision Requested | Retain Objective 5.3. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 26 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.1 | Support in Part |
| Decision Requested | Amend as follows: <i>(d) municipal water supply; and then</i> <i>(e) irrigation</i> <i>(f) all other takes of water.</i> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 27 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.2 | Support |
| Decision Requested | Retain Policy 5.3.2. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 28 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.3 | Support in Part |
| Decision Requested | Retain Policy 5.3.3. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 29 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.6 | Support |
| Decision Requested | Retain Policy 5.3.6. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|---------------|-----------------|
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 30 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.7 | Support in Part |
| Decision Requested | Retain, subject to the relief sought below in terms of the method of allocation (and calculation of reasonable demand), and an amendment to specify the application efficiency as follows: <i>"Allocate water to irrigation users on the basis of a nine in ten year water demand for the crop/pasture, <u>given an irrigation application efficiency of 80%.</u>"</i> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 31 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.8 | Support |
| Decision Requested | Retain Policy 5.3.8. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 32 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.9 | Support in Part |
| Decision Requested | Amend the policy to address PR's concerns. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 33 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.10 | Support |
| Decision Requested | Retain Policy 5.3.10. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 34 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.11 | Support |
| Decision Requested | Retain Policy 5.3.11. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 35 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.12 | Support in Part |
| Decision Requested | Retain Policy 5.3.12. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 36 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.13 | Support |
| Decision Requested | Retain Policy 5.3.13. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 37 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.14 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|---------------|-----------------|
| Decision Requested | Retain Policy 5.3.14. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 38 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.15 | Support in Part |
| Decision Requested | Retain Policy 5.3.15. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 39 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.16 | Support |
| Decision Requested | Retain Policy 5.3.16. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 40 | Volume 1 | 5 Allocation of Public Resources | Objective 5.4 | Support |
| Decision Requested | Retain Objective 5.4. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 41 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.1 | Oppose |
| Decision Requested | Extent the default lapse period, or providing the ability for applicants to seek to extend the lapse period where necessary (e.g. for new vineyard operations). | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 42 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.2 | Oppose |
| Decision Requested | Delete Policy 5.4.2. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 43 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.3 | Support |
| Decision Requested | Retain Policy 5.4.3. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 44 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.4 | Support |
| Decision Requested | Retain Policy 5.4.4. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 45 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.5 | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|---------------|-----------------|
| Decision Requested | Retain Policy 5.4.5. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 46 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.6 | Support |
| Decision Requested | Retain Policy 5.4.6. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 47 | Volume 1 | 5 Allocation of Public Resources | Objective 5.5 | Support in Part |
| Decision Requested | Retain Objective 5.5, provided the allocation limits in Schedule 6 are properly derived, and the phase out is occurs in a fair way as between water users. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 48 | Volume 1 | 5 Allocation of Public Resources | Policy 5.5.1 | Oppose |
| Decision Requested | PRW reserves its position - it may need to oppose this classification subject to further information being provided. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 49 | Volume 1 | 5 Allocation of Public Resources | Policy 5.5.2 | Oppose |
| Decision Requested | <p>Clarify whether the policy applies to reapplication.</p> <p>Change activity status to non-complying.</p> <p>Possible drafting would be:</p> <p><i><u>"Generally avoid granting new water permits for additional abstraction (i.e. not including applications to continue taking and using groundwater or surface water) from the water resources listed in Policy 5.5.1, so long as they remain over-allocated."</u></i></p> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 50 | Volume 1 | 5 Allocation of Public Resources | Policy 5.5.4 | Support in Part |
| Decision Requested | Retain Policy 5.5.4, subject to amendment in relation to 'reasonable demand'. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 51 | Volume 1 | 5 Allocation of Public Resources | Policy 5.5.5 | Support in Part |
| Decision Requested | Retain Policy 5.5.5, subject to providing further guidance (including as sought) in relation to how reductions will be determined. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|----------------------------------|---------------|-----------------|
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 52 | Volume 1 | 5 Allocation of Public Resources | Objective 5.6 | Support in Part |
| Decision Requested | Retain Objective 5.6, subject to amendments to policies and rules to address PR's concerns. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 53 | Volume 1 | 5 Allocation of Public Resources | Policy 5.6.1 | Oppose |
| Decision Requested | Delete Policy 5.6.1 or amend to address PR's concerns. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 54 | Volume 1 | 5 Allocation of Public Resources | Policy 5.6.2 | Oppose |
| Decision Requested | PRW reserves its position - it may be necessary for it to oppose this policy. | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 55 | Volume 1 | 5 Allocation of Public Resources | Objective 5.7 | Support in Part |
| Decision Requested | Retain Objective 5.7, subject to amendment to policies to address PR's concerns (including in relation to the way in which IrriCalc is used). | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 56 | Volume 1 | 5 Allocation of Public Resources | Policy 5.7.2 | Oppose |
| Decision Requested | <p>Amend Policy 5.7.2 to refer to "<u>irrigation water</u>".</p> <p>Amend explanation to address PR's concerns. This policy (which pertains) to water allocation should also facilitate the consideration of 'property specific information' where appropriate (this is currently only provided for at Policy 5.7.3 below, which relates to water use rather than water takes).</p> | | | | | |
| 1039 | Pernod Ricard Winemakers New Zealand Limited | 57 | Volume 1 | 5 Allocation of Public Resources | Policy 5.7.3 | Oppose |
| Decision Requested | <p>Retain the ability to refer to property specific information in determining reasonable use, but replace the policy with the wording in PRW's submission.</p> <p>Alternatively, if the policy is retained in substantially its current form, replace "calculation" with "assessment".</p> <p>In any event, the references to IrriCalc in the explanation should also be substantially revised.</p> | | | | | |

|--------------------|---|-------|----------|---|-----------|---------|
| Decision Requested | Revisit the building control rules to ensure the recession planes, boundary setbacks and all bulk and location rules promote efficient use of space and maximise the area available for outdoor living. Reinstate the old subdivision lot and access minimum. | | | | | |
| 507 | Peter Ray Homes Blenheim Limited | 6 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.2.1.6. | Oppose |
| Decision Requested | Revisit the building control rules to ensure the recession planes, boundary setbacks and all bulk and location rules promote efficient use of space and maximise the area available for outdoor living. Reinstate the old subdivision lot and access minimum. | | | | | |
| 507 | Peter Ray Homes Blenheim Limited | 7 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.2.1.3. | Oppose |
| Decision Requested | Revisit the building control rules to ensure the recession planes, boundary setbacks and all bulk and location rules promote efficient use of space and maximise the area available for outdoor living. Reinstate the old subdivision lot and access minimum. | | | | | |
| 466 | Vivienne Faye Peters | 1 | Volume 3 | Appendix 14 Schedule of Designated Land | | Support |
| Decision Requested | I wish to be advised on any changes to entrances to Whitney Street School. I wish that the remaining curbside be free of yellow (no parking) markings. That there be no limit to amount of time vehicles can be parked in Whitney Street-School after all is 197 days in a year. Should be more classrooms be added. I would like the Ministry or Council to require provision on school site for more parking and/or at least a turnaround vehicle area on school property. | | | | | |
| 371 | Petroleum Exploration and Production Association of NZ (PEPANZ) | 1 | Volume 1 | 13 Use of the Coastal Environment | 13. | Support |
| Decision Requested | Retain the provisions of Chapter 13. <i>(Inferred)</i> | | | | | |
| 149 | PF Olsen Ltd | 1 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4A | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|---------------|-----------------|
| Decision Requested | Maintain but note importance of diversity and capacity for adaptation. Recognising that business as usual with respect to water may not continue into the future and likewise Tourism (international) can involve high carbon based energy demands and may not be the same in the future as it is today. Flexibility is key | | | | | |
| 149 | PF Olsen Ltd | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.1 | Support |
| Decision Requested | Adjust to reflect further examples as noted. | | | | | |
| 149 | PF Olsen Ltd | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.1 | Support |
| Decision Requested | Strengthen the text in relation to the commitment to intervene only when there are very well established science, economic and ecological grounds. | | | | | |
| 149 | PF Olsen Ltd | 4 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Support in Part |
| Decision Requested | Adjust policy to recognise that major changes to existing infrastructure that may impose significant costs or opportunity costs to third parties should consider matters of compensation | | | | | |
| 149 | PF Olsen Ltd | 5 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4C | Support in Part |
| Decision Requested | Remove the word iconic or partition sounds areas into those that justify such description vs those that don't and insert the qualifier "inappropriate" use and development.... | | | | | |
| 149 | PF Olsen Ltd | 6 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.3 | Support in Part |
| Decision Requested | Include reference to character reflecting many highly modified environments and the element of precaution will be exercised in relation to established baseline data. | | | | | |
| 149 | PF Olsen Ltd | 7 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.3.2 | Oppose |
| Decision Requested | Adjust statements to recognise the need for well founded data or baseline trends to inform the potential significance of adverse effects. | | | | | |
| 149 | PF Olsen Ltd | 8 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.3.5 | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |

| 1042 | Port Underwood Association | 1 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.1 | Support in Part |
| Decision Requested | <p>Amend the 4th Paragraph of the policy as follows (strike through and bold):</p> <p><i>There may arise instances when activities carried out on private land create effects that carry beyond the property boundaries and adversely affect other people and environments. In such instances</i> At times it may be necessary for wider public interest considerations to prevail over individual expectations and land use may need to be controlled. In these circumstances, compensation to the land owner is not payable under Section 85 of the RMA. The same section also provides the land user with the ability to challenge any provision of a plan on the grounds that the provision would render their land incapable of reasonable use. Section 86 of the RMA empowers the Council to acquire land with the agreement of the landowner and pay compensation for it.</p> | | | | | |
| 1042 | Port Underwood Association | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.2 | Support in Part |
| Decision Requested | <p>Amend 1st Paragraph of Policy as follows (strike through and bold):</p> <p><i>May uses of coastal space, river beds, air and water resources are prohibited unless allowed by a rule in a regional plan or by resource consent (see Section 12 to 15 of the RMA). As a principle, the Council will continue to enable access to natural resources where the subsequent use of those resources has no more than minor adverse effect on the immediate or surrounding environment. This will be achieved through the use of permitted activity rules, including conditions where appropriate, avoiding the need for resource consent. Where the adverse effects are considered more than minor or where there is potential for cumulative effects, the resource consents will be required. Policies throughout the MEP help define sustainable resource use. To ensure natural resource sustainability long-term resource consents (over 20 years) should not be granted in public spaces.</i></p> | | | | | |
| 1042 | Port Underwood Association | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.3.5 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-----------------------------------|--------------|-----------------|
| Decision Requested | Amend Policy as follows (strike through and bold): <i>As described in the issue above, the Marlborough Sounds has already undergone considerable change as a result of the past use of natural and physical resources, the most dramatic possibly being the clearance of indigenous vegetation to allow agriculture to occur and, as agriculture has become economically marginal, the regeneration of indigenous vegetation. As a principle, it is important to recognise that the Marlborough Sounds environment is dynamic and will continue to change with or without human intervention. This means there is a capacity to absorb change within the environment without necessarily affecting the qualities of this unique and iconic environment. Indeed, some changes may actually enhance the qualities and improve the Marlborough Sounds environment. Regard should be had to this policy when considering new and existing activities involving the use, development and protection of the Marlborough Sounds environment. And in recognition of this ability to change, there needs to be caution in assigning long term resource consents.</i> | | | | | |
| 1042 | Port Underwood Association | 4 | Volume 1 | 7 Landscape | Policy 7.2.3 | Support in Part |
| Decision Requested | Amend Policy as follows (bold and strike through): <i>Policy 7.2.3 - Control activities that have the potential to degrade the amenity values that contribute to those areas of the Marlborough Sounds Coastal Landscape not identified as being an outstanding natural feature and landscape by: (a) using a non-regulatory approach as the means of maintaining and enhancing landscape values in areas of this landscape zoned as Coastal Living; (b) setting standards/conditions that are consistent with the existing landscape values and that will require greater assessment where proposed activities and structures exceed those standards; and (c) requiring resource consent for commercial forestry activities including re-establishment after harvest.</i> | | | | | |
| 1042 | Port Underwood Association | 5 | Volume 1 | 8 Indigenous Biodiversity | Issue 8A | Support in Part |
| Decision Requested | Amend Issue 8A, Marine Environments, Paragraph 4 as follows (bold and strike through): <i>The condition and state of marine biodiversity can be affected by land or water based activities. Adverse impacts can arise from sedimentation, contamination, and habitat disturbance, and changes in water flow. Effects can be temporary, but in particular circumstances can result in permanent loss or damage. Long term or cumulative smaller scale, localised effects from impacts such as contamination and physical disturbance can also have significant effects on the functioning of marine systems including nutrient, phytoplankton and zooplankton depletion. Many activities, such as recreational swimming, do not affect or have an impact on marine biodiversity; however, other activities, including shipping (especially large and/or fast ships), reclamations or other coastal structures, marine farming and physical disturbance from certain fishing techniques can affect marine biodiversity.</i> | | | | | |
| 1042 | Port Underwood Association | 6 | Volume 1 | 13 Use of the Coastal Environment | 13. | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-----------------------------------|-----------------|-----------------|
| Decision Requested | Amend the introduction as follows (bold and strike through): <i>The waters of the Marlborough sounds are important for fisheries for a number of reasons, including:</i> <ul style="list-style-type: none"> • <i>an ongoing source of traditional food for Marlborough's tangata whenua iwi;</i> • an on going source of food for full time and part time residents; • <i>providing a livelihood for commercial fishers;</i> • <i>being a significant factor in many recreational and tourism activities; and</i> • <i>contributing to a range of species present in the sounds and therefore the health of marine ecosystems.</i> | | | | | |
| 1042 | Port Underwood Association | 7 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.15 | Support in Part |
| Decision Requested | Amend Policy as follows (bold and strike through): <i>Policy 13.10.15 - Reduce the visual impact of jetties on the coastal environment by:</i> <i>(f) avoiding locating lights on jetties (other than those required to facilitate access). Those lights that are necessary shall be fully shielded to prevent any light spillage above the horizontal plane of the light source;</i> | | | | | |
| 1042 | Port Underwood Association | 8 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.22 | Support in Part |
| Decision Requested | Amend Policy as follows (bold and strike through): <i>Policy 13.10.22 - The visual impact of boatsheds on the values of the coastal environment will be reduced by:</i> <i>(f) avoiding locating lights on boatsheds (other than those required to facilitate access). Those lights that are necessary shall be fully shielded to prevent any light spillage above the horizontal plane of the light source;</i> | | | | | |
| 1042 | Port Underwood Association | 9 | Volume 1 | 17 Transportation | Policy 17.6.1 | Support in Part |
| Decision Requested | Amend Policy as follows (strike through ad bold): <i>Policy 17.6.1 - Maintain amenity values in rural and urban areas by encouraging the use of national and arterial routes by high volumes of traffic and heavy vehicles and discouraging high volume and heavy traffic use of collector routes and local routes, particularly where these pass through residential areas. The current state of vehicle technology in New Zealand means that noise and vehicle emissions can be expected from the operation of vehicles on roads. There is little the MEP can do to modify those conditions. However, the council can control the extent of these effects by adopting a road hierarchy, which encourages higher volumes of traffic and heavy traffic movements on certain routes and discourages them on others. An exception is made for some primary production activities, which need to use collector and local routes to transport produce to processing facilities provided that no viable alternative route or method of transport exists. The maintenance of community amenity values will take precedence over commercial financial considerations.</i> | | | | | |

| Decision Requested | Retain Objective 8.1. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 30 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.1.1 | Support in Part |
| Decision Requested | Provide a process so that the community can identify throughout the period of the plan new information that would be given 'weight' in between Environmental Plan reviews. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 31 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.1.3 | Support |
| Decision Requested | Retain Policy 8.1.3. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 32 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.2.1 | Support |
| Decision Requested | Retain Policy 8.2.1. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 33 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.2.2 | Support |
| Decision Requested | Retain Policy 8.2.2. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 34 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.2.9 | Support |
| Decision Requested | Retain Policy 8.2.9. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--------------------------------|---------------|-----------------|
| 504 | Queen Charlotte Sound Residents Association | 35 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.2.12 | Support |
| Decision Requested | Retain Policy 8.2.12. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 36 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.3 | Support in Part |
| Decision Requested | That Policy 8.3.3 does not include plantation forestry unless this is for indigenous trees. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 37 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.5 | Support in Part |
| Decision Requested | Dredging should be discontinued as a technique during the life of this plan to enable monitoring as per the effects of dredging in relation to previous sites and the totality of effects of this harvesting method (<i>inferred</i>). | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 38 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.6 | Support in Part |
| Decision Requested | Dredging should be discontinued as a technique during the life of this plan to enable monitoring as per the effects of dredging in relation to previous sites and the totality of effects of this harvesting method (<i>inferred</i>). | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 39 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.7 | Support in Part |
| Decision Requested | Dredging should be discontinued as a technique during the life of this plan to enable monitoring as per the effects of dredging in relation to previous sites and the totality of effects of this harvesting method (<i>inferred</i>). | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 40 | Volume 1 | 9 Public Access and Open Space | Issue 9A | Support in Part |
| Decision Requested | Make the following amendments (strike-through and bold) to Issue 9A: <i>Issue 9A Trying to meet uphold community expectations that public access will be available to rivers, lakes and the coast.</i> | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 41 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.6 | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--------------------------------|---------------|-----------------|
| Decision Requested | Retain Policy 9.1.6. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 42 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.8 | Support in Part |
| Decision Requested | <p>That the following is included in Policy 9.1.8:</p> <ul style="list-style-type: none"> the set back from Sounds Foreshore Reserves for buildings should be a minimum of 30 metres from CMA; public access to and along the Coastal Margin Area for foot traffic must be maintained and enhanced; vehicular traffic inclusive of ATV vehicles requires a Policy agreed to by MDC and DoC; and historic "paper roads" in the Sounds Admin Area should specifically exclude vehicular traffic. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 43 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.9 | Oppose |
| Decision Requested | <p>Make the following amendments to Policy 9.1.9:</p> <p>(a) first priority is for "walking". That is why the QC track was created in the first place.</p> <p>(b) Establish a "monitoring regime" so that "bike usage" does not adversely affect either the experience or the environment. As an example "defecations" of human waste and non-biodegradable products via users of the track may result in unacceptable effects. That cannot be addressed via current rates revenue. Suggest to limit the usage. This would avoid the adverse effects now being experienced by other walking/cycling networks in NZ. Within Marlborough "limited" usage could encourage a more upmarket use.</p> | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 44 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.11 | Support in Part |
| Decision Requested | Delete from Policy 9.1.11 the transfer of ownership of an esplanade reserve from the Crown to Council (<i>inferred</i>). | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 45 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.12 | Oppose |
| Decision Requested | No specific decision has been requested in the submission. It is <i>inferred</i> that the policy explanation should be amended so that possible effects from climate change/sea level, subsequent events and the potential financial effects on all ratepayers are addressed for all zones. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|---------------|-----------------|
| 504 | Queen Charlotte Sound Residents Association | 46 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.13 | Oppose |
| Decision Requested | It is not clear in the submission what decision is requested. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 47 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.15 | Support in Part |
| Decision Requested | <p>In the Admin area of the Marlborough Sounds the use of unformed legal roads (inferred) should be stopped unless:</p> <ul style="list-style-type: none"> • They are for walking only access. • That such a road be maintained at the applicants cost for the period of any consent granted. • That at the applicants cost, monitoring takes place every 3 years to address issues re erosion. wilding pine control, pest management etc. • That resource consent be applied for and notified to all potentially effected parties. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 48 | Volume 1 | 9 Public Access and Open Space | 9.M.1 | Oppose |
| Decision Requested | <p>That Open Space 3 Zone does not apply to Sounds Foreshore Reserve.</p> <p>That consideration is given to the Area referred to in the Sounds Admin Area as "farm" as an acknowledged zone (inferred).</p> <p>The MEP needs to give some weight to the decision of 8/4/16 re: representation review for the Picton Sounds Ward.</p> | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 49 | Volume 1 | 9 Public Access and Open Space | 9.M.9 | Oppose |
| Decision Requested | 9.M.9 must include consultation with the community in the Admin Area in the Marlborough Sounds via the Sounds Advisory Group, etc. | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 50 | Volume 1 | 9 Public Access and Open Space | 9.AER.3 | Support in Part |
| Decision Requested | 9.AER.3 should not suggest that it is the obligation of the ratepayers to use the MDC website as per the "democratic process" (inferred) . | | | | | |
| 504 | Queen Charlotte Sound Residents Association | 51 | Volume 1 | 10 Heritage Resources and Notable Trees | 10.M.3 | Support |
| Decision Requested | Allow updates of heritage resources and notable trees (inferred) between the plans. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--|---------------|-----------------|
| Decision Requested | <p>That the following amendments (strike-through and bold) are made to 15.M.25:</p> <p><i>15.M.25 Farm Environment Management plans for dairy farming intensively farmed livestock</i> Water Quality Management Farm Environment Plans can be used as a means of demonstrating on an ongoing basis that any adverse effects on water quality resulting from dairy and intensively farmed livestock will be avoided, remedied or sufficiently mitigated. They provide the ability to consider all farm management practices with the potential to adversely affect surface or groundwater quality or wetlands and manage these risks in an integrated way. This also enables the dairy farmer to progressively plan farm upgrades based on priority or in the case of new farms, at the time of establishment. Water Quality Management Plans can be used to support applications for land use consent to convert the use of land to dairying.</p> <p>The Farm Environment Plan should include:</p> <ul style="list-style-type: none"> • <i>Nutrient Management Plans. These will be required as a means to demonstrate how nutrient inputs associated with dairy and intensively farmed livestock are to be managed to ensure any adverse effects on water quality will be avoided, remedied or mitigated. Nutrient Management Plans should be written documents that incorporate a nutrient budget developed by an accredited nutrient adviser a Certified Nutrient Management Advisor using OVERSEER® or similar. This should describe how the major plant nutrients (nitrogen, phosphorus, sulphur and potassium) and any other nutrients of importance to specialist crops will be managed (including all sources of nutrient - for example, discharges from farm dairy effluent systems, animal discharges and/or atmospheric nitrogen fixation.</i> • Good management plans. • Riparian management plans. • Details of the property including location of waterbodies. | | | | | |
| 1090 | Ravensdown Limited | 51 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Issue 15F | Oppose |
| Decision Requested | <p>That the following amendments (bold) are made to the 4th paragraph of the explanation for Issue 15F:</p> <p><i>Soil contains essential mineral elements required by plants and animals. An inevitable consequence of the productive use of soil is that, at some time in the future, soils will become unable to sustain high levels of production unless those nutrients are replaced. Soil depletion refers to the reduction of soil nutrients to a level where their potential to sustain primary production is adversely affected. Although fertiliser use has decreased over time in Marlborough, many primary producers still apply it to maintain the nutrient status of the soil and therefore soil productivity. Excessive fertiliser application creates the potential for nutrients such as nitrogen and phosphate to runoff into adjoining rivers and wetlands or leach into underlying groundwater. Council will encourage the application of fertiliser in accordance with the Code of Practice for Nutrient Management and Good Management Practices for farming activities to reduce the risk of nutrients entering surface and groundwater resources.</i></p> | | | | | |

| Decision Requested | <p>That the clause be amended to allow for stock behind a wire being able to be grazed.</p> <p>The definition of intensively farmed animals is flawed.</p> <p>In our case the animals are conservatively no intensively farmed this definition in the clause being the stumbling block to fully utilising our property and financial viability.</p> | | | | | |
| 148 | Kaye Register | 2 | Volume 2 | 2 General Rules | 2.9.9.2. | Oppose |
| Decision Requested | <p>that provision 2.9.9.2 is removed as there is no way of measuring these clarity issues under (a), (b) or (c), how or who would collect this data, (eg change in reflectance on an overcast day) under what procedures or reference to historical readings in the area or base would there be to compare them to? Is the Council going to collect this data to gain a base line for the landowners to work from and ensure this is correctly monitored?</p> | | | | | |
| 148 | Kaye Register | 3 | Volume 2 | 2 General Rules | 2.9.9.3. | Oppose |
| Decision Requested | <p>That the provision 2.9.9.3 be deleted, and the clause regarding mixing or entering or passing of stock over the bed of river for the purposes of recording the average carbonised levels due to organic compounds, and clause (a), (b), (c) and (d) are unable to be calculated.</p> <p>Will Council gather base line readings to give the necessary historical base line figures to ensure the readings are average for this property given the large expanse of native bush directly influencing the flow and what enters this waterway. Will reading then be taken before the river or waterway enters our property as well to ensure it is the livestock on this property effecting this and not the animals pigs goats etc that inhabit the surrounding area or the forest run-off from recently upgraded roads or skid sites altering the readings?</p> | | | | | |
| 485 | Donald and Kaye Register | 1 | Volume 2 | 3 Rural Environment Zone | 3.1.21. | Oppose |
| Decision Requested | <p>The submission does not include a decision requested.</p> <p><i>It is inferred that the decision requested is that intensively farmed livestock should be able to enter onto, or pass across, the bed of a river when water is flowing in it.</i></p> | | | | | |

16.1.24.1 For Durville Island and its surrounding Islets

16.1.24.1.1 permitted activities

16.1.24.1.1.1 unloading/loading of stock,vehicles,machinery,farm produce,goods, wool bales,buildings,materials, by barge, for property owners -Durville Is or it's surrounding Islets

16.1.24.1.1.2 droving of stock O'urville islanci only 16.1.24.1.1.3 boundary fences. D'urville Island,only

16.1.24.1.1.4 launching of boats, where the boat owner is also the adjacent property owner Durville Is only

16.1.24.1.1.5 ensuring options for making 'safe' boats and vessels of local property owners, via moorings, permanent anchoring, a boat ramp, or jetty, adjacent to the owners property D'urville and islets

16.1.24.1.1.6 'anchor-to-shore' small craft/dingy line[d'urville island surrounding Islets] .D'urville

16.1.24.1.1.7 existing use rights, of the RMA

16.1.24.1.1.8 options [16.1.24.1.1.1 - 16.1.24.1.1.7 inclusive] must be managed way, or at a rate, which enables people and communities to provide for their social, economic, and cultural well-being and for their health and safety.

16.1.25.1 1 Kaitiakitanga - Rangitoto ki te tonga/d'urville island and surrounding Islets [kaitiakitanga 16.1.25.1: subject to 16.1.25.1.1.1.a, 16.1.25.1.1.1.b, 16.1.25.1.1.1.c]

16.1.25.1.1 permitted activities

16.1.25.1.1.1 Kaitiakitanga [riparian rights continue to be held in private ownership of whanau] for Durville Island and it's surrounding Islets, as the 'Customary rights' markers & rohe marker for whanau/hapu/lwi of Ngati Koata [coastal area interface -rohe-location]

16.1.25.1.1.2 Kaitiakitanga -cultural activities(coastal area -rohe-location) [subject to criteria 16.1.25.1.1.1.1d] 16.1.25.1.1.3 kaitiakitanga - customary practices [coastal area -rohe-location] (subject to criteria 16.1.25.1.1.1.1d) 16.1.25.1.1.4 kaitiakitanga - Moorings [coastal area -rohe-location]

16.1.25.1.1.5 kaitiakitanga - Maitaitai, taiapure,rahui. (coastal area -rohe-location)

16.1.25.1.1.6 Kaitiakitanga - cultural landscape [subject to criteria 16.1.25.1.1.1.1d]

16.1.25.1.1.1.1 Kaitiakitanga criteria/standards(16.1 .25.1.1.1.1a - 16.1.25.1.1.1.1d inclusive)

16.1.25.1.1.1.1a Kaitiakitanga content ='Traditions and cultural'-Rangatiratanga ,Tikanga' of [whanau/hapu/lwi of Ngati Koata]

16.1.25.1.1.1.1b kaitiakitanga - community = [whanau/hapu/lwi of Ngati Koata]

16.1.25.1.1.1.1c kaitiakitanga - Location = rohe of Durville Is and surrounding Islets and includes, their ancestral lands, sites, waters, waahi tapu, and other taonga

16.1.25.1.1.1.1d under kaitiakitanga 16.1.25.1.1:

16.1.25.1.1.2 must be consistent with 16.1.25.1.1.1.1b, and 16.1.25.1.1.1.1c 16.1.25.1.1.3 must be consistent with 16.1.25.1.1.1.1b, and 16.1.25.1.1.1.1c
16.1.25.1.1.6 must be consistent with 16.1.25.1.1.1.1b, and 16.1.25.1.1.1.1c

else Kaitiakitanga must not happen where the rohe is 'rangitoto ki te tonga'/d'urville island and includes the following blocks Tinui Island, Motuiti, Hautai, Puna-a-Tawheke or Scuffle Island, Araiawa, Rahonui,

Tapararere, Te Horo, Anatakapu, Te Kurukuru and Kaitaore Islands

16.1.25.1.1.7 existing use rights, of the RMA

16.1.25.1.1.8 options (16.1.25.1.1.1 - 16.1.25.1.1.7, inclusive) must be managed way, or at a rate, which enables people and communities to provide for their social, economic, and cultural well-being and for their health and safety.

16.1.29.1. community wellbeing [being owners at d'urville island and surrounding islands; block Motuiti, Hautai, Puna-a-Tawheke or Scuffle Island, Araiawa, Rahonui, Tapararere, Te Horo, Anatakapu, Te Kurukuru and Kaitaore Islands]

16.1.29.1.1 Permitted Activities

16.1.29.1.1.1 right to apply for and occupy the coastal marine area, for use as boat ramp, where the ramp applicant is also the adjacent property owner Durville Is

16.1.29.1.1.2 right to apply for, occupy and use coastal space, for a jetty, adjacent to property, of the jetty owner, for loading and unloading of vessels, for servicing property at Durville Is or surrounding Islet [tinui Island]

16.1.29.1.1.3 permanent anchorage, by owners of adjacent property-Durville Is

16.1.29.1.1.4 right to apply for and operate a mooring, adjacent to property of the mooring owner, or servicing property at Durville Is or Islet [tinui Island]

16.1.29.1.1.5 surveillance equipment

16.1.29.1.1.6 'anchor-to-shore' small craft/dingy line (d'urville island]

16.1.29.1.1.7 moorings, where that site is adjacent to property of the owner - D'urville Island

16.1.29.1.1.8 option to apply for moorings/weka management where no bylaw for managing swing moorings (Durville Is or tinui Island]

16.1.29.1.1.9 'anchor-to-shore' small craft/dingy line Islets surrounding Durville island,

16.1.29.1.2.1 recreational fishing parks, marine management parks (be subject to 16.1.25.1.1 and 16.1.29.1.2.1]

16.1.29.1.2.1 existing use rights, of the RMA

Standards

16.1.29.1.2.2 options (16.1.29.1.1.1 - 16.1.29.1.2.1, inclusive) must be managed way, or at a rate, which enables people and communities to provide for their social, economic, and cultural well-being and for their health and safety

| 845 | Kenneth R and Sara M Roush | 1 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.1 | Support in Part |
| Decision Requested | That the following amendments (strike through and bold) are made to the 4th paragraph of the explanation for Policy 4.1.1: <i>There may arise instances when activities carried out on private land create effects that carry beyond the property boundaries and affect other people and environments. In these and other instances</i> At times it may be necessary for wider public interest considerations to prevail over individual expectations and land use may need to be controlled. In these circumstances, compensation to the land user is not payable under Section 85 of the RMA. The same section also provides the land user with the ability to challenge any provision of a plan on the grounds that the provision would render their land incapable of reasonable use. Section 86 of the RMA empowers the Council to acquire land with the agreement of the landowner and pay compensation for it. | | | | | |

|--------------------|---|-------|----------|-----------------------------------|-----------------|-----------------|
| Decision Requested | That the following amendment (bold) is made to the explanation for Policy 4.3.5: <i>As described in the issue above, the Marlborough Sounds has already undergone considerable change as a result of the past use of natural and physical resources, the most dramatic possibly being the clearance of indigenous vegetation to allow agriculture to occur and, as agriculture has become economically marginal, the regeneration of indigenous vegetation. As a principle, it is important to recognise that the Marlborough Sounds environment is dynamic and will continue to change with or without human intervention. This means there is a capacity to absorb change within the environment without necessarily affecting the qualities of this unique and iconic environment. Indeed, some changes may actually enhance the qualities and improve the Marlborough Sounds environment. Regard should be had to this policy when considering new and existing activities involving the use, development and protection of the Marlborough Sounds environment. And in recognition of this ability to change, there needs to be caution in assigning long term resource consents.</i> | | | | | |
| 845 | Kenneth R and Sara M Roush | 3 | Volume 1 | 8 Indigenous Biodiversity | Issue 8A | Support in Part |
| Decision Requested | That the following amendments (strike through and bold) are made to the 4th paragraph of the explanation under the heading Marine environments in Issue 8A: <i>The condition and state of marine biodiversity can be affected by land or water based activities. Adverse impacts can arise from sedimentation, contamination, and habitat disturbance, and changes in water flow. Effects can be temporary, but in particular circumstances can result in permanent loss or damage. Long term or cumulative smaller scale, localised effects from impacts such as contamination and physical disturbance can also have significant effects on the functioning of marine systems including nutrient, phytoplankton and zooplankton depletion. Many activities, such as recreational swimming, do not affect or have an impact on marine biodiversity; however, other activities, including shipping (especially large and/or fast ships), reclamations or other coastal structures, marine farming and physical disturbance from certain fishing techniques can affect marine biodiversity.</i> | | | | | |
| 845 | Kenneth R and Sara M Roush | 4 | Volume 1 | 13 Use of the Coastal Environment | Issue 13B | Support in Part |
| Decision Requested | That the following amendment (bold) is made to the 1st paragraph of the explanation under the heading Fishing in Issue 13B: <i>The waters of the Marlborough Sounds are important for fisheries for a number of reasons, including:</i> <ul style="list-style-type: none"> • <i>an ongoing source of traditional food for Marlborough's tangata whenua iwi;</i> • <i>an ongoing source of food for full time and part time residents;</i> • <i>providing a livelihood for commercial fishers;</i> • <i>being a significant factor in many recreational and tourism activities; and</i> • <i>contributing to a range of species present in the Sounds and therefore the health of marine ecosystems.</i> | | | | | |
| 845 | Kenneth R and Sara M Roush | 5 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.15 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-----------------------------------|-----------------|-----------------|
| Decision Requested | That the following amendments (strike through and bold) are made to policy 13.10.15(f): <i>Policy 13.10.15 – Reduce the visual impact of jetties on the coastal environment by:</i> <i>(f) avoiding locating lights on jetties (other than those required to facilitate access)->. Those lights that are necessary shall be fully shielded to prevent any light spillage above the horizontal plane of the light source;</i> | | | | | |
| 845 | Kenneth R and Sara M Roush | 6 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.22 | Support in Part |
| Decision Requested | That the following amendments (strike through and bold) are made to Policy 13.10.22(f): <i>Policy 13.10.22 – The visual impact of boatsheds on the values of the coastal environment will be reduced by:</i> <i>(f) avoiding locating lights on boatsheds (other than those required to facilitate access)->. Those lights that are necessary shall be fully shielded to prevent any light spillage above the horizontal plane of the light source; and</i> | | | | | |
| 845 | Kenneth R and Sara M Roush | 7 | Volume 1 | 17 Transportation | Policy 17.6.1 | Support in Part |
| Decision Requested | That the following amendment (bold) is made to the explanation for Policy 17.6.1: <i>Policy 17.6.1 – Maintain amenity values in rural and urban areas by encouraging the use of national and arterial routes by high volumes of traffic and heavy vehicles and discouraging high volume and heavy traffic use of collector routes and local routes, particularly where these pass through residential areas. The current state of vehicle technology in New Zealand means that noise and vehicle emissions can be expected from the operation of vehicles on roads. There is little the MEP can do to modify those conditions. However, the Council can control the extent of these effects by adopting a road hierarchy, which encourages higher volumes of traffic and heavy traffic movements on certain routes and discourages them on others. An exception is made for some primary production activities, which need to use collector and local routes to transport produce to processing facilities where no viable alternative route or method of transport exists.</i> | | | | | |
| 845 | Kenneth R and Sara M Roush | 8 | Volume 2 | 2 General Rules | 2.36.2.5. | Support in Part |
| Decision Requested | That the following amendment (bold) is made to Standard 2.36.2.5: <i>Standard 2.36.2.5. The illumination must not result in greater than 2.5 Lux spill (horizontal and vertical) of light onto any adjoining property which is zoned Urban Residential 1, Urban Residential 2 (including Greenfields) or Urban Residential 3 or Business 1 or 2. All lighting fixtures shall be shielded to prevent any light spill above the horizontal plane of the light source. (Lights should be mounted at the top of the sign pointing down rather than at the bottom pointing up.)</i> | | | | | |

| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 110 | Volume 1 | 5 Allocation of Public Resources | 5.M.11 | Support |
| Decision Requested | Move method 5.M.11 to the coastal environment chapter. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 111 | Volume 1 | 5 Allocation of Public Resources | 5.AER.1 | Support |
| Decision Requested | Retain 5.AER.1 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 112 | Volume 1 | 5 Allocation of Public Resources | 5.AER.2 | Support |
| Decision Requested | Retain 5.AER.2 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 113 | Volume 1 | 5 Allocation of Public Resources | 5.AER.3 | Support |
| Decision Requested | Retain 5.AER.3 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 114 | Volume 1 | 5 Allocation of Public Resources | 5.AER.4 | Support |
| Decision Requested | Retain 5.AER.4 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 115 | Volume 1 | 5 Allocation of Public Resources | 5.AER.5 | Support |
| Decision Requested | Retain 5.AER.5 | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|-----------|-----------------|
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 116 | Volume 1 | 5 Allocation of Public Resources | 5.AER.6 | Support |
| Decision Requested | Retain 5.AER.6 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 117 | Volume 1 | 5 Allocation of Public Resources | 5.AER.7 | Support |
| Decision Requested | Retain 5.AER.7 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 118 | Volume 1 | 5 Allocation of Public Resources | 5.AER.8 | Support |
| Decision Requested | Retain 5.AER.8 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 119 | Volume 1 | 5 Allocation of Public Resources | 5.AER.9 | Support |
| Decision Requested | Retain 5.AER.9 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 120 | Volume 1 | 6 Natural Character | 6. | Support in Part |
| Decision Requested | Amend the introduction to provide clear outline and expectation of what is addressed in the chapter, for example by including the following: "This chapter provides for the identification and protection of natural character to recognise and give effect to s6(a) of the RMA and Policy 13 and 14 of the NZCPS. For this reason the chapter includes policies and methods to guide activities within both the coastal and freshwater environments. The natural character areas identified under this chapter are included in Appendix 2 (coastal), Appendix 5 (freshwater) in Volume 3 and Riparian Natural Character Management Areas in Volume 4 (see the overlays)." | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 121 | Volume 1 | 6 Natural Character | Issue 6A | Support |
| Decision Requested | Amend to clarify that <u>"The NZCPS, Policies 13 and 14, sets a similar objective for further direction and guidance on preservation and restoration of natural character within the coastal environment."</u> | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---------------------|---------------|-----------------|
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 122 | Volume 1 | 6 Natural Character | Objective 6.1 | Support in Part |
| Decision Requested | <p>Amend to read: "Identify areas and values of Natural Character which require preservation in the coastal environment, and in wetlands, lakes and rivers and their margins." Add a new policy under objective 6.1 which sets out the criteria or values used to assess the natural character of wetlands. Explanation to new policy refer to where in the plan wetlands have been listed or mapped and how these is integrated with s6(a) in terms of significant vegetation. And if appropriate refer to the relevant policies in the biodiversity chapter which address the preservation of natural character in wetlands.</p> | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 123 | Volume 1 | 6 Natural Character | Policy 6.1.1 | Support |
| Decision Requested | Retain Policy 6.1.1 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 124 | Volume 1 | 6 Natural Character | Policy 6.1.2 | Support in Part |
| Decision Requested | Move this policy to the coastal environment chapter. Amend the text under the policy to more clear explain how the identification of the extent of the coastal environment is necessary for implementing the NZCPS, not just s6(a) RMA. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 125 | Volume 1 | 6 Natural Character | Policy 6.1.3 | Support in Part |
| Decision Requested | <p>Amend this policy (or add a new policy) to include guidance on the values that contribute to natural character and establishing which areas have high and very high natural character. "In addition to Policy 6.1.3 and 6.1.5 recognise the following values in determining high or very high natural character: [list the generic type values considered in appendix 2]"</p> | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 126 | Volume 1 | 6 Natural Character | Policy 6.1.4 | Support |
| Decision Requested | Retain as notified | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---------------------|---------------|-----------------|
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 127 | Volume 1 | 6 Natural Character | 6. | Support in Part |
| Decision Requested | Add a new policy to guide the determination of "outstanding natural areas". | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 128 | Volume 1 | 6 Natural Character | Policy 6.1.5 | Support in Part |
| Decision Requested | Amend the policy as follows: "Determine the... to the following values:..." Amend the explanation to clarify if the list of matters in the policy are guidance on the values, as identified in Appendix 5. Amend the explanation to clarify whether this policy provides guidance on determining areas of "outstanding" natural character. Or Add a new policy to guide determination of "outstanding natural character". | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 129 | Volume 1 | 6 Natural Character | Policy 6.1.6 | Support in Part |
| Decision Requested | Retain the policy and amend the explanation to recognise that this policy applies "outside the coastal environment" as Policy 13 and 14 NZCPS would capture any rivers, wetland within the coastal environment. Amend the policy or add a complementary policy to provide guidance on the values used to determine the areas identified in Appendix 5. Retain the approach of identifying natural character areas on maps. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 130 | Volume 1 | 6 Natural Character | Objective 6.2 | Support |
| Decision Requested | Retain Objective 6.2 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 131 | Volume 1 | 6 Natural Character | Policy 6.2.1 | Support |
| Decision Requested | Retain Policy 6.2.1 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 132 | Volume 1 | 6 Natural Character | Policy 6.2.2 | Support |
| Decision Requested | Retain Policy 6.2.2 | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|--------------|---------------|---------------------|------------------|-----------------|
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 133 | Volume 1 | 6 Natural Character | Policy 6.2.3 | Support |
| Decision Requested | Retain Policy 6.2.3 and add a definition. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 134 | Volume 1 | 6 Natural Character | Policy 6.2.4 | Support in Part |
| Decision Requested | Amend policy to refer to polices 6.2.1 and 6.2.2 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 135 | Volume 1 | 6 Natural Character | Policy 6.2.5 | Support |

| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 136 | Volume 1 | 6 Natural Character | Policy 6.2.6 | Support |
| Decision Requested | Retain Policy 6.2.6 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 137 | Volume 1 | 6 Natural Character | Policy 6.2.7 | Support |
| Decision Requested | Retain and amend to include wetlands. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 138 | Volume 1 | 6 Natural Character | Policy 6.2.8 | Support |
| Decision Requested | Retain and amend to include wetlands. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 139 | Volume 1 | 6 Natural Character | Policy 6.2.9 | Support |
| Decision Requested | Retain Policy 6.2.9 as notified. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 140 | Volume 1 | 6 Natural Character | 6. | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---------------------|---------------|-----------------|
| Decision Requested | Add a method to indicate financial or staff resource support towards restoration | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 141 | Volume 1 | 6 Natural Character | 6.AER.1 | Support in Part |
| Decision Requested | Retain 6.AER.1 as a minimum. If justified by changes to policies add results which recognise improved (restored) natural character. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 142 | Volume 1 | 7 Landscape | 7. | Support |
| Decision Requested | Amend the introduction to include an explanation of how the natural character values/criteria contribute to identification of ONL/Fs and how the provisions of the plan address any overlap in terms of identifying specific areas or features. Include guidance on the relationship between the provisions in this chapter and the Coastal Environment chapter. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 143 | Volume 1 | 7 Landscape | Issue 7A | Support in Part |
| Decision Requested | Amend the explanation of issue 7A by replacing references to significant landscapes with outstanding natural landscapes and landscapes with high amenity. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 144 | Volume 1 | 7 Landscape | Objective 7.1 | Support |
| Decision Requested | Retain Objective 7.1 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 145 | Volume 1 | 7 Landscape | Policy 7.1.1 | Support |
| Decision Requested | "When assessing the <u>characteristics values</u> of Marlborough's landscaped, the following <u>values criteria</u> will be <u>considered used</u> : | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 146 | Volume 1 | 7 Landscape | Policy 7.1.2 | Support in Part |
| Decision Requested | Define the boundaries of <u>different significant</u> landscapes <u>with different characteristics</u> using the following methods: | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-------------|--------------|-----------------|
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 147 | Volume 1 | 7 Landscape | Policy 7.1.3 | Support in Part |
| Decision Requested | <p>Amend Policy 7.1.3 by deleting Clause (c) Add a new clause "<u>the characteristics of natural features and natural landscapes in the coastal environment, including whether a natural feature or natural landscape is outstanding in terms of Policy 15 of the NZCPS.</u>" New policy: in determining what is outstanding the following criteria will be used: [list Criteria from the Marlborough Landscape Study August 2015] a) b)..."</p> | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 148 | Volume 1 | 7 Landscape | Policy 7.1.4 | Oppose |
| Decision Requested | <p>Delete policy 7.1.4. New policy – Protect outstanding landscapes by: (a) Requiring resource consent of activities which are likely to have an impact on the values identified for landscapes in appendix 1. (b) providing standards for permitted activities within outstanding natural features and outstanding natural landscapes identified on Planning maps to avoid adverse effects in the Coastal Environment (c) providing standards for permitted activities within outstanding natural features and landscapes identified on Planning maps and ensure they are no more than minor outside the Coastal Environment.</p> | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 149 | Volume 1 | 7 Landscape | Policy 7.1.5 | Support in Part |
| Decision Requested | <p>Amend policy 7.1.5 as follows: "<u>Refine and update the boundaries values and areas of outstanding natural features and outstanding natural landscapes, outstanding natural features and landscapes and landscapes with high amenity values as set out in Appendix 1 and shown on the Landscape Overlays maps</u> in response to: (a) ... (b) ...; <u>or</u> (c) <u>new information.</u>"</p> | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 150 | Volume 1 | 7 Landscape | 7.M.1 | Oppose |
| Decision Requested | Delete Method 7.M.1 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 151 | Volume 1 | 7 Landscape | 7.M.2 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-------------|---------------|-----------------|
| Decision Requested | Amend: "The Council will continue to make has made available information on Marlborough's diverse landscape character and the results of any evaluations of landscapes significance (following consultation with relevant landowners). This information will be a useful reference document generally, but can also be used by <u>made available to</u> resource consent applicants to assist in any assessment of adverse effects on landscape values." | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 152 | Volume 1 | 7 Landscape | Objective 7.2 | Support in Part |
| Decision Requested | Clarify the explanation in terms of Objective 15(a) and (b) of the NZCPS. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 153 | Volume 1 | 7 Landscape | Policy 7.2.1 | Support in Part |
| Decision Requested | Amend the policy wording to include NZCPS Policy 15 "natural landscapes and natural features" in the coastal environment. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 154 | Volume 1 | 7 Landscape | Policy 7.2.2 | Support in Part |
| Decision Requested | Amend the Policy such as: "Avoid activities that have potential to degrade... by : (a) setting permitted...consistent with no more than minor effects on existing landscape values... (b) controlling existing activities and new activities, with potential for more than minor adverse effects, to avoid remedy of mitigate adverse effects; and (c) avoiding new activities which have significant adverse effects" | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 155 | Volume 1 | 7 Landscape | Policy 7.2.3 | Oppose |
| Decision Requested | Delete the policy or amend to set out clear guidance that the approaches (a) to (c) will ensure significant adverse effects are avoided and that other adverse effects are avoided, remedied, or mitigated on natural features and natural landscapes in the coastal environment. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 156 | Volume 1 | 7 Landscape | Policy 7.2.4 | Support in Part |

| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 386 | Volume 2 | 3 Rural Environment Zone | 3.3.11.3. | Support in Part |
| Decision Requested | Clearance of indigenous vegetation must not occur: (a) on a Threatened Environments – Indigenous Vegetation Site. This is supported in part, but threatened environments do not cover all areas that are “significant” under the criteria in Policy 8.1.1. The rules allow clearance of significant indigenous vegetation as a permitted activity. Clearance of any indigenous vegetation meeting significance criteria should be a non-complying activity. Clearance of indigenous vegetation must not occur: (b) on land above mean high water springs that is within 20m of an Ecologically Significant Marine Site. Greater setbacks are required to protect the significant marine sites. Amend to address submission. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 387 | Volume 2 | 3 Rural Environment Zone | 3.3.11.4. | Support in Part |
| Decision Requested | Amend to address all Policy 11 NZCPS areas | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 388 | Volume 2 | 3 Rural Environment Zone | 3.3.11.5. | Oppose |
| Decision Requested | Opposed – threshold is too high and will not maintain indigenous biodiversity as required under s 30 and 31. Permitted clearance of indigenous forest should only be allowed for clearly defined reasons: for a single dwelling on a site, for maintenance of existing infrastructure, roads and fence lines. Amend to address submissions. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 389 | Volume 2 | 3 Rural Environment Zone | 3.3.11.6. | Oppose |
| Decision Requested | Delete Rule 3.3.11.6 | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 390 | Volume 2 | 3 Rural Environment Zone | 3. | Support in Part |
| Decision Requested | Add a new standard to ensure protection of significant indigenous vegetation outside the coastal environment and outside the Threatened environment. Including species description, height, density and area of clearance limitation. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--------------------------|-----------|-----------------|
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 391 | Volume 2 | 3 Rural Environment Zone | 3.3.7.13. | Oppose |
| Decision Requested | Setbacks are inadequate and will not protect water quality from the adverse effects of sedimentation and nutrient discharge. Cultivation rules should be linked to limits and targets set to give effect to the NPS Freshwater Management so that consent is required and can be declined near FMUs that are over allocated or approaching their allocative limit for sediment or nutrient load. Amend to address submission. | | | | | |
| 715 | Royal Forest and Bird Protection Society NZ (Forest and Bird) | 392 | Volume 2 | 3 Rural Environment Zone | 3.3.14. | Oppose |

Decision
Requested

Pelorus Sound

- Delete the seaward extent of the ONL above (north) of Hikapu Reach and above Maori Reach.
- Delete ONL at or on the Putanui Point.
- Amend the ONL that extends into Nydia Bay and Fairy Bay so that the seaward boundary abuts the MHWS.
- Amend the OHL at Yncyca Bay so that it is at least 500m from ML 8343 and abuts MHWS.
- Delete corner of ONL by ML 8343.
- Delete the OHL at Hopai Bay.
- Delete the OHL of Waimaru Bay.

Kenepura Sound

- Delete the OML at Gold Reef by drawing the line at the Kenepuru Road.

Squally Cove

- Amend the ONL so that it stretches from Lone Rock to Kakoho Point (west of Squally Cove).

Tawhitinui Reach

- Delete the ONL at Tawe Point
- Move the ONL boundary at Cregoe so that it follows the creek line to the west.

Waitata Reach

- Delete the ONL around Horseshoe Bay and
- Delete the so that it follows the bush line [sentence incomplete].

Waitata Bay including Horseshoe, Richmond and Ketu Bays

- Delete the ONL at Tapapa Point.

Beatrix Bay

- Delete the ONL at:
 - * Kauauroa Bay
 - * Tawhitinui Bay
 - * Te Purakia Point [Te Puraka Point]
 - * Waimaru Bay and Tuhitarata Bay by drawing the boundary below MT Kiwi.
 - * Tawero Point

Waikawa Bay

- Delete seaward extent of the ONL in Savill Bay, Game Bay and pull back to MHWS.
- Delete ONL from Cregoe Rock that extends in a north west line and includes ML 8203 and is 400m from ML 8301.

| | | | | | | |
|-------------|-----------------|-----|----------|--------------|--------------|--------|
| 1140 | Sanford Limited | 105 | Volume 4 | Overlay Maps | Landscapes 1 | Oppose |
|-------------|-----------------|-----|----------|--------------|--------------|--------|

Decision Requested

Pelorus Sound

- Delete the ONL at Waihinau Bay, Homestead Bay and Waterfall Bay around Cape Horn and down to Te Akaroa (West Entry Point).
- Delete the ONL around Kaitira (East Entry Pint [Point]) where it is 400m from ML 8109.
- Delete the inclusion of the water space around:
 - * Pipitawai
 - * Harding Point

* Paparua

* Blow Hole Point.

Waitata Reach

- Delete the OND overlay on the northern side of Hamilton Cove so that it follows the bush line out to Yellow Cliffs in a straight [straight] line.

Waitata Bay including Horseshoe, Richmond and Ketu Bays

- Delete the ONL at the southern end of Kaitira (East Entry Point).

Forysth [Forsyth] Bay

- Delete the ONL at the southern end of Kaitira (East Entry Point).

Admiralty Bay

- Amend the ONL around coastal boundary [boundary] at Clayface Point so that it includes the inner bays and does not extent seaward. This appears to make no difference to the ONL and recognises ML 8014.

- Amend the boundary of the ONL in Waikawa Bay by pulling the northern boundary up to Two Island Point.

Waikawa Bay

- Delete the seaward extent of ONL in savill bay, Game Bay and pull back to MHWS.

| 1146 | Sea Shepherd New Zealand | 16 | Volume 1 | 7 Landscape | 7.M.1 | Oppose |
| Decision Requested | That Queen Charlotte Sound and Tory Channel are included as ONFL's in their entirety. This should also include Endeavour Inlet, East Bay and Melville Cove (<i>inferred</i>). | | | | | |
| 1146 | Sea Shepherd New Zealand | 17 | Volume 1 | 7 Landscape | 7.M.6 | Support |
| Decision Requested | Retain 7.M.6. Consider providing funding to wilding pine control programmes and other community initiated control programmes for undesirable plants and animals. | | | | | |
| 1146 | Sea Shepherd New Zealand | 18 | Volume 1 | 7 Landscape | 7.M.7 | Support |
| Decision Requested | Undertake research into alternative forestry and land use options such as permanent sink forestry for pine forest owners in the Marlborough Sounds. The investigations should include how best to manage the transition from pine plantations to the chosen alternatives in a manner that minimises landscape effects, especially those caused by wilding pines. | | | | | |
| 1146 | Sea Shepherd New Zealand | 19 | Volume 2 | 4 Coastal Environment Zone | 4.3.6. | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|----------------------------|-----------|--------|
| Decision Requested | <p>Implementation of the recommendations from the MDC Technical Report Mitigating Fine Sediment from Forestry in the Coastal Waters of the Marlborough Sounds (Nov 2015) (a link to this document is provided in the submission). A number of options are evaluated for improving soil conservation and water quality, and thereby helping to maintain indigenous biodiversity within the Sounds.</p> <p>That the following new standards are added to 4.3.6 Commercial forestry replanting (<i>inferred</i>):</p> <p>Standard 4.3.6.A The following species must not be planted:</p> <p>(a) Douglas fir (<i>Pseudotsuga menziesii</i>); (b) Lodgepole pine (<i>Pinus contorta</i>); (c) Muricata pine (<i>Pinus muricata</i>); (d) European larch (<i>Larix decidua</i>); (e) Scots pine (<i>Pinus sylvestris</i>); (f) Mountain or dwarf pine (<i>Pinus mugo</i>); (g) Corsican pine (<i>Pinus nigra</i>).</p> <p>Standard 4.3.6.B Assess the risk of tree spread using the industry Wilding Spread Risk calculator, prior to planting taking place.</p> <p>Standard 4.3.6.C No planting within 50m of a ridge.</p> <p>Standard 4.3.6.D Replanting of areas harvested within 12 months of harvest.</p> <p>Standard 4.3.6.E Replanting in excess of 1000 stems/hectare.</p> <p>That the above new standards also apply to forestry in the Rai/Pelorus River catchment, which feeds into the Pelorus Sound.</p> | | | | | |
| 1146 | Sea Shepherd New Zealand | 20 | Volume 2 | 4 Coastal Environment Zone | 4.3.6.1. | Oppose |
| Decision Requested | <p>That the following amendments (strike through and bold) are made to Standard 4.3.6.1 (<i>inferred</i>):</p> <p><i>4.3.6.1 Replanting must not be in, or within:</i></p> <p>(a) 810 metres of a river (except an ephemeral river) or lake;</p> <p>(b) 810 metres of a Significant Wetland;</p> <p>(c) 30100 metres of the coastal marine area.;</p> <p>(d) 5 metres for streams less than 3 metres in width and 10 metres for steams equal to, or greater than, 3 metres in width.</p> <p>That control of pine re-growth and management of wildings in this coastal set-back is the responsibility of the plantation owner.</p> | | | | | |

|--------------------|--|-------|----------|--|---------------|---------|
| 1146 | Sea Shepherd New Zealand | 21 | Volume 1 | 7 Landscape | 7. | Oppose |
| Decision Requested | That a new Method of Implementation (<i>inferred</i>) is included to introduce an industry levy on logs harvested to control for wilding spread beyond the boundary and/or into the coastal setback area and the cost of this control. | | | | | |
| 1146 | Sea Shepherd New Zealand | 22 | Volume 1 | 7 Landscape | 7.AER.1 | Oppose |
| Decision Requested | That the wording "Removal of wilding pines in the Marlborough Sounds" is included in 7.AER.1. | | | | | |
| 1146 | Sea Shepherd New Zealand | 23 | Volume 1 | 8 Indigenous Biodiversity | Objective 8.1 | Support |
| Decision Requested | Retain the explanation of Objective 8.1 (<i>inferred</i>). | | | | | |
| 1146 | Sea Shepherd New Zealand | 24 | Volume 1 | 8 Indigenous Biodiversity | 8.AER.1 | Oppose |
| Decision Requested | That by 2020 a robust and substantial Marine Protected Areas/Marine Park, including at least all of Queen Charlotte Sound and Tory Channel, is established (<i>inferred</i>). | | | | | |
| 1146 | Sea Shepherd New Zealand | 25 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Issue 15C | Oppose |
| Decision Requested | <p>That the following new Methods of Implementation are included under Issue 15C:</p> <p><i>Management purpose (15-11)</i></p> <p><i>15.M.X Replanting Management Plan</i></p> <p><i>A mandatory plan that identifies areas at high risk of erosion and require retirement and implementation of buffers, such as gully heads and steep ephemeral gullies.</i></p> <p><i>Incentives</i></p> <p><i>15.M.X Greater recognition and encouragement of planting permanent forest (not for harvest) or allowing native regeneration. Assistance could include rates rebate and funding for control of wilding pines.</i></p> | | | | | |
| 1146 | Sea Shepherd New Zealand | 26 | Volume 2 | 4 Coastal Environment Zone | 4.3.13. | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|----------------|---------|
| Decision Requested | That the following new standards are included under Heading 4.3.13: a) All road design, construction, and maintenance to be certified by a Chartered Professional Engineer (CPENZ) for land stability, and effective erosion and water control. b) All areas of loose fill (soil) to have a grass cover established within 12 months of being created unless covered by natural revegetation. | | | | | |
| 1146 | Sea Shepherd New Zealand | 27 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4C | Oppose |
| Decision Requested | That a new policy and rules aimed at preventing wilding pines spreading beyond the borders of commercial forestry are included. That a requirement to use the industry Wilding Spread Risk Calculator to assess the risk of tree spread for a site prior to planting taking place is included. | | | | | |
| 1146 | Sea Shepherd New Zealand | 28 | Volume 1 | 13 Use of the Coastal Environment | Issue 13A | Oppose |
| Decision Requested | The submission does not include a decision requested. | | | | | |
| 1146 | Sea Shepherd New Zealand | 29 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.4.1 | Oppose |
| Decision Requested | That the following amendments are made: 1. Habitat protection for Blue Cod, particularly from all fishing impacts in the Marlborough Sounds, should include all the enclosed bays and 463m off all islands (as at Long Island Marine Reserve) and includes fishing of any type only permitted in open channels. 2. Commercial dredging is not be allowed to resume at any time in the Queen Charlotte Sound, or ideally anywhere in the Marlborough Sounds. 3. There is a permanent and complete ban on recreation dredges in the Marlborough Sounds and that scallops should only be sustainably harvested by scuba/snorkel in future. | | | | | |
| 1146 | Sea Shepherd New Zealand | 30 | Volume 1 | 13 Use of the Coastal Environment | Issue 13E | Support |
| Decision Requested | That permanent moorings should be provided in future marine protected areas and existing identified ecologically sensitive areas. | | | | | |
| 1146 | Sea Shepherd New Zealand | 31 | Volume 1 | 13 Use of the Coastal Environment | Objective 13.7 | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|--|---------------|---------|
| Decision Requested | That future marine protected areas and existing identified ecologically sensitive areas are exempt from Objective 13.7. | | | | | |
| 1146 | Sea Shepherd New Zealand | 32 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.7.1 | Support |
| Decision Requested | That future marine protected areas and existing identified ecologically sensitive areas are exempt from Policy 13.7.1. | | | | | |
| 1146 | Sea Shepherd New Zealand | 33 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.7.2 | Support |
| Decision Requested | That future marine protected areas and existing identified ecologically sensitive areas are exempt from Policy 13.7.2. | | | | | |
| 1146 | Sea Shepherd New Zealand | 34 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | 15. | Oppose |
| Decision Requested | That the MEP include methods on how nitrogen levels will be monitored and managed in coastal waters, including the effects of forestry and Salmon farming (<i>inferred</i>). | | | | | |
| 1146 | Sea Shepherd New Zealand | 35 | Volume 2 | 4 Coastal Environment Zone | 4.3.8. | Oppose |
| Decision Requested | <p>That the following new standard is included under Heading 4.3.8 Woodlot forestry harvesting:</p> <p><i>4.3.8.X All woody material >100 mm diameter and >3 metres in length from gullies (>5000m or 0.5 hectare) must be removed as soon as practicable, but no later than 1 month, after harvest.</i></p> <p>That the above new standard also applies to forestry in the Rai/Pelorus River catchment, which feeds into the Pelorus Sound.</p> | | | | | |
| 1146 | Sea Shepherd New Zealand | 36 | Volume 2 | 4 Coastal Environment Zone | 4.7.1. | Support |
| Decision Requested | Retain Rule 4.7.1 with the addition that there is no new commercial exotic forestry planting in the Marlborough Sounds. | | | | | |
| 1146 | Sea Shepherd New Zealand | 37 | Volume 2 | 4 Coastal Environment Zone | 4.7.2. | Support |
| Decision Requested | Reconsider prohibited activity 4.7.2. This could become an ongoing source of wilding pines. Suggest an option to harvest once (or poison) and take measures to control wilding pines while the land is regenerating. | | | | | |

being of tangata whenua, Commercial and Recreational stakeholders, the tourism industry and the wider community.

The depletion of the marine habitat in the Marlborough Sounds is an area of concern. This was highlighted in Davidson Environmental Limited report prepared in 2011, Ecologically Significant Marine Sites in Marlborough and by others.

Maintaining a healthy marine environment is of particular importance to Marlborough's tangata whenua iwi.

I believe the Council has an advocacy role in ensuring a healthy marine environment is maintained in the Marlborough Sounds. Through environment thrive which will support abundant fisheries and aquaculture for future generations which will contribute to the economic, social, cultural and general community wellbeing of Marlborough's residents and visitors.

Objective - To ensure a healthy marine environment is maintained, protected, resorted and enhanced in the Marlborough Sounds.

Policy- That the recommendations of Davidson Environmental Limited report 2011, Ecologically Significant Marine Sites in Marlborough and the Expert Review Panel, be acted on and implemented with urgency to protect marine sites of significance with a 200 metre buffer zone.

Policy - That the disposition of mussel shells (whole or crushed) and other naturally occurring fouling organisms extracted as part of the factory processing of green shell mussel, to seawater, within designated buffer zones around Ecologically Significant Marine Sites, (and other appropriate sites as may be identified) for the purpose of benthic habitat protection, restoration or enhancement, become a permitted activity, subject to compliance with Council approval, guidelines and practices etc.

Policy - That the disposition of small, undersized, live mussels and other naturally occurring fouling organisms extracted as part of the factory processing of green shell mussel, to seawater, within designated buffer zones around Ecologically Significant Marine Sites, (and other appropriate sites as may be identified) for the purpose of benthic habitat protection, restoration or enhancement, become a permitted activity, subject to compliance with Council approval, guidelines and practices etc.

Policy- That the disposition of suitability graded, screened and washed, coarse sands, gravel, shingle, rock and shell to seawater, within designated buffer zones around Ecologically Significant Marine Sites, (and other appropriate sites as may be identified) for the purpose of benthic habitat protection, restoration or enhancement, become a permitted activity, subject to prior Council approval, and compliance with Council instructions, guidelines and practices etc.

Policy - Support community groups working towards ensuring a healthy marine environment is maintained in the Marlborough Sounds. Often local community groups provide the initial impetus for responding to issues and it is important to support these groups where possible.

Methods of implementation:

- Follow the recommendation contained in Davidson Environmental Limited report 2011, Ecologically Significant Marine Sites in Marlborough and act urgently to protect marine sites of significance.*
- Create 'buffer zones' of 100 to 200 metres around the protected marine sites of significance.*
- Support initiatives of community groups working towards a healthy marine environment in the Marlborough Sounds by providing advice and financial support.*
- Engage in dialogue with the Mussel Industry to: develop a strategy to enhance the buffer zones (and other areas as may become apparent) by the controlled placement of discarded crushed or whole mussel shells and other marine material which is a waste bi-product of mussel processing.*
- Engage with Contractors involved in dredging operations either in the Sounds, estuaries or river mouths to assess the suitability of screened washed material to be placed in the buffer zones of protected marine sites of significance.*

| | | | | | | |
|--------------------|---|---|----------|---|---|--------|
| | <ul style="list-style-type: none"> Engage with Community Groups and Science to explore and implement habitat restoration and enhancement through the harvesting of healthy sea grass from areas of abundance and replanting in areas where sea grasses have become depleted. | | | | | |

|--------------------|--|-------|----------|---------------------------------|----------------|-----------------|
| Decision Requested | Amend the explanation to the Policy as follows (bold) - <i>"Currently, a wide range of primary productive land uses are undertaken in Marlborough's rural environments, from viticulture to extensive forestry, pastoral farming, dairy farming and cropping. It is also acknowledged that the extraction of rock and associated material. For instance, protection and development needs to occur at the site of raw material. This policy provides for those uses to continue, which will assist in achieving Objective 14.1, although the management regime in the MEP will include controls to manage adverse effects. At times there may be a change in land use or management practices for primary production to enhance the efficient use of land resources and the MEP does not intend to unduly curtail any opportunity for this to occur. However, the management framework for rural environments, which includes rural areas within the Marlborough Sounds and elsewhere in the District, does include standards to maintain environmental quality, character and amenity values."</i> <i>(Inferred)</i> | | | | | |
| 1151 | Simcox Construction Limited | 3 | Volume 1 | 14 Use of the Rural Environment | Objective 14.3 | Support |
| Decision Requested | Retain Objective. <i>(Inferred)</i> | | | | | |
| 1151 | Simcox Construction Limited | 4 | Volume 1 | 14 Use of the Rural Environment | Policy 14.4.1 | Support in Part |
| Decision Requested | A reference to quarries, and/or excavation for quarrying purposes should be included. <i>(It is not clear in the Submission the specific amendment to the Policy or the explanation sought.)</i> | | | | | |
| 1151 | Simcox Construction Limited | 5 | Volume 1 | 14 Use of the Rural Environment | Policy 14.4.5 | Support in Part |
| Decision Requested | Amend the Policy as follows (bold) - <i>"Noise limits consistent with the character and amenity of the Rural and Coastal Environment Zones have been established to provide for the protection of community health and welfare. However, it is recognised that there will be noise associated with quarrying and that it may be difficult to mitigate the noise associated with quarrying."</i> <i>(Inferred)</i> | | | | | |
| 1151 | Simcox Construction Limited | 6 | Volume 1 | 14 Use of the Rural Environment | Policy 14.4.6 | Support in Part |
| Decision Requested | Amend the Policy as follows (bold) - <i>"Mitigate nuisance effects on adjoining dwellings or adjoining properties caused by dust from earthworks or stockpiled material, or dust and other disturbance associated with quarrying and that it may be difficult to mitigate the dust associated with quarrying."</i> | | | | | |

|--------------------|--|-------|----------|--------------------------|---------------|-----------------|
| Decision Requested | <p>That:</p> <ol style="list-style-type: none"> 1. MDC in conjunction with the local viticulture industry should research methods of disposal of cca treated vineyard (and other) posts and timber. At present, my understanding is that high temperature pyrolysis is the only safe way of disposing of such treated timber. To the best of my knowledge, no such facility exists in New Zealand or Australia, where the disposal problem is more acute. 2. Ban the use of such vineyard posts in Marlborough unless a safe way of disposal of the stockpiles of such broken and discarded posts can be found. 3. Until such time as a safe disposal method is created by MDC, ensure that the requirements of RMA and NES are met by vineyard owners and operators and monitor, record and manage such sites as contaminated under the existing HAIL protocol. EPA of South Australia has written rules for the intermediate storage of such treated timber until such time as safe disposal is available. The rules are aimed at minimising air, water and soil contamination. | | | | | |
| 592 | Clifford John Smith | 2 | Volume 4 | Zoning Maps | Zoning Map 60 | Oppose |
| Decision Requested | <ol style="list-style-type: none"> 1. Review some zoning, including Rural Residential, Urban Residential, Rural Environment, Business 2 to better reflect Wairau Valley Township (<i>inferred</i>). 2. Review speed limits. 3. Define "Wairau Valley Township" geographically. 3. Explain the provision for future residential expansion of the "Township". | | | | | |
| 592 | Clifford John Smith | 3 | Volume 2 | 3 Rural Environment Zone | 3.3.5.1. | Support in Part |
| Decision Requested | <p>The submission does not identify the decision requested and the standard(s) to which changes are to be made. <i>The following amendments have therefore, been inferred.</i></p> <p>That the following amendments (strike-through and bold) are made to Standard 3.3.5.1:</p> <p><i>3.3.5.1. A Category A or Category B device must not be operated:</i></p> <p><i>(c) within 160 500m of Rural Residential or Urban Residential Zones the boundary or notional boundary of the nearest dwelling, visitor accommodation or other habitable building (except a dwelling, visitor accommodation or other habitable building on the same property as the audible bird-scaring device);</i></p> <p><i>(d) such that sound is emitted at a level greater than 65 dB LAE, measured at or within the property boundary (Urban Residential 1, Urban Residential 2 (including Greenfields) or Urban Residential 3 Zones, and Coastal Living and Rural Living Zones) or notional boundary (Rural Environment or Coastal Environment Zones) of the nearest dwelling, visitor accommodation or other habitable building (except a dwelling, visitor accommodation or other habitable building on the same property as the audible bird-scaring device).</i></p> | | | | | |

| Decision Requested | Retain guiding principle relating to reverse sensitivity. | | | | | |
| 1158 | Spark New Zealand Trading Limited | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4B | Support in Part |
| Decision Requested | <p>Amend paragraph 1 beneath Issue 4B as follows:</p> <p><i>We rely on a range of physical resources to allow our communities function on a day-by-day basis. These resources include the water, stormwater and waste disposal services provided to townships and small settlements; the transport links within Marlborough and connecting Marlborough to the remainder of the country; the provision of electricity and telecommunications; and, on the Lower Wairau Plain, the drainage of land. Collectively, this infrastructure is regionally significant due to the contribution it makes to our social and economic wellbeing, health and safety. Some of infrastructure is also nationally important, such as the Other infrastructure in (e.g. RNZAF Base Woodbourne, -) or running through Marlborough (e.g. the National Grid, the telecommunications network and state highways) also has national importance. It is important that this strategic all infrastructure is able to operate efficiently, effectively and safely on an ongoing basis for community wellbeing. The ability to maintain, upgrade and replace existing infrastructure without significant constraint is important in this respect. Occasionally, new infrastructure may be required to provide for growth within the district.</i></p> | | | | | |
| 1158 | Spark New Zealand Trading Limited | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Support in Part |
| Decision Requested | <p>Amend Objective 4.2 as follows:</p> <p><i>Efficient, effective and safe operation of regionally significant infrastructure</i></p> | | | | | |

| 1158 | Spark New Zealand Trading Limited | 11 | Volume 1 | 11 Natural Hazards | 11. | Support in Part |
| Decision Requested | <p>Amend Paragraph 4 to the Introduction as follows: <i>The Council can act to reduce the risk of natural hazards adversely affecting life, and property and regionally significant infrastructure. Using its functions under the RMA to control the use of land to avoid or mitigate natural hazards, the Council can influence the location and management of new developments to ensure that they are not subject to unreasonable risk. Other land uses may adversely affect hazard mitigation works and these can be similarly controlled to ensure that the integrity of the works is not compromised.</i></p> | | | | | |
| 1158 | Spark New Zealand Trading Limited | 12 | Volume 1 | 11 Natural Hazards | Issue 11A | Support in Part |
| Decision Requested | <p>Amend Issue 11A as follows: <i>Issue 11A – Natural hazards in Marlborough, particularly flooding, earthquakes and land instability, have the potential to cause loss of life and significant damage to property and regionally significant infrastructure.</i></p> | | | | | |
| 1158 | Spark New Zealand Trading Limited | 13 | Volume 1 | 11 Natural Hazards | Objective 11.1 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-----------------------|----------------|---------|
| Decision Requested | Amend Objective 11.1 as follows: <i>Objective 11.1 – Reduce the risks to life, and property and regionally significant infrastructure from natural hazards. Natural hazards can have significant adverse effects on individuals and the community, including loss of life, personal injury, damage to property and disruption of day-to-day life, business and the provision of community infrastructure. For this reason, the objective seeks to reduce the risks and consequences of natural hazards. This objective also implements direction from the CDEMP, which signals that resource management provisions have an important role to play in risk reduction.</i> | | | | | |

|--------------------|--|-------|----------|----------------------------|-----------|-----------------|
| Decision Requested | I support the need to exclude stock from waterways however the rule as it stands in 3.3.21.2 and 3.3.21.3 requires a high level of monitoring (presumably from council) and would be difficult to interpret on site by a land manager. Therefore, I seek to exclude all stock from all of the rivers and their tributaries listed in tables 15.1 and 15.2 of Volume 1 of this plan and for other rivers adopt rules similar to other areas that state "no heavy pugging or bare soil due to repeated or intense stock trampling should be obvious alongside or within the beds of rivers". | | | | | |
| 1179 | Thomas Robert Stein | 20 | Volume 2 | 4 Coastal Environment Zone | 4.3.20. | Support in Part |
| Decision Requested | I support the need to exclude stock from waterways however the rule as it stands in 4.3.20.2 and 4.3.20.3 requires a high level of monitoring (presumably from council) and would be difficult to interpret on site by a land manager. Therefore, I seek to exclude all stock from all of the rivers and their tributaries listed in tables 15.1 and 15.2 of Volume 1 of this plan and for other rivers adopt rules similar to other areas that state "no heavy pugging or bare soil due to repeated or intense stock trampling should be obvious alongside or within the beds of rivers". | | | | | |
| 1179 | Thomas Robert Stein | 21 | Volume 2 | 3 Rural Environment Zone | 3.3.11. | Support in Part |
| Decision Requested | I support the need to limit indigenous vegetation clearance however rule 3.3.11.2 should not apply to 3.3.11.3. There is so little indigenous vegetation remaining within these threatened environments that any further loss should require a consent. | | | | | |
| 1179 | Thomas Robert Stein | 22 | Volume 2 | 3 Rural Environment Zone | 3.3.11.2. | Oppose |
| Decision Requested | I oppose rule 3.3.11.2(a) which allows for indigenous vegetation clearance under or anywhere within 50 metres of commercial or woodlot forest or shelterbelt. Clearance of vegetation growing under forestry is ok but 50 metres allows for large areas to be cleared. For example this would allow 100m wide tongues of native forest to be cleared within a commercial forest or woodlot. Resource consent should be required to achieve this. | | | | | |
| 1179 | Thomas Robert Stein | 23 | Volume 2 | 3 Rural Environment Zone | 3.3.11.5. | Oppose |
| Decision Requested | I oppose rule 3.3.11.5. There is so little indigenous forest taller than 6 metres remaining that all clearance of this forest should require a consent. | | | | | |
| 1179 | Thomas Robert Stein | 24 | Volume 2 | 4 Coastal Environment Zone | 4.3.10. | Support in Part |
| Decision Requested | I support the need to limit indigenous vegetation clearance however rule 4.3.10.2 should not apply to 4.3.10.3. There is so little indigenous vegetation remaining within these threatened environments that any further loss should require a consent. | | | | | |
| 1179 | Thomas Robert Stein | 25 | Volume 2 | 4 Coastal Environment Zone | 4.3.10.2. | Oppose |

|--------------------|---|-------|----------|--|---|-----------------|
| Decision Requested | Remove the 100% blanket cut-off to Springs sector water users. Before implementing a blanket restriction further scientific evidence of the complex aquifer/springs recharge process is required. A better understanding of the long term trend of the aquifer levels is essential before setting lower limits and cut-off thresholds. | | | | | |
| 256 | Justin Stevens | 1 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Issue 15A | Oppose |
| Decision Requested | Remove the word Deer from the definition of " Intensively Farmed Livestock " due to the fact that deer move quicker and less often than other classes of livestock. Why have sheep been left out as they would create a greater impact when moving through a wet bed of a water body ? | | | | | |
| 256 | Justin Stevens | 2 | Volume 2 | 25 Definitions | 25. | Support in Part |
| Decision Requested | 1. I believe this definition needs to be clearer as the current wording is open to an individuals interpretation. An example would be that the" Hog Swamp Creek" may not be considered " intermittently flowing " as it has not flowed for the last two years. My assumption would be that it is not an intermittently flowing creek and would not be subject to the current Marlborough Environment Plan. 2. I believe that the Marlborough District Council need's to be clear and concise on each and every River ,Stream and Creek or body of water and to have a " catchment-specific plan "(Volume 1 page 15-12) for every River, Stream and Creek or body of water so as to remove any miss interpretation of rules and definition's. | | | | | |
| 256 | Justin Stevens | 3 | Volume 2 | 25 Definitions | 25. | Oppose |
| Decision Requested | Remove the word Deer from the definition of " Intensively Farmed Livestock " due to the fact that deer move quicker and less often than other classes of livestock. Why have sheep been left out as they would create a greater impact when moving through a wet bed of a water body ? | | | | | |

| 1186 | Te Atiawa o Te Waka-a-Maui | 41 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.8 | Support in Part |
| Decision Requested | Correct the list to read a) to d). Provide clarification in the commentary of this Policy as to whether each subpart is to be read conjunctively or they are disjunctive. Amend the list to have each subpart (a to d) finish with either an 'and' or an 'or'. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 42 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.14 | Oppose |
| Decision Requested | Reduce the minimum term for water permits to 10 years. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 43 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.3 | Oppose |
| Decision Requested | Amend the Policy to require water use permits to lapse in no more than two years. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 44 | Volume 1 | 5 Allocation of Public Resources | Policy 5.4.4 | Oppose |
| Decision Requested | Delete the Policy from the MEP. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 45 | Volume 1 | 5 Allocation of Public Resources | Objective 5.8 | Oppose |
| Decision Requested | Modify the objective to account for cultural values (by way of Policy or wording or commentary) in considering availability. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 46 | Volume 1 | 5 Allocation of Public Resources | Objective 5.10 | Oppose |
| Decision Requested | Modify the objective to account for cultural values (by way of Policy or wording or commentary) in considering availability. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 47 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.3 | Oppose |
| Decision Requested | Amend the Policy to include at the end of the Policy the words, 'cultural and environmental values'. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 48 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.5 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|----------------|-----------------|
| Decision Requested | Modify the list of the Policy to delete retaining walls and add the following wording, 'retaining structures that are sympathetic to environmental processes and seascapes, i.e. rock protection works, rock batter seawalls, etc.' Add to point b) the following wording, 'and structures that facilitate restoration of marine habitat, marine processes, and marine species'. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 49 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.8 | Oppose |
| Decision Requested | Modify the list to state that Te Atiawa will be a member of the Board/Committee that determines how the funds will be distributed. Modify the list to include cultural projects, research and/or works. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 50 | Volume 1 | 5 Allocation of Public Resources | 5. | Support in Part |
| Decision Requested | Create AER for the coastal allocation and cultural values. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 51 | Volume 1 | 6 Natural Character | Policy 6.1.1 | Oppose |
| Decision Requested | Amend the natural character qualities list to include cultural and spiritual values. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 52 | Volume 1 | 7 Landscape | Policy 7.1.1 | Oppose |
| Decision Requested | Reconsider the assessment of associative values to give a broader definition to 'cultural values' and more weighting to 'cultural values' in the determination of overall site/landscape value. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 53 | Volume 1 | 7 Landscape | Policy 7.1.3 | Support in Part |
| Decision Requested | Add a new bullet point after b) stating, whether a landscape is identified as a feature of high cultural value in terms of section 6(e) and 7(a) of the RMA'. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 54 | Volume 1 | 10 Heritage Resources and Notable Trees | Objective 10.1 | Support in Part |
| Decision Requested | Provide clarification (either within the objective, a new Policy, or the commentary) as to the meaning of 'that contributes' to allay the concerns of Te Atiawa. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 55 | Volume 1 | 10 Heritage Resources and Notable Trees | Policy 10.1.1 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|---------------|-----------------|
| Decision Requested | Provide clarification of the relationship, moving forward, between MDC and Te Atiawa regarding the management of heritage resources. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 56 | Volume 1 | 10 Heritage Resources and Notable Trees | Policy 10.1.2 | Support |
| Decision Requested | Amend the commentary of this Policy to include iwi/tangata whenua of Marlborough. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 57 | Volume 1 | 10 Heritage Resources and Notable Trees | Policy 10.1.7 | Support in Part |
| Decision Requested | Amend Policy and the list to contain explicit consideration of cultural sites of significance to tangata whenua. Add commentary to explain that not all sites of significance to iwi are included in the historic register of MDC. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 58 | Volume 1 | 10 Heritage Resources and Notable Trees | Policy 10.1.8 | Support in Part |
| Decision Requested | Remove the word 'registered' from the Policy. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 59 | Volume 1 | 10 Heritage Resources and Notable Trees | 10. | Support in Part |
| Decision Requested | Create AER for cultural or iwi related sites, features, structures or resources. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 60 | Volume 1 | 11 Natural Hazards | Policy 11.1.3 | Support in Part |
| Decision Requested | Amend the Policy and the commentary to contain an explicit statement regarding iwi involvement, consultation, and/or discussion. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 61 | Volume 1 | 11 Natural Hazards | Policy 11.1.5 | Support in Part |
| Decision Requested | Amend the Policy and the commentary to contain an explicit statement regarding iwi involvement, consultation, and/or discussion. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 62 | Volume 1 | 11 Natural Hazards | Policy 11.2.1 | Support in Part |
| Decision Requested | Amend the Policy and the commentary to contain an explicit requirement that the approval of MDC and the relevant iwi are to be sought. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|--------------|---------------|-----------------------------------|------------------|-----------------|
| 1186 | Te Atiawa o Te Waka-a-Maui | 63 | Volume 1 | 11 Natural Hazards | 11.AER.3 | Support in Part |
| Decision Requested | Provide for cultural indicators to be used to assess impacts on cultural values. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 64 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.1.2 | Support |
| Decision Requested | Amend Policy (either in the Policy or the commentary) to indicate that iwi sites of significance are also important to take into account but that they may not always be mapped. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 65 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.2.2 | Support in Part |
| Decision Requested | Add the consideration of the protection of cultural values, beliefs, structures, resources and/or locations to the decision making framework. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 66 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.2.4 | Support in Part |
| Decision Requested | Amend the Policy to include cultural values as an attribute that can be considered. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 67 | Volume 1 | 13 Use of the Coastal Environment | 13.M.5 | Support in Part |
| Decision Requested | Amend the method to include affected party status for Te Atiawa in Queen Charlotte Sound, Tory Channel, Port Gore to enable assessment of cultural matters and kaitiakitanga. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 68 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.3.1 | Support in Part |
| Decision Requested | Add a new point to the list of caveats requiring cultural values to be considered. i.e. g) Adversely affect the cultural values of the area. | | | | | |
| 1186 | Te Atiawa o Te Waka-a-Maui | 69 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.3.2 | Support in Part |
| Decision Requested | Amend the Policy to provide balance between recreational use and environmental and cultural preservation. | | | | | |

| Decision Requested | Accept with amendments: With the exception of areas with significant indigenous biodiversity value, where indigenous biodiversity values will be adversely affected through land use or other activities, a biodiversity offset can be considered to mitigate residual adverse effects. Where a biodiversity offset is proposed, the following criteria will apply: [...] <p>(e) where the offset involves the ongoing protection of a separate site, it will deliver no net loss and preferably a net gain for indigenous biodiversity protection; and</p> <p>(f) offsets should re-establish or protect the same type of ecosystem or habitat that is adversely affected, unless an alternative ecosystem or habitat will provide a net gain for indigenous biodiversity; and</p> <p><u>(g) offsets should be made on the same or immediately adjacent site to ensure that gains are retained within the local area or catchment.</u></p> | | | | | |
| 1189 | Te Runanga o Kaikoura and Te Runanga o Ngai Tahu | 85 | Volume 1 | 9 Public Access and Open Space | Objective 9.1 | Support in Part |
| Decision Requested | Accept and add a new objective. New objective: <u>The relationship of Tangata Whenua Iwi with their ancestral lands, water, wahi tapu and wahi taonga are enabled through opportunities to provide for customary access.</u> | | | | | |
| 1189 | Te Runanga o Kaikoura and Te Runanga o Ngai Tahu | 86 | Volume 1 | 9 Public Access and Open Space | Policy 9.1.2 | Support in Part |
| Decision Requested | Policy 9.1.2 Accept and add a new policy New policy: Policy 9.1.3 Customary Access <u>Customary access to sites, customary material or harvesting areas is encouraged in subdivision and development through landowner agreements or through wider public access arrangements.</u> <u>Explanation</u> <u>Customary access is necessary to enable Tangata Whenua Iwi to exercise kaitiakitanga and to actively maintain their relationship with lands, waters, wahi tapu and wahi taonga. Where resources or sites are located on private land, access arrangements such as agreements or case by case permissions are essential before entry can occur. Permission to enter private land is entirely at the discretion of the landowner. This policy acknowledges this and highlights that the Council encourages such agreements to be considered.</u> | | | | | |

| 166 | Te Runanga o Toa Rangatira | 1 | Volume 1 | 3 Marlborough's tangata whenua iwi | 3. | Support in Part |
| Decision Requested | <p>Add to the Tangata Whenua chapter:</p> <ol style="list-style-type: none"> 1. Policy 3.1.1 add (f) recognises that the principle of consultation requires both parties to have the time and resource to consult appropriately. 2. Sites, areas, and or habitats that are culturally significant could be included as an appendix and used as an overlay to ensure timely engagement between iwi, stakeholders and the council. A caveat should be placed stating that not all information needs to be disclosed by iwi and that this information should only be used to start dialogue with the appropriate groups. 3. MDC has to make explicit What Treaty Principles they MDC refer to in the MEP. 4. Include the provision of the River and Freshwater Advisory Committee and make provisions within the plan to meet legal obligations. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|----------------|-----------------|
| 166 | Te Runanga o Toa Rangatira | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.1.1 | Support in Part |
| Decision Requested | The decision requested is to include in the methods that all applicants should consult iwi if the area is within statutory acknowledgement areas. An accidental discovery protocol and iwi monitor maybe requested due to the cultural significance of the area. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 3 | Volume 1 | 19 Climate Change | 19. | Support in Part |
| Decision Requested | I request that the council weave the objectives of climate change into the other chapters so that it is more integrated. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 4 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.1.1 | Support in Part |
| Decision Requested | I request that the council do further work on defining historic heritage to include iwi heritage. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 5 | Volume 1 | 11 Natural Hazards | 11. | Support in Part |
| Decision Requested | Link between this chapter and climate change chapter. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 6 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.1 | Support in Part |
| Decision Requested | I request that the council change the hierarchy to move (c) below (d) municipal water supply. I see no justification in prioritising domestic AND stock water supply over municipal water supply. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 7 | Volume 1 | 5 Allocation of Public Resources | Policy 5.3.14 | Support in Part |
| Decision Requested | I request that the council consider climate change and potentially limit water permits to a lesser duration to allow for the changing climate that may bring about longer periods of drought. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 8 | Volume 1 | 14 Use of the Rural Environment | Policy 14.1.10 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|--|--------------|-----------------|
| Decision Requested | I request that this policy is deleted. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 9 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | 15. | Support in Part |
| Decision Requested | I request that the council add a dedicated policy for viticulture land use and develop subsequent methodologies including rules for this land use. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 10 | Volume 1 | 19 Climate Change | 19. | Support in Part |
| Decision Requested | I request the council to consider this issue and make provision for further research in this matter. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 11 | Volume 1 | 3 Marlborough's tangata whenua iwi | 3.M.2 | Support in Part |
| Decision Requested | Change the second sentence of this paragraph to: "The Council must also have regard to the Statutory Acknowledgement relating to a statutory area. Iwi must be consulted to identify whether they are an affected party in relation to..." | | | | | |
| 166 | Te Runanga o Toa Rangatira | 12 | Volume 1 | 3 Marlborough's tangata whenua iwi | 3.M.2 | Support in Part |
| Decision Requested | Add "authority" after the first "iwi". | | | | | |
| 166 | Te Runanga o Toa Rangatira | 13 | Volume 1 | 3 Marlborough's tangata whenua iwi | 3.M.2 | Support in Part |
| Decision Requested | Add an appendix of all Statutory acknowledgements relating to the MDC area. This will satisfy the last sentence in the 3.M.2 paragraph. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 14 | Volume 1 | 3 Marlborough's tangata whenua iwi | Policy 3.1.4 | Support in Part |
| Decision Requested | Change the wording in Policy 3.1.4. to Supporting iwi to develop iwi management plans. This will allow iwi to build capability and capacity in this space. It will ultimately help the council meets its requirements and so it should have resource dedicated for it. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|------------------------------------|---------------|-----------------|
| 166 | Te Runanga o Toa Rangatira | 15 | Volume 1 | 3 Marlborough's tangata whenua iwi | Objective 3.4 | Support in Part |
| Decision Requested | Not constrain the papakainga opportunity to only Maori land. It should be available to iwi on any kind of land under the rules. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 16 | Volume 1 | 3 Marlborough's tangata whenua iwi | 3. | Support in Part |
| Decision Requested | There should be a specific kaitiakitanga objective not blended as it is in the MEP. The Mauri objective could also be housed here. | | | | | |
| 166 | Te Runanga o Toa Rangatira | 17 | Volume 1 | 3 Marlborough's tangata whenua iwi | 3. | Support in Part |
| Decision Requested | <p>Develop specific rules and methods to ensure that councils legal obligations are met. This could include:</p> <ol style="list-style-type: none"> 1. requiring resource applicants to consult with iwi in certain areas. 2. Kaitiakitanga as a permitted activity in all zones to allow for maori to have a relationship with their culture and traditions and their lands, waters, sites, waahi tapu and other taonga. 3. Regional rules developed to ensure consultation between iwi, applicants and MDC. Develop a Tanagata Whenua programme, monitoring, support, information, guidelines. This could include Cultural health monitoring to measure the success of Policy 3.1.13 4. 5.M.2 Add the River and Freshwater Advisory Committee here. 5. 5.M.10 Make a rule to consult with iwi in and around coastal statutory areas. 6. 8M11 Partnership should highlight the main partner (iwi). Add a description of this relationship here and or refer to the Tangata Whenua chapter. | | | | | |

| 1192 | The Fertiliser Association of New Zealand | 40 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | 15.M.25 | Support in Part |
| Decision Requested | <p>Amend 15.M.25 as follows:</p> <p><u>Farm Management plans for dairy farming intensively farmed livestock.</u></p> <p>Water Quality Farm Management Plans can be used as a means of demonstrating on an ongoing basis that any adverse effects on water quality resulting from dairy and <u>intensively farmed livestock</u> will be avoided, remedied or sufficiently mitigated. They provide the ability to consider all farm management practices with the potential to adversely affect surface or groundwater quality or wetlands and manage these risks in an integrated way. This also enables the dairy farmer to progressively plan farm upgrades based on priority or in the case of new farms, at the time of establishment. Water Quality Farm Management Plans can be used to support applications for land use consent to convert the use of land to dairying.</p> <p><u>The Farm Management Plan should include:</u></p> <ul style="list-style-type: none"> - <u>Nutrient Management Plans. These will be required as a means to demonstrate how nutrient inputs associated with dairy and intensively farmed <u>livestock</u> are to be managed to ensure any adverse effects of water quality will be avoided, remedied or mitigated. Nutrient Management Plans should be written documents that incorporate a nutrient budget developed by an accredited nutrient adviser <u>a Certified Nutrient Management Advisor</u> using OVERSEER® or similar. This should describe how the major plant nutrients (nitrogen, phosphorus, sulphur and potassium) and any other nutrients of importance to specialised crops will be managed (including all sources from dairy effluent systems, animal discharges and/or atmospheric nitrogen fixation.</u> - <u>Good management practices.</u> - <u>Riparian management plans.</u> - <u>Details of the property including location of waterbodies.</u> | | | | | |
| 1192 | The Fertiliser Association of New Zealand | 41 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Issue 15F | Support in Part |
| Decision Requested | <p>Amend Issue 15F Explanation:</p> <p>Although fertiliser use has decreased over time in Marlborough, many primary producers still apply it to maintain the nutrient status of the soil and therefore soil productivity. Excessive fertiliser application creates the potential for nutrients such as nitrogen and phosphate to runoff into adjoining rivers and wetlands or leach into underlying groundwater.</p> <p><u>Healthy productive soils are a finite natural resource and essential for the social, cultural and economic well-being of people and communities. It is important to manage the potential for adverse effects of land uses on soil health and function and practices including vegetation clearance, earthworks and forestry harvesting where they adversely affect soil quality or induce or exacerbate soil erosion.</u></p> <p><u>In addition, accelerated erosion from land use resulting in additional deposition of sediment in rivers and lakes can have a major impact on aquatic ecosystems and instream values.</u></p> | | | | | |

Decision Requested

For clarity amend Rule 3.3.28 as follows:

3.3.28.1. The discharge must not occur into or onto a Soil Sensitive Area without demonstrating appropriate controls with a Nutrient Management Plan or Farm Management Plan.

3.3.28.2. The discharge must not occur within:

(a) 50m of a bore unless the bore intercepts the confined layer of Riverlands FMU or the confined layer of the Wairau Aquifer FMU,

(b) 20m of a river, lake, Significant Wetland, drainage channel or Drainage Channel Network;

(c) 10m of the boundary of any adjacent land in different ownership.

3.3.28.3. A High rate discharge system must not be used to discharge onto land with an average slope of 7° or greater, and the slope must not exceed 11.3° (1:5) at any point.

3.3.28.4. The discharge must not occur when the soil moisture exceeds field capacity.

3.3.28.5. Ponding must not be detectable beyond 24 hours after the discharge.

3.3.28.6. The discharge must not result in anaerobic soil conditions.

3.3.28.7. The total cumulative nitrogen (N) loading from all discharges on the areal extent of the land to be used for the discharge must not exceed 200kg N/hectare/year (excluding N from direct animal inputs) unless there is provision to manage nutrient discharges demonstrating appropriate controls with a Farm or Nutrient Management Plan to be provided to the Council.

3.3.28.8. For a new dairy farm established after 9 June 2016 and from 9 June 2019, for a dairy farm existing at 9 June 2016, the following standards apply:

3.3.28.1 there must be an on-site storage system with a minimum of 3 months storage or, if less than 3 months, the storage capacity must be certified by a recognised professional as being sufficient to allow for discharges to be deferred so that standards 3.3.28.4, 3.3.28.5 and 3.3.28.6 are not breached. The certification must be provided to the Council prior to effluent entering the storage system.

~~3.3.28.9.2. For a new dairy farm established after 9 June 2016,~~ the storage system must be sealed with an impermeable material certified by a recognised professional.

~~3.3.28.10.8.3. For a new dairy farm established after 9 June 2016,~~ the storage system must not be located within:

(a) 20m of a river, lake, Significant Wetland, drainage channel or Drainage Channel Network;

(b) 20m of the boundary of any adjacent land in different ownership;

(c) a Flood Hazard Area.

~~3.3.28.11. From 9 June 2019, Standards 3.3.28.8, 3.3.28.9 and 3.3.28.10 apply to a dairy farm existing at 9 June 2016 and a new dairy farm established after 9 June 2016.~~

| Decision Requested | <p>Appendix X - Farm Management Plan Requirements</p> <p>Part A - Farm Management Plans</p> | | | | | |

A Farm Management Plan can be based on either of:

1. The material set out in Part B below;

OR

2. Industry prepared Farm Management Plan templates and guidance material that:

(a) Include the following minimum components:

(i) The matters set out in 1, 2, and 3 of Part B below;

(ii) Contains a methodology that will enable development of a plan that will identify actual and potential environmental effects and risks specific to the property, addresses those effects and risks and has a high likelihood of appropriately avoiding, remedying or mitigating those effects;

(iii) Performance measures that are capable of being audited; and

(b) Has been approved as meeting the criteria in (a) and being acceptable to the Marlborough District Council by the Chief Executive of the Marlborough District Council.

Part B - Farm Management Plan Default Content

The plan requirements will apply to:

1. a plan prepared for an individual property or farm enterprise; or

2. a plan prepared for an individual property which is part of a collective of properties, including an irrigation scheme, principal water supplier, or an Industry Certification Scheme.

The plan shall contain as a minimum:

1. Property or farm enterprise details

(a) Physical address

(b) Description of the ownership and name of a contact person

(c) Legal description of the land and farm identifier

2. A map(s) or aerial photograph at a scale that clearly shows:

(a) The boundaries of the property or land areas comprising the farm enterprise.

(b) The boundaries of the main land management units on the property or within the farm enterprise.

- (c) The location of permanent or intermittent rivers, streams, lakes, drains, ponds or wetlands.
 - (d) The location of riparian vegetation and fences adjacent to water bodies.
 - (e) The location on all waterways where stock access or crossings occurs.
 - (f) The location of any areas within or adjoining the property that are identified in a District Plan as "significant indigenous biodiversity".
3. A list of all Marlborough District Council resource consents held for the property or farm enterprise.
 4. An assessment of the adverse environmental effects and risks associated with the farming activities and how the identified effects and risks will be managed, including irrigation, application of nutrients, effluent application, stock exclusion from waterways, offal pits and farm rubbish pits.
 5. A description of how each of the following objectives will, where relevant, be met.
 - (a) Nutrient management: To provide for sustainable production while minimising nutrient losses to water
 - (b) Irrigation management: To operate irrigation systems efficiently and ensuring that the actual use of water is monitored and is efficient.
 - (c) Soils management: To maintain or improve the physical and biological condition of the soils in order to minimise the movement of sediment, phosphorus and other contaminants to waterways.
 - (d) Collected animal effluent management: To manage the risks associated with the operation of effluent systems are compliant 365 days of the year.
 - (e) Livestock management: To manage wetlands and water bodies so that livestock are excluded as far as practicable from water, to avoid damage to the bed and margins of a waterbody, and to avoid the direct input of nutrients, sediment, and microbial pathogens.
 - (f) Offal pits: To manage the numbers and locations of pits to minimise risks to health and water quality.

The plan shall include for each objective in 5 above:

- (a) detail commensurate with the scale of the environmental effects and risks;
- (b) defined measurable targets that clearly set a pathway and timeframe for achievement;
- (c) a description of the good management practices together with actions required;
- (d) the records required to be kept for measuring performance and achievement of the target.

Part C - Farming Information

Information to inform development of the Farm Management Plan includes the following:

1. Information detailing:

- (a) The site area to which the farming activity relates;
- (b) Monthly stocking rates (numbers, types and classes) including breakdown by stock class;
- (c) Annual yield of arable or horticultural produce;
- (d) A description of the farm management practices used on each block including:
 - (i) Ground cover - pasture, crops, fodder crops, non-grazed areas (including forestry, riparian and tree areas) and any crop rotation;
 - (ii) Stock management - lambing/calving/fawning dates and percentages, any purchases and sales and associated dates, types and age of stock;
 - (iii) Fertiliser application - types and quantities per hectare for each identified block, taking into account any crop rotation;
 - (iv) Quantities of introduced or exported feed;
- (e) Farm animal effluent, pig farm effluent, feed pad and stand-off pad effluent management including:
 - (i) Area of land used for effluent application;
 - (ii) Annual nitrogen loading rate and nitrogen load rate per application;
 - (iii) Instantaneous application rate;
- (f) Irrigation - areas, rates, monthly volumes and system type.

This information is to be collected for the period 1 July to 30 June.

| 710 | The Fishing Industry Submitters | 29 | Volume 1 | 13 Use of the Coastal Environment | 13. | Oppose |
| Decision Requested | Amend the introductory text on page 13-11 to read: <u>The waters of the Marlborough Sounds are important for fisheries for a number of reasons, including: ...</u> <u>providing a livelihood for commercial fishers supporting a thriving seafood industry that provides economic and social benefits to Marlborough and New Zealand.</u> ... <u>The Council can therefore indirectly help to maintain and enhance wild fisheries in the Marlborough Sounds by managing any adverse effects on marine habitats caused by activities over which it does have direct control.</u> | | | | | |
| 710 | The Fishing Industry Submitters | 30 | Volume 1 | 13 Use of the Coastal Environment | Issue 13C | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-----------------------------------|----------------|--------|
| Decision Requested | <p>Delete Issue 13C and replace it with new Issue 13C as follows:</p> <p><u>Fishing is a significant activity in Marlborough's coastal marine area, but the sustainability of fisheries resource is threatened by various uses and activities.</u></p> <p>Amend the explanatory text beneath the Issue 13C, as follows:</p> <p><u>Maintenance of traditional access to fisheries is of particular importance to Marlborough's tangata whenua iwi. There is particular concern that traditional fisheries are being depleted. Under fisheries legislation, taiapure, rahui and mataitai are three mechanisms by which tangata whenua can seek greater control of the management of local customary fisheries. Though the Council has no statutory role in either the establishment or management of these mechanisms, it may choose to support an application after consultation with interested parties.</u></p> <p><u>Although the number of commercial fishers has decreased over the years, fishers with quota for various species still operate from Picton, Havelock and other ports and the region produces seafood products that are exported to global markets. As a result of the settlement of Maori fishing claims, iwi own at least 10-20 percent of all fishing quota in Marlborough. While numbers can fluctuate in response to economic circumstances, recreational fishing and diving are important recreational pursuits for Marlborough residents and visitors to the Marlborough Sounds. For a number of years there has been Although fish stocks are managed at levels that ensure sustainability under the Fisheries Act, some stocks have become depleted in localised areas, leading to ongoing community concern over the state of fish and shellfish stocks in the Marlborough Sounds and the sustainability of the recreational fisheries that they support.</u></p> <p><u>The causes of localised depletion are multiple and include intensive local fishing pressure as well as fisheries habitat degradation caused by coastal works and structures, and sediment and contaminants entering coastal waters from land-based activities in catchments.</u></p> | | | | | |
| 710 | The Fishing Industry Submitters | 31 | Volume 1 | 13 Use of the Coastal Environment | Objective 13.4 | Oppose |
| Decision Requested | <p>Delete Objective 13.4 and replace it with new Objective 13.4:</p> <p><u>The sustainability of Marlborough's fisheries resources is ensured, enabling people to provide for their social, economic and cultural wellbeing.</u></p> <p>Amend the explanatory text beneath Objective 13.4 as follows:</p> <p><u>Despite not having a direct statutory role in managing fisheries (except to the extent outlined above), the Council <u>has an important role in achieving integrated management, which includes taking account of other legislation designed to achieve sustainable management - such as Fisheries Act. believes it has an advocacy role in ensuring there is a sustainable fishery in the Marlborough Sounds. This is, It is appropriate that the MEP includes an objective to ensure the management of fisheries resources is sustainable</u> because fishing activities, whether recreational, commercial or customary in nature, contribute to the economic, social, cultural and general community wellbeing of Marlborough's residents and visitors. It is therefore appropriate that the MEP includes an objective to ensure the management of fisheries resources is sustainable.</u></p> | | | | | |
| 710 | The Fishing Industry Submitters | 32 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.4.1 | Oppose |
| Decision Requested | Delete Policy 13.4.1 and associated Method 13.M.9 and replace with a new policy and method (see below). | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-----------------------------------|-----------------|-----------------|
| 710 | The Fishing Industry Submitters | 33 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.4.2 | Oppose |
| Decision Requested | Delete Policy 13.4.2 and associated Method 13.M.9, and replace with a new policy and method (see below). | | | | | |
| 710 | The Fishing Industry Submitters | 34 | Volume 1 | 13 Use of the Coastal Environment | 13. | Support in Part |
| Decision Requested | <p>Replace Policies 13.4.1 and 13.4.2 with new Policy 13.4.1 and explanatory text as follows:</p> <p><i>Avoid, remedy or mitigate effects on fishing and fisheries resources by:</i></p> <p><i>(a) avoiding activities and/or locating structures within significant fishing grounds where the activities and/or structures are incompatible with fishing activity;</i></p> <p><i>(b) for all activities requiring a resource consent that take place in, or may have adverse effects on, the coastal marine area, requiring the evaluation of adverse effects on fishing and fisheries resources;</i></p> <p><i>(c) promoting a cross-boundary approach to the management of adverse effects on fisheries resources by adjacent regional councils; and</i></p> <p><i>(d) protecting habitats of particular significance for fisheries management from the adverse effects of activities and structures.</i></p> <p>[Explanatory text] <i>The Council's primary responsibilities in relation to fisheries sustainability are controlling activities that have adverse effects on fisheries resources and fisheries habitat and achieving integrated management. Policy 13.4.1 consolidates facets of these responsibilities in a single policy.</i></p> | | | | | |
| 710 | The Fishing Industry Submitters | 35 | Volume 1 | 13 Use of the Coastal Environment | 13.M.9 | Oppose |
| Decision Requested | <p>Delete Method 13.M.9 and replace with new Method 13.M.9:</p> <p><i>Partnership/liaison.</i> <i>Work closely with the Ministry for Primary Industries and fisheries stakeholder organisations to develop and implement an integrated approach to ensuring the sustainability of fisheries resources at a scale appropriate to the fisheries under consideration.</i></p> | | | | | |
| 710 | The Fishing Industry Submitters | 36 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.8.2 | Oppose |
| Decision Requested | <p>Amend Policy 13.8.2 by adding a new provision (d)(iv):</p> <p><i>(iv) commercial activities that take place in the coastal marine area, including commercial fishing.</i></p> | | | | | |
| 710 | The Fishing Industry Submitters | 37 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.5 | Oppose |
| Decision Requested | <p>Amend Policy 13.10.5 by adding a new provision (g)(iv):</p> <p><i>(iv) fisheries resources.</i></p> | | | | | |
| 710 | The Fishing Industry Submitters | 38 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.11 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-----------------------------------|-----------------|--------|
| Decision Requested | Amend Policy 13.10.11 as follows: <i>(a) the necessity for the jetty (or alteration or extension), including whether it will be used for individual or community use of a commercial activity on-land.</i> | | | | | |
| 710 | The Fishing Industry Submitters | 39 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.14 | Oppose |
| Decision Requested | Amend Policy 13.10.14 as follows: <i>A jetty shall be used to facilitate access between a vessel and the land. A jetty shall not be used for storing boats, boating equipment, marine farming equipment or other gear, <u>other than to the extent necessary for an existing commercial operation.</u></i> | | | | | |
| 710 | The Fishing Industry Submitters | 40 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.19 | Oppose |
| Decision Requested | Amend Policy 13.10.19 as follows; <i>The purpose of a boatshed shall be to house boats, and boating equipment <u>and fishing-related equipment</u>. Where a boatshed is to be located in the coastal marine area or on land immediately adjacent to the coastal marine area and its use differs from the purpose described above, the activity is inappropriate in the coastal environment and is to be avoided.</i> | | | | | |
| 710 | The Fishing Industry Submitters | 41 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.16 | Oppose |
| Decision Requested | Amend Policy 13.10.16 as follows: <i>(c) requiring the jetty to be made available for public use <u>except where this would be incompatible with existing commercial activities that use the jetty.</u></i> | | | | | |
| 710 | The Fishing Industry Submitters | 42 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.11.4 | Oppose |
| Decision Requested | Amend Policy 13.11.4 by adding a new provision (d)(iv): <i><u>(iv) fisheries resources.</u></i> | | | | | |
| 710 | The Fishing Industry Submitters | 43 | Volume 1 | 13 Use of the Coastal Environment | 13.M.18 | Oppose |
| Decision Requested | Amend Method 13.M.18 by adding the following sentence: <i><u>If a bylaw is developed, further consultation will be undertaken to identify areas in which the bylaw would apply and conditions under which vehicle access would be restricted.</u></i> | | | | | |
| 710 | The Fishing Industry Submitters | 44 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.16.3 | Oppose |

Decision Requested

The Marlborough Environment Centre SEEKS consideration of the following issues and inclusion in the MEP:

1. Consideration of the location and distribution of proposals involving Genetically Modified Organisms (GMOs) on a district basis, together with protection of rural resources for organic or biodynamic farming, are important resource management matters for consideration by territorial authorities in carrying out their functions under the RMA.

Potential Adverse Effects

2. The outdoor use of GMOs has a potential to cause significant adverse effects on the environment. Adverse effects could include (inter alia):

(a) biological or ecosystem harm;

(b) harm to other existing or potential forms of land use including:

(i) organic farming (including organic certification and the requirement to be GMO free); and

(ii) agricultural activities dependent on an uncontaminated environmental brand.

3. GMOs have the potential to adversely affect ecological, economic, and resource management values, and the social and cultural well-being of people, communities and tangata whenua.

4. Application of integrated management and a precautionary approach to GMOs under the RMA is the best available technique for managing the potential adverse effects posed by GMOs to other land uses within the district.

Sustainable Management and Part II

5. It is consistent with the sustainable management purpose and Part II of the RMA to establish district plan provisions (e.g. issues, objectives, policies, rules and methods) that manage the release, location and management of GMOs where they have the potential to adversely affect other land use activities.

That the following policies to be adopted by the Council under the Proposed Plan:

a. To adopt a precautionary approach to the management of GMOs by prohibiting the field-testing or release of a GMO.

b. To adopt a resource management framework for the management of GMO that is District specific taking into account environmental, economic and social well-being considerations.

To review the Plan provisions relating to GMOs, particularly if there is new information that becomes available on the benefits/adverse effects of a Genetically Modified Organism activity.

| 353 | Tim and Franzi Trust | 1 | Volume 4 | Zoning Maps | Zoning Map 54 | Oppose |
| Decision Requested | I seek the following decision from the local authority: To provide information detailing how the differing levels of flood hazard overlays were determined, have these reviewed and amended or removed where appropriate on our trust property at 65 Cob Cottage Road. | | | | | |
| 460 | Timberlink New Zealand Limited | 1 | Volume 4 | Zoning Maps | Zoning Map 13 | Oppose |
| Decision Requested | Change the proposed Urban Residential 3 Zone to a less sensitive zone such as Business or Industrial 1. | | | | | |
| 460 | Timberlink New Zealand Limited | 2 | Volume 4 | Zoning Maps | Zoning Map 14 | Oppose |
| Decision Requested | Change the proposed Urban Residential 3 Zone to a less sensitive zone such as Business or Industrial 1. Change the proposed Floodway Zone on Map 14 applying to the property currently leased to Timberlink to Industrial 2, reflecting current and anticipated future use of the property. | | | | | |
| 460 | Timberlink New Zealand Limited | 3 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.1.4. | Oppose |
| Decision Requested | Remove this requirement in the instance of a fence, wall or some other form of screening established along the boundary. | | | | | |
| 460 | Timberlink New Zealand Limited | 4 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.1.7. | Support in Part |
| Decision Requested | Modify this requirement to provide for large sites to be exempt from the requirement in recognition that the sites are large enough to accommodate their own treatment in a similar manner as rural properties and in recognition of the prohibitive cost of connections in the circumstances of some large industrial properties. | | | | | |
| 460 | Timberlink New Zealand Limited | 5 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.1.5. | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-----------------------------|-----------|-----------------|
| Decision Requested | Abandon the proposed Urban Residential Zone proposed to be placed on the adjoining land is an appropriate planning decisions in this circumstance. This would also result in no need for the restriction on fence height. | | | | | |
| 460 | Timberlink New Zealand Limited | 6 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.2.3. | Support in Part |
| Decision Requested | Modify the rules to remove the requirement for compliance within the site. If there is desire to address health and safety matters on sites, include reference to health and safety regulations as the basis for control. | | | | | |
| 460 | Timberlink New Zealand Limited | 7 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.2.4. | Oppose |
| Decision Requested | <ol style="list-style-type: none"> 1. Abandon the proposed application of the Urban Residential Zone to the land adjoining the sawmill. Alternatively identify this site as one that is exempt from this standard as has been done for other existing activities that present similar circumstances. 2. Provide LAeq limits that result in the same or higher noise levels in view of the actual circumstances of this immediate locality and also provide for higher noise levels at times when the ambient noise levels are greater than these. | | | | | |
| 460 | Timberlink New Zealand Limited | 8 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.3.3. | Oppose |
| Decision Requested | <p>Remove this rule in so far as it applies to light spill within the same zone and the same property or alter it to apply to non-industrial activities that may become subject to applications for resource consent for establishment in industrial zones to include protection from light spill.</p> <p><i>As noted in the submission for this point, the submission identifies Standard 12.2.3.3; however, this standard relates to light spill onto adjoining sites not zoned Industrial and have a light spill limit of 2.5 Lux. It is inferred that the submission is relevant to Standard 12.2.3.2 and not Standard 12.2.3.3.</i></p> | | | | | |
| 460 | Timberlink New Zealand Limited | 9 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.4.1. | Oppose |
| Decision Requested | Remove this standard or alter it to require screening on boundaries if storage is proposed to be located within 3m of the boundary. Remove the 6m set back. Abandon the proposed Urban Residential Zone proposal. | | | | | |
| 460 | Timberlink New Zealand Limited | 10 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.4.2. | Oppose |
| Decision Requested | Remove this standard or alter it to require screening on boundaries if storage is proposed to be located within 3m of the boundary. Abandon the proposed Urban Residential Zone proposal. | | | | | |
| 460 | Timberlink New Zealand Limited | 11 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.2.8. | Support in Part |
| Decision Requested | Amend the requirement to provide an alternative of compliance with the national air quality standards. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-----------------------------|----------------|-----------------|
| 460 | Timberlink New Zealand Limited | 12 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.3.8. | Support in Part |
| Decision Requested | Amend the requirement to provide an alternative of compliance with the national air quality standards. | | | | | |
| 460 | Timberlink New Zealand Limited | 13 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.5.3. | Oppose |
| Decision Requested | Remove prohibitions on discharges relating to production activities such as that of the sawmill including those prescribed by Rule 12.5.3 and classify it as either a Discretionary Activity or provide a Non-Complying Activity category and include it in a Discretionary Category. Also remove reference to age of plant. | | | | | |
| 460 | Timberlink New Zealand Limited | 14 | Volume 2 | 12 Industrial 1 and 2 Zones | 12.5.7. | Oppose |
| Decision Requested | Remove prohibitions on discharges relating to production activities such as that of the sawmill including those prescribed by Rule 12.5.7 and classify it as either a Discretionary Activity or provide a Non-Complying Activity category and include it in a Discretionary Category. | | | | | |
| 460 | Timberlink New Zealand Limited | 15 | Volume 1 | 12 Urban Environments | Objective 12.2 | Oppose |
| Decision Requested | An additional policy is required to address effects from decisions related to extending provision for sensitive activities to be encouraged or facilitated to locate near or nearer to activities that could significantly adversely affect the amenities of the sensitive activities is contrary to established planning principles in this regard. | | | | | |
| 460 | Timberlink New Zealand Limited | 16 | Volume 1 | 12 Urban Environments | Policy 12.5.6 | Oppose |
| Decision Requested | Policy 12.5.6 be changed to include an additional clause or other modification with the effect of recognising existing areas zoned for heavier industrial activities located within or close to Blenheim as a result of historical consequence. Add a policy concerned with recognising the effects of extending or providing for extension of sensitive activities or areas by way of subdivision, zoning, development or resource consents towards relatively 'high effects' activities or areas. That policy should prescribe that decisions to do this will not be made unless special circumstances prescribed a need for it and the effects on the occupiers of both zones could be avoided, remedied or mitigated or accommodation of it provided for in a manner that did not adversely affect the interests of the zone being extended towards. Further policy should be added to the effect that the particular nature of industrial areas and particularly with regard to the effects they may have on more sensitive activities and areas will be provided for by protection of them from reverse sensitivity effects resulting from decisions to extend or permit extension or location of sensitive activities in close enough proximity to them to cause reverse sensitivity effects. | | | | | |

| 1198 | Transpower New Zealand Limited | 1 | Volume 1 | 2 Background | Relationship of the MEP to other policy statements, standards and strategies | Support in Part |
| Decision Requested | <p>Amend the commentary in relation to national policy statements and national environmental standards in the 'Background' as follows:</p> <p><i>“Central government can also prepare national environmental standards: technical standards relating to the use, development and protection of natural and physical resources. Such national standards provide an opportunity to promote nationally the use of consistent standards, requirements or practices. National standards <u>prevails</u> override existing provisions in plans that require a lesser standard. A rule in a plan cannot duplicate or conflict with a provision in a <u>national standard</u>. National environmental standards for air quality, sources of human drinking water, telecommunications facilities, electricity transmission and managing contaminants in soil have effect.</i></p> <p><i><u>The National Policy Statement on Electricity Transmission 2008 (NPSET) and the National Environmental Standards for Electricity Transmission Activities 2009 (NESETA) only apply to the National Grid and do not apply to electricity distribution. The NPSET recognises the national significance of the National Grid in its entirety. The NPSET facilitates the operation, maintenance and upgrade of the existing transmission network and the establishment of new transmission assets. The NESETA sets out a national framework of permissions and consent requirements for activities on National Grid lines existing at 14 January 2010. Activities include the operation, maintenance and upgrading of existing lines but exclude the development of new lines (post 14 January 2010) and substations.</u>”</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4B | Support in Part |
| Decision Requested | <p>Amend Issue 4B as follows:</p> <p><i>“The social and economic wellbeing, health and safety of the Marlborough community are at risk if community infrastructure, <u>and particularly nationally and regionally significant infrastructure</u>, is not able to operate, <u>upgrade and develop</u> efficiently, effectively and safely”</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4B | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|---------------|-----------------|
| Decision Requested | <p>Amend the first paragraph of the explanatory text to Issue 4B as follows:</p> <p><i>“We rely on a range of physical resources to allow our communities function on a day-by-day basis. These resources include the water, stormwater and waste disposal services provided to townships and small settlements; the transport links within Marlborough and connecting Marlborough to the remainder of the country; the provision of electricity and telecommunications; and, on the Lower Wairau Plain, the drainage of land. Collectively, this infrastructure is regionally significant due to the contribution it makes to our social and economic wellbeing, health and safety. <u>Central government has recognised the importance of electricity transmission through the National Policy Statement on Electricity Transmission (NPSET), which came into effect in 2008. The NPSET establishes that the need to operate, maintain, develop and upgrade the National Grid is a matter of national significance. The Objective of the NPSET is to recognise the national significance of the National Grid by facilitating its operation, maintenance, upgrade and development while managing adverse effects of, and on, it. Other infrastructure in (e.g. RNZAF Base Woodbourne) or running through Marlborough (e.g. the National Grid and state highways) also has national importance. It is important that this strategic infrastructure is able to operate, <u>upgrade and develop</u> efficiently, effectively and safely on an ongoing basis for community wellbeing. The ability to maintain, upgrade and replace existing infrastructure without significant constraint is important in this respect. Occasionally, nNew infrastructure may be required to provide for growth within the district.”</u></i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 4 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Support in Part |
| Decision Requested | <p>Amend Objective 4.2 as follows:</p> <p><i>“[RPS, C, R, D]</i></p> <p>Objective 4.2 – Efficient, effective and safe operation, <u>upgrade and development of nationally and regionally significant infrastructure</u></p> <p><i>The community relies on the considerable infrastructure that has been developed to protect and support the population. It is essential for the social and economic wellbeing, health and safety of the Marlborough community that this critical infrastructure continues to operate <u>and develop</u> efficiently, effectively and safely on an ongoing basis. This includes the ability to maintain, upgrade and replace existing infrastructure.”</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 5 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.2.1 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|--------------|-----------------|
| Decision Requested | <p>Amend Policy 4.2.1 as follows:</p> <p><i>“[RPS, C, R, D]</i></p> <p>Policy 4.2.1 – Recognise and provide for the social, economic, environmental, health and safety benefits from the following infrastructure, either existing or consented at the time the Marlborough Environment Plan became operative, as regionally significant:</p> <p>...</p> <p>(e) National Grid (the assets used or owned by Transpower New Zealand Limited);</p> <p>...</p> <p><i>The policy identifies infrastructure considered regionally significant due to its contribution to the social and economic wellbeing or health and safety of a large proportion of Marlborough’s population, or because of its strategic importance nationally. These benefits will be taken into account when developing district and regional rules and when considering resource consent applications, notices of requirement and plan change requests. This policy recognises the significance of the infrastructure existing or consented at the time that the MEP becomes operative.”</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 6 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.2.2 | Support in Part |
| Decision Requested | <p>Amend Policy 4.2.2 as follows:</p> <p><i>“[RPS, C, R, D]</i></p> <p>Policy 4.2.2 – Protect regionally significant infrastructure from the adverse effects of other subdivision, use and development activities.</p> <p><i>The effective and efficient operation of regionally significant infrastructure can be protected by avoiding the establishment of incompatible activities in close proximity to the infrastructure in the first place. This policy recognises that there has already been significant investment in the infrastructure and that there are usually considerable difficulties relocating the infrastructure in the event of conflict with other land uses. In respect of the electricity transmission network, it is a requirement of the National Policy Statement on Electricity Transmission (NPSET) for decision makers to manage activities to avoid reverse sensitivity effects on the network <u>to ensure that the National Grid is not compromised as much as possible.</u>”</i></p> | | | | | |

|--------------------|--|-------|----------|---|---------------|-----------------|
| 1198 | Transpower New Zealand Limited | 7 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Oppose |
| Decision Requested | <p>Insert the following Policy:</p> <p><i><u>"[RPS, C, R, D]</u></i></p> <p><i><u>Policy 4.2.x - Enable the operation, maintenance, upgrading and development of essential network utilities, including the National Grid, throughout Marlborough.</u></i></p> <p><i><u>A number of National Grid assets are located in and traverse Marlborough, including substations, transmission lines, submarine cables and telecommunications equipment. These assets are of critical importance to the health, safety, wellbeing and prosperity of people and communities across New Zealand. This policy recognises the need to operate, maintain, upgrade and develop the National Grid as a matter of national importance."</u></i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 8 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Oppose |
| Decision Requested | <p>Insert the following Policy:</p> <p><i><u>"[C, R, D]</u></i></p> <p><i><u>Policy 4.2.x – When considering the environmental effects of National Grid activities, to have regard to:</u></i></p> <p><i><u>(a) the national, regional and local benefits of sustainable, secure and efficient electricity transmission;</u></i></p> <p><i><u>(b) the locational, technical and operational requirements that constrain measures to avoid, remedy or mitigate adverse effects;</u></i></p> <p><i><u>(c) the extent to which any adverse effects have been avoided, remedied or mitigated by route, site and method selection;</u></i></p> <p><i><u>(d) the extent to which existing adverse effects have been reduced as part of any substantial upgrade;</u></i></p> <p><i><u>(e) the effects on urban amenity (including town centres) areas of high recreational or amenity value and existing sensitive activities.</u></i></p> <p><i><u>(f) adverse effects on outstanding natural landscapes, areas of high natural character, town centres, areas of high recreation value and existing sensitive activities, including the extent to which adverse effects can be avoided.</u></i></p> <p><i><u>When considering an application for resource consent(s) or notice of requirement for National Grid activities, the Council will have regard to the positive and adverse effects on the environment associated with the activity. This policy provides guidance on the matters that are relevant to this consideration."</u></i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 9 | Volume 1 | 4 Use of Natural and Physical Resources | 4.M.6 | Support in Part |
| Decision Requested | <p>Amend Method 4.M.6 as follows:</p> <p><i><u>"4.M.6 Identification</u></i></p> <p><i><u>The National Grid electricity transmission network will be identified on the planning maps. This will allow the other methods to be applied to manage the adverse effects of third parties on the National Grid transmission network."</u></i></p> | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|--------------|-----------------|
| 1198 | Transpower New Zealand Limited | 10 | Volume 1 | 4 Use of Natural and Physical Resources | 4.M.8 | Support in Part |
| Decision Requested | <p>Amend Method 4.M.8 as follows:</p> <p><i>“4.M.8 Designations</i> <i>Encourage requiring authorities (as defined by Section 166 of the RMA) to utilise designations as an effective means of identifying, <u>developing</u> and protecting <u>nationally and regionally significant infrastructure</u>. Designations can then be explicitly included in the MEP.”</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 11 | Volume 1 | 4 Use of Natural and Physical Resources | 4.M.9 | Support in Part |
| Decision Requested | <p>Amend Method 4.M.9 as follows:</p> <p><i>“4.M.9 District and regional rules</i> <i>Rules will be used to <u>provide for</u> enable activities associated with the operation, maintenance, alteration, minor upgrading and replacement <u>development of nationally and regionally significant infrastructure</u>. Standards will specify the extent of works involved with any of these activities. Rules will be used to control the proximity of activities and uses <u>activities</u> in river beds, and in the coastal marine area, that could have adverse effects on regionally significant infrastructure. This includes development in the vicinity of within the National Grid corridor. A buffer corridor for the National Grid transmission lines will be established through rules within which activities will be managed to reduce the risk of electrical hazard, avoid the potential for reverse sensitivity effects and ensure that adverse effects on the structural integrity of the National Grid is not compromised. The width of the corridor will vary depending on the activity, type of National Grid assets and the sensitivity of the network to the activity. This method gives effect to <u>Policy 10 and Policy 11</u> of the NPSET. In addition to the rules in the MEP, the Resource Management (National Environmental Standards for Electricity Transmission Activities) Regulations 2009 contain separate rules for the operation, maintenance, upgrading, relocation or removal of <u>establishes various classes of activity for certain activities relating to existing National Grid transmission lines. Except as provided for by Regulations, no rules in the MEP apply to such activities.</u>”</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 12 | Volume 1 | 4 Use of Natural and Physical Resources | 4.M.10 | Support in Part |
| Decision Requested | <p>Amend Method 4.M.10 to replace “Transpower NZ” with <u>“Transpower New Zealand Limited”</u>.</p> | | | | | |
| 1198 | Transpower New Zealand Limited | 13 | Volume 1 | 6 Natural Character | Policy 6.2.1 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---------------------|--------------|-----------------|
| Decision Requested | <p>Amend Policy 6.2.1 as follows:</p> <p><i>"Policy 6.2.1 – Avoid the adverse effects of <u>inappropriate</u> subdivision, use or development on areas of the coastal environment with outstanding natural character values and on lakes and rivers and their margins with high and very high natural character values.</i> <i>Where the natural character of the coastal environment is outstanding, Section 6(a) of the RMA indicates that this level of preservation should be retained, particularly when coupled with the similar direction in Policy 13 of the NZCPS. This means that <u>the any</u> adverse effects of <u>inappropriate activities</u> on natural character values should be avoided. That is not to say that no subdivision, use or development can occur within the coastal environment - activities may not adversely affect the natural character of the surrounding environment, or may include features or benefits that maintain the existing levels of natural character. <u>In addition there are some activities, for instance National Grid assets, which have a technical, functional or operational need to locate in the coastal environment. This is recognised by Policy 6 of the NZCPS.</u></i> <i>For freshwater bodies there is also a requirement in Section 6(a) to preserve the natural character of wetlands, lakes and rivers and their margins and to protect this natural character from inappropriate subdivision, use and development. Having regard to Policy 6.1.5, the Council has assessed the values of rivers and lakes and their level of significance in order to give effect to Section 6(a). In undertaking this assessment, the Council has determined that where the freshwater values are high or very high, then adverse effects on these values should be avoided, <u>except where the avoidance of adverse effects is not possible due to the technical, functional or operational requirements of nationally significant infrastructure.</u>"</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 14 | Volume 1 | 6 Natural Character | Policy 6.2.2 | Support in Part |
| Decision Requested | <p>Amend Policy 6.2.2 as follows:</p> <p><i>"Policy 6.2.2 – Avoid significant adverse effects of <u>inappropriate</u> subdivision, use or development on coastal natural character, having regard to the significance criteria in Appendix 4.</i> <i>The degree of adverse effects on coastal natural character is an important consideration under Policy 13(1)(b) of the NZCPS. Where the extent of change in the coastal environment from subdivision, use or development causes significant adverse effects on natural character, the NZCPS states those effects should be avoided. There is therefore a threshold beyond which remediation and/or mitigation of those adverse effects is not an appropriate management option. It is acknowledged that there are some activities that have a technical, functional and operational need to be located in areas identified as having natural character, such as the linear infrastructure that is nationally significant. The adverse effects of such activities cannot be avoided in all cases. That threshold will be determined on a case-by-case basis through the resource consent or plan change process. The significance of the adverse effect will depend on the nature of the proposal, the natural character context within which the activity is proposed to occur and the degree of change to the attributes that contribute to natural character in that context.</i> <i>..."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 15 | Volume 1 | 6 Natural Character | Policy 6.2.8 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-------------|--------------|-----------------|
| Decision Requested | <p>Amend Policy 6.2.8 as follows:</p> <p><u>"Policy 6.2.8 – Require land use activities to be set back from rivers, lakes and the coastal marine area in order to preserve natural character, except where nationally significant infrastructure has a locational, technical or operational need to traverse rivers, lakes and the coastal marine area.</u></p> <p><i>The proximity of land use activity to rivers, lakes and the coastal marine area has a significant influence on the potential for adverse effects on natural character. The closer the activity, the greater the potential for modification to the elements, patterns, processes and experiential qualities that contribute to natural character. For this reason, land use activities will be required to be set back from rivers, lakes and the coastal marine area. The setback will be implemented through permitted activity standards and application can be made for resource consent to undertake an activity within the setback. The adverse effects of any such proposal will be assessed against the provisions of this chapter, <u>and Chapter 4 where the proposal is for regionally significant infrastructure.</u>"</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 16 | Volume 1 | 7 Landscape | Policy 7.2.5 | Support in Part |
| Decision Requested | <p>Amend Policy 7.2.5 as follows:</p> <p><u>" Policy 7.2.5 – Avoid adverse effects of inappropriate subdivision, use and development on the values that contribute to outstanding natural features and landscapes in the first instance. Where adverse effects cannot be avoided and the activity is not proposed to take place in the coastal environment, ensure that the adverse effects are remedied or mitigated.</u></p> <p><i>Where resource consent is required to undertake a particular activity in an outstanding natural feature or landscape, this policy provides a clear preference for avoiding adverse effects on the biophysical, sensory or associative values within the landscape. This does not mean that there can be no new resource use within outstanding natural features or landscapes; rather, the use or development of natural and physical resources may be able to be undertaken in a way that the quality and significance of the values is not diminished. Alternatively, adverse effects may be able to be remedied through careful planning or remedial works. Policy 7.2.7 provides further guidance in this regard. The option of remedying adverse effects on landscape values does not apply to activities occurring within the coastal environment, as Policy 15 of the NZCPS requires that such adverse effects are avoided. It is recognised that some activities, for instance National Grid assets, have a technical, functional or operational need to locate within an outstanding natural feature or landscape and that the adverse effects of such activities cannot be avoided in all cases. Further direction in this regard is provided by Policy 7.2.6."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 17 | Volume 1 | 7 Landscape | Policy 7.2.6 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---------------------------|--------------|-----------------|
| Decision Requested | <p>Amend Policy 7.2.6 as follows:</p> <p><i>"Policy 7.2.6 – Where the following activities are proposed to take place in an area with outstanding natural features and landscapes, then <u>any the adverse effects on the values of those areas can be mitigated, to the extent reasonably possible, having regard to provided the overall qualities and integrity of the wider outstanding natural feature and landscape are retained:</u></i></p> <p><i>(a) activities involving the <u>upgrade and development and operation of regionally significant infrastructure;</u></i></p> <p>....</p> <p><i>This policy relaxes the direction provided by Policy 7.2.5 for outstanding natural features and landscapes in limited circumstances. These circumstances are described in (a) to (c) and reflect the considerable benefits that the listed activities provide to the social and economic wellbeing, health and safety of our community.</i></p> <p><i>Regionally significant infrastructure is essential to allowing our communities to function on a day-by-day basis. This infrastructure may need to be <u>developed or expanded</u> in the future and that expansion may need to occur in areas of outstanding natural features and landscapes. In respect of (b), many outstanding natural features and landscapes can already be accessed for passive recreational purposes and the RMA seeks to maintain and enhance these amenity values. ...</i></p> <p><i>The policy does not allow the activities in (a) to (c) to occur without consideration of the impact they may have on outstanding natural features and landscapes. Any adverse effects on the biophysical, sensory or associative values within the landscape must still be <u>remedied or mitigated</u> as much as possible. As adverse effects can occur at various scales, there should also be consideration of the impacts of the proposed activity on the overall qualities and integrity of the wider outstanding natural feature or landscape. The policy requires that the overall quality and integrity of the landscape should be retained. This policy does not apply to activities occurring in the coastal environment, as Policy 15 of the NZGPS requires that adverse effects of activities on outstanding natural feature or landscape be avoided."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 18 | Volume 1 | 7 Landscape | Policy 7.2.7 | Support in Part |
| Decision Requested | <p>Amend Policy 7.2.7 as follows:</p> <p><i>"Policy 7.2.7 – Protect the values of outstanding natural features and landscapes and the high amenity values of the Wairau Dry Hills and the Marlborough Sounds Coastal Landscapes by:</i></p> <p><i>(a) In respect of structures:</i></p> <p><i>(i) avoiding visual intrusion on skylines, particularly when viewed from public places;</i></p> <p><i>(ii) avoiding new dwellings in close proximity to the foreshore;</i></p> <p><i>(iii) using reflectivity levels and building materials that complement the colours in the surrounding landscape;</i></p> <p><i>(iv) limiting the scale, height and placement of structures to minimise intrusion of built form into the landscape;</i></p> <p><i>(v) recognising that existing structures may contribute to the landscape character of an area and additional structures may complement this contribution;</i></p> <p><i>(vi) making use of existing vegetation as a background and utilising new vegetation as a screen to reduce the visual impact of built form on the surrounding landscape, providing that the vegetation used is also in keeping with the surrounding landscape character; and</i></p> <p><i>(vii) encouraging utilities to be co-located wherever possible and recognising the locational needs of utilities and regionally significant infrastructure;</i></p> <p>...."</p> | | | | | |
| 1198 | Transpower New Zealand Limited | 19 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.1 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--------------------------------|---------------|-----------------|
| Decision Requested | <p>Amend Policy 8.3.1</p> <p><i>"Policy 8.3.1 – Manage the effects of subdivision, use or development in the coastal environment by:</i> <i>(a) avoiding adverse effects where the areas, habitats or ecosystems are those set out in Policy 11(a) of the New Zealand Coastal Policy Statement 2010;</i> <i>(b) avoiding adverse effects where the areas, habitats or ecosystems are mapped as significant wetlands or ecologically significant marine sites in the Marlborough Environment Plan; or</i> <i>(c) avoiding significant adverse effects and avoiding, remedying or mitigating other adverse effects where the areas, habitats or ecosystems are those set out in Policy 11(b) of the New Zealand Coastal Policy Statement 2010 or are not identified as significant in terms of Policy 8.1.1 of the Marlborough Environment Plan; and</i> <i>(x) recognising that there will be situations where the operation, maintenance, development and upgrade of the National Grid will result in unavoidable adverse effects.</i></p> <p><i>Policy 11 of the New Zealand Coastal Policy Statement 2010 (NZCPS) defines a range of priorities so that indigenous biodiversity in the coastal environment is protected. Policy 8.3.1 of the MEP reflects the priority approach of the NZCPS to subdivision, use and development activities within the coastal environment. Policy 8.3.1 also recognises the national significance, and the on-going needs of the National Grid."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 20 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.2 | Oppose |
| Decision Requested | <p>Amend Policy 8.3.2 as follows:</p> <p><i>"Policy 8.3.2 – Where subdivision, use or development requires resource consent, the adverse effects on areas, habitats or ecosystems with indigenous biodiversity value shall be:</i> <i>(a) avoided where it is a significant site in the context of Policy 8.1.1; and</i> <i>(b) avoided, remedied or mitigated where indigenous biodiversity values have not been assessed as being significant in terms of Policy 8.1.1;</i> <i>(x) in the case of the National Grid, avoided, remedied or mitigated to the extent possible having regard to the National Grid's technical, locational and operational constraints.</i></p> <p><i>This policy sets up a hierarchy for decision makers to use when assessing the effects of subdivision, use or development activities on areas, habitats or ecosystems with indigenous biodiversity value. For those sites identified as being significant in terms of Policy 8.1.1, it is important that adverse effects are avoided. This recognises that there are few significant sites remaining on private land, especially in southern Marlborough. Where sites have not been identified as significant through Policy 8.1.1, decision makers can also consider remediation or mitigation options to address adverse effects."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 21 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.8 | Support in Part |
| Decision Requested | <p>Retain Policy 8.3.8, to the extent that the Policy does not compel biodiversity offsetting.</p> | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|----------------|-----------------|
| Decision Requested | <p>Amend Policy 9.1.13 as follows:</p> <p><i>"Policy 9.1.13 – When considering resource consent applications for activities, subdivision or structures in or adjacent to the coastal marine area, lakes or rivers, the impact on public access shall be assessed against the following:</i></p> <p><i>..."</i></p> <p><i><u>(x) whether there are restrictions on activities or access imposed by other legislation including the Submarine Cables and Pipelines Protection Act 1996.</u></i></p> <p><i>These criteria provide a framework to assist decision makers in assessing the effects on public access to and along the coast, rivers and lakes arising through resource consent applications for subdivision, activities or structures."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 23 | Volume 1 | 10 Heritage Resources and Notable Trees | Policy 10.1.5 | Oppose |
| Decision Requested | <p>Amend Policy 10.1.5 as follows:</p> <p><i>"Policy 10.1.5 – Avoid adverse effects on the historic heritage values of Category I heritage resources, while recognising that minimal effects, including those associated with maintenance and upgrading, may be acceptable where existing infrastructure is attached to a Category 1 heritage resource."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 24 | Volume 1 | 10 Heritage Resources and Notable Trees | Policy 10.2.3 | Support in Part |
| Decision Requested | <p>Amend Policy 10.2.3 as follows:</p> <p><i>"Policy 10.2.3 – Consider approving any application to remove, trim or prune a notable tree or trees where:</i></p> <p><i>(a) the tree or trees are dying, diseased or have otherwise lost the essential qualities for which the tree was originally identified;</i></p> <p><i>(b) the tree or trees have become, or are likely to become a danger to people or the National Grid; or</i></p> <p><i>(c) the tree or trees are significantly restricting a particular use of the site that offers greater positive effects in terms of historic heritage or amenity values.</i></p> <p><i>..."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 25 | Volume 1 | 11 Natural Hazards | Policy 11.1.21 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|-----------------------------------|----------------|-----------------|
| Decision Requested | <p>Amend Policy 11.1.21 as follows:</p> <p><i>"Policy 11.1.21 – Locate new structures and works (except regionally significant infrastructure, where its location is constrained by technical and operational requirements) to:</i> <i>(a) avoid them being damaged from the adverse effects of land instability; and</i> <i>(b) avoid any increase in the adverse effects of slope instability that the structure or work may cause.</i></p> <p><i>Marlborough is characterised by steep terrain and in some locations, unstable geology. Combined with the potential for intense rainfall events, these factors create the potential for slope instability. Examples historically include rock/debris slumps, debris slides or flows, coastal erosion and tunnel gully erosion in various parts of the District. Establishing residential, commercial or industrial development or infrastructure supporting that development or linking our communities in locations prone to land instability will lead to unsustainable outcomes. This policy requires new structures and works to be located in environments that avoid adverse effects caused by land instability. It also addresses the situation of a structure or work exacerbating those adverse effects. The policy will primarily be implemented through the zoning of land and the scale/intensity of activity that the zone rules enable. However, the policy can also be applied in a resource consent context when an assessment of environmental effects for the structure or work identifies a risk of land instability. This includes subdivision undertaken to enable more intensive use of the land. A safe and stable building platform will have to be established for the subdivision of land in certain environments."</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 26 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.1.1 | Oppose |
| Decision Requested | <p>Amend Policy 13.1.1 as follows:</p> <p><i>" Policy 13.1.1 – Avoid adverse effects from <u>inappropriate</u> subdivision, use and development activities on areas identified as having:</i> <i>(a) outstanding natural character;</i> <i>(b) outstanding natural features and/or outstanding natural landscapes;</i> <i>(c) significant marine biodiversity value and/or are a significant wetland; or</i> <i>(d) significant historic heritage value.</i></p> <p><i>Policy 13.1.1 identifies four significant matters upon which the adverse effects of <u>inappropriate</u> activities are to be avoided. These matters are given particular direction through the principles of the RMA (Sections 6(a), (b), (c) and (f)) and through direction provided by Policies 11, 13, 15 and 17 of the NZCPS. However, it is important to acknowledge that implementing the policy does not mean that all activities are prohibited from occurring in the areas with the identified values; it simply makes clear that any adverse effects of <u>inappropriate</u> activities must be avoided in those areas, rather than being mitigated or remedied. <u>Some activities, for instance National Grid assets such as the Cook Strait Submarine Cables and connection to them, have a technical, functional or operational need to locate in the coastal environment. This is recognised by Policy 6 of the NZCPS."</u></i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 27 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.2.2 | Support |
| Decision Requested | <p>Retain Policy 13.2.2, and particularly clauses (a) and (g) as notified.</p> | | | | | |
| 1198 | Transpower New Zealand Limited | 28 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.1 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|-----------------------------------|-----------------|---------|
| Decision Requested | <p>Amend Policy 13.10.1 as follows:</p> <p><i>"Policy 13.10.1 – Enable structures to be located within the coastal marine area where these are:</i> <i>(a) necessary for the purposes of assisting with navigation of ships/vessels or are temporary in nature for scientific monitoring or research purposes; or</i> <i>(b) National Grid submarine cables within the Cook Strait Cable Protection Zone.</i></p> <p><i>For safety reasons it is important that navigational aids can be strategically located in Marlborough's coastal marine area. Monitoring equipment for scientific purposes or research is often temporary in nature and does not usually involve significant alteration or occupation of the coastal marine area. An enabling approach to these types of structures is provided for through the rules, subject to standards. <u>Transpower's Cook Strait Cables, located and protected within the Cook Strait Cable Protection Zone, are nationally significant. It is appropriate to enable the cables given the benefits derived from a safe, reliable and effective and National Grid.</u>"</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 29 | Volume 1 | 13 Use of the Coastal Environment | Policy 13.10.10 | Oppose |
| Decision Requested | <p>Amend Policy 13.10.10 as follows:</p> <p><i>"Policy 13.10.10 – Coastal structures shall <u>may</u> be required to be removed from the coastal marine area in the following circumstances:</i> <i>(a) where there is no longer a need for the structure;</i> <i>(b) when a coastal permit for a structure expires and no new permit has been sought; or</i> <i>(c) where consent to authorise an existing structure is refused.</i></p> <p><i>There may be circumstances where coastal structures are no longer required or are not granted new resource consents in terms of (b) or (c). Where this is the case it is appropriate for the structure to be removed from the coastal marine area. This will help to achieve Policy 6(2)(e) of the NZCPS by promoting the efficient use of the coastal marine area. This policy will be achieved through conditions imposed on resource consents granted. <u>There are circumstances where the removal of structures in the coastal marine area is not preferred because the removal may not be practicable or the potential adverse effect of the removal may be significant.</u>"</i></p> | | | | | |
| 1198 | Transpower New Zealand Limited | 30 | Volume 1 | 13 Use of the Coastal Environment | Objective 13.13 | Support |

| 1201 | Trustpower Limited | 83 | Volume 1 | 8 Indigenous Biodiversity | Policy 8.3.8 | Oppose |
| Decision Requested | Policy 8.3.8 Oppose. Policy 8.3.8 is opposed by Trustpower as it seeks to exclude the provision of offsetting in areas of significant indigenous biodiversity value, which would mean that adverse effects in these areas would always have to be avoided (in accordance with Policy 8.3.2). In addition, Trustpower consider that offsetting should only be utilized where there are significant residual adverse effects that cannot be avoided, remedied or mitigated – rather than any residual effects. In this respect, the RMA is not a 'no effects' statute. Trustpower seeks the following relief from the Marlborough District Council: 1. Amend Policy 8.3.8 as follows: <i>"With the exception of areas with significant indigenous biodiversity value, w</i> <i>Where indigenous biodiversity values will be adversely affected through land use or other activities, a biodiversity offset can be considered to mitigate residual <u>significant</u> adverse effects. Where a biodiversity offset is proposed by a <u>resource consent applicant</u>, the following criteria will apply: (a) the offset will only compensate for <u>significant</u> residual adverse effects that cannot otherwise be avoided, remedied or mitigated; (b) the <u>significant</u> residual adverse effects on <u>indigenous</u> biodiversity are capable of being offset and will be fully compensated by the offset to ensure no net loss of biodiversity; (c) where the area to be offset is identified as a national priority for protection under Objective 8.1, the offset must deliver a net gain for biodiversity; (d) there is a strong likelihood that the offsets will be achieved in perpetuity; (e) where the offset involves the ongoing protection of a separate site, it will deliver no net loss and preferably a net gain for indigenous biodiversity protection; and (f) offsets should re-establish or protect the same type of <u>indigenous</u> ecosystem or habitat that is adversely affected, unless an alternative ecosystem or habitat will provide a net gain for indigenous biodiversity."</i> 2. Any similar or consequential amendments to the PMEP that stem from the submission and relief sought. | | | | | |

| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 926 | Wainui Green 2015 Limited | 10 | Volume 1 | 6 Natural Character | Objective 6.1 | Oppose |
| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 926 | Wainui Green 2015 Limited | 11 | Volume 1 | 1 Introduction | Guiding principles | Oppose |
| Decision Requested | Amend to include economic development and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 12 | Volume 1 | 1 Introduction | Guiding principles | Oppose |
| Decision Requested | Amend to recognise that the Sounds has a diverse range of uses and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 13 | Volume 1 | 4 Use of Natural and Physical Resources | 4. | Oppose |
| Decision Requested | Specifically recognise the infrastructure used for commercial purposes at Elaine Bay, Oyster Bay and Okiwi Bay and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 14 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.3.4 | Oppose |
| Decision Requested | Recognise that the visual, ecological and physical qualities of the Sounds have been altered by social and cultural use and associated relief. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|--------------|---------------|---|------------------|-------------|
| 926 | Wainui Green 2015 Limited | 15 | Volume 1 | 4 Use of Natural and Physical Resources | 4. | Oppose |
| Decision Requested | Recognise existing uses of natural and physical resources and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 16 | Volume 1 | 6 Natural Character | 6. | Oppose |
| Decision Requested | Include appropriate definitions of natural character, revise the methodologies and maps, recognise existing use and appropriate ongoing use and development in areas of natural character and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 17 | Volume 1 | 7 Landscape | 7. | Oppose |
| Decision Requested | Include appropriate definitions of outstanding features and landscape, revise the methodologies and maps, recognise existing use and appropriate ongoing use and development in areas of natural landscape and features and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 18 | Volume 1 | 7 Landscape | 7. | Oppose |
| Decision Requested | The identification of the entirety of the Marlborough Sounds as an ONL is not appropriate and should be revised. | | | | | |
| 926 | Wainui Green 2015 Limited | 19 | Volume 1 | 8 Indigenous Biodiversity | 8. | Oppose |
| Decision Requested | Adopt the cascading approach to manage effects on indigenous biodiversity as set out in the NZCPS and recognise existing use and appropriate ongoing use and development in areas of indigenous biodiversity and associated relief. | | | | | |
| 926 | Wainui Green 2015 Limited | 20 | Volume 1 | 6 Natural Character | 6. | Oppose |
| Decision Requested | Recognise existing uses of the coastal marine area and do not seek that those change; and Recognise that minor or transient effects do not need to be avoided; and Recognise that avoidance can be achieved through restoration and enhancement, rather than simply preventing an application from occurring; and Only require avoidance where practicable, rather than complete avoidance; and Associated relief. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|--|-----------------------------|-----------------|
| 926 | Wainui Green 2015 Limited | 21 | Volume 1 | 7 Landscape | 7. | Oppose |

| 926 | Wainui Green 2015 Limited | 29 | Volume 4 | Overlay Maps | Landscapes 5 | Oppose |
| Decision Requested | Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8167 in Pig Bay; or record that aquaculture will not affect the relevant values. | | | | | |
| 926 | Wainui Green 2015 Limited | 30 | Volume 3 | Appendix 1 Landscape Schedule of Values | | Oppose |
| Decision Requested | Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8167 in Pig Bay; or record that aquaculture will not affect the relevant values. | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 1 | Volume 4 | Zoning Maps | Zoning Map 60 | Oppose |
| Decision Requested | <p>That the following amendments are made to Map 60 (map attached to submission that highlights the delineation of the township, with boundaries as described below and clearly shown with a blue line):</p> <p>East: The eastern extremities of those properties on the eastern side of Church Lane and directly fronting Church Lane but excluding the vineyard that goes down to the Wairau River with a frontage on the lower part of Church Lane.</p> <p>West: The centre of Keith Coleman Lane.</p> <p>South: The southernmost borders of the lifestyle properties that currently exist, as shown on the map.</p> <p>North: The northern boundary would include properties on Morse Street and Fishtail Vue and properties along State Highway 63 as far as Church Lane and also take in those properties on the western side of Church Lane. All the surrounding vineyards are to be excluded from being part of the township.</p> | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 2 | Volume 4 | Zoning Maps | Zoning Map 61 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|----------------|-----------------|
| Decision Requested | <p>That the following amendments are made to Map 61 (map attached to submission that highlights the delineation of the township, with boundaries as described below and clearly shown with a blue line):</p> <p>East: The eastern extremities of those properties on the eastern side of Church Lane and directly fronting Church Lane but excluding the vineyard that goes down to the Wairau River with a frontage on the lower part of Church Lane.</p> <p>West: The centre of Keith Coleman Lane.</p> <p>South: The southernmost borders of the lifestyle properties that currently exist, as shown on the map.</p> <p>North: The northern boundary would include properties on Morse Street and Fishtail Vue and properties along State Highway 63 as far as Church Lane and also take in those properties on the western side of Church Lane. All the surrounding vineyards are to be excluded from being part of the township.</p> | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 3 | Volume 2 | 3 Rural Environment Zone | 3.3.5. | Oppose |
| Decision Requested | <p>That the rules for the placement of frost fans and bird bangers are reviewed so that frost fans and bird bangers (<i>latter inferred</i>) are not placed within 500 metres of the boundary of the township.</p> <p>That a thorough and timely review of the rules for the use of bird scaring devices is undertaken.</p> | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 4 | Volume 1 | 5 Allocation of Public Resources | Objective 5.2? | Support |
| Decision Requested | <p>We expect the Council to be actively monitoring the issue regarding a dangerous drop in the level of flow and not to rely on complaints or concerns before doing anything about it.</p> | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 5 | Volume 1 | 5 Allocation of Public Resources | Policy 5.7.8 | Support in Part |
| Decision Requested | <p>Retain Policy 5.7.8 but note that the preferred method of frost fighting in the vineyards that are contiguous with the Wairau Valley Township be by water.</p> | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 6 | Volume 1 | 12 Urban Environments | Objective 12.3 | Support |
| Decision Requested | <p>To extend this objective to give a buffer zone around the township, at least where land has not already been developed for viticulture.</p> <p>The submission does not include specific details of what the buffer zone around the township would be.</p> | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--|----------------|---------|
| 1235 | Wairau Valley Ratepayers and Residents' Association | 7 | Volume 1 | 12 Urban Environments | Policy 12.7.1 | Support |
| Decision Requested | To consider the reverse sensitivity effects of the encroachment of viticulture. Noise limits, especially regarding frost machines, <u>must</u> be monitored. | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 8 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Policy 15.4.3 | Support |
| Decision Requested | We believe consents are too easily granted. We would like tree clearance to be made a discretionary activity. The submission does not include a zone or rule to which tree clearance should be a discretionary activity. | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 9 | Volume 1 | 16 Waste | Policy 16.2.7 | Support |
| Decision Requested | Research is needed urgently into a safe way to dispose of these posts. Even if wine growers gradually change to non-treated posts over time there is a "mountain" of these posts that will require safe disposal. Clear guidelines must be available on safe methods of storing these posts until a suitable disposal method is developed. | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 10 | Volume 1 | 17 Transportation | Policy 17.3.3 | Support |
| Decision Requested | We support a policy which includes ongoing review of the usage of roads and development and maintenance of efficient roads. | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 11 | Volume 1 | 17 Transportation | Objective 17.5 | Support |
| Decision Requested | Bearing the above in mind and considering proposed zone changes for some properties fronting the state highway from Township Residential or Rural 4 to Urban Residential 2 we feel there is a case to be made for lowering the speed limit to 50 kms per hour, such as is the case in Boyce Street, Renwick, which is used by many trucks. | | | | | |
| 1235 | Wairau Valley Ratepayers and Residents' Association | 12 | Volume 1 | 17 Transportation | Objective 17.6 | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|----------------------------|-----------|--------|
| Decision Requested | To consider the lowering of the speed limit to 50kms per hour through Wairau Valley Township and along all its side roads. We would support a programme of roadworks to raise the standard of the road surface and maintain it in a safe and tidy condition. | | | | | |
| 162 | Waitai Station | 1 | Volume 2 | 19 Open Space 3 Zone | 19.3.14. | Oppose |
| Decision Requested | We would like the council to make the provisions we oppose (19.1.16; 19.3.14; 4.1.23; 4.3.23) Prohibited Activities on D'Urville Island and the surrounding islets. This could be done by adding an additional sub-provision to each of the opposed provisions carving out D'Urville Island and the surrounding islets as an exception, thereby making the application of vertebrate toxic agents prohibited. | | | | | |
| 162 | Waitai Station | 2 | Volume 2 | 19 Open Space 3 Zone | 19.1.16. | Oppose |

| 140 | Marcus Wickham | 1 | Volume 3 | Appendix 6 Environmental Flows and Levels | Schedule 3 | Oppose |
| Decision Requested | Abolish minimum level and rethink the proposed restrictions for the 3x springs areas. Contact anyone who has previously provided feedback for your plan so we can be informed directly rather than having to dig through mountains of paperwork to find it buried in the appendix. | | | | | |
| 144 | Wickham Family Trust | 1 | Volume 3 | Appendix 6 Environmental Flows and Levels | Schedule 3 | Oppose |
| Decision Requested | Abolish the proposed water restrictions for the Wairau aquifer "springs area" based on water levels in nearby wells while leaving the water users west of the "springs area" unrestricted. Notify the proposed changes to people who provide feedback in the early stages, don't just expect them to dig through pages and pages to find what affects them. | | | | | |
| 740 | Geoffrey St Clair Wiffen | 1 | All | All | | Support in Part |
| Decision Requested | To support the submission as proposed by the Flaxbourne Settlers Association. | | | | | |
| 1015 | Wildacres Limited | 1 | Volume 1 | 14 Use of the Rural Environment | Policy 14.4.12 | Support |
| Decision Requested | Please ensure these important policies remain in the plan and are not removed or watered-down to suit the interests of large scale industrial or forestry enterprises who may have vested interests in eliminating protections. | | | | | |
| 359 | WilkesRM Limited | 1 | Volume 1 | 5 Allocation of Public Resources | Policy 5.7.2 | Support in Part |
| Decision Requested | That Policy 5.7.2 be amended as follows (bold) - " <i>To allocate irrigation water on the basis of reasonable demand given the intended use.</i> " | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|---------------|-----------------|
| 359 | WilkesRM Limited | 2 | Volume 1 | 5 Allocation of Public Resources | Objective 5.7 | Support in Part |
| Decision Requested | That a new policy be added under Objective 5.7 as follows - " <i>To recognise that land users require water for uses other than irrigation purposes and applications for allocations of water for such uses shall be assessed on a case by case basis.</i> " | | | | | |
| 359 | WilkesRM Limited | 3 | Volume 1 | 5 Allocation of Public Resources | Policy 5.7.3 | Support in Part |
| Decision Requested | Re-word the Policy as follows - " <i>Where based on property specific information, an applicant can demonstrate that an allocation of water in excess of the reasonable demand calculation is required, then that allocation may be granted subject to water availability. Under such circumstances the property specific information will take precedence over the reasonable use calculation.</i> " | | | | | |
| 359 | WilkesRM Limited | 4 | Volume 3 | Appendix 6 Environmental Flows and Levels | Schedule 3 | Support in Part |
| Decision Requested | That the minimum levels for aquifers be independently reviewed. | | | | | |
| 359 | WilkesRM Limited | 5 | Volume 1 | 5 Allocation of Public Resources | Objective 5.8 | Support in Part |
| Decision Requested | The following policy be inserted as Policy 5.8.4 with a subsequent amendment to the numbering of the following existing policies – " <i>Aquifer water may be abstracted to storage at all times to provide water users with greater flexibility to manage water use on-site and to ensure that in the event of aquifer minimum levels being reached an alternate supply of water may be available. If aquifer water is abstracted to storage during the irrigation season the total abstraction for storage and direct irrigation must not exceed the reasonable use demand allocation.</i> " | | | | | |
| 359 | WilkesRM Limited | 6 | Volume 2 | 3 Rural Environment Zone | 3.1.28. | Support in Part |
| Decision Requested | Amend all of the provisions in the MEP relating to discharges (<i>to land - inferred</i>), such as 3.1.28, to add a standard requiring an appropriate setback to the Mean High Water Springs. There is inconsistency throughout the Plan regarding setbacks. <i>(The submission related to all discharge rules of a similar nature but did not identify all the specific provisions of concern, the submission has been related to a specific relevant provision, provided as an example by the submitter, for the purposes of providing context.)</i> | | | | | |

| Decision Requested | The decision we seek from the Council is for the threshold for the Wairau River Class B Water Right to remain at the original 8m ³ /s. | | | | | |
| 66 | Karen and John Wills | 1 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.2.1.18. | Oppose |
| Decision Requested | <p>1. The 90m restriction be removed.</p> <p>2. In the event of any decision to apply the restriction; this be done in a manner that accommodates residential activities, development and subdivision.</p> <p>3. Any restrictions and discretion applied residential activities, development and subdivision not be of a nature that has the practical effect of or specifically preventing or prohibiting residential activities, development or subdivision from being carried out. Use of Controlled Activity classification is requested in the event that any standards required to be applied to Permitted Activities may not be complied with and for the matters over which control will be exercised include consideration of all methods by which the protections and purposes of the restriction can be achieved in a manner that does not prevent or make it impracticable for residential use, development or subdivision of residential zoned land.</p> <p>4. Provision of a rule or rules that require the location of transmission lines and associated infrastructure to be located so they avoid preventing residential use, development or subdivision of residential zoned land and that include activity status, standards and objectives and policies that prescribe the matters required to be considered and that these include avoidance of adverse effects on residential use, development and subdivision of residential zoned land.</p> <p>5. Objectives and policies be included in the Plan that recognise effects these provisions may have on residential activities, development and subdivision and amenities and the location of any new or replacement lines and associated equipment, installations or facilities should be such that they do not present restrictions or effects on land used for and zoned or otherwise identified or provided for use, development and subdivision for residential purposes.</p> <p>6. Rules, objectives and policies be included in the Plan that prescribe that as a pre-requisite to implementation of the restriction of the 90m zone, that the operator of the substation or any line associated with it or any other line or facility presenting the requirement for this restriction, to provide means by which restrictions and costs caused by the restrictions are mitigated.</p> | | | | | |

7. Controls be placed on or volunteered by the operators of the lines and substation that will avoid, remedy or mitigate the need for the restriction.

8. The submitter is willing to discuss means by which the significant impact of this provision may be avoided, remedied or mitigated with both the Council and the line and substation operator and is open to discussion of the full range of options available pursuant to the RMA.

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|----------------------------------|----------------|---------|
| Decision Requested | <p>That Policy 5.7.2 be amended as follows to reflect the submission that reasonable demand relates to irrigation water only: Policy 5.7.2 To allocate irrigation water on the basis of reasonable demand given the intended use.</p> <p>That an additional policy be added providing direction for decision makers when assessing applications for resource consent to abstract and use water for non-irrigation purposes as follows: Policy 5.7.X To recognise that land users require water for uses other than irrigation purposes and applications for allocations of water for such uses shall be assessed on a case by case basis.</p> | | | | | |
| 431 | Wine Marlborough | 71 | Volume 1 | 5 Allocation of Public Resources | Policy 5.7.3 | Support |
| Decision Requested | <p>That policy 5.7.3 be re-worded as follows to provide for an enabling policy: Where based on property specific information, an applicant can demonstrate that an allocation of water in excess of the reasonable demand calculation is required, then that allocation may be granted subject to water availability. Under such circumstances the property specific information will take precedence over the reasonable use calculation.</p> | | | | | |
| 431 | Wine Marlborough | 72 | Volume 1 | 5 Allocation of Public Resources | Policy 5.8.3 | Support |
| Decision Requested | <p>That policy 5.8.3 be amended as follows:</p> <p>In addition to the storage of water as per Policy 5.8.2, Class A and B water may also be stored to provide water users with greater flexibility to manage water use on-site, provided that the rate of take does not exceed the authorised maximum daily rate of take for irrigation purposes.</p> <p>That the last explanatory paragraph be deleted and replaced in entirety with following: The policy provides the consent holder with flexibility to decide how water will be used on any given day. However, the policy limits the rate of take of Class A and B water for storage to the authorised maximum daily rate of take for irrigation purposes. The total volume of water that can be physically stored will limit the number of consecutive days that a consent holder will pump to storage along with the competing need to utilise the water allocation to provide direct irrigation.</p> | | | | | |
| 431 | Wine Marlborough | 73 | Volume 1 | 14 Use of the Rural Environment | Objective 14.3 | Support |
| Decision Requested | <p>Redraft the objective to read: Activities that are not related to primary production are only located within rural environments if they are appropriate for that environment.”</p> | | | | | |

| 315 | Nicholas Winter | 1 | Volume 3 | Appendix 6 Environmental Flows and Levels | Schedule 3 | Support in Part |
| Decision Requested | <p>Decision Requested</p> <p>That all Wairau River surface water takes are considered equal(both below and above The Narrows) and therefore have the same minimum flow levelcut off of 8m3/s at Barnett's Bank. This is effectively the currentsituation, however it is noted that a portion of consents do have a conditionrelating to the Wash bridge flow which has never been implemented. With thecurrent management flow of 8m3/s for fullrestriction for all Wairau River users, it has shown that thereare no adverse effects on instream values. Whereas any changes will have asignificant negative economic and social impact on those consent holders currentlyabove The Narrows.</p> | | | | | |
| 955 | Moira Winter | 1 | Volume 1 | 2 Background | Identifying regionally significant issues | Oppose |

| 337 | CP and LE Womersley | 1 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.4 | Oppose |
| Decision Requested | The decision I seek from Council is that no further charges (<i>Coastal Occupancy Charges</i>) be added to our means of legal access to our property (<i>Lot 1 DP 18488, Lot 1 DP 311518 and Lot 1 DP 18196</i>). (<i>It has been inferred that this submission relates to Policy 5.10.4.</i>) | | | | | |
| 337 | CP and LE Womersley | 2 | Volume 4 | Overlay Maps | Coastal Natural Character 1 | Oppose |
| Decision Requested | The decision I seek from Council is that the "High Natural Character Overlay" be reviewed as it relates to, and modified so it doesn't include Lot 1 DP 18488, Lot 1 DP 311518 or Lot 1 DP 18196. | | | | | |
| 626 | Christopher Peter Womersley | 1 | Volume 4 | Overlay Maps | Coastal Natural Character 1 | Oppose |
| Decision Requested | Remove natural character overlay from the vicinity of marine farm 8181; or record that aquaculture will not affect the relevant values. | | | | | |
| 626 | Christopher Peter Womersley | 2 | Volume 4 | Overlay Maps | Coastal Natural Character 1 | Oppose |
| Decision Requested | Remove natural character overlay from the vicinity of marine farm 8179; or record that aquaculture will not affect the relevant values. | | | | | |
| 626 | Christopher Peter Womersley | 3 | Volume 3 | Appendix 2 Coastal Natural Character Schedule of Values | | Oppose |
| Decision Requested | Remove natural character overlay from the vicinity of marine farms 8181 and 8179; or record that aquaculture will not affect the relevant values. | | | | | |
| 626 | Christopher Peter Womersley | 4 | Volume 4 | Overlay Maps | Landscapes 4 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|---|--------|
| Decision Requested | Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8181; or record that aquaculture will not affect the relevant values. | | | | | |
| 626 | Christopher Peter Womersley | 5 | Volume 4 | Overlay Maps | Landscapes 4 | Oppose |
| Decision Requested | Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8179; or record that aquaculture will not affect the relevant values. | | | | | |
| 626 | Christopher Peter Womersley | 6 | Volume 3 | Appendix 1 Landscape Schedule of Values | | Oppose |
| Decision Requested | Remove outstanding natural feature and landscape overlay from the vicinity of marine farm 8181 and 8179; or record that aquaculture will not affect the relevant values. | | | | | |
| 1177 | Thien Soong Wong | 1 | Volume 1 | 2 Background | Identifying regionally significant issues | Oppose |
| Decision Requested | Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities. | | | | | |
| 1177 | Thien Soong Wong | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4B | Oppose |
| Decision Requested | Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively. | | | | | |
| 1177 | Thien Soong Wong | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Oppose |
| Decision Requested | Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively. | | | | | |
| 1177 | Thien Soong Wong | 4 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.2.1 | Oppose |
| Decision Requested | Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|---------------|--------|
| 1177 | Thien Soong Wong | 5 | Volume 2 | All | | Oppose |
| Decision Requested | Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules. | | | | | |
| 1177 | Thien Soong Wong | 6 | Volume 1 | All | | Oppose |
| Decision Requested | Add a wider range of non-regulatory methods to the Plan aimed at building awareness. | | | | | |
| 1177 | Thien Soong Wong | 7 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4C | Oppose |
| Decision Requested | Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 1177 | Thien Soong Wong | 8 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.3 | Oppose |
| Decision Requested | Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 1177 | Thien Soong Wong | 9 | Volume 1 | 6 Natural Character | Issue 6A | Oppose |
| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 1177 | Thien Soong Wong | 10 | Volume 1 | 6 Natural Character | Objective 6.1 | Oppose |
| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|---|--------|
| Decision Requested | <p>The decision I seek from council is:</p> <p>Identify the A and B class of water consent in MEP Vol 3 Appendix 6 for Southern Springs recognising the obligations associated with those currently on A class water and remove the restrictions for A Class consent holders associated with the limits the MEP is introducing.</p> <p>Continue to manage the A class right as best practice for the vineyard volume of water, as was implemented with us recently when we renewed our consent, with the release of water historically unused. This water should not be reallocated but used to boost the water in the Southern Springs aquifer benefiting those on B class restrictions. Because this was historically the case, any reallocation of this water will result in a net increase of water use and subsequently negatively impact on the volume of water measured in Southern Springs.</p> <p>Cancel all consents transferring water out of the Southern Springs areas. Any ongoing MDC support of these activities, while limiting those within this area, is highly questionable.</p> <p>Remove the immediate implementation effect of restrictions for A Class consent holders as identified in Vol 2 Chap 2.</p> | | | | | |
| 1224 | P Wood | 1 | Volume 1 | 2 Background | Identifying regionally significant issues | Oppose |
| Decision Requested | <p>Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities.</p> | | | | | |
| 1224 | P Wood | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4B | Oppose |
| Decision Requested | <p>Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.</p> | | | | | |
| 1224 | P Wood | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Oppose |
| Decision Requested | <p>Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively.</p> | | | | | |
| 1224 | P Wood | 4 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.2.1 | Oppose |
| Decision Requested | <p>Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development.</p> | | | | | |
| 1224 | P Wood | 5 | Volume 2 | All | | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|-------|----------|---|---------------|--------|
| Decision Requested | Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules. | | | | | |
| 1224 | P Wood | 6 | Volume 1 | All | | Oppose |
| Decision Requested | Add a wider range of non-regulatory methods to the Plan aimed at building awareness. | | | | | |
| 1224 | P Wood | 7 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4C | Oppose |
| Decision Requested | Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 1224 | P Wood | 8 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.3 | Oppose |
| Decision Requested | Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 1224 | P Wood | 9 | Volume 1 | 6 Natural Character | Issue 6A | Oppose |
| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |

| 1239 | Woodburners Unite (concerned Residents Group) | 1 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.5.3. | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--|-----------|--------|
| Decision Requested | Only include Braziers in the ban through the winter months of June, July and August, the months in which we are most likely to exceed the air standard. That outdoor rubbish burn-offs within the Blenheim Air-shed are banned, unless with a permit. Permits could be issued based on weather conditions; this also gives the opportunity for questions about what will be burnt and how dry it is etc. | | | | | |
| 1239 | Woodburners Unite (concerned Residents Group) | 2 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.5.4. | Oppose |
| Decision Requested | That the following amendments (strike-through and bold) are made to Rule 5.5.4 (inferred) : <i>Rule 5.5.4. Discharge of contaminants to air within the Blenheim Airshed from an indoor open fire, unless the fire is used exclusively for the cooking, or smoking of food for wholesale or retail sale, or is not the main source of heating.</i> That consideration is given for commercial dining premises that have fireplaces, for example, chimney filters could be required to reduce omissions. | | | | | |
| 1239 | Woodburners Unite (concerned Residents Group) | 3 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.5.5. | Oppose |
| Decision Requested | That Rule 5.5.5 and any associated provisions are removed from the plan entirely. All wood burners should be permitted. | | | | | |
| 1239 | Woodburners Unite (concerned Residents Group) | 4 | Volume 2 | 5 Urban Residential 1 and 2 Zone | 5.5.6. | Oppose |
| Decision Requested | That Rule 5.5.6 and any associated provisions are removed from the plan entirely. All wood burners should be permitted. | | | | | |
| 1239 | Woodburners Unite (concerned Residents Group) | 5 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | 15.M.28 | Oppose |
| Decision Requested | That the following amendments (bold) are added to 15.M.28 (inferred) : <i>15.M.28 Incentives Consideration will be given to assisting landowners to replace open fires and older style enclosed burning appliances and to make energy efficient improvements. This may require approaches to central government and the Energy Efficiency and Conservation Authority for greater financial assistance with offering incentives. Other incentives could include allowing costs to be applied to rates or providing subsidies and/or waiver of permits or free expert advise on best options to suit their dwelling.</i> | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--|-----------|--------|
| 1239 | Woodburners Unite (concerned Residents Group) | 6 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Issue 15D | Oppose |
| Decision Requested | That the Council reviews it's policy on using PM10 concentrations as a measure for ambient air quality and consider using PM2.5 instead. | | | | | |
| 1239 | Woodburners Unite (concerned Residents Group) | 7 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | 15.M.30 | Oppose |
| Decision Requested | <p>That the following amendments (strike-through and bold) are made to 15.M.30 (inferred):</p> <p><i>15.M.30 Information</i></p> <p><i>Through community engagement and public education material, Ensure that the community is well informed about:</i></p> <ul style="list-style-type: none"> <i>alternative means of managing waste and the facilities that can be used/accessed to dispose of waste that can no longer be burned;</i> <i>the choices of heating and heat conservation methods;</i> <i>alternative and/or emerging technologies that reduce emissions, e.g., chimney top filters, smartburn and retrofitted catalyst converters;</i> <i>efficient use of fireplaces is essential for all owners of new and older style woodburners;</i> <i>the incentives available to the public to change to cleaner, more efficient methods of home heating and fuel use; and</i> <i>the need to use dry firewood to reduce PM10 emissions.</i> | | | | | |
| 876 | Leonard Arthur Woodman | 1 | Volume 2 | 16 Coastal Marine Zone | 16.7.2. | Oppose |
| Decision Requested | <p>Amend the Rule as follows (strike through and bold) -</p> <p><i>"From 9 June 2022, the The discharge of human sewage, except Grade A or B treated sewerage, from a ship within 1000m 500m of MHWS."</i></p> | | | | | |
| 876 | Leonard Arthur Woodman | 2 | Volume 2 | 16 Coastal Marine Zone | 16.7.3. | Oppose |
| Decision Requested | <p>Amend the Rule as follows (strike through and bold) -</p> <p><i>"From 9 June 2022, the The discharge of human sewage, except Grade A or B treated sewerage, from a ship within 1000m 500m of a marine farm."</i></p> | | | | | |

| 258 | Brent Yardley | 1 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.4 | Support in Part |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|---|---|-----------------|
| Decision Requested | Policy 5.10.4 is supported without amendment provided that the equitability and transparency issues of policies 5.10.5, 5.10.7 are addressed and policy 5.10.8 is clarified. | | | | | |
| 258 | Brent Yardley | 2 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.5 | Oppose |
| Decision Requested | That Policy 5.10.5 (e) be removed or edited so that marinas are not waived from paying coastal occupation charges. | | | | | |
| 258 | Brent Yardley | 3 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.7 | Oppose |
| Decision Requested | That Policy 5.10.7 be amended to specify how the coastal occupation charges are to be calculated. | | | | | |
| 258 | Brent Yardley | 4 | Volume 1 | 5 Allocation of Public Resources | Policy 5.10.8 | Support in Part |
| Decision Requested | That Policy 5.10.8 be amended to include stakeholder group representation in the formal management of funds raised by coastal occupation charges for promoting sustainable management of the CMA. | | | | | |
| 976 | Norazizah Abu Yazid | 1 | Volume 1 | 2 Background | Identifying regionally significant issues | Oppose |
| Decision Requested | Add a new issue to Volume 1 to recognise that aquaculture, farming, forestry and vineyards are regionally significant sectors in Marlborough's economy that sustains our communities. | | | | | |
| 976 | Norazizah Abu Yazid | 2 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4B | Oppose |
| Decision Requested | Amend issue 4B to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively. | | | | | |
| 976 | Norazizah Abu Yazid | 3 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.2 | Oppose |
| Decision Requested | Amend Objective 4.2 to recognise that regionally significant sectors are at risk if unable to operate efficiently and effectively. | | | | | |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|--|--------------|---------------|---|------------------|-------------|
| 976 | Norazizah Abu Yazid | 4 | Volume 1 | 4 Use of Natural and Physical Resources | Policy 4.2.1 | Oppose |
| Decision Requested | Add to Policy 4.2.1 a list of areas of significant aquaculture and wine development. | | | | | |
| 976 | Norazizah Abu Yazid | 5 | Volume 2 | All | | Oppose |
| Decision Requested | Add a new rule to Volume 2 to ensure that developments like marine farms, once consented, are allowed to stay as long as their owner does a good job and obeys the rules. | | | | | |
| 976 | Norazizah Abu Yazid | 6 | Volume 1 | All | | Oppose |
| Decision Requested | Add a wider range of non-regulatory methods to the Plan aimed at building awareness. | | | | | |
| 976 | Norazizah Abu Yazid | 7 | Volume 1 | 4 Use of Natural and Physical Resources | Issue 4C | Oppose |
| Decision Requested | Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 976 | Norazizah Abu Yazid | 8 | Volume 1 | 4 Use of Natural and Physical Resources | Objective 4.3 | Oppose |
| Decision Requested | Amend Issue 4C and Objective 4.3 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 976 | Norazizah Abu Yazid | 9 | Volume 1 | 6 Natural Character | Objective 6.1 | Oppose |
| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |
| 976 | Norazizah Abu Yazid | 10 | Volume 1 | 6 Natural Character | Objective 6.1 | Oppose |
| Decision Requested | Amend Issue 6A and Objective 6.1 and flow on policies by recognising and providing for the existing and changing land and seascapes of use of aquaculture, vineyards and pastoral farming. | | | | | |

| 1004 | Z Energy Limited, Mobil Oil New Zealand Limited and BP Oil Limited | 1 | Volume 1 | 3 Marlborough's tangata whenua iwi | Policy 3.1.2 | Oppose |
| Decision Requested | <p>Amend Policy 3.1.2 and its associated explanation to ensure that the policy does not mandate consultation, but that it encourages it where appropriate, and to recognise that consultation with iwi will provide specialist information with the Council remaining as the decision maker. This could be achieved by making the following changes to policy 3.1.2 and its associated explanation as follows:</p> <p><i>Policy 3.1.2 – An applicant will be expected <u>is encouraged</u> to consult early in the development of a proposal (for resource consent or plan change) that may affect iwi so that cultural values of Marlborough’s tangata whenua iwi can be taken into account.</i></p> <p>Only Marlborough's tangata whenua iwi are able to provide advice on how a proposal may impact on cultural heritage, in particular can identify their relationship and that of their culture and traditions with their ancestral lands, water, sites, waahi tapu and other taonga. This means that iwi are in the best position to determine whether a proposal will affect areas of significance for iwi.</p> <p>It is therefore important beneficial that for consultation with iwi to occurs early in the planning of a development (either by resource consent or plan change) to ensure enable potential impacts to be are appropriately identified and addressed.</p> <p>AND</p> <p>Include in the Plan, either as a new policy or a method, a process whereby it can be determined with certainty what is likely to be of significance to iwi, that identifies who should be consulted and which establishes some considerations of engagement expectations relating to such matters as contact and response times, information sharing protocols and cost recovery by Iwi.</p> | | | | | |
| 1004 | Z Energy Limited, Mobil Oil New Zealand Limited and BP Oil Limited | 2 | Volume 1 | 5 Allocation of Public Resources | Policy 5.2.5 | Oppose |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|----------------------------------|----------------|---------|
| Decision Requested | Amend Policy 5.2.5 to provide an exemption for temporary and short term construction dewatering so that such activities are not prevented in over allocated areas as follows: <i>Policy 5.2.5 – With the exception of water taken for domestic needs, or animal drinking water, or temporary and short term construction dewatering, prevent the taking of water authorised by resource consent when flows and/or levels in a Freshwater Management Unit are at or below a management flow and/or level set as part of an environmental flow and/or level set in accordance with Policy 5.2.4.</i> <i>Water users will not be able to continue taking water once in a Freshwater Management Unit flows and/or levels reach the management flows/levels established in the MEP. Any such abstraction would result in an adverse effect on the life-supporting capacity of the waterbody. The policy will be implemented by way of a condition(s) of resource consent.</i> <i>Water taken for domestic needs or animal drinking water is exempt from the policy given the contribution they make to sustaining the community. <u>Water taken for temporary and short term construction dewatering purposes is exempt from the policy due to its shallow take, non-consumptive water use and almost immediate return to the catchment.</u></i> | | | | | |

| 1004 | Z Energy Limited, Mobil Oil New Zealand Limited and BP Oil Limited | 14 | Volume 1 | 12 Urban Environments | Policy 12.6.1 | Oppose |
| Decision Requested | <p>Amend policy 12.6.1 to recognise the functional design requirements of certain activities and to recognise that, for certain land uses including service stations and truck stops, it is inappropriate to seek to provide for such design requirements as continuous building frontages along the adjoining street, or for verandahs. This could be achieved by making amendments as follows:?</p> <p><i>Policy 12.6.1 – Require, except where the functional design requirements of the activity mean that it is impracticable to do so, development to maintain or enhance streetscape amenity in business zones by ensuring to the extent:</i></p> <p><i>(a) an attractive street interface is maintained through landscaping where buildings are not built to the street frontage;</i></p> <p><i>(b) service and outdoor storage areas are not visible from ground level of a public place;</i></p> <p><i>(c) architecturally-interesting façades are presented through variation in building design, scale and the use of glazing;</i></p> <p><i>(d) a continual frontage of buildings is provided along the street, where practicable, apart from pedestrian alleyways;</i></p> <p><i>(e) clear and direct visual connection is provided between the street and the building interior; (f) direct physical connection is provided to the building interior through clearly identified pedestrian entrances;</i></p> <p><i>(g) shelter is provided for pedestrians on footpaths in the form of a veranda, where practicable; and</i></p> <p><i>(h) buildings are designed to have commercial activities at the ground floor, with an adequate ground floor to ceiling height to accommodate these activities.</i></p> <p><u><i>Where functional design requirements mean that one or more of the above criteria are not met, require development to positively contribute to the streetscape.</i></u></p> | | | | | |
| 1004 | Z Energy Limited, Mobil Oil New Zealand Limited and BP Oil Limited | 15 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Issue 15A | Support |

| Sub No | Submitter | Point | Volume | Chapter | Provision | Type |
|--------------------|---|-------|----------|--|----------------|---------|
| Decision Requested | <p>Amend Issue 15A Stormwater Reticulation and Disposal to recognise in this discussion that stormwater discharges into the reticulated network are not controlled by the regional rules in the MEP, and otherwise retain the Issue. This could be achieved by making the following changes:</p> <p><i>Stormwater reticulation and disposal</i> <i>Most of Marlborough's towns are serviced by reticulated stormwater systems, with the inputs into those systems not being controlled by regional rules. Urban stormwater will pick up contaminants including sediment, solids, organic matter, nutrients, heavy metals and petroleum and product residues as it runs over impervious surfaces. Given the volume of water created by rainfall events, the stormwater receives little or no treatment prior to discharge into the receiving waters.</i></p> <p><i>Monitoring of fresh and coastal water quality has demonstrated that stormwater discharges do sometimes degrade the quality of receiving waters. Periods of contamination tend to be episodic and are associated with rainfall events. The exception is when contaminants are deliberately washed or poured into the road kerb or stormwater drains.</i></p> <p><i>Stormwater can also pick up sewage through cross-connections between sewerage and stormwater pipes. This has been a particular problem in Picton and has caused periodic contamination of coastal water during rainfall events.</i></p> | | | | | |

| 1004 | Z Energy Limited, Mobil Oil New Zealand Limited and BP Oil Limited | 21 | Volume 1 | 15 Resource Quality (Water, Air, Soil) | Policy 15.1.16 | Oppose |
| Decision Requested | <p>Q. Amend policy 15.1.16 as follows:</p> <p><i>[R, C] Policy 15.1.16 – The duration of any new discharge permit will be either:</i></p> <p><i>(a) Up to 35 years where the quality and/or nature of the discharge is such that the risk associated with the discharge is low, or</i></p> <p><i>(ab) Up to a maximum of 15 years for discharges into waterbodies or coastal waters where the discharge will comply with water quality classification standards for the waterbody or coastal waters; or</i></p> <p><i>(bc) up to ten years for discharges into rivers identified in Policies 15.1.4, 15.1.5, 15.1.6 or 15.1.7 (where the water quality is to be enhanced) and the discharge will comply with water quality classification standards for the waterbody or coastal waters; or</i></p> <p><i>(ed) no more than five years where the existing discharge will not comply with water quality classification standards for the waterbody or coastal waters.</i></p> <p><i>With the exception of regionally significant infrastructure, no discharge permit will be granted subsequent to the one granted under (c), if the discharge still does not meet the water quality classification standards for the waterbody or coastal waters.</i></p> <p>To provide greater certainty to resource users, the policy identifies the appropriate duration for discharge permit applications if they are to be granted. The duration varies depending on a risk assessment determined by compliance water quality classification standards and the state of water quality in the waterbody or coastal waters <i>or by the standard of the discharge, which could be measured by, for example, industry codes of practice or Ministry for the environment Guidelines.</i> Longer durations are warranted where compliance with water quality classification standards will be achieved and there is currently no water quality issue, <i>or where the quality of and/or nature of the discharge presents an acceptable and low risk to water quality.</i> While short term consents will occur where water quality classification standards cannot be met. In the latter case, Policy 15.1.12 identifies that consent holders only have five years to achieve compliance with water quality classification standards, hence the requirement in (c) above.</p> <p><i>This policy gives effect to Policy A3 of the NPSFM.</i></p> | | | | | |

| 1004 | Z Energy Limited, Mobil Oil New Zealand Limited and BP Oil Limited | 37 | Volume 2 | 2 General Rules | 2.16. | Support |
| Decision Requested | <p>Adopt new rules that permit the discharge of dewatering water from dewatering activities associated with maintenance, upgrading or installation of underground tanks at service stations, utilities and infrastructure and permit investigations in relation to sites with possible historic contamination and that provide for passive discharges associated with this ensuring that the framework enables a better understanding of the nature and characteristics of the discharge over time, facilitates the appropriate management of contaminants in ground over time and permits active management to cease when that is appropriate. These outcomes could be achieved by inserting a new section providing for the use of land and discharge of contaminants onto or into land where it may enter water as follows:</p> <p><u>2.## The following activities shall be permitted without resource consent where they comply with the applicable standards in 2.##</u> <u>2.## Permitted Activities</u> <u>2.##.1 The discharge of contaminants from dewatering activities associated with maintenance, upgrading or installation of underground tanks at service stations, utilities and infrastructure into water or onto or into land where the discharge may enter water.</u> <u>2.##.2 The use of land to assess the concentration of hazardous substances that may be present in the soil/groundwater and any associated discharge to air.</u> <u>2.##.3 The discharge of contaminants from contaminated land into water, or onto or into land where the discharge may enter water.</u></p> <p>AND</p> <p><u>Discharge of Contaminants Provided for In Rules 2.##.1 and 2.##.3</u> <u>2.## Standards that apply to specific permitted activities</u> <u>2.##.1 Where the discharge may enter groundwater, the discharge is not located within 50m of a bore used for water abstraction for potable supply or stock water.</u> <u>2.##.2 If the discharge is from dewatering, the discharge is not from contaminated land, except where it is from land where the contaminant is petroleum hydrocarbons and the discharge contains no more than 15mg/l TPH.</u> <u>2.##.3 The discharge shall not cause any erosion of the channel or banks of the receiving waterbody or the coastal marine area.</u> <u>2.##.4 The discharge shall not give rise to the following effects after the zone of reasonable mixing:</u> <u>a) a change in the pH of ±0.5pH unit, or</u> <u>b) the production of conspicuous oil or grease films, scums or foams, or floatable or suspended materials, or</u> <u>c) any conspicuous change in the colour or visual clarity, or</u></p> | | | | | |

- d) any emission of objectionable odour, or**
- e) the fresh water is unsuitable for consumption by farm animals, or**
- f) any significant adverse effects on aquatic life.**

AND

Introduce a rule to permit investigations and assessments of potentially contaminated land as a permitted activity along the following lines:

The use of land to assess the concentration of hazardous substances that may be present in the soil/groundwater and any associated discharge to air.

2.## Standards that apply to specific permitted activities:

2.##.1 The assessment is undertaken in accordance with Contaminated Land Management Guidelines No. 5: Site Investigation and Analysis of Soils (2011).

2.##.2 The assessment is reported in accordance with the Contaminated Land Management Guidelines No. 1: Reporting on Contaminated Land (2011).

2.##.3 A copy of the report is provided to the Marlborough District Council within two months of the completion of the assessment

AND

Introduce a consenting framework for passive discharges from contaminated land that provides certainty through establishment of an appropriate permitted threshold and a consent requirement (preferably a controlled activity) if the permitted threshold is exceeded. This could be achieved as follows:

The (passive) discharge of contaminants from contaminated land into water, or onto or into land where the discharge may enter water.

2.## Standards that apply to specific permitted activities

2.##.1 There has been a detailed site investigation report supplied to Marlborough District Council in accordance with Rule 2.##.3 that:
(a) finds that the discharge of contaminants is highly unlikely to be a risk to human health or the environment at present or in the future;
or

(b) determines that the concentration of contaminants in groundwater:

(i) either 50 metres from the source (i.e. the notional boundary) or at the property boundary (whichever is the lesser distance); and

(ii) anywhere a surface water or bore used for abstraction of water (excluding monitoring bores) intersects or lies within (b)(i)

Does not breach the following standard:

• Where the discharge is to groundwater identified on the planning maps as a freshwater management unit or groundwater protection area used for water supply purposes; either the Drinking Water Standards of New Zealand 2005 (Revised 2008) or, where ambient water quality is naturally less than this standard it is not being degraded; or

• Where the discharge is to a groundwater not identified on the planning maps as a freshwater management unit or groundwater protection area for water supply or as a sensitive aquifer: the Australia and New Zealand Guidelines for Fresh and Marine Water Quality (ANZECC) Guidelines (2000) at the level of protection for 80% of species, except for benzene where the level of protection is 90% of species (i.e. 1mg/l).

2.##.2 The passive discharge of contaminants onto or into land that has previously held resource consent for discharges and where the risk has been assessed and found to be within acceptable levels without control mechanisms and that all the consent conditions have been met to the satisfaction of Council.

2##. Controlled Activities

Application must be made for a Controlled Activity for the following:

2.##.1 The (passive) discharge of contaminants from contaminated land into water, or onto or into land where the discharge may enter water not meeting the permitted activity standards shall be a controlled activity.

Matters over which the Council has reserved control:

2.##.1.1 the adequacy of the detailed site investigation report including:

(i) site sampling;

(ii) laboratory analysis; and

(iii) risk assessment.

2.##.1.2 the need for and adequacy of a site management plan (contaminated land);

2.##.1.3 the need for and adequacy of a remedial action plan (contaminated land);

2.##.1.4 how the discharge is to be:

(a) managed;

(b) monitored, including frequency and location of monitoring; and

(c) reported on.

2.##.1.5 the physical constraints of the site and operational practicalities;

2.##.1.6 the transport, disposal and tracking of soil and other materials taken away in the course of the activity;

2.##.1.7 the effect on potable water supplies;

2.##.1.8 methods to identify contaminant risks prior to works commencing such as qualitative assessments of risk;

2.##.1.9 protocols around notifying the Council of contaminant risks;

2.##.1.10 how stormwater is to be managed;

2.##.1.11 soil management during work and at the completion of the works;

2.##.1.12 odour control;

2.##.1.13 vapour control;

2.##.1.14 groundwater management;

2.##.1.15 contingency plans;

2.##.1.16 remediation or ongoing management of the site, its timing and standard;

2.##.1.17 the nature and type of close out criteria if proposed;

2.##.1.18 the need for a financial bond;

2.##.1.19 the need for any review conditions in the event that standards to be achieved are not achieved;

2.##.1.20 the timing and nature of the review conditions;

2.##.1.21 the duration of resource consent.

|--------------------|--|-------|----------|-----------------------------|-----------|---------|
| Decision Requested | <p>Amend Rule 12.3.2 to provide an exemption for generators used for civil defence purposes or during emergency situations to sit alongside the general rule (refer sub point 1004.56) as follows:</p> <p>12.3.2. Discharge of contaminants to air from combustion within a stationary internal combustion engine (i.e. internal combustion).</p> <p>12.3.2.1. The fuel used in the engine must be gas, LPG, petrol, diesel, vegetable oils or alcohol.</p> <p>12.3.2.2. Fuel containing sulphur at levels greater than 0.05% by weight must not be burned.</p> <p>12.3.2.3. The power output of the engine must not exceed 400kW, this limit applies to the total heat output from a site.</p> <p>12.3.2.4. If the power output of the engine is between 30kW and 400kW: (a) the engine must not be operated for a total of greater than 5 hours in any 24-hour period; and (b) if the engine is in a fixed location, the stack must comply with the requirements of Appendix 8 – Schedule 5.</p> <p>12.3.2.5. Where more than one fuel type is used on the property, the combined heat output must not exceed the lowest MW or kW threshold of any of the fuel types used.</p> <p><u>Exception: The above standards 12.3.2.2 – 12.3.2.5 do not apply to combustion to provide emergency power generation provided for within the general rules.</u></p> | | | | | |
